SECTION B – ISSUER

B.1 The legal and commercial name of the Issuer is International Hotel Investments p.l.c.

B.2 The Issuer was registered in Malta in terms of the Act on 29 March 2000, as a public limited liability company. The Issuer is domiciled in Malta.

B.4b The Issuer was set up and promoted by the Corinthia Group as the principal vehicle for the international expansion of the Group's hotels and mixed use developments. The principal objective of the Issuer is to achieve above average long-term returns for its shareholders, principally through its long-term growth via investment in a balanced portfolio of mixed use developments having hotel properties as their main component, and hotel operations in a balanced mix between mature and emerging markets.

In 2011 the North African region was affected by substantial political change. Civil unrest in Tunisia, Egypt and Libya led to the existing governments either stepping down or being removed. The Issuer owns and operates the Corinthia Hotel & Commercial Centre in Tripoli, Libya, the performance of which, during the course of 2011, was significantly lower than the performance in prior years.

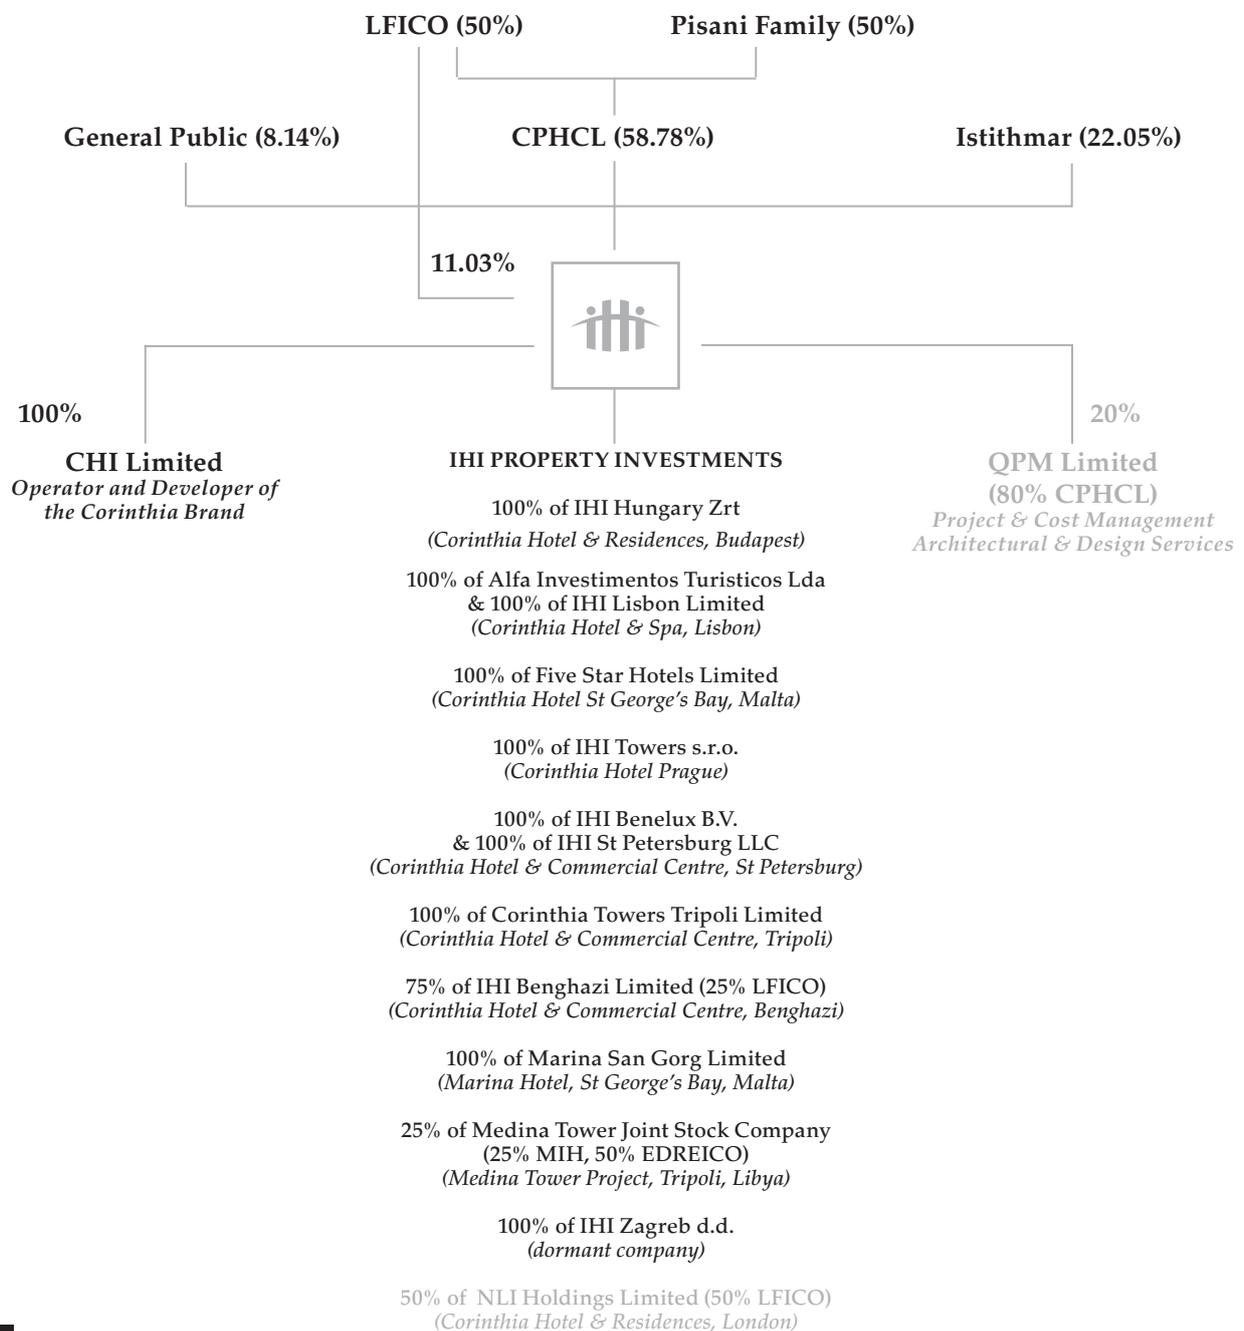

SUMMARY NOTE

During the period of political conflict in North Africa, the Issuer's property in Tripoli remained operational, albeit at a lower level of activity to match the demands for accommodation in Libya. This ensured that the Issuer's property did not become the focus of the disorder and turmoil that subsisted. As the former government was replaced and the political turmoil began to abate, the hotel forming part of the Corinthia Hotel and Commercial Centre in Tripoli, Libya (hereinafter the "Corinthia Hotel Tripoli") experienced a gradual recovery of its business activity in its operations, with revenues continuing to increase towards pre-2011 operating levels.

The business of the Issuer's operations in Western and Central Europe continued to operate in what, following the global financial crisis which took hold in 2008, is at present generally considered to be a subdued economic environment. Nonetheless, the Group's properties in this region have registered a marginally improved performance in 2012 over the corresponding periods in 2011 and 2010.

B.5 The organisational structure of the Group is illustrated in the diagram below:

■ **Subsidiary Companies**
 ■ **Associate Companies**

The remaining shares in the Issuer are held by the general investing public.

As the holding company of the Group, the Issuer is ultimately dependent upon the operations and performance of its subsidiaries and their respective operations.

B.15 As at the date of the Prospectus, the Issuer serves as the principal vehicle for the international expansion of the Group's hotels and mixed use developments. In terms of its Memorandum and Articles of Association, the principal object of the Issuer is to carry on the business of a finance and investment company in connection with the ownership, development, operation and financing of hotels, resorts, leisure facilities, tourism related activities and such other activities as may from time-to-time be ancillary or complementary to the foregoing whether in Malta or overseas.

SECTION D – RISKS

Holding of a Bond involves certain risks. Prospective investors should carefully consider, with their own independent financial and other professional advisors, the following risk factors and other investment considerations as well as all the other information contained in the Prospectus before deciding to acquire Bonds. Prospective Investors are warned that by investing in the Bonds they may be exposing themselves to significant risks that may have the consequence of losing a substantial part of all of their investment.

This document contains statements that are, or may be deemed to be, “forward looking statements”, which relate to matters that are not historical facts and which may involve projections of future circumstances. They appear in a number of places throughout the Prospectus and include statements regarding the intentions, beliefs or current expectations of the Issuer and/or its’ Directors. These forward looking statements are subject to a number of risks, uncertainties and assumptions and important factors that could cause actual risks to differ materially from the expectations of the Issuer’s Directors. No assurance is given that the future results or expectations will be achieved.

The risk factors set out below are a summary of the principal risks associated with an investment in the Issuer and the Bonds – there may be other risks which are not mentioned in this summary. Investors are therefore urged to consult their own financial or other professional advisors with respect to the suitability of investing the Bonds. The following is a summary of the principal risks:

D.2 Key information on the key risks specific to the Issuer:

- i. The Issuer’s business is reliant on mixed use developments having hotels as their principal component, spread across various countries. Severe competition in certain countries and changes in economic and market conditions could adversely affect the Issuer’s business and operating results.
- ii. The Issuer’s business model remains primarily reliant on hotel assets, with a diversified strategy resulting in increased reliance on non-hotel assets, mainly in commercial and residential real estate. Accordingly the Issuer’s prospects should be considered in light of the risks and difficulties generally encountered by companies operating in similar markets and industry sectors.
- iii. A number of the companies forming part of the Group have operations situated in emerging markets in North Africa, including Libya. Businesses in emerging markets may not be operating in a market-oriented economy as is generally associated with developed markets. As the political, economic and social environments in certain countries in which the Group has invested remain subject to continuing development, investments in these countries are characterised by a degree of uncertainty. Any unexpected changes in the political, social, economic or other conditions in these countries may have an adverse effect on any investments made.
- iv. The room rates and occupancy levels of hotels forming part of the Group could be adversely impacted by a number of events including political, social and economic instability, amongst others, all of which could have the effect of reducing domestic or international travel and consequently decreasing the demand for hotel rooms, which may have an adverse impact on the Group’s operations and financial results. With particular reference to Libya, the continued instability and state of uncertainty prevailing since the 2011 uprising continues to have a negative effect on travel to Libya and accordingly on the performance and operations of the Group’s hotel in Tripoli as well as on the financial results of the Group.
- v. The legal and judicial system of certain countries in which the Group operates may be different from that which some investors may be more familiar with in certain civil and common law jurisdictions, and investors in Malta may consider such systems as not providing, in various aspects, the level of comfort for investment which they are used to under the Maltese legal system or other civil and common law jurisdictions, and accordingly they may consider that the Issuer may face difficulties in enforcing its legal rights relating to the properties owned in such countries.

- vi. The Issuer's financial statements, which are presented in Euro, can be affected by foreign exchange fluctuations through both translation risk and transaction risk. The Group is also exposed to the inherent risks of global and regional adverse economic developments. The implementation of austerity measures in an effort to reduce government deficits in a number of EU member states, as well as any further unexpected changes in the political, social or economic conditions of certain countries, may reduce leisure and business travel to and from those affected countries, which, in turn, may adversely affect the Group's room rates and/or occupancy levels and other income-generating activities, and could potentially lead to increased costs through increased taxes in those particular countries, ultimately resulting in the deterioration of the Group's business and/or operating results in the affected countries.
- vii. A significant portion of the Issuer's costs are fixed and the Issuer's operating results are vulnerable to short-term changes in its revenues. The Issuer's inability to react quickly to changes in its revenue by reducing its operating expenses could have a material adverse effect on its business, financial condition and results of operations.
- viii. The lack of liquidity and alternative uses of real estate investments could significantly limit the Issuer's ability to respond to adverse changes in the performance of its properties thereby potentially harming its financial condition. Furthermore, the Issuer's ability to sell, in a timely fashion, one or more of its properties in response to changing economic, financial and investment conditions, is limited.
- ix. In 2010 the Group set up its own proprietary central reservation system. Lack of resilience or failure of the new central reservation system could lead to service disruption and may result in significant interruption in processing room bookings and reservations, which could negatively impact revenues. There can be no assurance that the continued stability of this system will not be disrupted and inadequate investment in this system or failure to maintain an effective e-commerce strategy may adversely affect the Group's competitiveness and its market share.
- x. The Group is reliant upon technologies and operating systems developed by third parties for the running of its business. Whilst the Group has service level agreements with third party providers of these systems to ensure continuity and stability of these systems, there can be no assurance that the service or systems will not be disrupted. Disruption to such technologies or systems and/or lack of resilience in operational availability could adversely affect the efficiency of the Group's business, financial condition and/or operating results.
- xi. If one or more of the members of the executive management team and other key personnel were unable or unwilling to continue in their present position, the Group might not be able to replace them within the short term, which could have a material adverse effect on the Group's business, financial condition and results of operations.
- xii. With respect to losses for which the Group is covered by its insurance policies, it may be difficult and may take time to recover such losses from insurers. No assurance can be given that the Group's current insurance coverage would be sufficient to cover all potential losses, regardless of the cause, nor can any assurance be given that an appropriate coverage would always be available at acceptable commercial rates.
- xiii. The Issuer's business consists of the acquisition, development and operation of real estate projects having a hotel as their main component. Property acquisition and development projects are subject to a number of specific risks including, amongst others, the inability to source adequate opportunities, cost overruns and the insufficiency of resources to complete the projects. If these risks were to materialise, they would have an adverse impact on the Issuer's revenue generation, cash flows and financial performance. Furthermore, the Group is subject to various counter-party risks. Such parties may fail to perform, or may default on, their obligations to the Group due to insolvency, lack of liquidity, market or economic downturns, operational failure or other reasons which are beyond the Group's control. If such risks, many of which are common to the real estate industry, were to materialize, they could have an adverse impact on the Group's revenue generation, cash flows and financial performance.
- xiv. The Group may not be able to secure sufficient financing for its current and future investments. No assurance can be given that sufficient financing will be available on commercially reasonable terms. Any weakness in the capital markets may limit the Group's ability to raise capital for completion of projects that have commenced or for development of future properties.

- xv. The Group has a material amount of debt and it expects to incur additional debt in connection with its future growth in terms of acquisitions and developments. A substantial portion of the Group's generated cash flows will be required to make principal and interest payments on the Group's debt. Substantial borrowings under bank credit facilities are expected to be at variable interest rates, which could cause the Group to be vulnerable to increases in interest rates. The agreements regulating the Issuer's bank debt impose and are likely to impose significant operating restrictions and financial covenants on the Issuer which could limit the Issuer's ability to obtain future financing, make capital expenditure, withstand a future downturn in business or economic conditions generally, or otherwise inhibit the ability to conduct necessary corporate activities.
- xvi. Although the Issuer seeks to hedge against interest rate fluctuations, this may not always be economically practicable, and the possibility of hedging may become more difficult in the future due to the unavailability or limited availability of hedging counterparties. An increase in interest rates which is not hedged by the Issuer may have a material adverse effect on its business, financial condition and results of operations.

D.3 Key information on the key risks specific to the Bonds:

An investment in the Bonds involves certain risks, including those set out below in this section. In deciding whether to make an investment in the Bonds, prospective investors are advised to carefully consider, with their own independent financial and other (including tax, accounting, credit, legal and regulatory) professional advisers, the following risk factors (not listed in order of priority) and other investment considerations, together with all the other information contained in the Prospectus.

- i. The existence of an orderly and liquid market for the Bonds depends on a number of factors, including but not limited to the presence of willing buyers and sellers of the Issuer's Bonds at any given time and the general economic conditions in the market in which the Bonds are traded. Such factors are dependent upon the individual decisions of investors and the general economic conditions of the market, over which the Issuer has no control. Accordingly, there can be no assurance that an active secondary market for the Bonds will develop, or, if it develops, that it will continue. Furthermore, there can be no assurance that an investor will be able to sell or otherwise trade in the Bonds at or above the Bond Issue Price or at all.
- ii. Investment in the Bonds involves the risk that subsequent changes in market interest rates may adversely affect the value of the Bonds.
- iii. A Bondholder will bear the risk of any fluctuations in exchange rates between the currency of denomination of the Bonds (€) and the Bondholder's currency of reference, if different.
- iv. No prediction can be made about the effect which any future public offerings of the Issuer's securities, or any takeover or merger activity involving the Issuer, will have on the market price of the Bonds prevailing from time to time.
- v. The Bonds constitute the general, direct, unconditional and unsecured obligations of the Issuer and shall at all times rank *pari passu*, without any priority or preference among themselves and with other unsecured debt, if any. Furthermore, subject to the negative pledge clause, third party security interests may be registered which will rank in priority to the Bonds against the assets of the Issuer for so long as such security interests remain in effect.
- vi. In the event that the Issuer wishes to amend any of the Terms and Conditions of Issue of the Bond it shall call a meeting of Bondholders in accordance with the provisions of section 5.13 of the Securities Note. These provisions permit defined majorities to bind all Bondholders including Bondholders who did not attend and vote at the relevant meeting and Bondholders who voted in a manner contrary to the majority.
- vii. The Terms and Conditions of this Bond Issue are based on Maltese law in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible judicial decision or change in Maltese law or administrative practice after the date of the Prospectus.

SECTION E – OFFER

- E.2b** The proceeds from the Bonds, which net of Issue expenses are expected to amount to approximately €9,850,000, will be used by the Issuer for the purpose of part financing the redemption of the outstanding amount of the Maturing Bonds due to mature on 27 March 2014, amounting as at the date of the Prospectus to €12,500,000. The redemption of the remaining balance of Maturing Bonds, equivalent to €2,650,000 in the event that the Bond Issue is fully subscribed, or more in the event that the Bond Issue is not fully subscribed, shall be financed from the Issuer's general cash flow.
- E.3** The Bonds are open for subscription to Existing Bondholders holding Maturing Bonds as at the Cut-Off Date and, to the extent of any excess over amounts reinvested by such Existing Bondholders, to Authorised Financial Intermediaries pursuant to an Intermediaries' Offer (described below). Existing Bondholders applying for Bonds may elect to settle all or part of the amount due on the Bonds applied for by the transfer to the Issuer of Maturing Bonds at par value, subject to a minimum holding of €2,000 in Bonds. Any Existing Bondholders whose holding in Maturing Bonds as at the Cut-Off Date is less than €2,000 shall be required to pay the difference together with the submission of an Application Form ("**Cash Top-Up**").

Any existing Bondholders electing to subscribe for Bonds through the transfer to the Issuer of all or part of the Maturing Bonds held by them as at the Cut-Off Date shall be allocated Bonds for the corresponding nominal value of Maturing Bonds transferred to the Issuer (including Cash Top-Up where applicable). In the event that the aggregate value of Maturing Bonds transferred to the Issuer as consideration for subscription for the Bonds is in excess of €10,000,000, then the Issuer, acting through the Registrar, shall scale down each Application by Existing Bondholders in accordance with the allocation policy to be issued by the Issuer in terms of section 7.3.13 of the Securities Note. The transfer of Maturing Bonds to the Issuer in consideration for the subscription for Bonds shall cause the obligations of the Issuer with respect to such Maturing Bonds to be extinguished, and shall give rise to obligations on the part of the Issuer under the Bonds.

In the event that following the Preferred Allocation in favour of Existing Bondholders described in this section E.3 there remain Bonds which are unallocated to Existing Bondholders, such Bonds shall form part of an Intermediaries' Offer. Existing Bondholders wishing to apply for a number of Bonds exceeding in value the aggregate nominal value of the Maturing Bonds held by them as at the Cut-Off Date may do so solely through an Authorised Financial Intermediary participating in the Intermediaries' Offer.

In the event that the sum of the aggregate value of Maturing Bonds transferred to the Issuer as consideration for subscription for the Bonds (where this is lower than €10,000,000) and the aggregate of the subscription agreements received from Authorised Financial Intermediaries in terms of the Intermediaries' Offer is in excess of €10,000,000, then Existing Bondholders shall receive their full entitlement of Bonds and with respect to the remaining balance, the Issuer (acting through the Registrar) shall scale down each Subscription Agreement received from Authorised Financial Intermediaries in accordance with the allocation policy to be issued by the Issuer in terms of section 7.3.13 of the Securities Note.

The following is a synopsis of the general terms and conditions applicable to the Bonds. A Bondholder is deemed to have invested only after having received, read and understood the contents of the Prospectus, including the full terms and conditions contained in the annexes thereto:

1. General

The Bonds constitute the general, direct, unconditional, and unsecured obligations of the Issuer and shall at all times rank *pari passu*, without any priority or preference among themselves and with other unsecured debt, if any. Unless previously redeemed, purchased and cancelled, the Bonds will be redeemed at their nominal value (together with interest accrued to the date fixed for redemption) on 14 November 2023. In making an early redemption as aforesaid, the Issuer reserves the right to adopt such redemption policy as it may consider appropriate at its sole discretion.

2. Form, Denomination and Title

The Bonds will be issued in fully registered and dematerialised form and will be represented in uncertificated form by the appropriate entry in the electronic register maintained on behalf of the Issuer at the CSD. The Bonds will be issued without interest coupons, in denominations of any integral multiple of €100 provided that on subscription the Bonds will be issued for a minimum of €2,000 per individual Bondholder. Financial intermediaries subscribing to the Bonds through nominee accounts for and on behalf of clients shall apply the minimum subscription amount of €2,000 to each underlying client. Any person in whose name a Bond is registered may (to the fullest extent permitted by applicable law) be deemed and treated at all times, by all persons and for all purposes (including the making of any payments), as the absolute owner of such Bond. Title to the Bonds may be transferred as provided in the Securities Note.

3. Interest

The Bonds shall bear interest from and including 15 November 2013 at the rate of 5.8% per annum on the nominal value thereof, payable annually in arrears on each Interest Payment Date. The first interest payment will be effected on 14 November 2014. Payment of interest on a Bond will be made to the person in whose name such Bond is registered at the close of business fifteen (15) days prior to the Interest Payment Date, by means of a direct credit transfer into such bank account as the Bondholder may designate, from time to time, which is denominated in Euro and held with any licensed bank in Malta. Such payment shall be effected within seven (7) days of the Interest Payment Date. Any Interest Payment Date which falls on a day other than a Business Day will be carried over to the next following day that is a Business Day.

A Maturing Bond Transfer shall be without prejudice to the rights of the holders of Maturing Bonds to receive interest on the Maturing Bonds up to and including 27 March 2014. The Issuer intends to settle the difference between the interest rates applicable to the Maturing Bonds and the interest rate of 5.8% applicable to the Bonds, from 15 November 2013 up to 27 March 2014, being the date of redemption of the Maturing Bonds, to all persons holding Maturing Bonds who would have submitted their Application Form by not later than 8 November 2013 and, consequently, exercising their option to subscribe for Bonds and settle the consideration for Bonds by transferring their Maturing Bonds to the Issuer as mentioned above.

4. Status of the Notes and Negative Pledge

The Bonds constitute the general, direct, unconditional and unsecured obligations of the Issuer and shall at all times rank *pari passu*, without any priority or preference among themselves and with other unsecured debt, if any.

5. Payments

Payment of the principal amount of a Bond will be made in Euro by the Issuer to the person in whose name such Bonds are registered, with interest accrued up to the Redemption Date, by means of direct credit transfer into such bank account as the Bondholder may designate from time to time. Such payment shall be effected within seven (7) days of the Redemption Date.

Payment of interest on a Bond will be made to the person in whose name such Bond is registered at the close of business fifteen (15) days prior to the Interest Payment Date, by means of a direct credit transfer into such bank account as the Bondholder may designate from time to time. Such payment shall be effected within seven (7) days of the Interest Payment Date.

6. Redemption

Unless previously redeemed, purchased and cancelled, the Bonds will be redeemed at their nominal value (together with interest accrued to the date fixed for redemption) on 14 November 2023. Subject to the provisions of section 5.9 of the Securities Note, the Issuer may at any time purchase Bonds in the open market or otherwise at any price, and any purchase by tender shall be made available to all Bondholders alike. All Bonds so redeemed or purchased will be cancelled forthwith and may not be re-issued or re-sold.

7. Events of Default

The Securities Note sets out a list of events of default the occurrence of which would result in the Bonds becoming immediately due and repayable at their principal amount together with accrued interest.

8. Transferability of the Bonds

The Bonds are freely transferable and, once admitted to the Official List of the MSE, shall be transferable only in whole in accordance with the rules and regulations of the MSE applicable from time to time. All transfers and transmissions are subject in all cases to any pledge (duly constituted) of the Bonds and to any applicable laws and regulations. The cost and expenses of effecting any registration of transfer or transmission, except for the expenses of delivery by any means other than regular mail (if any) and except, if the Issuer shall so require, the payment of a sum sufficient to cover any tax, duty or other governmental charge or insurance charges that may be imposed in relation thereto, will be borne by the Issuer. The Issuer will not register the transfer or transmission of Bonds for a period of fifteen (15) days preceding the due date for any payment of interest on the Bonds.

9. Register of Bondholders

Certificates will not be delivered to Bondholders in respect of the Bonds in virtue of the fact that the entitlement to Bonds will be represented in an uncertificated form by the appropriate entry in the electronic register maintained on behalf of the Issuer by the CSD. There will be entered in such electronic register the names, addresses, identity card numbers, registration numbers and MSE account numbers of the Bondholders and particulars of the Bonds held by them respectively, and the Bondholders shall at all reasonable times during business hours have access to the register of Bondholders held at the CSD for the purpose of inspecting information held on their respective account.

10. Further Issues

The Issuer may from time to time, without the consent of the Bondholders, create and issue further debentures, debenture stock, bonds, loan notes, or any other debt securities either having the same terms and conditions as any outstanding debt securities of any series (including the Bonds) and so that such further issue shall be consolidated and form a single series with the outstanding debt securities of the relevant series (including the Bonds) or upon such terms as the Issuer may determine at the time of their issue.

11. Meetings of Participation Bondholders

The provisions of the Prospectus may be amended with the approval of the Bondholders at a meeting called for that purpose by the Issuer in accordance with the terms and procedure set out under section 5.13 of the Securities Note.

12. Governing Law and Jurisdiction

The Bonds have been created, and the Bond Issue relating thereto is being made, in terms of the Act. From their inception the Bonds, and all contractual arrangements arising therefrom, shall be governed by and shall be construed in accordance with Maltese law. Any legal action, suit, action or proceeding against the Issuer arising out of or in connection with the Bonds shall be brought exclusively before the Maltese Courts and the Bondholder shall be deemed to acknowledge that it is submitting to the exclusive jurisdiction of the Maltese Courts as aforesaid.

E.4 Save for the possible subscription for Bonds by Financial Intermediaries (which includes Charts Investment Management Service Limited), and any fees payable to Charts Investment Management Service Limited in connection with the Issue as Sponsor and Manager, so far as the Issuer is aware no person involved in the Issue has an interest material to the offer.

E.7 Professional fees, costs related to publicity, advertising, printing, listing, registration, sponsor, management, registrar fees, selling commission, and other miscellaneous expenses in connection with this Bond Issue, are estimated not to exceed €150,000.

ONE SHOULD CAREFULLY CONSIDER THE FOLLOWING MATTERS, AS WELL AS THE OTHER INFORMATION CONTAINED IN THIS REGISTRATION DOCUMENT, BEFORE MAKING ANY INVESTMENT DECISION WITH RESPECT TO THE ISSUER. THE SEQUENCE IN WHICH THE RISKS BELOW ARE LISTED IS NOT INTENDED TO BE INDICATIVE OF ANY ORDER OF PRIORITY OR OF THE EXTENT OF THEIR CONSEQUENCES. NEITHER THE PROSPECTUS NOR ANY OTHER INFORMATION SUPPLIED IN CONNECTION WITH SECURITIES ISSUED BY THE ISSUER: (I) IS INTENDED TO PROVIDE THE BASIS OF ANY CREDIT OR OTHER EVALUATION NOR (II) SHOULD BE CONSIDERED AS A RECOMMENDATION BY THE ISSUER OR THE SPONSOR OR AUTHORISED FINANCIAL INTERMEDIARIES THAT ANY RECIPIENT OF THIS PROSPECTUS OR ANY OTHER INFORMATION SUPPLIED IN CONNECTION THEREWITH, SHOULD PURCHASE ANY SECURITIES ISSUED BY THE ISSUER. 2.1 Forward-looking Statements

The Prospectus and the documents incorporated therein by reference or annexed thereto contain forward-looking statements that include, among others, statements concerning the Issuer's strategies and plans relating to the attainment of its objectives, capital requirements and other statements of expectations, beliefs, future plans and strategies, anticipated developments and other matters that are not historical facts and which may involve predictions of future circumstances. Investors can generally identify forward-looking statements by the use of terminology such as "may", "will", "expect", "intend", "plan", "estimate", "anticipate", "believe", or similar phrases. These forward-looking statements are inherently subject to a number of risks, uncertainties and assumptions. Important factors that could cause actual results to differ materially from the expectations of the Issuer's Directors include those risks identified under the heading "Risk Factors" and elsewhere in the Prospectus. If any of the risks described were to materialise, they could have a serious effect on the Issuer's financial results, trading prospects and the ability of the Issuer to fulfill its obligations under the securities to be issued. Accordingly, the Issuer cautions the reader that these forward-looking statements are subject to risks and uncertainties that could cause actual events or results to differ from those expressed or implied by such statements and no assurance is given that the future results or expectations will be achieved.

2.2 Risks relating to the Group and its Business

General

The Issuer started trading in 2000 undertaking a strategy of rapid expansion. The Issuer's business is reliant on mixed use developments having hotels as their principal component. The hotel industry globally is characterised by strong and increasing competition. Many of the Issuer's current and potential competitors may have longer operating histories, greater name recognition, larger customer bases and greater financial and other resources than the Issuer. Severe competition in certain countries and changes in economic and market conditions could adversely affect the Issuer's business and operating results.

The Issuer's business interests cover a widening geographical spread that includes new and rapidly developing markets and also more recently-established operations in more stabilised locations. The Issuer's business model remains primarily reliant on hotel assets, with a diversified strategy resulting in increased reliance on non-hotel assets, mainly in commercial and residential real estate. Accordingly the Issuer's prospects should be considered in light of the risks and difficulties generally encountered by companies operating in similar markets and industry sectors.

The Issuer's operations and the results of its operations are subject to a number of factors that could adversely affect the Group's business, many of which are common to the hotel and real estate industry and beyond the Group's control.

Risks relating to the political, economic and social environment of the countries in which the Issuer operates

A number of the companies forming part of the Group have operations situated in emerging markets in North Africa, including Libya. Emerging markets present economic and political conditions which differ from those of the more developed markets, thereby possibly resulting in less social, political and economic stability. Businesses in emerging markets may not be operating in a market-oriented economy as is generally associated with developed markets.

Specific country risks that may have a material impact on the Group's business, operating results, cash flows and financial condition include: acts of warfare and civil clashes; political, social and economic instability; government intervention in the market, including tariffs, protectionism and subsidies; changes in regulatory, taxation and legal structures; difficulties and delays in obtaining permits and consents for operations and developments; inconsistent governmental action and/or lack or poor condition of infrastructure. The Group's business and/or operating results could also be negatively impacted by specific country risks that may reduce domestic and/or international travel, such as actual or threatened acts of terrorism, epidemics, travel-related accidents and/or industrial action, natural disasters or other factors that may directly or indirectly affect travel patterns and reduce the number of business and leisure travellers in affected countries.

As the political, economic and social environments in certain countries in which the Group has invested remain subject to continuing development, investments in these countries are characterised by a degree of uncertainty. Any unexpected changes in the political, social, economic or other conditions in these countries may have an adverse effect on any investments made.

The room rates and occupancy levels of hotels forming part of the Group could be adversely impacted by the events set out above, all of which could have the effect of reducing domestic or international travel and consequently decreasing the demand for hotel rooms, which may have an adverse impact on the Group's operations and financial results. With particular reference to Libya, the continued instability and state of uncertainty prevailing since the 2011 uprising continues to have a negative effect on travel to Libya and accordingly on the performance and operations of the Group's hotel in Tripoli as well as on the financial results of the Group.

The legal and judicial system of certain countries in which the Group operates may be different from that which some investors may be more familiar with in certain civil and common law jurisdictions, and investors in Malta may consider such systems as not providing, in various aspects, the level of comfort for investment which they are used to under the Maltese legal system or other civil and common law jurisdictions, and accordingly they may consider that the Issuer may face difficulties in enforcing its legal rights relating to the properties owned in such countries.

Currency fluctuations and other regional economic developments may have a material adverse effect on the Issuer's business, financial condition and results of operations

The Issuer's financial statements, which are presented in Euro, can be affected by foreign exchange fluctuations through both: translation risk, which is the risk that the financial statements for a particular period or as of a certain date depend on the prevailing exchange rates of the various currencies against the Euro; and transaction risk, which is the risk that the currency of the costs and liabilities fluctuates in relation to the currency of its revenue and assets, which fluctuation may adversely affect its operating performance.

The Group is exposed to the inherent risks of global and regional adverse economic developments that could result in the lowering of revenues and in reduced income. Since 2010, a number of European Union member states have been implementing austerity measures in an effort to reduce government deficits, with such measures including increases in taxes and reduction in social spending, materially affecting disposable income. The economic downturn, and measures such as the aforesaid which have been adopted as a consequence, as well as any further unexpected changes in the political, social or economic conditions of certain countries, may reduce leisure and business travel to and from those affected countries, which, in turn, may adversely affect the Group's room rates and/or occupancy levels and other income-generating activities, and could potentially lead to increased costs through increased taxes in those particular countries, ultimately resulting in the deterioration of the Group's business and/or operating results in the affected countries.

A significant portion of the Issuer's operating expenses are fixed, which may impede the Issuer from reacting quickly to changes in its revenue

A significant portion of the Issuer's costs are fixed and the Issuer's operating results are vulnerable to short-term changes in its revenues. The Issuer's inability to react quickly to changes in its revenue by reducing its operating expenses could have a material adverse effect on its business, financial condition and results of operations.

Liquidity risk

The lack of liquidity and alternative uses of real estate investments could significantly limit the Issuer's ability to respond to adverse changes in the performance of its properties thereby potentially harming its financial condition. Furthermore, the Issuer's ability to sell, in a timely fashion, one or more of its properties in response to changing economic, financial and investment conditions, is limited.

The real estate market is affected by many factors, such as general economic conditions, availability of financing, interest rates and other factors, including supply and demand, that are beyond the Issuer's control.

The Group is exposed to the risk of failure of its proprietary reservations system and increased competition in reservations infrastructure

In 2010 the Group set up its own proprietary central reservation system to serve as a central repository for all of the Group's hotel room inventories. The system provides an electronic link between and to multiple sales channels, including Group websites, third-party internet intermediaries and travel agents, Group reservation offices and the Group's hotels. Lack of resilience or failure of the new central reservation system could lead to service disruption and may result in significant interruption in processing room bookings and reservations, which could negatively impact revenues. There can be no assurance that the continued stability of this system will not be disrupted. In addition, inadequate investment in this system or failure to maintain an effective e-commerce strategy may adversely affect the Group's competitiveness and its market share, thereby materially adversely affecting the business, financial condition, results of operations and prospects of the Group.

The Group's reliance on non-proprietary software systems and third-party information technology providers

To varying degrees, the Group is reliant upon technologies and operating systems (including IT systems) developed by third parties for the running of its business, and is exposed to the risk of failures in such systems. Whilst the Group has service level agreements and disaster recovery plans with third party providers of these systems to ensure continuity and stability of these systems, there can be no assurance that the service or systems will not be disrupted. Disruption to those technologies or systems and/or lack of resilience in operational availability could adversely affect the efficiency of the Group's business, financial condition and/or operating results.

The Group's key senior personnel and management have been and remain material to its growth

The Group believes that its growth is partially attributable to the efforts and abilities of the members of its executive management team and other key personnel. If one or more of the members of this team were unable or unwilling to continue in their present position, the Group might not be able to replace them within the short term, which could have a material adverse effect on the Group's business, financial condition and results of operations.

The Group's insurance policies

Historically, the Group has maintained insurance at levels determined by the Group to be appropriate in light of the cost of cover and the risk profiles of the business in which the Group operates. With respect to losses for which the Group is covered by its policies, it may be difficult and may take time to recover such losses from insurers. In addition, the Group may not be able to recover the full amount from the insurer. No assurance can be given that the Group's current insurance coverage would be sufficient to cover all potential losses, regardless of the cause, nor can any assurance be given that an appropriate coverage would always be available at acceptable commercial rates.

2.3 Risks relating to the Issuer's Acquisition Strategy

The Group may not be able to realise the benefits it expects from investments made in its properties under development

The Issuer's business consists of the acquisition, development and operation of real estate projects having a hotel as their main component. Property acquisition and development projects are subject to a number of specific risks, including the inability to source adequate opportunities, cost overruns, insufficiency of resources to complete the projects, rental of commercial areas not being affected at the prices and within the timeframes envisaged, higher interest costs, and the erosion of revenue generation. If these risks were to materialise, they would have an adverse impact on the Issuer's revenue generation, cash flows and financial performance.

Renovating, refurbishing or otherwise improving existing properties to maintain the standards of the Corinthia brand, and acquiring and developing new and commercially viable properties, is key to the Group's business and its growth. The development and/or improvement of the Group's properties in the future presents a number of risks, including: market disruption or oversupply, which may result in the Group being unable to achieve adequate room rates or sell residential units at the prices it anticipates, potentially requiring changes in the Group's pricing strategy that could result in significant losses or charges; and construction delays, cost overruns, lender financial defaults or "acts of God" such as earthquakes, hurricanes, floods or fires, which could increase overall project costs or result in project cancellations.

Furthermore, the Group is subject to various counter-party risks, including the risk of counter-parties, such as contractors and subcontractors engaged in the demolition, excavation, construction and finishing of developments in which the Group may be involved, and prospective lessors and/or purchasers defaulting on their obligations with the Group. Such parties (which may include both third parties as well as related parties) may fail to perform or default on their obligations to the Group due to insolvency, lack of liquidity, market or economic downturns, operational failure or other reasons which are beyond the Group's control. If such risks, many of which are common to the real estate industry, were to materialize, they could have an adverse impact on the Group's revenue generation, cash flows and financial performance.

The Group's ability to realise the full benefits that it expects from investments made in properties will depend in turn on its ability to assess and minimise these risks in an efficient and cost effective manner. No assurance can be given that the Group will be able to deal with these risks in an efficient and cost effective manner.

2.4 Risks emanating from the Issuer's Financing Strategy

The Group may not be able to obtain the capital it requires for development or improvement of existing or new properties on commercially reasonable terms, or at all

The Group may not be able to secure sufficient financing for its current and future investments. No assurance can be given that sufficient financing will be available on commercially reasonable terms. Any weakness in the capital markets may limit the Group's ability to raise capital for completion of projects that have commenced or for development of future properties. Failure to obtain, or delays in obtaining, the capital required to complete current or future development and improvement projects on commercially reasonable terms, including increases in borrowing costs or decreases in loan availability, may limit the Group's growth and materially and adversely affect its business, financial condition, results of operations and prospects.

At present, the Corinthia Benghazi, the Nevskij Plaza Commercial Centre (car park) and the Medina Tower projects are in their initial stages of development and will require significant capital expenditures going forward. Funding for these projects has not yet been fully secured. While management expects the majority of this funding to be raised through refinancing of existing assets and additional borrowings, this may not be achievable on the terms or within the timeframes required by the Group, also taking into account the need from time to time for the Group's hotel properties to undergo renovation, refurbishment or other improvements in the future.

The Issuer's indebtedness could adversely affect its financial position

The Group has a material amount of debt and it expects to incur additional debt in connection with its future growth in terms of acquisitions and developments. Although the amount of debt funding of the Issuer is expected to increase due to its new projects, the Issuer's policy is such that it intends to maintain its debt to equity ratio at prudent levels. A substantial portion of the Group's generated cash flows will be required to make principal and interest payments on the Group's debt. Substantial borrowings under bank credit facilities are expected to be at variable interest rates, which could cause the Group to be vulnerable to increases in interest rates.

The agreements regulating the Issuer's bank debt impose and are likely to impose significant operating restrictions and financial covenants on the Issuer. These restrictions and covenants could limit the Issuer's ability to obtain future financing, make capital expenditure, withstand a future downturn in business or economic conditions generally or otherwise inhibit the ability to conduct necessary corporate activities.

A substantial portion of the cash flow generated from the Subsidiaries' operations is utilised to repay their debt obligations pursuant to financial covenants to which they are subject. This gives rise to a reduction in the amount of cash available for distribution to the Issuer which would otherwise be available for funding of the Issuer's working capital, capital expenditure, development costs and other general corporate costs, or for the distribution of dividends. The Issuer may in certain cases also be required to provide guarantees for debts contracted by its Subsidiaries. Defaults under financing agreements could lead to the enforcement of security over property, where applicable, and/or cross-defaults under other financing agreements.

The Issuer may be unable to effectively hedge against interest rates

Although the Issuer seeks to hedge against interest rate fluctuations, this may not always be economically practicable. Furthermore, the possibility of hedging may become more difficult in the future due to the unavailability or limited availability of hedging counterparties. An increase in interest rates which is not hedged by the Issuer may have a material adverse effect on its business, financial condition and results of operations.

The Issuer was set up and promoted by the Corinthia Group as the principal vehicle for the international expansion of the Group's hotels and mixed use developments. In 2000, following a successful initial public offering, the Issuer's shares were listed on the Official List of the Malta Stock Exchange.

Whilst CPHCL holds directly 58.78% of the share capital in the Issuer, Istithmar and LFICO both act as strategic investors in the company with direct holdings of 22.05% and 11.03% respectively. LFICO also owns 50% of CPHCL, whilst half of its direct holding of 11.03% in the Issuer is subject to a call option in favour of CPHCL. The remaining shares in the Issuer are held by the general investing public.

4.1.2 Investment Objective

The principal objective of the Issuer is to achieve above average long-term returns for its shareholders, principally through its long-term growth via investment in a balanced portfolio of mixed use developments having hotel properties as their main component, and hotel operations in a balanced mix between mature and emerging markets.

Over the years the Issuer has varied its investments with a view to achieving a healthy balance between capital appreciation and cash-flow generation. It has managed to generate significant appreciation in value through its involvement in the construction of landmark developments and the refurbishment of under-performing hotels making it possible to re-position them at the top-end of their respective markets. The Issuer has also acquired hotels which at the time were already operating at a level close to their maximum potential thereby significantly improving its cash flow generation.

In seeking to achieve its principal objective, the Issuer invests in, acquires and develops real estate projects with a principal focus on hotel assets. To date, the Issuer has acquired landmark five star hotels in Prague (Czech Republic), Tripoli (Libya), Lisbon (Portugal), Budapest (Hungary), St Petersburg (Russia) and St George's Bay (Malta). In addition it owns 50% of a joint venture company that has acquired and developed a hotel property in London (United Kingdom). As is further mentioned below, IHI recently acquired (from CPHCL) the Marina Hotel in St George's Bay, the Issuer's second property in this location. The Issuer also owns 75% of a joint venture company formed for the purpose of acquiring a site in Benghazi (Libya) for the development of a hotel project and mixed use development. IHI also fully owns CHI, a hotel management company whose main objective is to provide professional hotel management services to the Group's hotels and to third party hotel owners and acts as the exclusive manager of hotels under the Corinthia Brand.

The following table describes room stock in operation, both historically and as projected over the coming years:

- 1 IHI was incorporated on 29 March 2000 and immediately acquired the 250-bedroom Corinthia Hotel situated in St George's Bay, Malta, and the derelict shell of the Grand Hotel Royal in Budapest.
- 2 IHI acquired the 430-bedroom Alfa Hotel in Lisbon on 16 August 2001.
3. IHI acquired the 285-bedroom Corinthia Hotel, St Petersburg on 16 January 2002 together with adjoining buildings for development.
- 4 IHI closed down the Alfa Hotel, Lisbon on 24 February 2003 for refurbishment and extension.
- 5 IHI inaugurated the 414-bedroom Corinthia Grand Hotel Royal, Budapest on 30 April 2003.
- 6 The Corinthia Hotel, Lisbon re-opened on 1 May 2004 with 518 bedrooms.
- 7 IHI inaugurated 26 penthouse apartments situated at the Corinthia Grand Hotel Royal in Budapest.
- 8 IHI acquired, in May 2007, the 544-bedroom Corinthia Hotel, Prague, and the 299-bedroom Corinthia Hotel & Commercial Centre, Tripoli.
- 9 IHI completed, in May 2009, the extension of the Corinthia Hotel, St Petersburg by increasing the inventory by a further 105 bedrooms, together with a retail mall and office complex.
- 10 In April 2009, IHI and its consortium partners acquired the landmark Metropole Building and 10, Whitehall Place in London from the Crown Estate and initiated plans to develop a 296-bedroom luxury hotel and 12 residential apartments. The hotel commenced operations in April 2011 while the residential apartments achieved practical completion in November 2012.
- 11 In December 2007, IHI and LFICO entered into a preliminary agreement to jointly develop a mixed-use project including a 330-room luxury hotel in Benghazi, Libya. Subsequently IHI and LFICO agreed to re-configure the distribution of space within the development, allocating additional space to office use whilst reducing the number of hotel rooms from 330 to 228 and eliminating the luxury apartment component. Compared to the data set out in the prospectus issued by the Company in November 2012, room stock allocation for the year 2015 has decreased in light of the delay in completion of the hotel in Benghazi, previously earmarked for 2015. The above table has been updated accordingly.
- 12 IHI acquired the 200-bedroom Marina Hotel in St George's Bay, Malta on 13 February 2012.

4.1.3 Organisational Structure

The Issuer has adopted a streamlined and cost-effective organisational structure which has expanded over the years in line with its development phases and growth. The Group's organisational structure as illustrated overleaf is considered to be instrumental in ensuring success. This is due to the fact that it allows the Issuer to keep the strategic direction and development of the Group as its primary focus, whilst allowing the respective boards and management teams of the Subsidiaries to focus on achieving the Group's operational objectives. CHI, the hotel management company, provides the necessary support, expertise and guidance to the Subsidiaries with respect to operations of each hotel.

The Group has adopted an autonomous organisational structure for each hotel property and operation. The Group's philosophy is based on the ownership of each hotel property through a company established in the jurisdiction where the hotel is located. This is driven principally by two factors: firstly, retaining a corporate structure that provides efficient tax treatment to the Issuer, and, secondly, ensuring that each hotel property is vested with its own management structure entrusted with its operation. The latter approach suitably adheres to each hotel's need to take account of the particular environment and market within which it operates, albeit subject to the overall direction and the strategic parameters and objectives established by the Issuer's Directors.

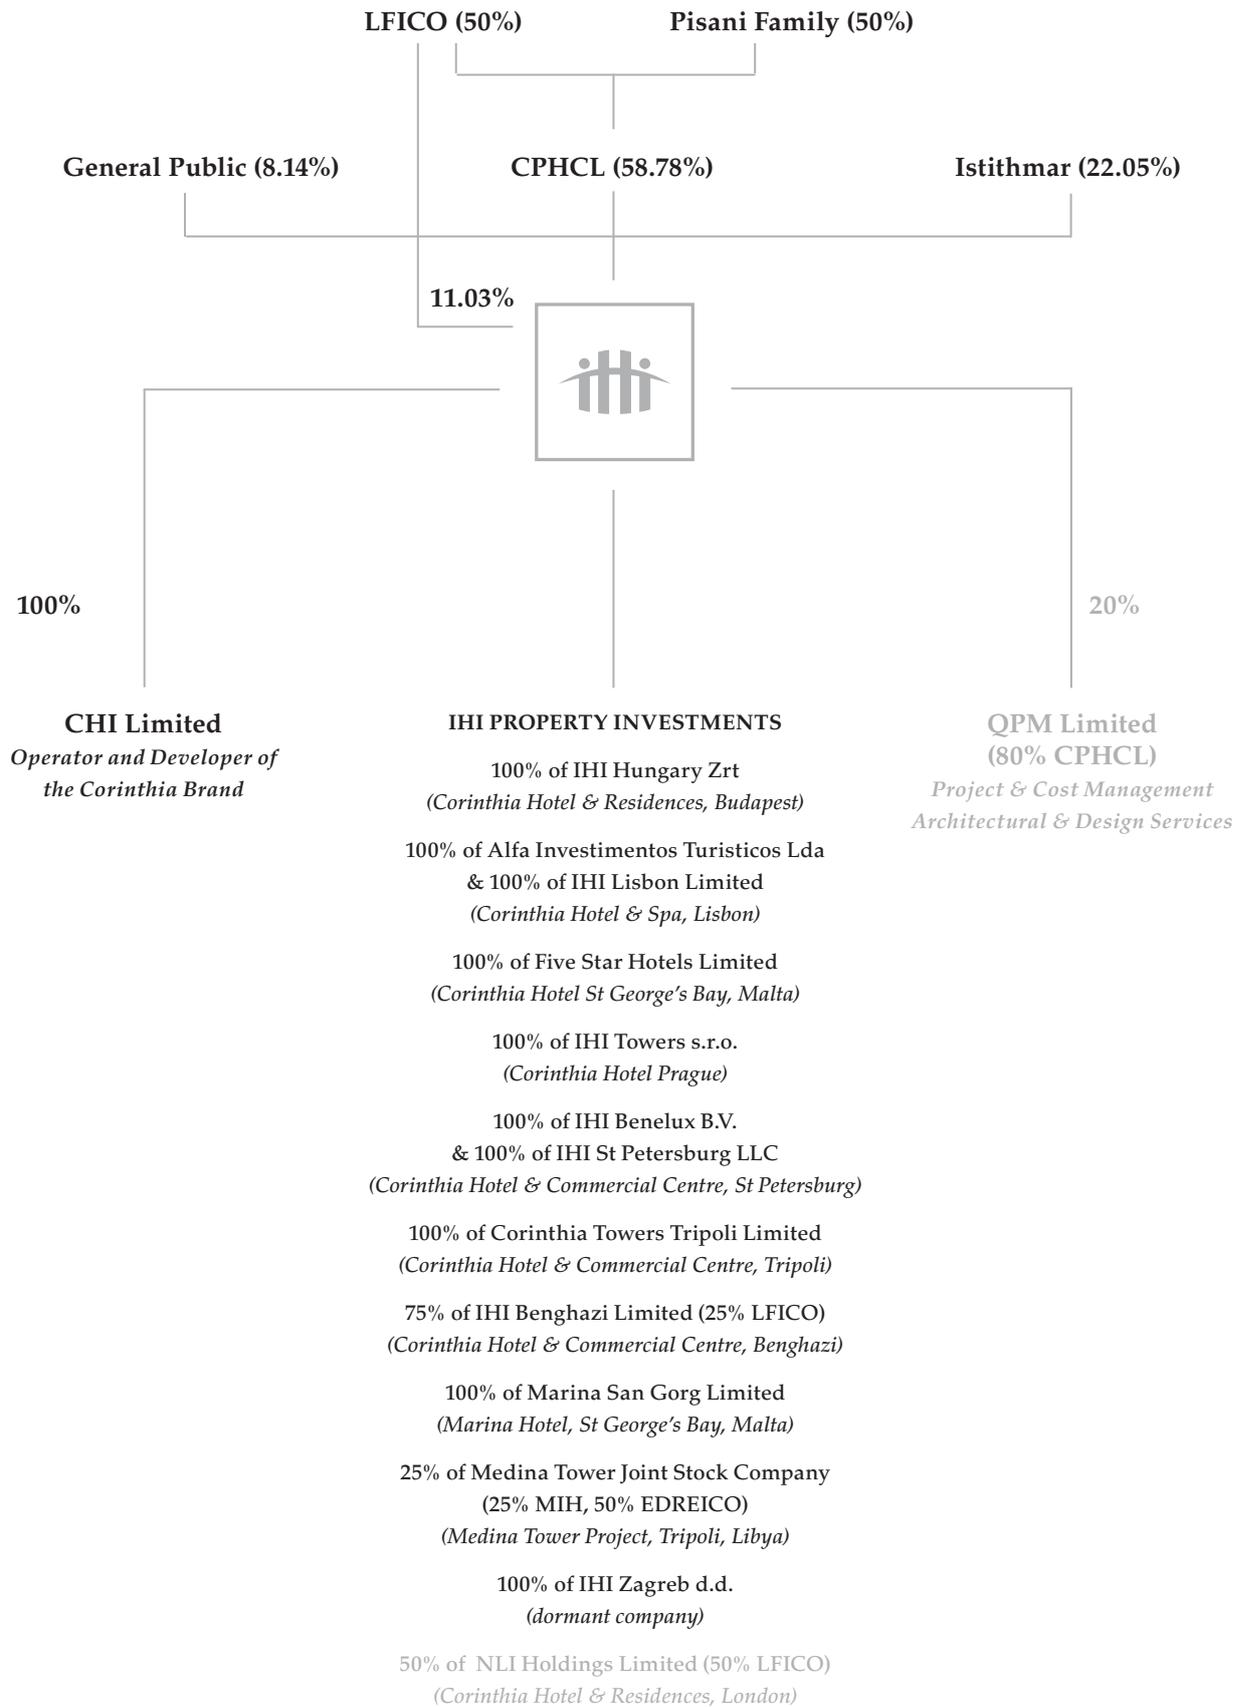

QPM, the company specialised in construction and project management, is an advisor garnering a wide array of experience in its fields of competence, supporting the Issuer in the execution of its development plans.

As the holding company of the Group, the Issuer is ultimately dependent upon the operations and performance of its subsidiaries and their respective operations.

The organisational structure of the Group is illustrated in the diagram overleaf:

4.1.4 Business Development Strategy

At inception, the Issuer owned a 250-room hotel in Malta and a derelict hotel in Budapest. Today it has expanded into a company that fully owns an operating hotel in each of Malta (where it owns and operates two and operates a third), Hungary, the Czech Republic, Portugal, Russia and Libya, and owns 50% of a hotel it operates in the United Kingdom. In 2007, IHI attracted significant new equity from Istithmar which led the Board to re-assess its future investment strategy.

Whilst the Issuer continues to target investments in under-performing properties in emerging markets, it now has the opportunity to further diversify its portfolio of investments both geographically as well as in terms of business segments in the following manner:

- *geographic spread:*
 - not only limiting itself to emerging markets but also focusing on major and mature capital cities; and
- *business segments:*
 - growing ancillary business lines the likes of hotel management; and
 - undertaking developments that are not solely related to hotel properties but that could contain other real estate components such as retail, offices and residential accommodation.

This diversification is aimed at improving the Group's profitability, cash generation capabilities and return on investment, as well as reducing the overall risk profile of the Issuer. In fact, apart from undertaking the projects that are currently in hand, the company is considering the possibility of investing in other major cities such as New York, Rome and Paris.

On 28 December 2010 IHI acquired the legal and beneficial ownership of all intellectual property associated with the Corinthia brand for hotel and property operations from CPHCL. The Corinthia trademark, including related logos, is registered as a Community Trademark in the European Union. IHI has also extended the registration of the Corinthia trademark to other countries where it operates outside the European Union and which are contracting states under the Madrid Agreement Concerning the International Registration of Marks (1891) and the Protocol Relating to the Madrid Agreement (1995) which govern the system for the international registration of marks under the WIPO Convention (World Intellectual Property Organisation) of 1967. The Corinthia brand acquisition is an important part of the Group's strategy to capitalise on the repositioning of the Corinthia brand as a global luxury hotel brand.

On 13 February 2012 IHI acquired the full ownership of the hotel business and hotel property managed under the name Marina Hotel in St George's Bay, Malta, through the transfer of all of the issued share capital of Marina San Gorg Limited.

When originally set up, CHI's activities were limited to the management of hotels that were owned by the Corinthia Group. CHI continues to actively pursue the negotiation and conclusion of a number of management agreements with third party hotel owners and it is expected that this company shall continue on its growth path in the forthcoming years. Ancillary to the foregoing, CHI also assists with pre-opening marketing, recruitment and training of staff and other logistical issues relating to the supply of operating equipment which is often required at a stage preceding the actual management of the hotel and for which CHI enters into a pre-opening agreement. In order to support CHI's sales and marketing team and improve its room reservation and distribution capabilities, in 2010 IHI created its own global distribution system (GDS) using code "IA" for all Corinthia branded hotels managed by CHI. This was coupled with the introduction of interactive websites and a central reservation system complete with customer relationship management capabilities, centralised voice booking facilities, loyalty programmes and revenue management functions. This development has increased customer flows to the Group's hotels and, in particular, has led to increased room reservations for the Group whilst continuing to distribute rooms through the major GDS companies (Sabre, Apollo and Travelport). IHI's creation of a GDS code is expected to allow increased accessibility to the leading distribution systems and to provide an adequate contingency against the Group's potential exposure to failures in, or non-continuance of use of, the Wyndham distribution platform which, up until the creation of the Group's own GDS, was its sole means of access to a GDS. The Group has chosen not to remain reliant upon the Wyndham distribution platform and in 2012 bought the 30% equity participation of Wyndham in CHI. The Group has also recruited highly qualified personnel in the areas of distribution and operations as part of the re positioning of the Corinthia brand and the initiative to control a greater proportion of the distribution channels.

Whereas the Issuer is mainly involved in the development of hotel assets, over the years it became clear that the Group's development competences could be profitably applied to other kinds of real estate projects that shared synergies with the hotel market. On this basis, on 9 June 2009 IHI entered into a joint venture with MIH² and EDREICO for the development of the Medina Tower project in Tripoli comprising a 200,000 square metre mixed-use development over a land plot measuring 13,000 square metres in the centre of Tripoli. This mixed-use high-rise development will comprise residences for resale, offices, retail, conferencing and car park facilities for rental to third parties. MIH and IHI each have a 25% equity stake in this development through their respective 25% shareholding in Medina Tower JSC (Libya), the joint venture company which owns the Medina Tower project.

The Issuer also owns a 20% stake in QPM, with the remaining 80% held by CPHCL. QPM operates independently of and at arm's length to IHI and offers a range of project, construction and cost management services to a number of international clients in various countries. Since its inception in March 2000, it became increasingly clear that, given the real estate focus of the Group, this company would be able to add value to the Group as a whole and progressively source projects independently. QPM established a London office in July 2011 providing a range of services, including project and construction management on a number of commissions. In August 2012 the offices of David Xuereb and Associates integrated with QPM to provide a more comprehensive list of professional services within the construction industry.

Furthermore, the Issuer will continue to maintain a strong focus on the improvement in the performance of its present assets in order to safeguard the profitability of the Group during the short to medium term.

The Issuer completed the works on the Corinthia Hotel and Commercial Centre in St Petersburg. During the first phase of this project, works included the total refurbishment and reorganisation of the existing hotel's foyer, restaurants, bar and public areas. The second phase included the addition of 105 executive bedrooms, extensive conference facilities and 11,000 square metres of office and retail space. These areas were completed and became fully operational in May 2009. Other than improving the occupancy and rate of the enlarged hotel another objective was to lease the office and retail areas and significant progress has already been achieved in this regard with a seven year tenancy agreement being signed with a prestigious local banking group. The third and final phase which is yet to be commenced will include works relating to the creation of a car park and further office space to the rear of the hotel.

As it has successfully done in the past, the Group plans to continue to seek appropriate investment opportunities in the international market that will contribute to provide adequate returns in the medium and long term.

A major change in the Issuer's strategy resulted from the willingness and ability of its principal shareholders to invest, alongside the Issuer, in acquisitions and developments that it would otherwise not have been in a position to acquire on its own. In the context of this re-defined strategy an example of the shareholders' willingness to invest alongside the Issuer is evident in IHI's most recent hotel development completed in central London in 2011. In 2008 the Issuer embarked on a joint venture project to acquire two derelict properties in central London from The Crown Estate and subsequently develop them over a three-year investment program. The Issuer has a 50% equity participation, together with LFICO which owns the other 50%, in the company that acquired (i) the former Metropole Building (used by the Ministry of Defence until 2002) in Whitehall Place and (ii) 10 Whitehall Place, which is adjacent to the hotel property. Together, the two properties form an island site within Whitehall. The Issuer and LFICO (the "Investors") set on converting the development into a 296-room five star hotel, including a 3,300 square metre spa on four floors managed by the hotel. The Investors completed the reconstruction and proceeded to launch the hotel in July 2011, returning the former Metropole Building back to its original use when first constructed in 1884 as a luxury hotel, now operating as a Corinthia Hotel. CHI has been entrusted with the management of the hotel operation. 10 Whitehall Place has been converted into 12 luxury stand-alone apartments. The apartments are currently being marketed for sale, and will be supported with dedicated underground car parking and separate entrance, foyer, storage, concierge services including dedicated direct access to the hotel's spa directly from the lobby of the apartment block. In line with the Group's prudent funding policy, this development has been funded on a 50:50 ratio through an equity injection by the shareholders of the joint venture company and bank financing procured by the joint venture company itself.

² MIH is itself a joint venture between CPHCL and the National Real Estate Company of Kuwait, each holding a 50% stake. MIH's principal objective is to acquire, develop and operate real estate projects in North Africa.

The Issuer has also embarked on the following projects:

- On 14 October 2008 the Issuer subscribed to a 75% equity participation in a joint venture company, with LFICO holding the remaining 25%, for the purpose of acquiring the derelict building formerly known as the El-Jazeera Hotel and adjoining site in Benghazi, Libya and its eventual development into a mixed use project comprising a 228-room five-star hotel, 700 square metres of retail space and 10,000 square metres of office space (previously planned to include a 330-room five-star hotel, 700 square metres of retail space, 3,700 square meters of office space and 30 luxury apartments). Although IHI owns 75% of the joint venture company, it plans to downsize its holding to 55%, whilst the other 45% will be held directly by LFICO. IHI will contribute its equity contribution when the sites are acquired by the joint venture company. The joint venture shall seek to obtain appropriate bank financing for the development of this project. It is anticipated that the funding required for the project shall be sourced from a combination of the said equity injection in the joint venture company by the shareholders and bank financing procured by the joint venture company itself. On completion, CHI will be entrusted with the management of the hotel operation under the Corinthia Brand.
- The Issuer subscribed to a 25% equity participation in a joint venture company set up by virtue of a Memorandum of Incorporation dated 20 May 2010 and registered under no. 343 at the investment register in Tripoli, Libya on 7 August 2010. This joint venture was set up together with MIH, which holds a 25% equity participation, and EDREICO, a Libyan investment company, which holds the remaining 50% equity participation, for the purpose of developing the Medina Tower mixed-used project comprising a 200,000 square metre development over a plot of land measuring 13,000 square metres in the centre of Tripoli. Plans have been completed, and the architect and the main contractor for the project have been appointed, to carry out a mixed-use high-rise development comprising 336 residences for resale, 25,000 square metres of office space for rental, 20,000 square metres for retail and leisure, as well as conference and car park facilities for rental to third parties. Whilst the equity contribution required for the first phase of this project is already available, bank financing discussions aimed at securing full financing from a number of financial institutions remain ongoing. The main construction contract for the project was signed on 5 September 2012. Works on the project, which are scheduled to commence upon the necessary bank financing having been secured, are expected to be completed within 48 months from commencement.

5 TREND INFORMATION AND FINANCIAL PERFORMANCE

5.1 Trend Information

There has been no material adverse change in the prospects of the Issuer since the date of its last published audited consolidated financial statements.

In 2011 the North African region was affected by substantial political change. Civil unrest started in Tunisia, followed in Egypt and ultimately spread to Libya. In these three countries the existing governments either stepped down or were removed. 2012 and 2013 were also characterised by turmoil in Egypt. Whilst the unrest in Libya had largely subsided in the first quarter of 2013, the second and third quarters have seen various protests and episodes of violence, with security concerns and fragmented governance in many areas of the country. The period during the conflict and its aftermath were characterised by political and economic instability and a curtailment of business activity.

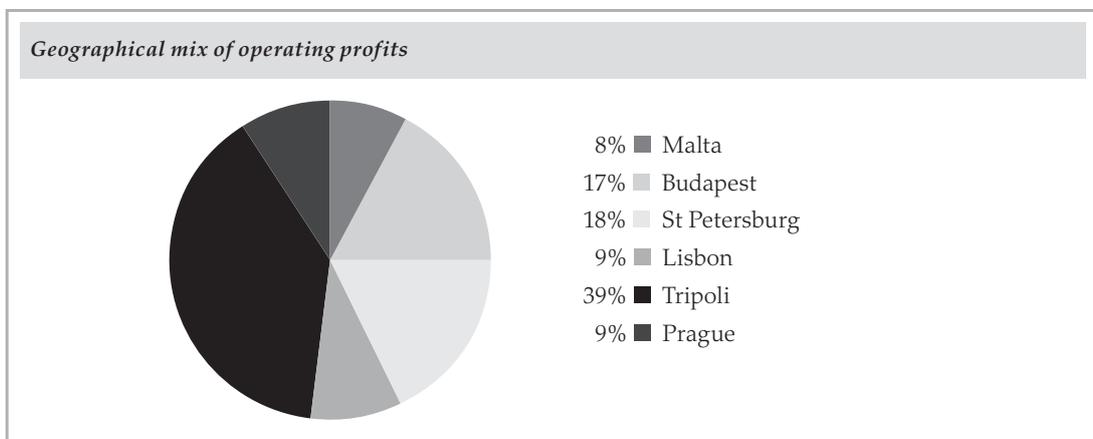

The Issuer owns and operates the Corinthia Hotel & Commercial Centre in Tripoli, Libya. The performance of this operation during the course of 2011 was significantly lower than the performance in prior years. During this period of political conflict in North Africa, the Issuer's property in Tripoli remained operational, albeit at a lower level of activity, to match the demands for accommodation in Libya. This ensured that the Issuer's property did not become the focus of the disorder and turmoil that subsisted. As the former government was replaced and the political turmoil began to abate, the hotel forming part of the Corinthia Hotel & Commercial Centre in Tripoli, Libya (hereinafter the "**Corinthia Hotel Tripoli**") experienced a gradual recovery of business activity in its operations, with revenues continuing to increase towards pre-2011 operating levels.

The business of the Issuer in Western and Central Europe continued to operate in what, following the global financial crisis which took hold in 2008, is at present generally considered to be a subdued economic environment. Nonetheless, the Group's properties in this region registered a marginally improved performance in 2012 over the corresponding periods in 2011 and 2010.

The Issuer has, throughout the years, adopted a strategy aimed at increasing its resilience during challenging times, the likes of which are being experienced at present. In this regard, the results of this strategy have been particularly effective in acting as buffers against the adverse effects of this economic downturn:

- Firstly, the Issuer has distributed its investments across various geographic locations (as shown in the chart below) and is now achieving further diversity through growth in ancillary business segments. The diversity of the Group's investment portfolio mitigates its exposure to any one specific country or source of business, and furthermore ensures that the Group's earnings provide a healthy mix between active income (hotel business) and passive income (long-term rental income) thereby ensuring a more balanced profit and cash generation.

- Whereas the Issuer remains primarily a hotel owning company all its hotel assets contain significant retail, office and/or residential components meaning that it has through the years managed to put its competences in hotel management and real estate development to profitable use. By end 2012, €9 million (2011: €6 million), or the equivalent of 31% (2011: 27%) of its EBITDA, were generated from these ancillary business lines.
- The Issuer has implemented prudent equity and loan policies over the years, resulting in a balance sheet funded with relatively low and sustainable levels of debt. Cash generated by operations provide a healthy cover of interest payment.

5.2 Key Financial Review

In 2011, despite the downturn in business at the Corinthia Hotel Tripoli resulting from the political unrest prevailing for most of that year, the Group registered consolidated revenues that were 2% higher than those registered in 2010. In that same year the Corinthia Hotel Tripoli registered a drop in revenues of 35%, equivalent to €10.6 million, against revenues in 2010. All the other Group hotel properties achieved increases in revenues over the previous year, in aggregate amounting to €13.1 million. Group revenues for 2011 indicate the Group's resilience to withstand the cumulative pressures created by subdued global economic conditions and financial markets and the exceptional circumstances witnessed in Libya.

In 2012 the Group registered an increase in consolidated revenues of 14% when compared with those of 2011. The Marina Hotel in St. George's Bay, which was acquired from CPHCL in early 2012, accounted for almost half of this increase. All hotels owned by the Group, with the exception of the Corinthia Hotel & Spa Lisbon, registered increases in revenues over 2011. The Group's top performer for the year under review was the Corinthia Nevskij Hotel and Commercial Centre in St Petersburg. Throughout 2012 the business of the Corinthia Hotel Tripoli continued to be affected by the sustained instability and state of uncertainty prevailing in Libya since the end of the 2011 uprising. A significantly encouraging performance was registered for the Corinthia Hotel London (in view of the fact that this is an associate investment the results of this operation are reported with the share of equity accounted investments).

A principal contributor to the increased revenues was the Group's internally-developed GDS which has now started to yield positive results since its launch in 2010.

Higher operating costs incurred by the hotels overall, principally due to a higher level of activity and the higher corporate costs incurred, as well as the costs incurred by the Marina Hotel in St George's Bay that were reported for the first time in 2012, were the principal factors contributing to the reported higher direct and other operating costs. It is pertinent in this respect to note that corporate costs in 2011 included the write-off of €1.8 million incurred during prior years in connection with the Company's possible listing on the London Stock Exchange and one-time costs of €1.0 million associated with the acquisition of the Marina Hotel in St George's Bay.

In 2012 the Group registered an operating profit before depreciation and amortisation and revaluation adjustments of €27.7 million, compared to a profit of €22.4 million in 2011 and €22.9 million in 2010.

For the periods under review the Group registered overall uplifts in the fair value of its investment properties³. The value of the commercial centre in St Petersburg improved by €4.2 million in 2012, €5.6 million in 2011 and €2.9 million in 2010. The investment property owned in Lisbon registered a diminution in value of €0.1 million in each of 2012, 2011 and 2010.

The combined net impairment losses of €7.9 million for the periods under review reflect the fluctuation in hotel property fair value estimates over such periods.

The share of results from equity accounted investments primarily relates to IHI's 50% investment in the Corinthia Hotel in London and the adjoining apartments. The hotel opened in 2011 with room stock brought into operation gradually. This staggered approach, coupled with financial charges and depreciation, resulted in a loss which was reversed through an uplift in the value of the adjoining apartments. This programmed implementation, completed by end 2010, allowed the hotel and the Corinthia brand to firmly establish themselves in the London market. 2012 was the first full year of operation for the Corinthia Hotel in London, reflected in a significant improvement in its EBITDA where a profit of €5.6 million was registered as against a loss of €14.5 million in 2011. The 2010 share of loss reflects the pre-opening and marketing costs incurred by the property in preparation for its planned opening the following year.

Throughout the periods under review the Group continued to apply its cash surplus for investment purposes resulting in a diminution in finance income. The increase in 2011 of €1.2 million over the previous year was mainly due to gains on foreign currency translation. In 2012 the reduction in exchange gains was mitigated by increased interest income from related companies.

The increases in finance costs reflect higher Euribor base rates, interest incurred on the €35 million bond issued in April 2010, and interest on a new re-financing of loans on the St Petersburg and Tripoli properties utilised to finance the Group's investment in London and the equity stake in the Medina Tower project in Tripoli.

Net fair value gains on interest rate swaps represent mark-to-market value adjustments on two interest rate swaps entered into on the Prague and Lisbon properties. The market expectations of movements in the Euro interest rate, together with the short period to maturity, resulted in positive fluctuations of €1.6 million in the value of these swaps. The Group has the intention to hold these financial instruments to maturity with the result that cumulative gains and losses in market value will ultimately be netted out.

In 2012, the Group registered a loss after tax of €10.4 million compared to a loss after tax of €10.7 million in 2011 and a loss after tax of €13.1 million in 2010.

The combined movement on the statement of comprehensive income for the periods under review of €13.3 million reflects an impairment charge of €43.8 million on the book value of the Corinthia Hotel Tripoli and the Corinthia Nevskij Hotel and Commercial Centre in St Petersburg incurred as a result of reduced future profitability. Conversely, the Group registered a significant gain of €52.9 million as a result of increases in the value of the London hotel property.

After taking into account the net movement in the comprehensive income statement, the Group registered a total expense in 2012 of €2.1 million compared to the expense of €24.1 million in 2011 and a total income of €5.4 million in 2010.

³ Investment properties exclude all hotel properties of the Group.

**Interest and Debt Service Cover**

	2012	2011	2010
Interest Cover ⁴	1.65	1.61	1.63
Debt Service Cover ⁵	0.77	0.90	0.48
Adjusted Debt Service Cover	0.77	0.68	0.64

Both ratios are still recovering from the decline in business following the recessionary pressures experienced in the Group's source markets and the conflict in Libya.

Interest cover in the periods under review improved in 2012 on account of improving EBITDA although this was mitigated by the increase in interest cost on account of refinancing as described above.

The debt service cover ratio improved in the period under review on account of improving EBITDA. In 2010, the Group prepaid a facility on the St Petersburg properties further impacting the ratio in that year. Adjusting for this event the cover ratio would read 0.64. In 2011, in light of the conflict in Libya the Group sought and benefited from the deferral of loan capital payments on the debt related to its property in Tripoli. The cover ratio adjusted for benefit of this deferral is 0.68, an improvement on the prior year ratio. The position was further improved in 2012, with a ratio of 0.77.

Review of Performance

In the first six months of 2013 the Group registered an increase in its consolidated revenues of 5% over the corresponding period in 2012. Taking into account the subdued economic environment in the majority of countries where the Group operates, and the unsettled situation in Libya, this overall improvement is considered encouraging. With particular reference to the performance of the Tripoli property, this was positive from a revenue growth perspective. The Corinthia Hotel London continued to consolidate its position as one of the leading luxury hotels in the British capital with an improvement of 30% in revenue, relative to the same period in the previous year. However, being an associate rather than a subsidiary company, the results of this property are not consolidated with the Group's operational results but are reflected under the share of equity accounted investments. In St Petersburg leasing income from the retail mall and offices improved by €1.8 million in the period under review on account of new tenants who have since occupied such premises.

Direct costs and other operating costs increased due to improved occupancies and continued pressures on payroll costs in Libya. The introduction of enhanced brand service standards across the Group's hotels has also brought about a general increase in the cost base. The comparative figure for 2012 included one-time costs amounting to €1 million associated with the acquisition of the Marina Hotel in St. George's Bay.

The Group registered an operating profit before depreciation and amortisation (EBITDA) of €16.3 million, being a 21% increase on the €13.5 million registered in the corresponding period last year.

In the period under review, finance costs were negatively affected by exchange losses amounting to €2.2 million incurred on loans denominated in sterling advanced to an associated company. In the same period, the effect of currency fluctuations on these loans resulted in a profit of €1.6 million. Excluding the effect of the foregoing exchange losses, finance costs indicate an improvement over the corresponding period last year mainly due to the scheduled repayments of bank loans. The fair value of the interest rate swaps held by the Group improved by €1.1 million from the position recorded as at 31 December 2012. Furthermore the interest rate swap agreement entered into in relation to the Lisbon property matured in April 2013 and was not renewed.

The share of loss from equity accounted investments reflects the 50% share of the six months net results of the Corinthia Hotel London. The property is in its second full year of operation and as a consequence of a revenue growth of 30% it registered a gross operating profit of £3.6 million in comparison to a loss of £0.8 million in the corresponding period last year. Despite this significant improvement, after deducting the fixed non-operational costs such as depreciation, loan interest and building taxes, the overall result was a Group's share of loss of €4.6 million which however compares favourably with the loss of €7.2 million incurred in 2012.

During the period under review the Group registered a loss after tax of €4.4 million which reflects an improvement of €5.3 million when compared to the loss of €9.7 million reported in the same period last year.

The expense of €2.1 million in the statement of comprehensive income reflects the Group's share of unrealised losses on currency movements on its investment in London.

State of Affairs

The Group's working capital as at 30 June 2013 shows a net deficiency of €41.6 million (net deficiency of €36.1 million as at 30 June 2012). This includes the €12.5 million bond maturing in March 2014 which is now being classified under current liabilities in view of the fact that it is repayable within the next 12 months. Expectations are that this deficiency is to be addressed by the projected improvements in operating performance, through the anticipated disposal of non-core assets and the issue of Bonds detailed in the Securities Note.

The Board of Directors of IHI remains fully committed to dispose of the 12 luxury apartments in Whitehall Place London, and negotiations are still ongoing with interested bidders with the ultimate objective of maximising shareholder returns. Further announcements in this regard will be made as progress is registered. Moreover, IHI also continues to progress on the initial work required for the eventual sale of the commercial centre in St Petersburg.

5.3 Latest Developments

The Issuer's activities have, over the last 36 months, been focused on:

- The acquisition and development of the Corinthia Hotel and Residences London: the acquisition and development of the project was fully funded on a 50:50 ratio through an equity injection by the shareholders of the joint venture company and bank financing procured by the joint venture company itself.
- The 75% interest (planned to be downsized to 55% as indicated in section 4.1.4 above) in the joint venture company formed for the purpose of acquiring the derelict El-Jazeera Hotel and adjoining site in Benghazi, Libya: IHI will contribute its equity contribution when the sites are acquired by the joint venture company.
- The 25% equity participation in the Medina Towers mixed-used project as explained in 4.1.4 (Business Development Strategy).
- The Issuer's acquisition of all the intellectual property associated with the Corinthia brand from CPHCL in 2010.
- The Issuer's acquisition of the full ownership of the hotel business and hotel property managed under the name Hotel Marina in St George's Bay, Malta on 13 February 2012.
- The Issuer's acquisition of Wyndham Hotel Group International's (WHGI) 30% shareholding in CHI Limited on 9 May 2012.

The injection of €178 million in equity by Istithmar in 2007 had enabled the Issuer to place less reliance on debt funding, in line with its conservative approach to its debt to equity balance. The application of this equity injection has, to date, focused on financing two major projects that are now complete, the Corinthia Nevskij Hotel and Commercial Centre in St Petersburg and the Corinthia Hotel and Residences London: the Issuer has funded, through equity, its 50% equity stake in the acquisition of the Metropole Building and adjoining 10 Whitehall Place in London, amounting to £67.5 million (€76 million); in addition the Issuer has also funded the Nevskij Hotel project amounting to *circa* €97.9 million through its own cash resources, although late in 2011 it refinanced part of this project through the raising of a €50 million loan through Sberbank of Russia. Part of the equity funding raised through Istithmar was utilised to partly pay for the acquisition of the Corinthia Hotels in Prague and Tripoli (€15 million in 2007), and the acquisition of the Corinthia Brand in 2010 for €19.6 million.

This conservative strategy, particularly within the context of a global economic downturn, has enabled the Group to record a debt to equity ratio as at 31 December 2012 of 35.4%, thus maintaining its debt servicing requirements within sustainable levels whilst at the same time minimising its finance costs.

6.2 The Board of Directors

The Issuer is currently managed by a Board consisting of eight Directors entrusted with its overall direction and management, including the establishment of strategies for future development. Its responsibilities include the oversight of the Issuer's internal control procedures and financial performance, and the review of the Issuer's business risks, thus ensuring such risks are adequately identified, evaluated, managed and minimised. All the Directors have access to independent professional advice at the expense of the Issuer, should they so require.

The Board currently consists of three executive Directors and five non-executive Directors. The three executive Directors, comprising the CEO, Managing Director and Executive Director responsible for acquisitions and development, are responsible for acquisitions and development and are entrusted with the Issuer's day-to-day management. The business address of each Director is the registered office of the Issuer.

6.2.1 Executive Directors

The CEO, Managing Director and the Executive Director responsible for acquisitions and development are mainly responsible for the identification and execution of new investment opportunities and the funding of the Issuer's acquisitions. They are also responsible for ensuring the establishment of appropriate management contracts of the hotel properties in the case of operational properties, and negotiating and awarding project contracts in the case of the development or refurbishment of new properties. The three executive Directors are also directors or officers of other companies within the Corinthia Group, bringing with them the necessary proficiency and experience in this industry sector, and providing their expertise throughout the entire Group. They are supported in this role by several third party consultants and other officers of the Issuer.

6.2.2 Non-Executive Directors

The non-executive Directors are independent of the Issuer and constitute a majority on the Board. The non-executive directors' main functions are to monitor the operations of the executive directors and their performance, as well as to review any investment opportunities that are proposed by the executive Directors. All proposed acquisitions of the Issuer are brought to the Board for approval.

6.2.3 Boards of Subsidiary Companies

Each hotel property is owned through a subsidiary company located in the jurisdiction where that hotel property is located, and is required to comply with all the laws and regulations of that jurisdiction. Accordingly, a board of directors is entrusted with the responsibility of the direction and management of each subsidiary within the strategic parameters established by the Board. In some jurisdictions, the Issuer has adopted the structure of a dual board in line with the requirements of the legislation of those jurisdictions. These involve the concept of a board of directors that is entrusted with setting the policies and strategies of the company to be implemented by management in the day-to-day operations and executive decisions, and a supervisory board that is entrusted with monitoring the policy implementation within the company by management.

The board of each Subsidiary is, within the strategic parameters established by the Board of the Issuer, autonomous in the determination of the appropriate policies for the respective hotels and is entrusted with handling the relations with the hotel operating company. Each hotel, in turn, has its own management structure and employees who carry out the function of implementing the policies and directions of the subsidiary boards under the direction of the hotel operating company.

6.2.4 Curriculum Vitae of Directors

Alfred Pisani is the founder of the Corinthia Group and has been the Chairman and Chief Executive Officer since the inception of Corinthia in 1962. He was responsible for the construction of the Group's first hotel, the Corinthia Palace in Attard. He has led the Corinthia Group from a one hotel company to a diversified group having significant interests. Such interests vary from equity participations, management or both in several geographical areas and include interests in three hotels in Malta, five hotels in Turkey, two hotels in Hungary, nine hotels in the Czech Republic, two hotels in Portugal and Libya and one in each of Tunisia, the United Kingdom, The Russian Federation, The Gambia and Togo. Mr Pisani is also the Chairman and CEO of the Issuer.

Joseph Fenech is a Fellow of the Chartered Association of Certified Accountants of the United Kingdom and a Fellow of the Malta Institute of Accountants. Mr Fenech joined the Corinthia Group in 1980 after having spent a few years as senior auditor with a local auditing firm. His first appointment was as Group Accountant responsible for all financial and accounting matters of the Corinthia Group operations and in 1990 he was appointed a member of the executive board. Mr Fenech is the Managing Director of the Issuer.

Simon Naudi joined the Board of the Issuer in 2005, having joined the Corinthia Group in a senior executive role in 1998. He has since been responsible for corporate strategy, including business development, particularly hotel and real estate acquisitions and project developments.

He has worked in the legal office of Omma Bank, as a legal representative to LFICO in Pakistan and as head of the legal office of LFICO in Tripoli where he currently holds office.

Michael Beckett has considerable expertise in international mining, industrial and leisure companies. He is a former independent non-executive chairman of Thomas Cook prior to which he was Deputy Chairman and Senior Independent Director at Thomas Cook. He was Chairman of MyTravel Group plc between 2004 and 2007. Other positions previously held include Chairman of London Clubs International plc, Ashanti Goldfields Company Limited and Clarkson plc, and he was formerly Managing Director of Consolidated Gold Fields plc. Current external appointments include Non-Executive Chairman of Endeavour Mining Corporation (Canada) and Non-Executive Director of Northam Platinum Ltd (South Africa).

Andrew Watson is the Chief Investment Officer of Nakheel PJSC International having joined the Group in September 2007. Mr Watson has over 20 years' experience in the financial services sector in the United Kingdom and Europe and more recently in the Middle East. He began his career in consultancy and risk management and prior to joining Nakheel was a Director of Barclays Capital Real Estate Group undertaking structured finance for major commercial property and hotel transactions in Europe and the Middle East. Within Nakheel, Mr Watson is responsible for managing a number of the international investments it holds within its global portfolio as well as assessing new investment opportunities.

Joseph J. Vella is a lawyer by profession. He was admitted to the bar in 1973 and has since then been in private practice. He is currently senior partner of the law firm GVTH & Associates. Dr Vella advises a number of leading commercial organisations both in the public and private sector and has been a legal advisor of the Corinthia Group for more than fifteen years. Dr Vella is also a director on several companies in addition to being a director of the Issuer and a number of its Subsidiaries, and is also a director of Corinthia Finance p.l.c., another subsidiary company of the Corinthia Group.

Frank Xerri de Caro, a senior Independent Director of the Issuer, joined the Board in 2004, having previously been Chief Executive Officer of Bank of Valletta p.l.c., besides serving on the Boards of several major financial, banking and insurance institutions. Mr Xerri de Caro is currently the Chairman of the Issuer's Audit Committee.

6.3 Directors' Service Contracts

Save for the service contracts of Alfred Pisani as Chief Executive Officer of the Issuer, Joseph Fenech as Managing Director and Simon Naudi as an Executive Director responsible for acquisitions and development, none of the other Directors of the Issuer have a service contract with the Issuer.

Alfred Pisani, Joseph Fenech and Simon Naudi have executed three-year definite contracts with the Issuer. Copies of these contracts will be available for inspection at the registered office of the Issuer in accordance with the requirements of the Listing Rules.

All Directors, including Alfred Pisani, Joseph Fenech and Simon Naudi, may be removed from their posts of Directors by the shareholder appointing them or by an ordinary resolution of the shareholders in general meeting. Independently of whether Alfred Pisani, Joseph Fenech and Simon Naudi are removed from their directorships, they shall still retain their executive posts with the Issuer unless their respective contracts are terminated in accordance with their respective terms.

6.4 Aggregate Emoluments of Directors

For the financial year ended 31 December 2012 the Group paid an aggregate of €600,000 to its Directors (2011: €600,000).

6.5 Loans to Directors

There are no loans outstanding by the Issuer to any of its Directors nor any guarantees issued for their benefit by the Issuer.

6.6 Removal of Directors

A Director may unless he resigns, be removed by the shareholder appointing him or by an ordinary resolution of the shareholders as provided in sections 139 and 140 of the Act.

6.7 Powers of Directors

By virtue of the Articles of Association of the Issuer the Directors are empowered to transact all business which is not by the Articles expressly reserved for the shareholders in general meeting.

7 MANAGEMENT STRUCTURE

7.1 General

The Directors have appointed Alfred Pisani as Chief Executive Officer, Joseph Fenech as Managing Director and Simon Naudi as Executive Director responsible for Acquisitions and Development. They are the only three executive officers of the Issuer. The Issuer has recruited a number of executives that were previously employed by CPHCL and recruited new executives in line with the requirements of the management structure. The executives support the executive directors in fulfilling their role as officers of the Issuer.

7.2 Hotel Operations

Day-to-day hotel operations are the responsibility of CHI Limited, the Group's hotel operating company that directs each subsidiary's management and staff in day-to-day operations. The responsibility of the operational performance of each hotel is that of the operating company, whose performance is monitored and evaluated on a regular basis by the board of each subsidiary which in turn reports on performance and operations to the Issuer's Board.

7.3 The Monitoring Committee

The rationale underlying this committee is to monitor, on behalf of the Issuer as owner, the performance, quality of service and standards in the underlying hotels. It consists of three individuals, two of whom are completely independent of the Corinthia Group, and reports directly to the Directors of the Issuer on a quarterly basis. This committee reports not only on the operations of the management of the subsidiary companies, but also on the performance of the appointed operator of the hotel properties.

Currently the members of the Monitoring Committee are: Joseph M. Pisani, an executive director on the board of CPHCL, who acts as Chairman; Joe C. Caruana, a former General Manager of Mid Med Bank who is also independent of the Group; Eugenio Privitelli, Director of Internal Audit; and Paul Bugeja, Chief Financial Officer for CHI.

7.4 Property Audit

Regular property audits are carried out by QPM. These audits, which are unannounced, comprise a full review of each property twice a year when a physical inspection of the building and the assets is undertaken by experienced engineers. A detailed report is submitted to the owners including a review of the maintenance systems and quality of the maintenance works and recommendations on the replacement of plant and equipment.

7.5 Executive Team

The Issuer had, on inception, entered into an Administrative Support Services Agreement with CPHCL. The agreement ensured that in its initial phase of development the Issuer could sustain its streamlined organizational structure at a senior level by having continued guaranteed access to the top executive staff and support personnel of the Corinthia Group of which the Issuer is a member.

This agreement was terminated on 29 May 2007 in view of the fact that the Board decided that the Issuer had reached a stage in its development wherein it could sustain a top executive structure of its own. The key executives and employees previously employed with CPHCL were transferred as full-time executives and employees of the Issuer.

At the subsidiary level, the Directors believe that the current organisational structures are adequate and shall continue to build the organisation's structure at this level on the same model adopted so far. The Directors will maintain these structures under continuous review to ensure that they meet the changing demands of the business and to strengthen the checks and balances necessary for better corporate governance.

7.6 Holdings in excess of 5% of Share Capital

On the basis of information available to the Issuer as at the date of this document, CPHCL holds 325,777,026 shares equivalent to 58.78%, Istithmar holds 122,226,668 shares equivalent to 22.05% and LFICO holds 61,113,332 shares equivalent to 11.03% of the Issuer's total issued share capital (half of this 11.03% is subject to a call option in favour of CPHCL). As far as the Issuer is aware, no persons hold an indirect shareholding in excess of 5% of its total issued share capital.

The Issuer adopts measures in line with the Code of Corporate Governance to ensure that the relationship with CPHCL and Istithmar is retained at arm's length, including adherence to rules on related party transactions requiring the sanction of the Audit Committee.

7.7 Conflict of Interest

Alfred Pisani, in addition to sitting on the board of directors of the Issuer, also acts as director of CPHCL. Joseph Fenech and Simon Naudi, in addition to sitting on the Board of Directors of the Issuer, are members of CPHCL's senior management team. Accordingly, conflicts of interest could potentially arise in relation to transactions involving both the Issuer and CPHCL.

The Audit Committee has the task of ensuring that any such potential conflicts of interest are handled in the best interests of the Issuer. To the extent known or potentially known to the Issuer as at the date of this Prospectus, there are no other potential conflicts of interest between any duties of the Directors and of executive officers of the Issuer and their private interests and/or their other duties which require disclosure in terms of the Regulation.

8 AUDIT COMMITTEE PRACTICES

8.1 Audit Committee

The Audit Committee's primary objective is to assist the Board in fulfilling its oversight responsibilities over the financial reporting processes, financial policies and internal control structure. The Committee oversees the conduct of the internal and external audit and acts to facilitate communication between the Board, management, the external auditors and the internal audit team. The internal and external auditors are invited to attend the Audit Committee meetings. The Audit Committee reports directly to the Board of Directors.

The Committee is made up of a majority of non-executive directors who are appointed for a period of three years. Frank Xerri de Caro, a non-executive director, acts as Chairman, whilst Joseph Fenech (the Managing Director), Joseph J. Vella and Michael Beckett act as members. The Issuer's Secretary, Alfred Fabri acts as Secretary to the Committee. In compliance with the Listing Rules, Frank Xerri de Caro is considered by the Board to be the Director competent in accounting and/or auditing matters.

8.2 Internal Audit

The role of the internal auditor is to carry out systematic risk-based reviews and appraisals of the operations of the Issuer (as well as of the subsidiaries and associates of the Group) for the purpose of advising management and the Board, through the Audit Committee, on the efficiency and effectiveness of internal management policies, practices and controls. The function is expected to promote the application of best practices within the organisation.

The internal auditor reports directly to the Audit Committee.

8.3 Nominations and Remuneration Committee

The nominations and remuneration committee is charged with enhancing the quality of nominees to the board and ensuring the integrity of the nominating process, and with proposing the remuneration package of directors and senior executives of the Issuer and its subsidiaries. The Committee's responsibilities include making recommendations to the Board annually with respect to the composition, size and needs of the Board, recommend criteria for Board membership, including the minimum qualifications for a nominee and the qualities and skills that the committee believes are necessary or desirable for a Board member to possess, and propose adequate remuneration packages.

9 COMPLIANCE WITH CORPORATE GOVERNANCE REQUIREMENTS

The Issuer is subject to, and supports, the Code of Principles of Good Corporate Governance (the "Code") forming part of the Listing Rules. The Issuer is confident that the adoption of the Code has resulted in positive effects accruing to the Issuer.

The Board considers that during the financial year ended 31 December 2012, the Company was in compliance with the Code, save as set out hereunder.

As at 4 April 2013, being the date of approval of the latest Annual Report, the Company was not fully in compliance with the said Principles of Good Corporate Governance specifically by virtue of the following:

- Principle 2 "**Chairman and Chief Executive**": the roles of Chairman and Chief Executive Officer are both carried out by Alfred Pisani. Although the Code recommends that the role of Chairman and Chief Executive Officer are kept separate, the Directors believe that Mr Pisani should occupy both positions, particularly in view of the experience and stature he brings to both the Board and executive management team of the Company. In terms of Principle 3.1, which calls for the appointment of a senior independent Director where the roles of Chairman and Chief Executive Officer are carried out by the same person, the Board has appointed Frank Xerri de Caro as the indicated senior independent Director.
- Principle 7 "**Evaluation of the Board's Performance**": under the present circumstances, the Board does not consider it necessary to appoint a committee to carry out a performance evaluation of its role, as the Board's performance is evaluated on an ongoing basis by, and is subject to the constant scrutiny of, the Board itself, the Company's shareholders, the market and the rules by which the Issuer is regulated as a listed company.

10 HISTORICAL INFORMATION

The historical financial information for the three financial years ended 31 December 2010, 2011 and 2012 as audited by Grant Thornton are set out in the consolidated financial statements of the Issuer. Such audited consolidated financial statements are available on the Issuer's web site www.ihiplc.com. There were no significant changes to the financial or trading position of the Issuer since the end of the financial period to which the last interim Consolidated Financial Statements relate.

11 LITIGATION

There is no governmental, legal or arbitration proceedings against the Issuer, including any pending or threatened proceedings, which the Issuer is aware and considers could have significant effects on the financial position or profitability of the Issuer or the Group.

There is no capital of the Issuer which is currently under option, save for half of the 11.03% of the issued share capital of the Issuer (61,113,332 ordinary shares) that LFICO bought from Istithmar on 22 April 2010, which is currently subject to a call option in favour of CPHCL.

12.2 Memorandum and Articles of Association

12.2.1 Objects

The Memorandum and Articles of Association of the Issuer are registered with the Registry of Companies. The main object of the Issuer is to carry on the business of a finance and investment company in connection with the ownership, development, operation and financing of hotels, resorts, leisure facilities, tourism related activities and such other activities as may from time to time be ancillary or complimentary to the foregoing whether in Malta or overseas. The Directors themselves or a committee appointed by the Directors (the "**Designated Committee**"), may make recommendations and nominations to the members for the appointment of Directors at a general meeting. Such recommendations may be made either pursuant to recommendations received from any member holding not less than 2% of the issued share capital having voting rights or by the Directors' or Designated Committee's own recommendations, of a fit and proper person for appointment as a Director, which the Directors or the Designated Committee may then recommend to the members for appointment as Director at the annual general meeting.

12.2.3 Powers of Directors

The Directors are vested with the management of the Issuer, and their powers of management and administration emanate directly from the Memorandum and Articles of Association and the law. The Directors are empowered to act on behalf of the Issuer and in this respect have the authority to enter into contracts, sue and be sued in representation of the Issuer. In terms of the Memorandum and Articles of Association they may do all such things that are not by the Memorandum and Articles of Association reserved for the shareholders in general meeting.

Directors may not vote on any proposal, issue, arrangement or contract in which they have a personal material interest.

The maximum limit of aggregate emoluments of the Directors is, in terms of the Memorandum and Articles of Association, to be established by the shareholders in general meeting. Within that limit the Directors shall have the power to vote remuneration to themselves or any number of their body. Any increases in the maximum limit of Directors' aggregate emoluments have to be approved by the Company in general meeting.

In terms of the Memorandum and Articles of Association, the Board of Directors may exercise all the powers of the Issuer to borrow money and give security therefor, subject to the limit established in the Memorandum and Articles of Association. That limit is currently three times the Issuer's capital and reserves. The shareholders in general meeting have the overriding authority to change, amend, restrict and/or otherwise modify such limit and the Directors' borrowing powers.

There are no provisions in the Issuer's Memorandum and Articles of Association regulating the retirement or non-retirement of Directors over an age limit.

2 RISK FACTORS

2.1 General

THE VALUE OF INVESTMENTS CAN GO UP OR DOWN AND PAST PERFORMANCE IS NOT NECESSARILY INDICATIVE OF FUTURE PERFORMANCE.

THE NOMINAL VALUE OF THE BONDS WILL BE REPAYABLE IN FULL UPON MATURITY UNLESS THE BONDS ARE PREVIOUSLY RE-PURCHASED, CANCELLED OR REDEEMED. THE ISSUER SHALL REDEEM THE BONDS ON THE REDEMPTION DATE.

AN INVESTMENT IN THE BONDS INVOLVES CERTAIN RISKS INCLUDING THOSE DESCRIBED BELOW. PROSPECTIVE INVESTORS SHOULD CAREFULLY CONSIDER, WITH THEIR OWN INDEPENDENT FINANCIAL AND OTHER PROFESSIONAL ADVISORS, THE FOLLOWING RISK FACTORS AND OTHER INVESTMENT CONSIDERATIONS AS WELL AS ALL THE OTHER INFORMATION CONTAINED IN THE PROSPECTUS BEFORE DECIDING TO MAKE AN INVESTMENT IN THE BONDS. THE SEQUENCE IN WHICH THE RISKS BELOW ARE LISTED IS NOT INTENDED TO BE INDICATIVE OF ANY ORDER OF PRIORITY OR OF THE EXTENT OF THEIR CONSEQUENCES.

NEITHER THIS SECURITIES NOTE, NOR ANY OTHER PARTS OF THE PROSPECTUS OR ANY OTHER INFORMATION SUPPLIED IN CONNECTION WITH THE BONDS: (I) IS INTENDED TO PROVIDE THE BASIS OF ANY CREDIT OR OTHER EVALUATION OR (II) SHOULD BE CONSIDERED AS A RECOMMENDATION BY THE ISSUER OR THE SPONSOR OR AUTHORISED FINANCIAL INTERMEDIARIES THAT ANY RECIPIENT OF THIS SECURITIES NOTE OR ANY OTHER PART OF THE PROSPECTUS OR ANY OTHER INFORMATION SUPPLIED IN CONNECTION WITH THE PROSPECTUS OR ANY BONDS, SHOULD PURCHASE ANY BONDS.

ACCORDINGLY PROSPECTIVE INVESTORS SHOULD MAKE THEIR OWN INDEPENDENT EVALUATION OF ALL RISK FACTORS, AND SHOULD CONSIDER ALL OTHER SECTIONS IN THIS DOCUMENT.

2.2 Forward looking statements

This Securities Note contains “forward looking statements” which include, among others, statements concerning matters that are not historical facts and which may involve projections of future circumstances. These forward looking statements are subject to a number of risks, uncertainties and assumptions and important factors that could cause actual risks to differ materially from the expectations of the Issuer’s Directors. No assurance is given that the future results or expectations will be achieved.

2.3 Risks Relating to the Bonds

- The existence of an orderly and liquid market for the Bonds depends on a number of factors, including but not limited to the presence of willing buyers and sellers of the Issuer’s Bonds at any given time and the general economic conditions in the market in which the Bonds are traded. Such factors are dependent upon the individual decisions of investors and the general economic conditions of the market, over which the Issuer has no control. Accordingly, there can be no assurance that an active secondary market for the Bonds will develop, or, if it develops, that it will continue. Furthermore, there can be no assurance that an investor will be able to sell or otherwise trade in the Bonds at or above the Bond Issue Price or at all.
- Investment in the Bonds involves the risk that subsequent changes in market interest rates may adversely affect the value of the Bonds.
- A Bondholder will bear the risk of any fluctuations in exchange rates between the currency of denomination of the Bonds (€) and the Bondholder’s currency of reference, if different.
- No prediction can be made about the effect which any future public offerings of the Issuer’s securities, or any takeover or merger activity involving the Issuer, will have on the market price of the Bonds prevailing from time to time.

- The Bonds constitute the general, direct, unconditional and unsecured obligations of the Issuer and shall at all times rank *pari passu*, without any priority or preference among themselves and with other unsecured debt, if any. Furthermore, subject to the negative pledge clause (section 5.7 of this Securities Note), third party security interests may be registered which will rank in priority to the Bonds against the assets of the Issuer for so long as such security interests remain in effect.
- In the event that the Issuer wishes to amend any of the Terms and Conditions of Issue of the Bond it shall call a meeting of Bondholders in accordance with the provisions of section 5.13 of this Securities Note. These provisions permit defined majorities to bind all Bondholders including Bondholders who did not attend and vote at the relevant meeting and Bondholders who voted in a manner contrary to the majority.
- The Terms and Conditions of this Bond Issue are based on Maltese law in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible judicial decision or change in Maltese law or administrative practice after the date of this Prospectus.

3 PERSONS RESPONSIBLE

This document includes information given in compliance with the Listing Rules for the purpose of providing prospective investors with information with regard to the Issuer. The directors of the Issuer accept responsibility accordingly.

3.1 Consent for Use of Prospectus

Consent required in connection with a possible Intermediaries’ Offer in terms of section 7.6:

- (i) in respect of Bonds subscribed for in terms of the Intermediaries’ Offer by Authorised Financial Intermediaries listed in Annex I of the Securities Note participating in the Intermediaries’ Offer;
- (ii) to any resale or placement of Bonds subscribed for as aforesaid, taking place in Malta;
- (iii) to any resale or placement of Bonds subscribed for as aforesaid, taking place within the period of 60 days from the date of the Prospectus.

Neither the Issuer nor the Sponsor/Manager has any responsibility for any of the actions of any Authorised Financial Intermediary, including their compliance with applicable conduct of business rules or other local regulatory requirements or other securities law requirements in relation to a resale or placement of Bonds.

Other than as set out above, neither the Issuer nor the Sponsor/Manager has authorised (nor do they authorise or consent to the use of this Prospectus in connection with) the making of any public offer of the Bonds by any person in any circumstances. Any such unauthorised offers are not made on behalf of the Issuer or the Sponsor/Manager and neither the Issuer nor the Sponsor/Manager has any responsibility or liability for the actions of any person making such offers.

Investors should enquire whether an intermediary is considered to be an Authorised Financial Intermediary in terms of the Prospectus. If the investor is in doubt as to whether it can rely on the Prospectus and/or who is responsible for its contents, it should obtain legal advice.

No person has been authorised to give any information or to make any representation not contained in or inconsistent with this Prospectus. If given or made, it must not be relied upon as having been authorised by the Issuer or Sponsor/Manager. The Issuer does not accept responsibility for any information not contained in this Prospectus.

In the event of a resale or placement of Bonds by an Authorised Financial Intermediary subsequent to the Intermediaries' Offer, the Authorised Financial Intermediary shall be responsible to provide information to investors on the terms and conditions of the resale or placement at the time such is made.

Any resale or placement of Bonds to an investor by an Authorised Financial Intermediary will be made in accordance with any terms and other arrangements in place between such Authorised Financial Intermediary and such investor including as to price, allocations and settlement arrangements. Where such information is not contained in the Prospectus, it will be the responsibility of the applicable Authorised Financial Intermediary at the time of such resale or placement to provide the investor with that information and neither the Issuer nor the Sponsor/Manager has any responsibility or liability for such information.

Any Authorised Financial Intermediary using this Prospectus in connection with a resale or placement of Bonds subsequent to the Intermediaries' Offer shall, limitedly for the period of 60 days from the date of the Prospectus, publish on its website a notice to the effect that it is using this Prospectus for such resale or placement in accordance with the consent of the Issuer and the conditions attached thereto. The consent provided herein shall no longer apply following the lapse of such period.

5.2 Ranking of the Bonds

The Bonds constitute the general, direct, unconditional and unsecured obligations of the Issuer and shall at all times rank *pari passu*, without any priority or preference among themselves and with other unsecured debt, if any. As at the date of this Securities Note, the Issuer does not have any subordinated indebtedness.

The following sets out a summary of Group indebtedness which as at 31 December 2012 amounted to €345.97 million (€326.20 million at 31 December 2011), and includes bank loans, corporate bonds and other borrowings from related companies. The bank borrowings listed below are secured by privileges and hypothecs, and therefore the indebtedness being created by the Bonds, together with the other issued bonds, ranks after all these bank borrowings. In addition, the Bonds would also rank after any future debts which may be secured by a cause of preference such as a privilege and/or a hypothec.

Further details on bank borrowings, including, *inter alia*, respective term, security and repayment schedule, are found in the audited consolidated financial statements of the Issuer for the financial year ended 31 December 2012, which have been published and are available on the Issuer's website (www.ihiplc.com) and at its registered office.

5.4.2 When interest is required to be calculated for any period of less than a full year, it shall be calculated on the basis of a three hundred and sixty (360) day year consisting of twelve (12) months of thirty (30) days each, and in the case of an incomplete month, the number of days elapsed.

5.4.3 A Maturing Bond Transfer (as defined in section 7.2.1 below) shall be without prejudice to the rights of the holders of Maturing Bonds to receive interest on the Maturing Bonds up to and including 27 March 2014. Title to the Bonds may be transferred as provided below under the heading “**Transferability of the Bond**” in section 5.11 of this Securities Note.

5.7 Negative Pledge

The Issuer undertakes, for as long as any principal or interest under the Bonds or any of the Bonds remains outstanding, not to create or permit to subsist any Security Interest (as defined below), other than a Permitted Security Interest (as defined below), upon the whole or any part of its present or future assets or revenues to secure any Financial Indebtedness (as defined below) of the Issuer, unless at the same time or prior thereto the Issuer's indebtedness under the Bonds, shares in and is secured equally and rateably therewith, and the instrument creating such Security Interest so provides.

“**Financial Indebtedness**” means any indebtedness in respect of: (A) monies borrowed; (B) any debenture, bond, note, loan stock or other security; (C) any acceptance credit; (D) the acquisition cost of any asset to the extent payable before or after the time of acquisition or possession by the party liable where the advance or deferred payment is arranged primarily as a method of raising finance for the acquisition of that asset; (E) leases entered into primarily as a method of raising finance for the acquisition of the asset leased; (F) amounts raised under any other transaction having the commercial effect of borrowing or raising of money; (G) any guarantee, indemnity or similar assurance against financial loss of any person;

“**Security Interest**” means any privilege, hypothec, pledge, lien, charge or other encumbrance or real right which grants rights of preference to a creditor over the assets of the Issuer;

“**Permitted Security Interest**” means: (A) any Security Interest arising by operation of law; (B) any Security Interest securing temporary bank loans or overdrafts in the ordinary course of business; (C) any other Security Interest (in addition to (A) and (B) above) securing Financial Indebtedness of the Issuer, in an aggregate outstanding amount not exceeding 80% of the difference between the value of the unencumbered assets of the Issuer and the aggregate principal amount of Bonds outstanding at the time.

Provided that the aggregate Security Interests referred to in (B) and (C) above do not result in the unencumbered assets of the Issuer being less than 105.8% of the aggregate principal amount of the Bonds still outstanding;

“**unencumbered assets**” means assets which are not subject to a Security Interest.

5.8 Payments

5.8.1 Payment of the principal amount of a Bond will be made in Euro by the Issuer to the person in whose name such Bonds are registered, with interest accrued up to the Redemption Date, by means of direct credit transfer into such bank account as the Bondholder may designate from time to time, provided such bank account is denominated in Euro and held with any licensed bank in Malta. Such payment shall be effected within seven (7) days of the Redemption Date. The Issuer shall not be responsible for any loss or delay in transmission. Upon payment of the Redemption Value the Bonds shall be redeemed and the appropriate entry made in the electronic register of the Bonds at the CSD.

In the case of Bonds held subject to usufruct, payment will be made against the joint instructions of all bare owners and usufructuaries. Before effecting payment the Issuer and/or the CSD shall be entitled to request any legal documents deemed necessary concerning the entitlement of the bare owner/s and the usufructuary/ies to payment of the Bonds.

5.8.2 Payment of interest on a Bond will be made to the person in whose name such Bond is registered at the close of business fifteen (15) days prior to the Interest Payment Date, by means of a direct credit transfer into such bank account as the Bondholder may designate, from time to time, which is denominated in Euro and held with any licensed bank in Malta. Such payment shall be effected within seven (7) days of the Interest Payment Date. The Issuer shall not be responsible for any loss or delay in transmission.

5.8.3 All payments with respect to the Bonds are subject in all cases to any applicable fiscal or other laws and regulations prevailing in Malta. In particular, but without limitation, all payments of principal and interest by or on behalf of the Issuer in respect of the Bonds shall be made net of any amount which the Issuer is compelled by law to deduct or withhold for or on account of any present or future taxes, duties, assessments or other government charges of whatsoever nature imposed, levied, collected, withheld or assessed by or within the Republic of Malta or any authority thereof or therein having power to tax.

5.8.4 No commissions or expenses shall be charged by the Issuer to Bondholders in respect of such payments.

5.9 Redemption and Purchase

5.9.1 Unless previously redeemed, purchased and cancelled, the Bonds will be redeemed at their nominal value (together with interest accrued to the date fixed for redemption) on 14 November 2023.

5.9.2 Subject to the provisions of this section 5.9, the Issuer may at any time purchase Bonds in the open market or otherwise at any price. Any purchase by tender shall be made available to all Bondholders alike.

5.9.3 All Bonds so redeemed or purchased will be cancelled forthwith and may not be re-issued or re-sold.

5.10 Events of Default

The Bonds shall become immediately due and repayable at their principal amount together with accrued interest, if any, if any of the following events ("**Events of Default**") shall occur:

5.10.1 the Issuer shall fail to pay any interest on any Bond when due and such failure shall continue for thirty (30) days after written notice thereof shall have been given to the Issuer by any Bondholder; or

5.10.2 the Issuer shall fail duly to perform or shall otherwise be in breach of any other material obligation contained in the terms and conditions of the Bonds and such failure shall continue for sixty (60) days after written notice thereof shall have been given to the Issuer by any Bondholder; or

5.10.3 an order is made or resolution passed or other action taken for the dissolution, termination of existence, liquidation, winding-up or bankruptcy of the Issuer; or

5.10.4 the Issuer stops or suspends payments (whether of principal or interest) with respect to all or any class of its debts or announces an intention to do so or ceases or threatens to cease to carry on its business or a substantial part of its business; or

- 5.10.5 the Issuer is unable, or admits in writing its inability, to pay its debts as they fall due or otherwise becomes insolvent; or
- 5.10.6 there shall have been entered against the Issuer a final judgment by a court of competent jurisdiction from which no appeal may be or is made for the payment of money in excess of five million Euro (€5,000,000) or its equivalent and ninety (90) days shall have passed since the date of entry of such judgment without its having been satisfied or stayed; or
- 5.10.7 any default occurs and continues for ninety (90) days under any contract or document relating to any Financial Indebtedness (as defined above) of the Issuer in excess of five million Euro (€5,000,000) or its equivalent at any time.

5.11 Transferability of the Bonds

- 5.11.1 The Bonds are freely transferable and, once admitted to the Official List of the MSE, shall be transferable only in whole in accordance with the rules and regulations of the MSE applicable from time to time.
- 5.11.2 Any person becoming entitled to a Bond in consequence of the death or bankruptcy of a Bondholder may, upon such evidence being produced as may from time to time properly be required by the Issuer or the CSD, elect either to be registered himself as holder of the Bond or to have some person nominated by him registered as the transferee thereof. If the person so becoming entitled shall elect to be registered himself, he shall deliver or send to the CSD a notice in writing signed by him stating that he so elects. If he shall elect to have another person registered he shall testify his election by transferring the Bond, or procuring the transfer of the Bond, in favour of that person.
- 5.11.3 All transfers and transmissions are subject in all cases to any pledge (duly constituted) of the Bonds and to any applicable laws and regulations.
- 5.11.4 The cost and expenses of effecting any registration of transfer or transmission, except for the expenses of delivery by any means other than regular mail (if any) and except, if the Issuer shall so require, the payment of a sum sufficient to cover any tax, duty or other governmental charge or insurance charges that may be imposed in relation thereto, will be borne by the Issuer.
- 5.11.5 The Issuer will not register the transfer or transmission of Bonds for a period of fifteen (15) days preceding the due date for any payment of interest on the Bonds.

5.12 Further Issues

The Issuer may, from time to time, without the consent of the Bondholders, create and issue further debentures, debenture stock, bonds, loan notes, or any other debt securities, either having the same terms and conditions as any outstanding debt securities of any series (including the Bonds) and so that such further issue shall be consolidated and form a single series with the outstanding debt securities of the relevant series (including the Bonds), or upon such terms as the Issuer may determine at the time of their issue.

5.13 Meetings of Bondholders

- 5.13.1 The Issuer may from time to time call meetings of Bondholders for the purpose of consultation with Bondholders or for the purpose of obtaining the consent of Bondholders on matters which in terms of the Prospectus require the approval of a Bondholders' meeting.

- 5.13.2 A meeting of Bondholders shall be called by the Directors by giving all Bondholders listed on the register of Bondholders as at a date being not more than thirty (30) days preceding the date scheduled for the meeting, not less than fourteen (14) days' notice in writing. Such notice shall set out the time, place and date set for the meeting and the matters to be discussed or decided thereat, including, if applicable, sufficient information on any amendment of the Prospectus that is proposed to be voted upon at the meeting and seeking the approval of the Bondholders. Following a meeting of Bondholders held in accordance with the provisions contained hereunder, the Issuer shall, acting in accordance with the resolution(s) taken at the meeting, communicate to the Bondholders whether the necessary consent to the proposal made by the Issuer has been granted or withheld. Subject to having obtained the necessary approval by the Bondholders in accordance with the provisions of this section 5.13 at a meeting called for that purpose as aforesaid, any such decision shall subsequently be given effect to by the Issuer.
- 5.13.3 The amendment or waiver of any of the provisions of and/or conditions contained in this Securities Note, or in any other part of the Prospectus, may only be made with the approval of Bondholders at a meeting called and held for that purpose in accordance with the terms hereof.
- 5.13.4 A meeting of Bondholders shall only validly and properly proceed to business if there is a quorum present at the commencement of the meeting. For this purpose at least two (2) Bondholders present, in person or by proxy, representing not less than 50% in nominal value of the Bonds then outstanding, shall constitute a quorum. If a quorum is not present within thirty (30) minutes from the time scheduled for the commencement of the meeting as indicated on the notice convening same, the meeting shall stand adjourned to a place, date and time as shall be communicated by the Directors to the Bondholders present at that meeting. The Issuer shall within two (2) days from the date of the original meeting publish by way of a company announcement the date, time and place where the adjourned meeting is to be held. An adjourned meeting shall be held not earlier than seven (7) days, and not later than fifteen (15) days, following the original meeting. At an adjourned meeting: the number of Bondholders present, in person or by proxy, shall constitute a quorum; and only the matters specified in the notice calling the original meeting shall be placed on the agenda of, and shall be discussed at, the adjourned meeting.
- 5.13.5 Any person who in accordance with the Memorandum and Articles of Association of the Issuer is to chair the annual general meetings of shareholders shall also chair meetings of Bondholders.
- 5.13.6 Once a quorum is declared present by the chairman of the meeting, the meeting may then proceed to business and address the matters set out in the notice convening the meeting. In the event of decisions being required at the meeting the directors or their representative shall present to the Bondholders the reasons why it is deemed necessary or desirable and appropriate that a particular decision is taken. The meeting shall allow reasonable and adequate time to Bondholders to present their views to the Issuer and the other Bondholders present at the meeting. The meeting shall then put the matter as proposed by the Issuer to a vote of the Bondholders present at the time at which the vote is being taken, and any Bondholders taken into account for the purpose of constituting a quorum who are no longer present for the taking of the vote shall not be taken into account for the purpose of such vote.
- 5.13.7 The voting process shall be managed by the Company Secretary under the supervision and scrutiny of the auditors of the Issuer.
- 5.13.8 The proposal placed before a meeting of Bondholders shall only be considered approved if at least 65% in nominal value of the Bondholders present at the meeting at the time when the vote is being taken, in person or by proxy, shall have voted in favour of the proposal.
- 5.13.9 Save for the above, the rules generally applicable to proceedings at general meetings of shareholders of the Issuer shall *mutatis mutandis* apply to meetings of Bondholders.

5.14 Authorisations and Approvals

The Board of Directors of the Issuer authorised the Bond Issue pursuant to a board of directors' resolution passed on 7 October 2013.

5.15 Notices

Notices will be mailed to Bondholders at their registered addresses and shall be deemed to have been served at the expiration of twenty four (24) hours after the letter containing the notice is posted, and in proving such service it shall be sufficient to prove that a prepaid letter containing such notice was properly addressed to such Bondholder at his registered address and posted.

6 TAXATION

6.1 General

Investors and prospective investors are urged to seek professional advice as regards both Maltese and any foreign tax legislation which may be applicable to them in respect of the Bonds, including their acquisition, holding and disposal as well as any income/gains derived therefrom or made on their disposal. The following is a summary of the anticipated tax treatment applicable to Bondholders in so far as taxation in Malta is concerned. This information does not constitute legal or tax advice and does not purport to be exhaustive.

The information below is based on an interpretation of tax law and practice relative to the applicable legislation, as known to the Issuer at the date of the Prospectus, in respect of a subject on which no official guidelines exist. Investors are reminded that tax law and practice and their interpretation as well as the levels of tax on the subject matter referred to in the preceding paragraph, may change from time to time.

This information is being given solely for the general information of investors. The precise implications for investors will depend, among other things, on their particular circumstances and on the classification of the Bonds from a Maltese tax perspective, and professional advice in this respect should be sought accordingly.

6.2 Malta Tax on Interest

Since interest is payable in respect of a Bond which is the subject of a public issue, unless the Issuer is otherwise instructed by a Bondholder or if the Bondholder does not fall within the definition of "recipient" in terms of article 41(c) of the Income Tax Act (Cap. 123, Laws of Malta), interest shall be paid to such person net of a final withholding tax, currently at the rate of 15% of the gross amount of the interest, pursuant to article 33 of the Income Tax Act (Cap. 123, Laws of Malta). Bondholders who do not fall within the definition of a "recipient" do not qualify for the said rate and should seek advice on the taxation of such income as special rules may apply.

This withholding tax is considered as a final tax and a Maltese resident individual Bondholder need not declare the interest so received in his income tax return. No person shall be charged to further tax in respect of such income. However where the Bondholder is a Maltese resident individual, he is still entitled to declare the gross interest in the tax return and the tax so deducted will be available as a credit against the individual's tax liability or for a refund as the case may be.

In the case of a valid election made by an eligible Bondholder resident in Malta to receive the interest due without the deduction of final tax, interest will be paid gross and such person will be obliged to declare the interest so received in his income tax return and be subject to tax on it at the standard rates applicable to that person at that time. Additionally in this latter case the Issuer will advise the Inland Revenue on an annual basis in respect of all interest paid gross and of the identity of all such recipients unless the beneficiary is a non-resident of Malta. Any such election made by a resident Bondholder at the time of subscription may be subsequently changed by giving notice in writing to the Issuer. Such election or revocation will be effective within the time limit set out in the Income Tax Act.

In terms of article 12(1)(c) of the Income Tax Act, Bondholders who are not resident in Malta satisfying the applicable conditions set out in the Income Tax Act are not taxable in Malta on the interest received and will receive interest gross, subject to the requisite declaration/evidence being provided to the Issuer in terms of law.

6.3 European Union Savings Directive

Non-residents of Malta should note that payment of interest to individuals and certain residual entities residing in another EU Member State is reported on an annual basis to the Malta Commissioner of Inland Revenue who will in turn exchange the information with the competent tax authority of the Member State where the recipient of interest is resident. This exchange of information takes place in terms of the EU Savings Directive 2003/48/EC.

6.4 Maltese Taxation on Capital Gains on Transfer of the Bonds

On the assumption that the Bonds would not fall within the definition of “securities” in terms of article 5(1)(b) of the Income Tax Act, that is, “shares and stocks and such like instrument that participate in any way in the profits of the company and whose return is not limited to a fixed rate of return”, no tax on capital gains is chargeable in respect of transfer of the Bonds.

6.5 Duty on Documents and Transfers

In terms of article 50 of the Financial Markets Act (Cap. 345, Laws of Malta) as the Bonds constitute financial instruments of a company quoted on a regulated market Exchange, as is the MSE, redemptions and transfers of the Bonds are exempt from Maltese duty.

INVESTORS AND PROSPECTIVE INVESTORS ARE URGED TO SEEK PROFESSIONAL ADVICE AS REGARDS BOTH MALTESE AND ANY FOREIGN TAX LEGISLATION APPLICABLE TO THE ACQUISITION, HOLDING AND DISPOSAL OF BONDS AS WELL AS INTEREST PAYMENTS MADE BY THE ISSUER. THE ABOVE IS A SUMMARY OF THE ANTICIPATED TAX TREATMENT APPLICABLE TO THE BONDS AND TO BONDHOLDERS. THIS INFORMATION, WHICH DOES NOT CONSTITUTE LEGAL OR TAX ADVICE, REFERS ONLY TO BONDHOLDERS WHO DO NOT DEAL IN SECURITIES IN THE COURSE OF THEIR NORMAL TRADING ACTIVITY.

7.3 General Terms and Conditions

- 7.3.1 The issue and allotment of the Bonds is conditional upon the Bonds being admitted to the Official List of the MSE. In the event that the Bonds are not admitted to the Official List of the MSE, no Maturing Bond Transfers (see section 7.2 above) shall take effect, and any Application monies (in the case of a Cash Top-Up being required) received by the Issuer will be returned without interest by direct credit into the Applicant's bank account indicated by the Applicant on the relative Application Form.
- 7.3.2 In view of the fact that the proceeds of the Bond Issue are intended to be applied to the redemption of part of the outstanding amount of the Maturing Bonds, the Company has not established an aggregate minimum subscription level for the Bond Issue.

As indicated in section 4.1 above under the heading "**Reasons for the Issue and Use of Proceeds**", the Maturing Bonds shall be redeemed partly out of the proceeds of the Bond Issue and partly out of general cash reserves of the Issuer. In the event that the Bond Issue is not fully subscribed, the residual balance of Maturing Bonds will likewise be funded from the general cash reserves of the Issuer. It is the responsibility of investors wishing to apply for the Bonds to inform themselves as to the legal requirements of so applying including any requirements relating to external transaction requirements in Malta and any exchange control in the countries of their nationality, residence or domicile.

- 7.3.3 The contract created by the Issuer's acceptance of an Application filed by a prospective bondholder shall be subject to all the terms and conditions set out in this Securities Note and the Memorandum and Articles of Association of the Issuer.

- 7.3.4 If an Application Form is signed on behalf of another party or on behalf of a corporation or corporate entity or association of persons, the person signing will be deemed to have duly bound his principal, or the relative corporation, corporate entity, or association of persons, and will be deemed also to have given the confirmations, warranties and undertakings contained in these terms and conditions on their behalf. - 7.3.5 In the case of joint Applications, reference to the Applicant in these Terms and Conditions is a reference to each of the joint Applicants, and liability therefor is joint and several. The person whose name shall be inserted in the field entitled "Applicant" on the Application Form, or first-named in the register of Bondholders shall, for all intents and purposes, be deemed to be such nominated person by all those joint holders whose names appear in the field entitled "Additional Applicants" in the Application Form or joint holders in the register, as the case may be. Such person shall, for all intents and purposes, be deemed to be the registered holder of the Bond/s so held.
- 7.3.6 In respect of a Bond held subject to usufruct, the name of the bare owner and the usufructuary shall be entered in the register. The usufructuary shall, for all intents and purposes, be deemed vis-à-vis the Issuer to be the holder of the Bond/s so held and shall have the right to receive interest on the Bond/s and to vote at meetings of the Bondholders but shall not, during the continuance of the Bond/s, have the right to dispose of the Bond/s so held without the consent of the bare owner, and shall not be entitled to the repayment of principal on the Bond (which shall be due to the bare owner).
- 7.3.7 Applications in the name and for the benefit of minors shall be allowed provided that they are signed by both parents or the legal guardian/s and accompanied by a Public Registry birth certificate of the minor in whose name and for whose benefit the Application Form is submitted. Any Bonds allocated pursuant to such an Application shall be registered in the name of the minor as Bondholder, with interest and redemption monies payable to the parents / legal guardian/s signing the Application Form until such time as the minor attains the age of eighteen (18) years, following which all interest and redemption monies shall be paid directly to the registered holder, provided that the Issuer has been duly notified in writing of the fact that the minor has attained the age of eighteen (18) years.
- 7.3.8 The Bonds have not been and will not be registered under the Securities Act of 1933 of the United States of America and accordingly may not be offered or sold within the United States or to or for the account or benefit of a U.S. person.
- 7.3.9 No person receiving a copy of the Prospectus or an Application Form in any territory other than Malta may treat the same as constituting an invitation or offer to such person, nor should such person in any event use such Application Form, unless, in the relevant territory, such an invitation or offer could lawfully be made to such person or such Application Form could lawfully be used without contravention of any registration or other legal requirements.
- 7.3.10 It is the responsibility of any person outside Malta wishing to make any Application to satisfy himself/herself as to full observance of the laws of any relevant territory in connection therewith, including obtaining any requisite governmental or other consents, observing any other formalities required to be observed in such territory and paying any issue, transfer or other taxes required to be paid in such territory.
- 7.3.11 Subject to all other terms and conditions set out in the Prospectus, the Issuer reserves the right to reject, in whole or in part, or to scale down, any Application, including multiple or suspected multiple applications, and to present any cheques and/or drafts for payment upon receipt. The right is also reserved to refuse any Application which in the opinion of the Issuer is not properly completed in all respects in accordance with the instructions or is not accompanied by the required documents. Only original Application Forms will be accepted and photocopies/facsimile copies will not be accepted.
- 7.3.12 The Bonds will be issued in multiples of €100. The minimum subscription amount of Bonds that can be subscribed for by applicants (including holders of Maturing Bonds applying for Bonds in terms of section 7.2.2 above) during the Intermediaries' Offer is €2,000.

- 7.3.13 The Bond Issue shall close on the earlier of: (i) the date on which the aggregate of Applications received from the Existing Bondholders up to the full amount of Maturing Bonds held as at the Cut-Off Date (that is by Maturing Bond Transfer as set out in section 7.2.1 above) reaches €10,000,000; or (ii) if following the allocation of all Bonds applied for as set out in para (i) the full €10,000,000 of Bonds would not have been allocated, on the lapse of the Intermediaries' Offer.

Within two (2) Business Days from closing of the Bond Issue, the Issuer shall announce the result of the Issue and shall determine, and issue a company announcement setting out, the basis of acceptance of applications and allocation policy to be adopted.

- 7.3.14 In the event that an Existing Bondholder has been allocated a number of Bonds which is less than the number applied for, Maturing Bonds equal in value to the number of Bonds allocated to such Existing Bondholder shall be transferred to the Issuer as set out in section 7.2.1 above, whereas the remaining Maturing Bonds held by the Existing Bondholder and representing the aggregate nominal value of Bonds applied for but not allocated shall be retained by the Existing Bondholder. In the event that Authorised Financial Intermediaries subscribing for Bonds have been allocated a number of Bonds which is less than the number applied for, then such Authorised Financial Intermediaries shall receive a full refund or, as the case may be, the balance of the price of the Bonds applied for but not allocated, without interest, by credit transfer to such account indicated in the subscription agreement, at the Authorised Financial Intermediary's sole risk within two (2) Business Days from the date of final allocation.

- 7.3.15 For the purposes of the Prevention of Money Laundering and Funding of Terrorism Regulations 2008 as amended from time to time, all appointed Authorised Financial Intermediaries are under a duty to communicate, upon request, all information about clients as is mentioned in Articles 1.2(d) and 2.4 of the "Code of Conduct for Members of the Malta Stock Exchange" appended as Appendix IV to Chapter 3 of the Malta Stock Exchange Bye-Laws, irrespective of whether the said appointed Authorised Financial Intermediaries are Malta Stock Exchange Members or not. Such information shall be held and controlled by the Malta Stock Exchange in terms of the Data Protection Act (Cap. 440 of the Laws of Malta) for the purposes and within the terms of the Malta Stock Exchange Data Protection Policy as published from time to time.

- 7.3.16 By completing and delivering an Application Form, the Applicant:

- a agrees and acknowledges to have had the opportunity to read the Prospectus and to be deemed to have had notice of all information and representations concerning the Issuer and the issue of the Bonds contained therein;
- b warrants that the information submitted by the Applicant in the Application Form is true and correct in all respects and in the case where an MSE account number is indicated in the Application Form, such MSE account number is the correct account of the Applicant. In the event of a discrepancy between the personal details (including name and surname and the Applicant's address) appearing on the Application Form and those held by the MSE in relation to the MSE account number indicated on the Application Form, the details held by the MSE shall be deemed to be the correct details of the Applicant;
- c authorises the Issuer and the MSE to process the personal data that the Applicant provides in the Application Form, for all purposes necessary and subsequent to the Bond Issue applied for, in accordance with the Data Protection Act (Cap. 440 of the Laws of Malta). The Applicant has the right to request access to and rectification of the personal data relating to him/her as processed by the Issuer and/or the MSE. Any such requests must be made in writing and sent to the Issuer at the address indicated in the Prospectus. The requests must further be signed by the Applicant to whom the personal data relates;
- d confirms that in making such Application no reliance was placed on any information or representation in relation to the Issuer or the issue of the Bonds other than what is contained in the Prospectus and accordingly agree/s that no person responsible solely or jointly for the Prospectus or any part thereof will have any liability for any such other information or representation;
- e agrees that the registration advice and other documents and any monies returnable to the Applicant may be retained pending clearance of his/her remittance or surrender of the Maturing Bonds, as the case may be, and any verification of identity as required by the Prevention of Money Laundering Act (Cap. 373 of the Laws of Malta) and regulations made thereunder, and that such monies will not bear interest;

- f agrees to provide the Registrar and/or the Issuer, as the case may be, with any information which it/they may request in connection with the Application;
- g warrants, in connection with the Application, to have observed all applicable laws, obtained any requisite governmental or other consents, complied with all requisite formalities and paid any issue, transfer or other taxes due in connection with his/her Application in any territory, and that the Applicant has not taken any action which will or may result in the Issuer or the Registrar acting in breach of the regulatory or legal requirements of any territory in connection with the issue of the Bond or his/her Application;
- h warrants that all applicable exchange control or other such regulations (including those relating to external transactions) have been duly and fully complied with;

The Bonds are open for subscription to holders of Maturing Bonds and to Authorised Financial Intermediaries. It is expected that an allotment advice will be dispatched to Applicants within five (5) Business Days of the announcement of the allocation policy. The registration advice and other documents and any monies returnable to Applicants may be retained pending clearance of the remittance or surrender of the Maturing Bonds, as the case may be, and any verification of identity as required by the Prevention of Money Laundering Act (Cap. 373 of the Laws of Malta), and regulations made thereunder. In terms of each Subscription Agreement entered into with an Authorised Financial Intermediary, the Issuer will be conditionally bound to issue, and each Authorised Financial Intermediary will bind itself to subscribe for, a number of Bonds subject to being admitted to trading on the Official List of the Malta Stock Exchange. The Subscription Agreements will become binding on each of the Issuer and the Authorised Financial Intermediaries upon delivery, provided that these intermediaries would have paid to the Issuer all subscription proceeds in cleared funds on delivery of the Subscription Agreement.

Authorised Financial Intermediaries subscribing for Bonds may do so for their own account or for the account of underlying customers, including retail customers, and shall in addition be entitled to distribute any portion of the Bonds subscribed for upon commencement of trading.

7.7 Allocation Policy

The Issuer shall allocate the Bonds on the basis of the following policy and order of priority:

- ii. in the event that the satisfaction of all applications under paragraph (i) above shall result in an over-subscription of the Bond, within two (2) Business Days from closing of the Bond Issue the Issuer shall announce the result of the Issue and shall determine and announce the basis of acceptance of Applications and allocation policy to be adopted through a company announcement;
- iii. in the event that following the allocations made pursuant to paragraph (i) above there shall still remain unallocated Bonds, the Issuer shall offer such remaining Bonds to Authorised Financial Intermediaries through an Intermediaries' Offer as detailed in section 7.6 above.

Notes on how to complete this Application Form and other information

The following notes are to be read in conjunction with the Prospectus regulating the Bond Issue

1. The terms used in this Application Form have the same meaning as that assigned to them in the Prospectus.
2. This Application Form is to be completed in BLOCK LETTERS.
3. This Application Form is not transferable and entitles you to a preferential treatment as a holder of the Maturing Bonds (see note 6 below).
4. Interest and redemption proceeds will be issued in the name of the person as shown in Panel A overleaf.
5. This Application Form is to be submitted in the case where the Applicant selects, as a method of payment for the International Hotel Investments p.l.c. 5.8% Bonds 2023 being applied for, to transfer to the Issuer all or part of the holding in the Maturing Bonds held by the Applicant as at the Cut-Off Date, the nominal value of which is set out in Box 1 of Panel B overleaf. By submitting this signed Application Form, the Applicant is thereby confirming that:
 - a. all or part (as applicable) of the Maturing Bonds held by the Applicant as at the Cut-Off Date are being transferred to the Issuer at their nominal value, thereby releasing the Issuer from all and any obligations with respect to such Maturing Bonds; and
 - b. this Application Form constitutes the Applicant's irrevocable mandate to the Issuer to:
 - i. cause the transfer of the Maturing Bonds in the Issuer's name in consideration of the issue of International Hotel Investments p.l.c. 5.8% Bonds 2023; and
 - ii. engage, at the Issuer's cost, the services of such brokers or intermediaries as may be necessary to fully and effectively vest title in the appropriate number of International Hotel Investments p.l.c. 5.8% Bonds 2023 in the Applicant's name.
6. The amount set out in Box 2 of Panel B overleaf must be in multiples of €100, and for an amount not lower than €2,000 (see below) and not exceeding the aggregate nominal value of Maturing Bonds as at the Cut-Off Date indicated in Box 1 of Panel B overleaf.

In the event that the aggregate nominal value of Maturing Bonds indicated in Box 1 of Panel B overleaf is below the minimum subscription amount of €2,000, the Applicant has the option to apply for €2,000 International Hotel Investments p.l.c. 5.8% Bonds 2023 by inserting same in Box 2 in Panel B and paying the excess amount in cash or by cheque as explained below. In such case the Applicant must ensure that the relative Application Form is accompanied by payment of the difference between the €2,000 International Hotel Investments p.l.c. 5.8% Bonds 2023 applied for and the nominal value of Maturing Bonds being transferred. Payment of the amount representing such difference, which is to be inserted in Box 3 of Panel B overleaf, may be made in cash or by cheque payable to "The Registrar – IHI Bond Issue 2013" which is to be attached to the Application Form being submitted to any Authorised Financial Intermediary listed in Annex 1 of the Securities Note. In the event that the cheque accompanying an Application Form is not honoured on the first presentation, the Issuer and the Registrar reserve the right to invalidate the relative Application.
7. Applicants who are Non-Residents in Malta for tax purposes must complete Panel D overleaf.
8. In the case where a holder of Maturing Bonds is a body corporate, Application Forms must be signed by duly authorised representative/s indicating the capacity in which they are signing.
9. Applicants who are resident in Malta in terms of the Income Tax Act (Cap.123 of the Laws of Malta), may elect to have final withholding tax (currently 15%) deducted from interest payments. This withholding tax is considered as a final tax and where the Applicant is a Maltese resident individual, he/she need not declare the interest so received in his/her income tax return. However, the individual is still entitled to declare the gross interest in the tax return and the tax so deducted will be available as a credit against the individual's tax liability or for a refund, as the case may be. The Applicant may elect to receive the interest gross (i.e. without deduction of final withholding tax), but will then be obliged to declare interest so received in their tax return. Interest received by non-resident Applicants is not taxable in Malta and non-residents will receive interest gross. Authorised entities applying in the name of a Prescribed Fund (as defined in the Income Tax Act) will have final withholding tax (currently 10%) deducted from interest payments. Applicants will receive interest directly in a bank account held locally in Euro and such choice is to be indicated in Panel E overleaf.

In terms of Section 6.2 of the Securities Note, unless the Issuer is otherwise instructed by a Bondholder, or if the Bondholder does not fall within the definition of "recipient" in terms of Article 41(c) of the Income Tax Act, interest shall be paid to such person net of final withholding tax (currently 15%) of the gross amount of interest, pursuant to Article 33 of the Income Tax Act.
10. European Council Directive 2003/48/EC on the taxation of savings income in the form of interest payments requires all payors established in the EU which pay interest to an individual resident in another EU Member State, to report the interest payment to the tax authorities of the Member State in which the payor is established. If the Applicant's permanent address is in an EU Member State or in another country to which the Directive applies (a "specified territory") then the interest paid will be reported.

The contents of clauses 9 and 10 above do not constitute tax advice by the Issuer and Applicants are to consult their own independent tax advisors in case of doubt.
11. The MSE account number pertaining to the Applicant has been pre-printed in Panel A and reflects the MSE account number on the Issuer's Register at the CSD as at 21 October 2013. **APPLICANTS ARE TO NOTE THAT ANY SECURITIES ALLOTTED TO THEM WILL BE RECORDED BY THE MALTA STOCK EXCHANGE IN THE MSE ACCOUNT QUOTED ON THE APPLICATION FORM EVEN IF THE DETAILS OF SUCH MSE ACCOUNT, AS HELD BY THE CSD OF THE MALTA STOCK EXCHANGE, DIFFER FROM ANY OR ALL OF THE DETAILS APPEARING OVERLEAF.**
12. Applicants holding Maturing Bonds as at the Cut-Off Date wishing to apply for International Hotel Investments p.l.c. 5.8% Bonds 2023 by completing this Application Form:
 - a. shall receive the full amount applied for, provided that the aggregate nominal value of Maturing Bonds transferred to the Issuer as consideration for International Hotel Investments p.l.c. 5.8% Bonds 2023 is not in excess of €10,000,000;
 - b. shall, in the event that the aggregate nominal value of Maturing Bonds transferred to the Issuer as consideration for International Hotel Investments p.l.c. 5.8% Bonds 2023 is not in excess of €10,000,000, be entitled to apply for a number of Bonds exceeding in value the aggregate nominal value of Maturing Bonds held by them as at the Cut-Off Date indicated in Box 1 of Panel B overleaf through an Authorised Financial Intermediary participating in the Intermediaries' Offer.

In the event that an Applicant has been allocated a number of Bonds which is less than the number applied for, Maturing Bonds equal in value to the number of Bonds allocated to such Applicant shall be transferred to the Issuer, whereas the remaining Maturing Bonds held by the Applicant and representing the aggregate nominal value of Bonds applied for but not allocated shall be retained by the Applicant.
13. Completed Application Forms are to be delivered to any of the Authorised Financial Intermediaries listed in Annex I of the Prospectus during normal office hours by not later than 14:00 on 8 November 2013. Remittances by post are made at the risk of the Applicant and the Issuer disclaims all responsibility for any such remittances not being received by the closing date indicated above. The Issuer reserves the right to refuse any Application which appears to be in breach of the Terms and Conditions of the Bond as contained in the Prospectus. Any Applications received by the Registrar after 14:00 on 8 November 2013 will not be accepted.
14. By completing and delivering an Application Form you (as the Applicant/s) acknowledge/s that:
 - a. the Issuer may process the personal data that you provide on the Application Form in accordance with the Data Protection Act (Cap. 440 of the Laws of Malta);
 - b. the pre-printed Application Form constitutes the Applicant's irrevocable mandate to the Issuer to:
 - i. cause the transfer of the said holding in Maturing Bonds in the Issuer's name in consideration of the Issue of International Hotel Investments p.l.c. 5.8% Bonds 2023; and
 - ii. engage, at the Issuer's cost, the services of such brokers or intermediaries as may be necessary to fully and effectively vest title in the said Maturing Bonds in the Issuer and fully and effectively vest title in the appropriate number of International Hotel Investments p.l.c. 5.8% Bonds 2023 in the Applicant;
 - c. you, as the Applicant, have the right to request access to and rectification of the personal data relating to you, as processed by the Issuer. Any such request must be made in writing and addressed to the Issuer. The request must further be signed by yourself, as the Applicant to whom the personal data relates.

The value of investments can go up or down and past performance is not necessarily indicative of future performance. The nominal value of the bonds on offer will be repayable in full upon redemption. An investor should consult an independent financial advisor, licensed under the Investment Services Act (Cap. 370 of the Laws of Malta), for advice.

3.1.2 Corinthia Hotel Budapest

Introduction

IHI Hungary Zrt (a fully-owned subsidiary of the Company) owns the 414-room five-star Corinthia Hotel located in Budapest, Hungary ("Corinthia Hotel Budapest"). The hotel was acquired as a vacant building in 2000 for €27 million. The property was subsequently demolished except for the historic facade and ballroom and rebuilt at a cost of €90 million. It was officially opened in April 2003. In 2006, 26 self-catering apartments were added to its stock of rooms and a health spa was opened. The carrying value of the Corinthia Hotel Budapest as at 31 December 2012 is €87.7 million (FY2011: €92.4 million).

Market Overview

Hungary is one of the most indebted markets globally, with its external debt in 2012 exceeding 140% of GDP. The political environment is also unstable, with various instances of defiance against the current administration, which government is likely to be re-elected in 2014. Despite the challenging economic and political environment, the hotel market in Hungary has remained comparatively stable in recent years.

In 2012, the hotel market continued to be resilient registering minimal increases in both occupancy and room rates. According to the Hungarian Office of Statistics, 2012 saw an increase of 6.9% in the total number of foreign day visitors in relation to the previous year.

FINANCIAL ANALYSIS SUMMARY

The market in Budapest has been recovering gradually, after the decline in overall hotel performance in 2008/09, with the focus being on increasing occupancy levels albeit at the expense of discounted room rates. The increase in volume can be attributed mainly to tour groups and leisure individuals taking advantage of discounted prices and a favourable exchange rate. The spike in leisure business in recent years is however not sustainable in the longer term and the market will need to replace this demand from alternative sources.

As to conference & events business, the city has been gaining importance in the international convention market especially after holding the EU presidency in 2011, but continues to face stiff competition from other destinations such as Prague.

Operational Performance

The following table sets out the highlights of the hotel's operating performance for the years indicated therein:

In FY2012, the Corinthia Hotel Budapest registered a marginal increase in occupancy (from 69% to 71%) and average room rate (from €96 to €100), which contributed to a 7.6% increase in RevPAR. Gross operating profit before incentive fees remained flat at *circa* €5.5 million. Demand from the conference & events segment was disappointing in FY2012 with approximately 3,400 fewer room nights than during FY2011. However, the Hotel was successful in compensating missing conference & events business with individual leisure business. Corporate demand in FY2012 was similar to that of FY2011, and important work has been done to secure major accounts for FY2013. The group leisure segment is expected to decrease in the coming years as part of the Hotel's strategy to lower the volume of low-rated segments. The individual leisure segment is forecasted to grow both in terms of volume and average rate. As to gross operating profit margin, this is projected to be maintained at *circa* 30% since the additional revenue will offset increases in overheads, reflecting expected changes in the administration set-up, new positions in sales and marketing and an increase in the promotion budget.

The above table outlines the historical performance of the Hotel and its competitive set, and expectations for FY2013 and FY2014. The Hotel's competitive set includes Kempinski, InterContinental, Marriott and Hilton Budapest.

The Revenue Generating Index (RGI), which measures a hotel's fair market share of its segment's revenue per available room, indicates that the Corinthia Hotel Budapest has been underperforming its competitive set (RGI below 1 means the hotel is underperforming its segment, whilst RGI above 1 denotes that the hotel is outperforming its market).

In terms of growth in occupancy level and average room rate, the Hotel outperformed its competitive set in FY2012 and as a result the RGI improved from 0.94 to 0.97. Management is currently implementing a strategy of increasing occupancy and average rate on account of the improvement in conference & events business in the city and in the Hotel specifically, and also due to new corporate accounts and the progressive decrease of low-rated segments such as group leisure. The short term target of the Hotel is to at least perform in line with its competitive set and thereby achieve and maintain an RGI of 1.

FINANCIAL ANALYSIS SUMMARY

**3.1.3 Corinthia Hotel St Petersburg****Introduction**

IIHI Benelux B.V. (a fully-owned subsidiary of the Company) owns the 388-room five-star Corinthia Hotel located in St Petersburg, Russia (“**Corinthia Hotel St Petersburg**”), which was acquired in 2002 for €35 million. The company also purchased properties adjacent to the hotel, which were subsequently demolished and rebuilt as a hotel extension and a commercial block including retail and office space. This project, which was completed in May 2009, also involved the refurbishment of the lobby and the public areas of the existing hotel. It is the intention of the Group to develop, in the near future, an area measuring circa 1,500 square metres situated behind the Hotel and which will consist of the creation of a car park and further office space. The carrying amount of the Corinthia Hotel St Petersburg and the commercial block as at 31 December 2012 is €126.4 million (FY2011: €141.4 million) and €87 million (FY2011: €82.8 million) respectively.

Market Overview

Demand for hotel accommodation in St Petersburg is predominantly leisure driven and concentrated during the summer months (May to August), in which hotels experience very high demand levels. This strong seasonality has typically restricted the annual occupancy for five-star hotels at 60 – 65%. Corporate demand represents approximately 40% of the total demand. The conference & events segment remains underdeveloped although a brand new convention facility at the Expo Forum has opened in 2013.

The hotel market in St Petersburg registered further growth in 2012, mainly driven by volume rather than by increased rate. Principally due to a rise in competition, average rate fell by 3% whilst occupancy increased by 8.2%, resulting in a RevPAR growth of 5.0% on the same period in 2011.

Significant new supply has entered the market during the past few years, with the addition of *circa* 3,300 rooms between 2009 and 2012, mostly in the five-star segment. By end 2013, six hotels of various categories would have been launched in the market totaling 1,174 rooms. Room rate growth in St Petersburg’s hotels will continue to remain under pressure if demand does not increase to match existing and upcoming supply.

In June 2011, the government launched a new programme aimed at developing the city into a year-round tourist destination. The main challenges for the development of the destination remain the lack of direct flights, entry regulation and visa requirements and limited tourism promotion. However, progress is being made towards a €340 million renovation and expansion of Pulkovo Airport, which is targeted to be completed by end 2013. Additionally, the direct high-speed train link that connects Moscow to St Petersburg has also improved transport links to the city from the capital.

A number of international events are expected to help the destination become more attractive to travelers and increase demand for hotels. These events include the 2014 Winter Olympic Games and the Football World Cup in Russia in 2018.

FINANCIAL ANALYSIS SUMMARY

The Corinthia Hotel St Petersburg registered a gross operating profit of €6.8 million in FY2012, which represents an increase of €1.4 million (26%) on FY2011. Occupancy levels reached 52% in the same year, mainly due to increases registered in conference & events segment (+7,000 rooms), groups (+5,000) and rooms sold to the airline business (+4,000). The Hotel's average room rates decreased by 10%, from €181 in FY2011 to €162 in FY2012, reflecting the increased competition in the hotel market and changes in the business mix (particularly the significant increase in low yielding groups business). RevPAR increased by 17% to €84, driven by significant increases in occupancy achieved however to the detriment of room rates.

It is expected that the Hotel will continue to grow its occupancy, given the increased focus on the corporate market, the recent set up of a sales office in Moscow and the signings with new airline companies. However, average room rate should remain under pressure, owing to the competition in the market and the increasing supply, particularly the new hotels in the four-star segment which can compete with the five-star hotels in the city because of their newer product. As a result, large corporations have the power to bargain with hotels in corporate rates, putting further pressure on the Hotel and its competitive market. Consequently, the Hotel will remain focused on securing a base demand and driving occupancy rather than building average room rate.

FY2013 will be an exceptional year for the Hotel in terms of performance, owing to two major citywide events (the Economic Forum and the G20 Summit) that took place during the summer months. Conference & events business will likely decrease in FY2014, due to the absence of significant events, but will be replaced by leisure business. As a result, the average room rate is expected to decrease from €178 (FY2013) to €163 (FY2014).

FINANCIAL ANALYSIS SUMMARY

The above table outlines the historical performance of the Hotel and its competitive set, and expectations for FY2013 and FY2014. The Hotel's competitive set includes Kempinski Moika Hotel, Hotel Astoria, Grand Hotel Europe, Radisson SAS Royal and Hotel Angleterre.

The increased occupancy in FY2012 has allowed the Hotel to match its competitive set (at 52%), but it has lost further ground in terms of average room rate with its rate penetration declining from 0.83 to 0.76. The Hotel now operates at 76% of the RevPAR achieved by its competitive set of hotels.

The Hotel's competitive set is expected to register further growth in FY2013. As set out in the table above, it is expected that overall RevPAR should increase from €111 to €116 (+5%) principally due to an increase of 6% in average room rate. The Hotel is anticipating an increase in occupancy to 54% from the current 52%, which effectively means that the Hotel will surpass the occupancy levels of its competitive set. The Hotel is also expected to outperform the market in terms of room rate improvement in FY2013, with a forecasted increase of 10% as opposed to the 7% increase expected for the market – resulting in an increase in the rate penetration from 0.76 to 0.83. If FY2013 forecast is achieved, the market positioning of the Hotel would improve, with a 14% increase in RevPAR from €84 to €96. This would result in the Hotel improving its revenue generating index from 0.76 to 0.83 and thus further reducing the gap on its competitive set of hotels. Management is projecting that the Hotel will maintain its market share in FY2014 and thereby achieve an RGI of 0.83.

Commercial Operations

The following table sets out the turnover of the commercial properties adjacent to the Corinthia Hotel St Petersburg for the years indicated therein:

	FY2014 Forecast	FY2013 Forecast	FY2012 Actual	FY2011 Actual	FY2010 Actual	FY2009 Actual
Turnover (€'000)	5,500	4,200	2,459	892	200	205

Source: Management information

The commercial properties comprise a mix of shops and office space, and total rentable area is in excess of 11,600 square metres. In FY2011, approximately 3,770 square metres were rented to third parties at a total aggregate amount of €892,000. Rental income has more than doubled in FY2012 due to the charging of one full year of rent to tenants who took up occupancy during FY2011, and as a result of further rental agreements signed by the company during the year. Management is projecting occupancy to rise from 28% in FY2012 to 57% in FY2013, and maintain a constant growth thereafter.

3.1.4 Corinthia Hotel Lisbon

Introduction

Alfa Investimentos Lda (a fully-owned subsidiary of the Company) owns the 518-room five-star Corinthia Hotel located in Lisbon, Portugal (“**Corinthia Hotel Lisbon**”), which was acquired in 2001 for €45 million. The Corinthia Hotel Lisbon required significant renovation and was re-opened in May 2004 after undergoing a major refurbishment programme. The carrying amount of the Corinthia Hotel Lisbon as at 31 December 2012 is €77.1 million (FY2011: €84.8 million). Alfa Investimentos Lda also owns a block of 5 apartments in Lisbon for rental purposes, valued at €1.2 million as at 31 December 2012 (FY2011: €1.2 million).

Market Overview

In recent years, the overall Lisbon market has shifted from a leisure-oriented market to a business destination. The continuing popularity of cruise tourism and golf tourism and an increased awareness of Lisbon in the conference & events sector have aided demand growth. Following the improvements registered in 2011, 2012 witnessed a significant downturn in the overall performance of the hotel market in Lisbon. Contributing factors included the adverse economic situation in several of the feeder markets, a strong decline in spending capability of the locals together with increased competition, either as a result of price cutting or opening of new hotels. Moreover, Lisbon is experiencing enhanced competition from conference & events accommodation on a European level, as many destinations are decreasing their rates drastically. Athens has been particularly aggressive with its low-rate offers, and Madrid and Barcelona, which once recorded much higher prices, came closer to Lisbon pricing levels.

According to an HVS Market Intelligence Report about Lisbon’s 4 and 5 star hotels, it is predicted that this segment will see the completion of new hotels over the next three years that should provide an additional 1,076 rooms. The majority of these hotels were scheduled to be opened by the end of 2012 or early 2013, but progress on these projects has been very slow due to the economic crisis. Existing hotels are therefore benefiting from the delay in the delivery of the additional supply of hotel rooms through better occupancy levels and average room rates.

It is expected that the Portuguese economy will contract by a further 1.1% in the current year (2013), which will continue to weigh on the hotel industry. Opportunities that could bring new visitors to Lisbon in the coming years include: (i) the opening of two new routes to Valencia and Bilbao operated by Easyjet; and (ii) a new route by Veuling to Paris.

Operational Performance

The following table sets out the highlights of the Hotel’s operating performance for the years indicated therein:

FINANCIAL ANALYSIS SUMMARY

The performance of the Hotel in FY2012 declined to FY2010 level with a decrease of *circa* 4,500 rooms sold. The principal reason for the slowdown was mostly due to *circa* 14,000 fewer rooms sold in the conference & events segment, which made up 23% of total rooms sold in FY2012 (FY2011: 33%). This loss in volume was partly compensated by increases in rooms sold to leisure (+11,000 rooms) and to tour operators (+2,000 rooms). These latter segments however attract room rates that are significantly lower (*circa* 40%) than those achieved by the conference & events sector. As a result, in FY2012 the Hotel registered a decline in gross operating profit of €1.6 million, from €5.2 million (FY2011) to €3.6 million (FY2012).

The forecast for FY2013 targets a partial recovery in conference & events - management is expecting an increase in both volume (+30%) and room rates (+7%). This should also have a positive effect on food & beverage revenue and gross operating profit. Management plans to continue to target both leisure and conference & events guests and considers that due to the size of the Hotel, there should not be any displacement of leisure guests when signing larger conference & events business.

The above table outlines the historical performance of the Hotel and its competitive set, and expectations for FY2013 and FY2014. The Hotel's competitive set includes Marriott, Sheraton, Tiara Park Atlantic and Tivoli.

Compared to its competitive set, the Hotel managed to do well in terms of occupancy, with a FY2012 penetration rate of 0.98. Still, it is evident that FY2012 was generally a weaker year for the Hotel (in line with the market), as the Hotel's occupancy decreased from 67% in FY2011 to 63% in FY2012.

The Hotel's average rate showed a similar pattern, decreasing from €96 in FY2011 to €89 in FY2012 reflecting the shift in the mix of rooms sold from conference & events to lower yielding segments. The Hotel underperformed the market with an average rate penetration of 0.93 in FY2012 and as a result, its revenue generating index was 0.92, 8% below the target of 1.00.

As for FY2013, management is confident that the Hotel can exceed its competitive set in terms of occupancy, as business outlook for conference & events is expected to be positive. It is projected that the Hotel's average room rate will increase to €93 in FY2013 and overall, the Hotel should improve its RevPAR by 9% from €56 in FY2012 to €61 in FY2013. The Hotel is projected to perform in line with its competitive set in FY2014 and maintain an RGI of 0.97.

3.1.5 Corinthia Hotel Prague

Introduction

IHI Towers s.r.o. (a fully-owned subsidiary of the Company) owns the 539-room five-star Corinthia Hotel located in Prague, Czech Republic (“**Corinthia Hotel Prague**”), which was acquired in 2007 for €105 million. The carrying amount of the Corinthia Hotel Prague as at 31 December 2012 is €79.4 million (FY2011: €77.8 million).

Market Overview

Prague has seen a number of hotels enter the market over recent years, leading to a large growth in hotel room stock. As a result of this oversupply, hotels in Prague have been suffering declines in performance both in terms of occupancies and rates, which was further impacted by the economic crisis. There was a reversal in this recent trend in 2011 and was sustained in 2012, as the overall hotel market in Prague registered increases in both occupancy levels and average room rates (overall market RevPAR increased by 8% in 2011 and a further increase of 11% in 2012).

Prague is a popular short break tourism destination. In the first three quarters of 2012, a total of 4.1 million tourists visited Prague, a 7.8% increase compared to the same period in 2011. Room nights improved with a 5.6% increase on the 2011 average. Prague is also an important meeting and convention destination, and in the first nine months of 2012 the number of conferences increased by 10%.

Hotel performance in Prague is generally expected to continue to improve in the coming years as the market gradually absorbs the current oversupply of hotel rooms, leveraging on its image as an attractive and corporate destination.

Operational Performance

The following table sets out the highlights of the hotel’s operating performance for the years indicated therein:

FINANCIAL ANALYSIS SUMMARY

The Corinthia Hotel Prague recorded a gross operating profit before incentive fees of €3.07 million, similar to the previous year. In FY2012, the Hotel managed to increase both occupancy (from 65% to 67%) and room rate (from €73 to €75) principally due to strong conference & events business throughout the year and large repeat events in low season. The effect of the increased RevPAR has been offset by a decrease in food & beverages revenue (-8%) and increases in the Hotel's operating costs, thereby leading to a lower than expected gross operating profit.

In the near term management will continue to work towards displacing tour operator bookings with the more profitable conference & events and leisure business in an effort to improve RevPAR. Although in FY2013 the Hotel is expected to perform better than its competitive set, revenue is projected to decrease by 9% to €15.1 million. This drop has been mitigated by a number of cost-saving measures and therefore gross operating profit for FY2013 is budgeted at €3.1 million which is broadly similar to FY2012. A slight increase in occupancy rate and an 11% increase in average room rate is being forecasted for FY2014 which should result in an improvement in both revenue and gross operating profit.

The above table outlines the historical performance of the Hotel and its competitive set, and expectations for FY2013 and FY2014. The Hotel's competitive set includes InterContinental, Hilton Prague, Marriott Prague and Crowne Plaza.

In recent years, the Hotel has consistently underperformed its competitive set, principally in terms of room rates. This gap in room rates is largely linked to the Hotel's location just outside the City centre in Prague making it more challenging to compete for market share. Consistent with recent performance, management expects to continue to match its competitive set in terms of occupancy and recover part of the gap in room rates. The Hotel is forecasting room rates to increase through, *inter alia*, the generation of more room nights from higher-rated segments, improved segmentation and the expected increase in conference & events business organised at the (neighbouring) Prague Congress Centre.

In FY2012, the market registered stable occupancy and a marginal increase in average room rate (+3%). The result was a RevPAR of €72, which is 4% higher than the previous year. The Hotel maintained its position in the market when compared to its competitive set, with a revenue generating index of 0.69 (FY2011: 0.68). The current gap in relation to the hotel's peers is largely arising from the variance in room rates. The Hotel's average room rate in FY2012 was *circa* 30% below that of its competitive set. For FY2013 and FY2014, management is aiming to match its competitive set in terms of occupancy at *circa* 65%. Average room rate in FY2013 is expected to decline by 5%, significantly less than the decrease in rate by the competitive set (9%), and to recover 11% and 9% respectively in FY2014. The Hotel's revenue generating index should improve from 0.69 in FY2012 to 0.74.

3.1.6 Corinthia Hotel Tripoli

Introduction

Corinthia Towers Tripoli Limited (a fully-owned subsidiary of the Company) owns the 300-room five-star Corinthia Hotel located in Tripoli, Libya (“**Corinthia Hotel Tripoli**”), and a commercial centre measuring *circa* 10,000 square metres and a tract of undeveloped land both of which are adjacent to the hotel. The said properties were acquired in 2007 for a total consideration of €207 million analysed as follows: Corinthia Hotel Tripoli (€139 million); the commercial centre (€62 million); and the undeveloped land (€6 million). The carrying amounts of the Corinthia Hotel Tripoli, commercial centre and the adjacent plot as at 31 December 2012 are €131.5 million (FY2011: €137.1 million), €73.4 million and €28.8 million respectively (FY2011: €73.4 million, €28.8 million), or a combined total of €233.7 million.

Market Overview

Prior to the civil unrest, the hotel market was starting to develop with a number of internationally branded hotel chains planning to open hotels in Tripoli in view of the continued increase in business and leisure travelers. The civil unrest in 2011 halted hotel development in Tripoli and only two internationally branded hotels remained open during the period – Corinthia Tripoli and Radisson Blu Al Mahary. At present, these hotels together with the Rixos Al Nasr Tripoli are the only international hotel brands operating in Libya.

Occupancy at the Hotel and Radisson Blu increased progressively in 2012, mainly in the form of corporate business travel, namely ambassadors and diplomats on embassy-related business. Leisure demand is currently non-existent. Occupancy figures started at around 30% in January and increased to between 40% and 50% during the year, albeit slowing down slightly in view of the incidents in the latter part of the year. According to HVS, the hotel market in Tripoli is expected to grow in 2013, although it will take a long time for hotel performance to reach pre-civil unrest levels.

FINANCIAL ANALYSIS SUMMARY

The Corinthia Hotel Tripoli registered a gross operating profit before incentive fees of €5.0 million in FY2012 which is €6.1 million (-55%) less than FY2010. However, the results have to be assessed in the light of what took place in Libya in 2011. It is indeed a major credit for the Hotel to have remained open achieving positive results and going through this period of turmoil largely unscathed. Overall occupancy of the Hotel increased to 48%, bringing occupancy closer to the 56% achieved in FY2010. The demand remained predominantly corporate, with this segment accounting for 90% of the total rooms sold in FY2012. The results also indicate a 7% decrease in average room rates, with the achieved rate in FY2012 of €212. Although the supply of branded hotels is still limited, the Hotel is facing stiff competition for available corporate business from the Radisson Blu.

It is expected that demand for hotel rooms in Tripoli to build up gradually, as the oil companies return to re-establish themselves in the country. Furthermore, in the short to medium term, there is likely to be additional demand from infrastructure companies and government bodies (amongst other industries) that will be key for the redevelopment of the city and the country as a whole.

For FY2013, management is assuming a gradual recovery in the Hotel's performance with gross operating profit increasing to €7.8 million. The projected increase reflects expected growth of 33% in occupancy and average room rate remaining stable at €208. The Hotel is forecasting a 6% and 7% increase in revenue and gross operating profit respectively in FY2014, but this achievement will largely depend on how the political situation in Libya evolves.

Market Positioning

There are currently no statistics published in terms of hotel performance in Tripoli. The lack of quality supply in the market, however, results in high business demand for upper end hotels as visitors, especially international visitors, tend to look for the comfort of a recognised international hotel brand in the area.

The hotel supply in Tripoli is limited to only a few branded hotels and some government-run properties. The branded hotels include the Radisson Blu Al Mahary (351 rooms), Rixos Al Nasr (120 rooms) and the Corinthia Hotel Tripoli (300 rooms). Industry sources have highlighted a number of hotel projects for the city of Tripoli in the next few years, although based on what happened in 2011 and the current situation in the country, some projects may be delayed further or shelved.

Although new supply is planned for the market, it is expected that the Hotel will continue to outperform its competitors since its rooms were recently upgraded and the property is well established in the market.

Commercial Operations

The following table sets out the turnover of the Commercial Centre adjacent to the Corinthia Hotel Tripoli for the years indicated therein:

	FY 2014 Forecast	FY2013 Forecast	FY2012 Actual	FY2011 Actual	FY2010 Actual	FY2009 Actual
Turnover (€'000)	6,263	6,263	6,263	5,969	6,118	6,100

The Commercial Centre, which is fully occupied, includes rentable office space having a gross area of 7,249 square metres. It also comprises 306 square metres of storage space and 235 square metres of internal and external car spaces.

3.1.7 Corinthia Hotel St George's Bay

Introduction

Five Star Hotels Limited (a fully-owned subsidiary of the Company) owns the 250-room five-star Corinthia Hotel located in St Julians, Malta ("Corinthia Hotel St George's Bay"), which was acquired in 2000 for €32 million. In 2006 a major refurbishment programme was carried out which included the upgrade of the entire room stock, the lobby and the technological equipment. The refurbishment was completed in the first quarter of 2007 at a total cost of circa €4 million. The carrying amount of the Corinthia Hotel St George's Bay as at 31 December 2012 is €29.7 million (FY2011: €30.1 million).

Market Overview

Tourism in Malta has been performing at record levels and in 2012 tourist arrivals reached an all-time high of 1.44 million guests. On a y-o-y basis, tourist arrivals in 2012 increased by 2.1% over 2011, and by 7.8% over 2010. Notwithstanding the improved industry statistics, hotel results have been negatively impacted by a slower pace of growth, increased pressure on rates and a continually increasing cost base.

The majority of tourists were holiday makers, predominantly from Europe. The principal source markets remain the UK, Germany, Italy and France which in 2012 accounted for 61% (2011: 62%) of total arrivals. On a y-o-y basis, Russia (+7,466), France (+4,199) and Scandinavia (+3,304) reported the highest absolute increase in arrivals. Spain (-2,493) and Benelux (-3,775) were the only markets which registered a decline in 2012.

Market data for 2012 indicates that the 5-star hotel sector in Malta registered a strong performance in 2012, with increases in both occupancy levels and average room rates. Occupancy rates for the sector averaged 68.2%, a marginal increase of 2.2% over 2011, and average room rates increased from €101.60 in 2011 to €105.30 in 2012 (+3.6%). Based on these improvements, the 5-star hotel RevPAR increased by 7.2% to €121.40 (2011: €113.20). Gross operating profit margin for this segment averaged at 25.1%, a minimal improvement on the margin achieved in 2011 (23.7%).

For 2013, Malta International Airport plc is forecasting passenger numbers at around 1.5% more than the record achieved in 2012. This projection is based on various considerations including flight schedules committed as well as the impact of the European economic crisis on demand for travel, particularly in Malta's core markets.

Operational Performance

The following table sets out the highlights of the hotel's operating performance for the years indicated therein:

	FY2014 Forecast	FY2013 Forecast	FY2012 Actual	FY2011 Actual	FY2010 Actual	FY2009 Actual

FINANCIAL ANALYSIS SUMMARY

The Corinthia Hotel St George's Bay registered a gross operating profit before incentive fees of €1.5 million in FY2012, which is €105,000 more than FY2011 (+7%). The Hotel recorded lower occupancy levels (-2%) at better average room rates (+7.5%), which resulted in a 4.6% increase in RevPAR. The FY2012 results reflect the revenue management strategy being implemented by the Hotel, which is aimed at increasing rates and driving business through its largest growing segment (leisure) during peak months. There has been a marked shift in the Hotel's source of business towards the higher yield segments. Business from tour operators contracted by *circa* 5,700 rooms and this business was to a large extent replaced by *circa* 4,800 additional rooms originating from the conference & events and leisure segments. In FY2013 the Hotel is expected to continue with the revenue management strategy and a further shift of business should occur from tour operator to leisure business. RevPAR is projected to increase from €68 in FY2012 to €74 in FY2013 (+9%), however gross operating profit will remain stable at the €1.5 million level. Occupancy level for FY2014 is budgeted at 72% (+3%) and RevPAR should improve by 5% to €78.

The above table outlines the historical performance of the Hotel and its competitive set, and expectations for FY2013 and FY2014. The Hotel's competitive set includes Hilton Malta, Westin Dragonara, InterContinental and Radisson Blu.

The Hotel's competitive set has registered strong performances in recent years, with RevPAR growth of 10% in FY2011 and 9% in FY2012. The growth in revenue principally reflects volume growth in this period as these hotels managed to attract their fair share of the increase in the number of tourists, with the average occupancy stepping up from 65% in FY2010 to 72% in FY2012. RevPAR is projected to grow by 4% in FY2013, reflecting expected room rate increase of 5% to €122. FY2014 should be another positive year for the Hotel's competitive set which expects to register a further 7% increase in RevPAR.

In terms of occupancy, the Hotel has in the last two years been performing reasonably well against its competitive set, and is projected to broadly match its competitive set in FY2013 and FY2014 at 70% and 72% respectively. As to average room rate, the Hotel is still more reliant on the lower yielding tour operator segment than other hotels in its market, and therefore its average room rate and consequently its RevPAR are below the figures registered by the competitive set. In the near term, the Hotel is implementing measures to attract more higher-yielding revenue, in particular, from conference & events and leisure segments to significantly increase its RevPAR and improve its competitiveness in the market. However, the Hotel's room product is in need of refurbishment and this much needed upgrade is preventing the Hotel from competing effectively with other five-star hotels in the market.

3.1.8 Marina Hotel

Introduction

Marina San Gorg Limited Limited (a fully-owned subsidiary of the Company) owns the 200-room four-star Hotel located in St Julians, Malta (“Marina Hotel”), adjacent to the Corinthia Hotel St George’s Bay. It was acquired in early 2012 for €23 million. A number of facilities at the Hotel are shared with the Corinthia Hotel St George’s Bay, which exposes the guests to a larger product variety, especially with regards to food and beverage offering and swimming pool areas. Being a four-star hotel with access to five-star conference and meeting space at the Corinthia Hotel St George’s Bay is another unique selling point of the property. The carrying amount of the Marina Hotel as at 31 December 2012 is €21.0 million.

The Hotel registered a gross operating profit of €1.45 million in FY2012, an increase of 4% on the results of FY2011. Occupancy level was stable at 76% at better average room rates (+6%), which resulted in a 4% increase in RevPAR. During the year there was a decrease in rooms sold to groups and tour operators, with a corresponding increase in rooms sold in the higher-yielding leisure segment. The tour operator sector remains the principal business segment of the Hotel (39% of rooms sold in FY2012). The focus in FY2013 has been more on yield management, with a drive towards achieving higher rates by increasing business levels in the higher yielding segments including leisure and corporate. For the current year, the average room rate should increase to €78 (+8%) and RevPAR is expected to improve by 5% to €58. A marginal improvement of 3% in RevPAR is projected for FY2014.

The above table outlines the historical performance of the Hotel and its competitive set, and expectations for FY2013 and FY2014. The Hotel's competitive set includes Hotel Phoenicia, Radisson SAS Bay Point Resort, Maritim Antonine Hotel & Spa and Le Meridien.

The Hotel outperformed its competitive set in terms of occupancy in FY2012, reaching an occupancy penetration of 1.01. In the same year, the Hotel managed to grow its average rate from €68 to €72 (+6%), resulting in a RevPAR increase of 4%. In terms of revenue penetration, the target of 1.00 has not yet been achieved, but there was an improvement from 0.90 in FY2011 to 0.92 in FY2012. The focus in FY2013 has been on the leisure segment as last-minute business and online bookings are becoming more important. The Hotel's strategy is to increase rates by shifting to individual leisure as much as possible, whilst being selective with tour operators and increasing package deals. It is expected that the Hotel will perform almost in line with the market average in both FY2013 and FY2014 in terms of occupancy, and will continue to improve average room rate to achieve a revenue penetration rate of 0.95 in FY2013 and 0.97 in FY2014.

3.1.9 Corinthia Hotel London

Introduction

NLI Holdings Limited (equally owned by the Libyan Foreign Investment Company (LFICO) and IHI) owns the 294-room five-star Corinthia Hotel located in London, United Kingdom (“**Corinthia Hotel London**”) together with 12 residential apartments. In 2008, NLI Holdings Limited acquired the former Metropole Building and its adjoining 10 Whitehall Place for £136 million (*circa* €160 million) and after raising a €150 million bank facility in April 2009, embarked on a two-year project to redevelop and reconstruct the said properties to the luxury Corinthia Hotel and Residences. The carrying amount of the Corinthia Hotel London and Residences as at 31 December 2012 is €591.4 million (FY2011: €511.8 million).

Market Overview

Despite the weak global economic climate, the London hotel market has demonstrated remarkable resilience. After the recessionary downturn in 2008/2009, London tourism has made a strong recovery with international arrivals now edging closer to the highs registered during the years 2005 to 2007. RevPAR had dipped to £92 in 2009 but has since rebounded to reach a record high of £115 in 2012 (equivalent to a compound annual growth rate of 8%). In 2012, the city of London hosted numerous international events (including the Olympic Games, the Farnborough International Air show and the Queen’s Diamond Jubilee) which brought about a year of highs and lows. The highs came from the huge boost in the achieved average room rate during the Olympic weeks; and the lows came from the run up to the games as travelers were put off visiting which resulted in a difficult June and July for hotels. Overall, RevPAR increased in 2012 by 3% despite a drop in occupancy of 2%.

London has, in 2012, experienced the largest room supply increase from new developments with the Olympics being the main catalyst for development. This has brought about the concern of a post Olympic supply overhang with another 5,000 rooms in 2013, in addition to those which opened ahead of the event (the long term historical average is 1,500 rooms per year). Many travel operators are positive about London’s prospects after the Olympic Games, encouraged by the global awareness of the capital as a destination and the ongoing improvements in infrastructure. On the other hand, the supply spike is a concern in the short term and may result in a weaker hotel market performance in 2013.

Operational Performance

The following table sets out the highlights of the hotel’s operating performance for the years indicated therein:

	FY2014 Forecast	FY2013 Forecast	FY2012 Actual	FY2011 Actual

FINANCIAL ANALYSIS SUMMARY

The Corinthia Hotel London commenced operations in April 2011 with a phased opening. Final works on a number of rooms was ongoing and the full complement of rooms was made available during the last quarter of 2011. The non-availability of bedrooms and suites in FY2011 had a material adverse effect on occupancy levels and average room rates, and as a result the Hotel incurred a gross operating loss of £4.7 million.

The Hotel registered a gross operating profit of £7.8 million in FY2012, which was its first full year of operation. Occupancy levels reached an average of 63% as management focused on achieving volume penetration in order to establish market presence. The additional business came at the expense of rates, which averaged £380 in FY2012.

Management is targeting an 83% increase in gross operating profit in FY2013 at £14.3 million, and a further 37% increase in FY2014 to £19.6 million. These results are principally expected through significant increases in both occupancy and room rates. The Hotel is aiming to reach an average occupancy level of 80% as more visitors utilise the Hotel and the Corinthia brand becomes more known in London and the UK, thus moving closer to its stabilised level of operation.

The above table outlines the historical performance of the Hotel and its competitive set, and expectations for FY2013 and FY2014. The Hotel's competitive set includes Four Seasons Park Lane, Mandarin Oriental Hyde Park, The Berkeley, The Savoy, Claridge's, The Connaught and The Dorchester.

London continues to be a global leisure and business destination. Although London's overall trading performance has been affected by the global economic slowdown, it has been one of the most resilient hotel markets in Europe over the past few years. The City is a well-established hotel market, which constantly offers new leisure attractions and events are organised on an ongoing basis. Moreover, London is both a leisure and a business destination and therefore is less impacted by the seasonality generally created by the sector, as leisure demand compensates for periods when business demand is quiet and vice versa. On the supply side, London continues to be one of the most desirable cities for hotel development and is a key city for hotel operators looking to expand their network internationally. As a result, the Corinthia Hotel London is in a highly competitive market, which must compete not only with well-established hotels but also with new hotel brands regularly coming onto the market.

In its first full year of operations (FY2012), the Hotel achieved an occupancy level of 63% as compared to 79% for its competitive set and derived an average room rate of £380 (competitive set: £562). The Hotel is expected to significantly improve its occupancy penetration and average room rate in the coming years, thereby narrowing the gap in relation to its competitive set of hotels.

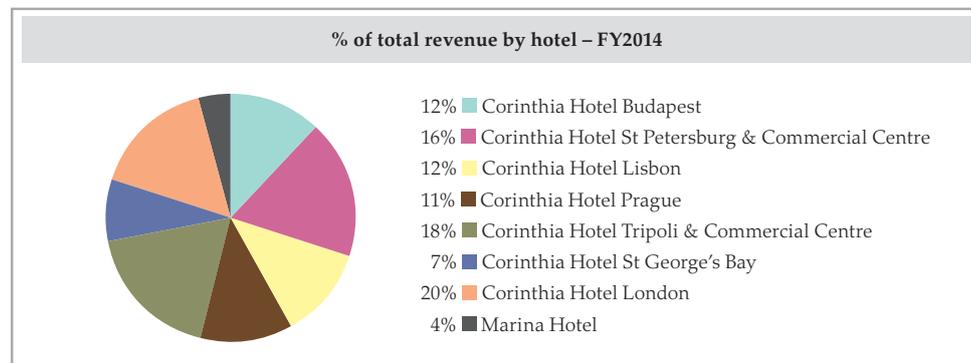

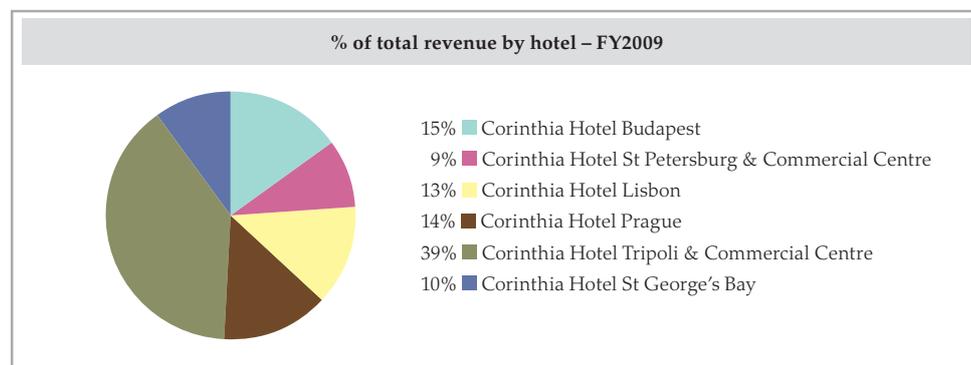

FINANCIAL ANALYSIS SUMMARY

3.1.10 Aggregate Hotel Revenue and Operating Profit

Revenue geographic distribution

The charts below depict total revenue generated by each hotel as a percentage of aggregate hotel revenue generated by the Group’s hotels. In the case of Corinthia Hotel London the amount included for each year is 50% of actual revenue, reflecting the 50% shareholding of IHI in the Hotel.

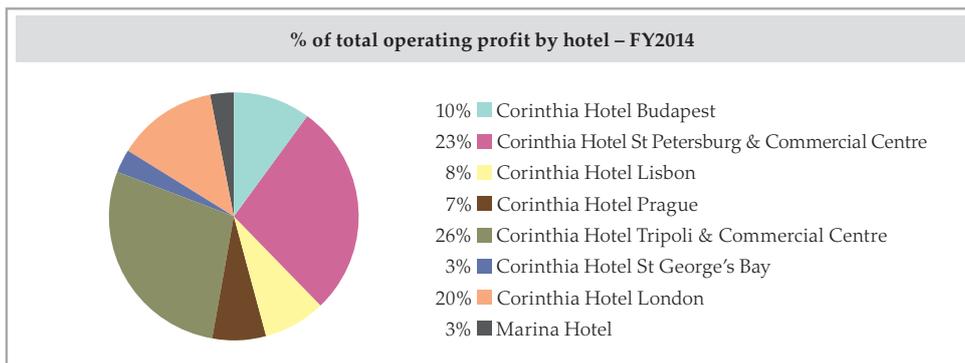

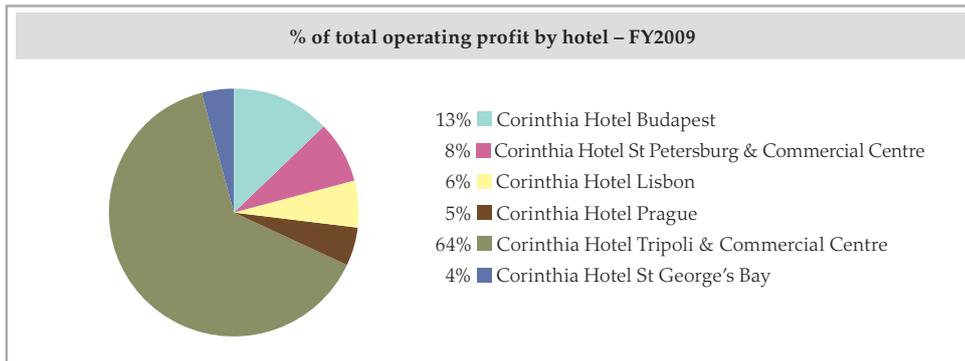

As illustrated above, the Corinthia Hotel Tripoli was, in FY2009, a major contributor to total hotel revenue (39%). However, in subsequent years, events in Libya caused a material decrease in the Hotel’s operating activity which resulted in a decline in its share of Group revenue. IHI’s reliance on the Corinthia Hotel Tripoli decreased further in FY2011 and FY2012 with the launch of the Corinthia Hotel London and the acquisition Marina Hotel respectively. After taking into account both factors, it is anticipated that in FY2014 revenue achieved at the Corinthia Hotel Tripoli will make up 17.6% of aggregate hotel revenue. Corinthia Hotel St Petersburg and Corinthia Hotel London are expected to register 15.8% and 20.5% respectively of total hotel revenue, and three Corinthia Hotels (Budapest, Lisbon and Prague) should achieve 11.7%, 12.0% and 10.5% respectively of aggregate Group revenue.

FINANCIAL ANALYSIS SUMMARY

Operating profit geographic distribution

The above charts show operating profit generated by each hotel as a percentage of the Group's hotel operating profit. The amounts relating to the Corinthia Hotel London are only 50% of the actual performance, reflecting the 50% shareholding of IHI in the Hotel.

FY2009 Group operating profit was influenced by the excellent performance and high profit margins achieved at the Corinthia Hotel Tripoli and its commercial centre, which accounted for 64% of the Group's operating profit. By FY2011, this Hotel's share of Group operating profit decreased to 33% due to the same reasons highlighted in the above narrative analysing "**% of total hotel revenue by hotel**". The Corinthia Hotel Tripoli is expected to remain a key contributor to operating profit, although to a lesser extent, as it is projected to generate 25.9% of aggregate operating profit in FY2014. Other main contributors in FY2014 are projected to be Corinthia Hotel St Petersburg (23.2%) and Corinthia Hotel London (20.4%), the latter being limited to 50% of projected figure which corresponds to the Group's ownership in this property.

3.2 MANAGEMENT COMPANY

CHI Limited (a fully-owned subsidiary of the Company) manages and operates a number of hotel properties, predominantly owned by IHI and Corinthia Palace Hotel Company Limited (the ultimate shareholder of the Corinthia Group). IHI acquired the shares of CHI in three tranches: a 20% shareholding was purchased in 2000 at a cost of circa €750,000, a further 50% was acquired in October 2006 at a cost of €20.15 million, and in May 2012 IHI acquired 30% for an aggregate consideration of €250,000.

Operational Performance

The following table sets out the turnover of CHI Limited for the years indicated therein:

	FY2014 Forecast	FY2013 Forecast	FY2012 Actual	FY2011 Actual	FY2010 Actual	FY2009 Actual
Turnover (€'000)	12,880	11,831	8,475	6,089	4,364	5,743

CHI's performance in FY2011 reflects the recovery in performance of most hotel operations following the deterioration in their operating results experienced during the global economic crisis in the past few years and civil unrest in Libya. Total fee revenue decreased by €1.4 million in FY2010 primarily due to the substantial decrease in occupancy and average room rates at the Corinthia Hotel Tripoli. In FY2011 most of the IHI properties registered improvements as compared to the previous year and as a result, total fee revenue received by CHI during the year increased to €6.1 million. Included in the turnover figure for FY2011 is revenue derived from Corinthia Hotel London which commenced operations in April 2011. On a like-for-like basis (that is, excluding Corinthia Hotel London which was still under construction in FY2010 and therefore was not operating during the year), turnover increased by 28% from €4.4 million in FY2010 to €5.6 million in FY2011.

In order to support CHI's sales and marketing team and improve its room reservation and distribution capabilities, in FY2010, IHI created its own global distribution system ('GDS') to enable direct bookings through the major GDS companies (Sabre, Apollo and Travelport) for all Corinthia branded hotels managed by CHI. To further optimise bookings through its GDS, IHI revamped its websites and implemented a new central reservation system. A main objective of management is to improve average room rates in its Hotels and its short term strategy is to replace low yielding bookings (primarily tour operator business) by higher yielding reservations channelled directly through its GDS. Bookings generated from Corinthia branded channels represented 9% of room revenue in FY2011 and increased to 19% in FY2012. CHI is projecting direct bookings as a percentage of total room revenue of 22% in FY2013.

In FY2012, total revenue increased by €2.4 million from €6.1 million in FY2011 to €8.5 million. This increase reflects the revenue from the first full year of operation of the Corinthia Hotel London, which contributed €2.2 million to income generated by CHI. Other factors included the positive performance of most of the properties managed by CHI, in particular, Corinthia Hotel St Petersburg (+€0.6 million) and Corinthia Hotel Tripoli (+€0.5 million).

CHI is expecting the hotel properties to continue to improve on their respective FY2012 performance in the current financial year and it is estimated that turnover will increase by 40% to €11.8 million. The main contributors to this positive trend are expected to be Corinthia Hotel London, Corinthia Hotel Tripoli and Corinthia Hotel St Petersburg. Revenue for FY2014 is projected to increase by a further 9% to €12.9 million.

3.3 OTHER ASSETS

In December 2010, IHI acquired the 'Corinthia' brand from Corinthia Palace Hotel Company Limited. The transaction provides for a two tier settlement whereby: (i) IHI initially paid the amount of €19.6 million for the existing room stock operated under the Corinthia brand; and (ii) IHI will also pay a pre-agreed price to Corinthia Palace Hotel Company Limited every time a Corinthia hotel opens for business until 2020. The amount of €19.6 million is recognised as an intangible asset in the balance sheet of the Group.

IHI has a 75% equity participation in IHI Benghazi Limited, a company set up to acquire a derelict building formerly known as the El-Jazeera Hotel and adjoining site in Benghazi, Libya. IHI however plans to reduce its current shareholding to 55% prior to commencement of the project. IHI Benghazi Limited will eventually develop a mixed-use project consisting of a 228-room five-star hotel, 700 square metres of retail space and 10,000 square metres of office space. The funding of the project will be sourced from a combination of an equity injection by the shareholders and appropriate bank financing.

IHI owns 25% of the share capital of Medina Tower Joint Stock Company and has to date injected an aggregate amount of €13 million in the company as its equity participation. Its principal activity is to develop the 40-storey high-rise Medina Tower on 11,000 square metres of land in Tripoli, Libya. The project will comprise 336 residential apartments, office and retail space, and will overlook the city centre and the seashore. Preliminary works relating to the Medina Tower are at an advanced stage and development will commence once bank financing is in place. The project should take *circa* 48 months thereafter to complete. IHI is committed to contribute a further €18.5 million over the coming years as part of its equity participation in the project.

IHI owns 20% of QPM Limited, which specialises in construction and the provision of project management services both locally and overseas. QPM Limited established an office in London in July 2011 and is responsible for the development of the Medina Tower and Benghazi project.

IHI's revenue for FY2009 amounted to €103.3 million, reflecting a decrease of €24.6 million on the turnover level registered in FY2008. The 19.3% decrease in revenue was mainly due to lower occupancies and lower average room rates achieved in the hotel properties located in Central Europe, namely Corinthia Hotel Prague, Corinthia Hotel Budapest and Corinthia Hotel St Petersburg. According to a report published by STR Global, the average drop in occupancy and average room rate in 2009 in Central Europe was of 13.7% and 25.1% respectively, resulting in a reduction in revenue per available room of 35.4%. It is evident that the continued positive performance of the Corinthia Hotel Tripoli mitigated the impact of the European recession on IHI's Central European hotels, thereby limiting the overall reduction in turnover of the Group. As to EBITDA, a number of cost saving measures were implemented in FY2009 and by year end IHI managed to reduce operating costs by €12.91 million when compared to FY2008.

The valuations of some of the Group's hotel properties, mostly those in Central Europe, were negatively affected in FY2009 by the results achieved in that year. The impairments were however off-set by the uplifts in values of the Group's properties located in the United Kingdom, Russia and Libya. The final effect of these adjustments was a net revaluation uplift of €4.2 million (increase in fair value of investment property: +€12.1 million, net impairment of hotel properties: -€22.3 million, share of profit from equity accounted investments: +€14.4 million).

In FY2010, the Group's activities were hampered by the continued difficult business environment and the introduction of austerity measures in the Group's feeder markets. Revenue for the year remained substantially on the same level as that of the previous year, but was principally affected by increases registered at Corinthia Hotel Lisbon (€3.6 million) and Corinthia Hotel St Petersburg (€3.9 million), and a decrease at Corinthia Hotel Tripoli (€8.5 million). The performance of the Corinthia Hotel Tripoli was negatively impacted by visa restrictions enforced during the year, increased competition and a general slowdown in business. As a result, EBITDA decreased by €8.7 million from €31.6 million in FY2009 to €22.9 million in FY2010.

The increase of €2.7 million in the fair value of investment properties in FY2010 was mainly attributable to the commercial centre in St Petersburg. The improvement in the results and the business outlook of the Lisbon hotel also enabled IHI to recognise a reversal of an impairment charge of €2.4 million taken on this property in previous years. During FY2011, the Corinthia Hotel Tripoli was affected by the conflict in Libya and revenues decreased by 35% (equivalent to €10.6 million). All the other Group hotel properties achieved increases in revenues amounting to €13.1 million, principally due to enhanced marketing by CHI, an increase in conference & events business in a number of Hotels and an increase in higher yielding room bookings registered through the Group's global distribution system which was launched in FY2010. For the second year, CHI continued to implement its strategy of replacing low yielding bookings generally derived through tour operators by higher yielding reservations through its GDS. Bookings generated from Corinthia branded channels represented 9% of room revenue in FY2011 (FY2010: 5.8%). The percentage increases in revenue over FY2010 were as follows: Corinthia Hotel St Petersburg (24%), Corinthia Hotel Lisbon and Corinthia Hotel Prague (18%), Corinthia Hotel Budapest (13%) and Corinthia Hotel St George's Bay (8%). In FY2011, expenses amounting to €1.8 million incurred during prior years in connection with the Company's possible listing on the London Stock Exchange were written off. Excluding these one-off costs, EBITDA for FY2011 would have totaled €24.2 million, a gain of 5.7% over FY2010.

The valuation of the Group's investment properties resulted in a net uplift of €5.5 million mainly through the increase in value of the commercial centre in St Petersburg. However, the valuation of the Group's hotel properties resulted in a net impairment of €2.5 million (Corinthia Hotel Prague: +€4.5 million, Corinthia Hotel Budapest: -€4.3 million, Corinthia Hotel St George's Bay: -€2.7 million). The share of profit of €1.2 million from equity accounted investments primarily related to IHI's 50% investment in Corinthia Hotel London and the adjoining apartments.

Results from the respective hotel operations in FY2012 have generally been positive. The Group financial statements for the year under review also reflect the acquisition of the Marina Hotel and the first full year of operation of the Corinthia Hotel London. Group revenue for FY2012 increased by €14.4 million (+14%) to €118.6 million when compared to FY2011 (€104.2 million). The main factors included the contribution from the Marina Hotel (+€6.6 million) and significant improvements at Corinthia Hotel St Petersburg (+23%) and Corinthia Hotel Tripoli (+18%). The remaining hotels registered broadly similar revenue as in FY2011, except for Corinthia Hotel Lisbon which showed a decrease in income of 13% from €18.7 million in FY2011 to €16.2 million in FY2012. Countries such as Portugal and Hungary have been severely affected by the adverse economic situation in several of the feeder markets, increased competition, and a decline in consumer spending.

FINANCIAL ANALYSIS SUMMARY

In FY2012, gross operating profit improved at Corinthia Hotel St Petersburg (43%), Corinthia Hotel Tripoli (5%) and Corinthia Hotel St George's Bay (7%). At Corinthia Hotel Tripoli, operating costs increased proportionately more than the growth in revenue and therefore, gross operating profit was relatively disappointing. Overall, Group EBITDA for FY2012 increased by €5.35 million to €27.7 million, which also benefited from the initial year of the Marina Hotel within the Group (+€1.4 million).

During the year under review net property revaluation adjustments, through the income statement and comprehensive income statement, amounted to a positive balance of €3.9 million (FY2011: -€15.1 million). The fair value of the Commercial Centre in St Petersburg was increased by €4.2 million (FY2011: -€5.6 million) on account of growth in lease income streams. This uplift was offset by impairments totaling €18.7 million (FY2011: €15.2 million) in the valuation of the hotel properties, mainly, Corinthia Hotel Lisbon (€6.4 million), Corinthia Hotel Budapest (€3.0 million) and Corinthia Hotel St Petersburg (€10.9 million). The impairments resulted from an oversupply of hotel rooms in the respective markets and increased competition which has restricted improvements in both occupancy rate and average room rate, and in the case of the former two hotels the respective countries' economic situation and associated risks. On the other hand, there has been a positive uplift in the value of the 50% share in the Corinthia London hotel property of €18.5 million (FY2011: -€5.4 million).

The Corinthia Hotel London registered an operating profit of €9.59 million in FY2012, which is a significant improvement to the operating loss of €5.54 million incurred in FY2011. However, this positive performance was more than offset by substantial charges of depreciation and finance costs. Since the hotel is 50% owned by the Group, its results are included in the income statement as share of profit from equity accounted investments. In this line item the operating results have been netted with an uplift in the value of the 12 apartments amounting to €31.9 million (FY2011: €37.6 million).

The Group is projecting that during the financial years ending 31 December 2013 and 31 December 2014 revenue should increase by 7% in both FY2013 and FY2014 from €118.6 million in FY2012 to €135.5 million by FY2014. The principal contributors are expected to be Corinthia Hotel Tripoli and Corinthia Hotel St Petersburg. As to the former Hotel, turnover is projected to increase by 27% to €21.0 million in FY2013 and 6% in FY2014 (€22.3 million). Although positive, the forecast for FY2014 is still 31% short of revenue achieved by the Hotel in FY2009. The Corinthia Hotel St Petersburg is expected to continue its progression as occupancy increases from the current 52% level to 58% and RevPAR improves by 14% from €84 achieved in FY2012 to €95 in FY2014. Furthermore, revenue at the Commercial Centre is projected to increase from €2.5 million in FY2012 to €4.2 million in FY2013 and €5.5 million in FY2014.

Group EBITDA is projected to increase by 30% and 9% in FY2013 and FY2014 respectively (FY2009 – FY2012: -12%). Over the forecasted period, gross operating profit is expected to increase mainly at Corinthia Hotel St Petersburg (10%), Corinthia Hotel Tripoli (70%) and Corinthia Hotel Lisbon (31%).

The disposal of 12 apartments adjacent to the Corinthia Hotel London, of which IHI has a 50% stake, has been delayed to FY2014. "Share of profit from equity accounted investments" in the consolidated financial statements of the Group for FY2013 is projected to amount to -€8.1 million which represents IHI's share of operational results of the Corinthia Hotel London. The amount of -€12.0 million in FY2014 includes results of operations of the Corinthia Hotel London, and a downward adjustment in the estimated disposal value of the apartments.

During FY2013 and FY2014, the Hotel is forecasted to continue improving its occupancy level and RevPAR. As a result, revenues for FY2013 and FY2014 are estimated at £46.1 million and £56.6 million respectively (FY2012: £38.4 million) and gross operating profit before incentive fees should amount to £14.3 million (FY2013) and £19.6 million (FY2014) (FY2012: £7.8 million).

The projections as presented in this document assume that the carrying values of hotel properties will remain constant in FY2013, and therefore no adjustment has been made as to possible impairment or uplift of assets that may be booked and which will materially affect the consolidated income statement.

Subsequent to the sale of the London apartments, the Group plans to sell other non-hotel assets and will initiate the process thereafter to dispose of the commercial centre in St Petersburg which includes 12,507m² of retail and commercial office areas.

Net cash from operating activities in FY2010 and FY2011 was negatively affected by a significant reduction in business as detailed above. Furthermore, amounts receivable at Corinthia Hotel Tripoli increased significantly mainly due to delays in receipts from debtors, which was partly mitigated by extended credit periods taken by the Group to settle trade payables. Such factors contributed to a decrease in FY2011 of €12.4 million in net cash inflows to €14.4 million as compared to €26.8 million in FY2009. Net cash from operating activities recovered in FY2012 by €15.7 million to €30.1 million, primarily due to an improvement in working capital management. Cash inflows in FY2013 and FY2014 are expected to increase substantially, principally as a result of: (i) improvements in operating performance at most hotels; (ii) increased rental income from the Commercial Centre in St Petersburg; and (iii) repayment of operational amounts due from Corinthia Hotel London.

Cash used in investing activities of €59.7 million in FY2009 principally related to the completion of the redevelopment of the Corinthia Hotel St Petersburg and the adjoining commercial centre, and the investment in NLI Holdings Ltd (Corinthia Hotel London) for €35.9 million. In FY2010 IHI acquired the Corinthia brand for €19.6 million and utilised €3.9 million for a 25% equity injection in the Medina Tower project. No significant investment was effected by IHI in FY2011 particularly due to the decrease in cash inflows from operating activities. During FY2012 the Group settled the outstanding amount of €4.3 million due to CPHCL in relation to the acquisition of the Marina Hotel and contributed €9.1 million towards the Medina Tower project. Cash used in investing activities for FY2013 and FY2014 mainly relates to payments for tangible fixed assets.

As to financing activities, the Group listed a €35 million bond on the Malta Stock Exchange in FY2009 and obtained a new €10 million corporate loan also in that year. In FY2010, IHI issued a €25 million bond and entered into a new loan of €25.5 million. During that year, the Company redeemed the remaining balance on its convertible bond of €11.6 million. Loans to NLI Holdings Ltd were increased by €42.3 million over the 3 year period FY2010 – FY2012, and a loan to CPHCL amounting to €11.5 million was advanced in FY2011 which was subsequently paid in FY2012. IHI raised a further loan of €50 million in FY2011 and withdrew €5 million from an existing facility. In FY2012 a further €14.5 million in bank financing was withdrawn. Debt service requirements for the period FY2009 to FY2012 amounted to €125 million. During the year under review, €22.1 million in bonds were redeemed and a new bond amounting to €20 million was successfully raised. Furthermore, an amount of €2.2 million was transferred to an account administration by a trustee for the redemption of outstanding bonds. The principal movements in financing activities expected in FY2013 and FY2014 include the net repayment of bank loans of €40.9 million, amounts receivable totalling €28.1 million being partial repayment of loans advanced to NLI Holdings Ltd and CPHCL in prior years and the distribution of a dividend to equity shareholders of €11.1 million (FY2014). Interest payments during the current year and FY2014 are expected to amount to €16.1 million and €14.3 million respectively.

Intangible assets as at 31 December 2012 amounted to €46.1 million and included (i) goodwill on the purchase of CHI with a carrying value of €9.7 million; (ii) the Corinthia brand of €19.6 million; and (iii) the website development costs and the value attributable to CHI's management agreements with a carrying value of €16.8 million.

Reimbursement assets represent any tax that may become reimbursable by CPHCL in relation to the transfer of shares of IHI Towers s.r.o. (Corinthia Hotel Prague) and Corinthia Tripoli Towers Ltd (Corinthia Hotel Tripoli) to IHI in 2007, and the transfer of shares of Marina San Gorg Limited to IHI in 2012, but which was deferred. This tax will only become due in the eventuality that IHI sells its shares in these companies or properties to unrelated third parties.

Investment properties include commercial centres in Tripoli and St Petersburg and apartments in Lisbon. The carrying values as at 31 December 2012 were: (i) Commercial Centre Tripoli: €73.4 million; (ii) vacant plot of land Tripoli: €28.8 million; (iii) Commercial Centre St Petersburg: €87 million; and (iv) apartment block in Lisbon: €1.2 million. At 31 December 2012, the fair value of the Commercial Centre in St Petersburg was increased by €4.2 million. All other valuations remained broadly unchanged.

Property, plant and equipment principally consist of the hotel properties, the aggregate value of which decreased by €80.7 million between 31 December 2009 and 31 December 2012 mainly due to depreciation charges and impairments, net of the assets of Marina Hotel acquired in FY2012 amounting to €23 million.

FINANCIAL ANALYSIS SUMMARY

Investments accounted for using the equity method include investments in associated companies, namely NLI Holdings Limited (Corinthia Hotel London) and Medina Towers J.S.C. In 2009, IHI increased its shareholding in NLI Holdings Limited from 33.3% to 50% at a total cost of €35.9 million. The value of this investment was increased further through a €14.5 million uplift in value of the residential development and another uplift of €38.3 million in the value of the hotel property in 2009 and 2010 respectively. During the financial year ended 31 December 2010, IHI acquired a 25% stake in Medina Towers S.J.C. for a total consideration of €3.9 million. In FY2012, the Group invested a further €9.1 million in Medina Towers.

Loan receivable comprises amounts advanced to NLI Holdings Ltd which as at 31 December 2012 amounted to €43.5 million (2011: €29.5 million). The loan is unsecured, bears interest at 3% and is subordinated to bank borrowings. Amounts advanced to NLI Holdings Ltd are expected to be partially repaid during FY2014 once the disposal of the 12 London apartments is completed, leaving an outstanding balance of €1.4 million.

Current assets are principally made up of working capital assets including: (i) inventories of food and beverage, consumables, room supplies and maintenance stocks; and (ii) amounts receivable from tour operators, corporate customers and credit card companies. Corinthia Hotel Tripoli experienced a material increase in trade receivables during the Libyan conflict in FY2011, which were settled during FY2012. As at 31 December 2012 the largest debtor balance amounted to €17.0 million owed by the parent company and other related companies. The current loan receivable of €11.5 million was issued to CPHCL in FY2011 and was fully repaid in FY2012.

FINANCIAL ANALYSIS SUMMARY

PART 3

5. REVIEW OF FY2013 FORECAST INCLUDED IN FINANCIAL ANALYSIS SUMMARY DATED 28 JUNE 2013

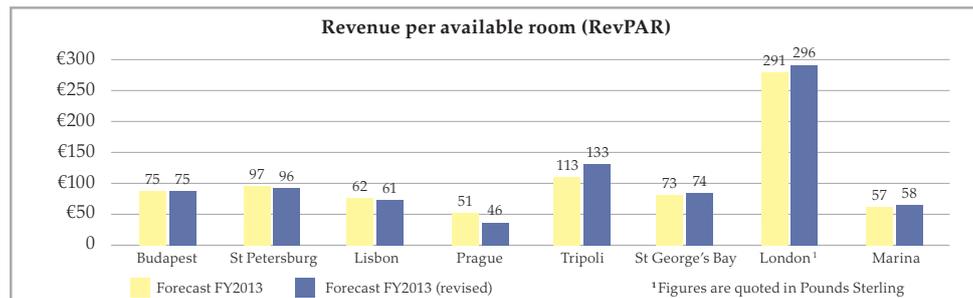

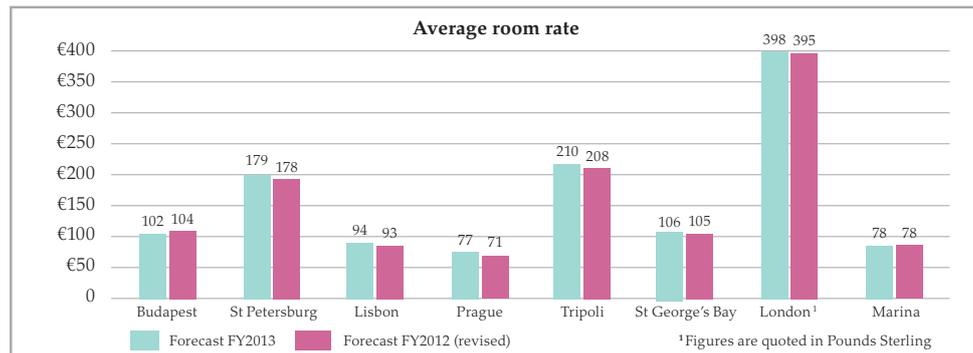

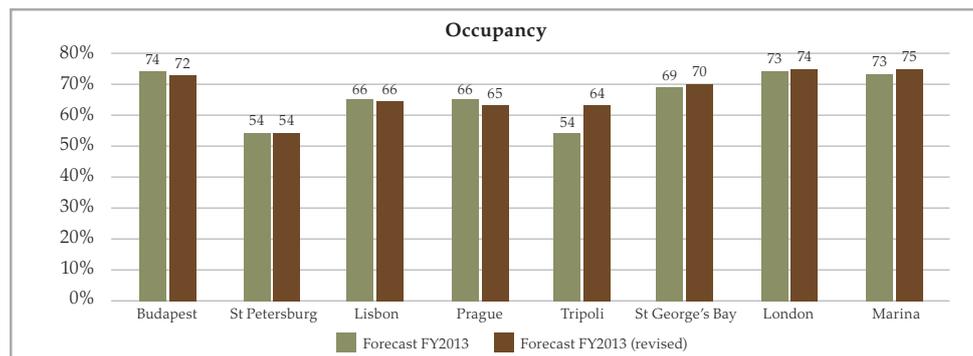

Key Performance Indicators (FY2013)

The charts illustrate key performance indicators of the Group hotels for FY2013, and provide a comparison between the projected FY2013 indicators ("Forecast FY2013") as included in the Financial Analysis Summary dated 28 June 2013 and the revised forecast for FY2013 ("Forecast FY2013 (revised)") included in this Report.

Other than Corinthia Hotel Prague and the Corinthia Hotel Tripoli, the FY2013 performance indicators of the Corinthia Hotels have substantially been reconfirmed by management.

At Corinthia Hotel Prague, the percentage of tour operator business is expected to be higher than budgeted, which will negatively affect average room rate (from €77 to €71) and overall gross operating profit of the Hotel.

As for Corinthia Hotel Tripoli, management had, in the initial part of FY2013, low expectations in terms of operating performance of the Hotel in view of the ongoing unrest in Libya. However, the Hotel is performing well and results for FY2013 should be more positive than budgeted. The Hotel is anticipating an occupancy rate of 64% (an increase of 19% from the initial forecast of 54%) whilst maintaining a stable average room rate at circa €208. This should result in a better than expected RevPAR of €133 (+18%).

The table above compares revenue and gross operating profit for FY2013 as projected in the Financial Analysis Summary dated 28 June 2013 ("Forecast FY2013") to the forecast included in this Report ("Forecast FY2013 (revised)"). From an initial review it is noted that the revised FY2013 revenue and gross operating profit for most of the hotels are broadly in line with the figures included in the 28 June 2013 Financial Analysis Summary.

A downward adjustment has been made to FY2013 (revised) revenue and gross operating profit of Corinthia Hotel Prague due to an anticipated decrease in income from conference & events and leisure business as compared to budget, which is expected to be compensated for by lower yielding tour operator bookings.

The forecast results of Corinthia Hotel Tripoli have been revised upwards since the Hotel is performing better than anticipated. In FY2013 the Hotel is expected to generate €21.0 million in revenue (as compared to the initial budget of €18.2 million) and achieve a GOP of €7.8 million (as compared to the initial budget of €5.7 million). Although the Hotel's performance is improving, it's operations are still significantly lower than the results achieved in FY2009. The ongoing lack of political stability in Libya is preventing foreign businesses from returning to the country and this will likely continue to weigh on the Hotel's operating performance.

¹EBITDA – Earnings before interest, tax, depreciation and amortisation

As illustrated above, the actual revenue and EBITDA figures for FY2013 (revised) were broadly similar to the FY2013 forecast, with a variance at EBITDA level of €1.7 million. More information on said movements is provided in this section under the headings “Key Performance Indicators (FY2013)” and “Operational Performance Variance Analysis (FY2013)”.

It is assumed in the above projected financials that the carrying values of hotel properties remain constant, and for this purpose no values are provided in the line items “Increase in fair value of investment property” and “Net impairment of hotel properties”.

“Share of profit from equity accounted investments” in the Group income statement above mainly represents IHI’s share of results of the Corinthia Hotel London and apartments. The aggregate variance amounts to €13.6 million and principally relates to the reversal of a downward adjustment in the estimated disposal value of the apartments as a result of the delay in the sale of the London apartments. Discussions with potential buyers are still ongoing and the Company expects the sale to be concluded in FY2014.

The above table illustrates information on a group of international hotel operators listed on foreign stock exchanges, and similar data for IHI. Although the hotel operators in the peer group are much larger in terms of market capitalisation when compared to IHI, their hotels compete directly with IHI's hotels in cities in which both have a presence.

Operating cash profits generated by IHI in FY2012 as a percentage of total assets used in the business (EBITDA/Assets) totalled 2.55% (FY2011: 2.11%), and the return to its equity shareholders (EBITDA/Equity) was of 4.62% (FY2011: 3.75%). As indicated in other parts of this document, all hotels of IHI, other than Corinthia Hotel Tripoli, have been underperforming their respective competitive set for a number of years. The recent adverse results of Corinthia Hotel Tripoli are principally due to specific one-off events, and it is expected that as the country continues moving towards normality its performance should improve in the near term, albeit below its peak performance achieved in FY2007. The Group has implemented a strategy across its portfolio of hotels to further reduce low yielding room reservations in favour of higher yielding bookings, which should result in better performance of the hotels as compared to their respective competitive sets. Moreover, this strategy should improve Group operating profits in the coming years and enhance return to equity shareholders.

A common business strategy within the peer group emerges from analysing the above data. All the hotel operators own fewer hotels in relation to their respective hotel portfolios, when compared to IHI. It is possible that the peer group is generating higher returns by managing more hotels without actually owning the properties, and as a result, achieving operational efficiencies through economies of scale and increased profitability.

FINANCIAL ANALYSIS SUMMARY

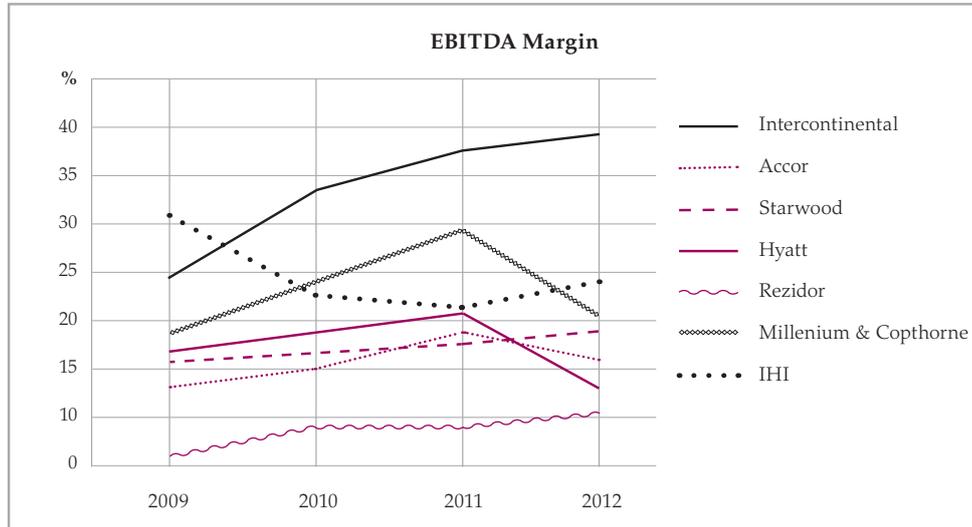

Source: Reuters Wealth Manager, Company information

The peer group, which is a broad reflection of the global hotel industry, was negatively affected by the economic and financial crisis which commenced in FY2008. As depicted in the chart entitled “Revenue Growth”, all hotels registered negative growth in revenue in FY2009 ranging from -6.96% for Millennium & Copthorne to -27.70% for Accor. In the subsequent two financial years, all hotels within the peer group registered a recovery in revenue growth, except for IHI which was hampered by a decline in performance of the Corinthia Hotel Tripoli as a result of a decrease in business activity in Libya in FY2010 following the imposition of visa restrictions, and the Libyan conflict the year after. In FY2012, Group revenue improved considerably with an increase of 13.77% on previous year. The main contributors were the addition of the Marina Hotel to the Group portfolio (+€6.6 million) and the positive performance achieved at Corinthia Hotel St Petersburg (+15%) and Corinthia Hotel Tripoli (+20%).

FINANCIAL ANALYSIS SUMMARY

Source: Reuters Wealth Manager, Company information

The above chart entitled “EBITDA Margin” emphasises the profitability at operational level of each hotel company within the peer group prior to other charges, including depreciation, interest payable, asset impairment and exceptional items. EBITDA margin is computed by dividing operating profit before depreciation by revenue. In FY2009, IHI managed to maintain a strong EBITDA margin of 31% principally due to the continued positive performance of the Corinthia Hotel Tripoli which mitigated the adverse impact of the European recession on IHI’s Central European hotels. Further to the events in Libya, and the negative consequences on the performance of the Corinthia Hotel Tripoli, IHI’s EBITDA margin decreased significantly to 22% in FY2010 and 21% in FY2011, but recovered to 23.38% in FY2012.
