2.3 WHAT ARE THE KEY RISKS SPECIFIC TO THE ISSUER?

The most material risk factors specific to the Issuer which may negatively impact the operations and financial position of the Issuer should the circumstances mentioned therein materialise are set out below:

2.3.1 Issuer's dependence on Hili Ventures and on payments due by related Hili Ventures Companies

The Issuer will be dependent on the receipt of loan repayments from Group borrowing entities in order to service interest payments on the Bonds and eventually repay the principal of the Bonds. In this respect, therefore, the operating results of said Group borrowing entities have a direct effect on the Issuer's financial position, and as such the risks intrinsic to the business and operations of such other Hili Ventures Companies shall have a direct effect on the ability of the Issuer to meet its Bond Obligations punctually when due. In this respect, the Issuer is dependent on the business prospects of Hili Ventures, and consequently, the operating results and cash flows of the Guarantor and/or other Hili Ventures Companies have a direct effect on the Issuer's financial position and performance. As such, the risks intrinsic in the business and operations of Hili Ventures shall have a direct effect on the financial position of the Issuer.

2.3.2 COVID-19 pandemic and possible similar future outbreaks

Different regions in the world have, from time to time, experienced outbreaks of various viruses. The widespread global pandemic of the infectious disease COVID-19 is continuing to take place and ensuing restrictions remain in force. While COVID-19 is still spreading and the final implications of the pandemic are difficult to estimate at this stage, it is clear that it will affect the lives of a large portion of the global population and continue to cause significant effects. Over recent months, the pandemic has caused state of emergencies being declared in various countries, travel restrictions being imposed, quarantines been established and various institutions and companies being closed. The ongoing COVID-19 pandemic and any possible future outbreaks of viruses may have a significant adverse effect on the Issuer and the Group.

3.3.3 Key risks specific to the Guarantor

As stated above, the risks of the Issuer are indirectly those of Hili Ventures and, in turn, all risks relating to the Group, including the Guarantor, are the risks relevant to the Issuer. The most material risk factors specific to the Guarantor which may negatively impact the operations and financial position of the Guarantor should the circumstances mentioned therein materialise are set out below:

3.3.3.1 Hili Ventures' indebtedness could adversely affect its financial position

Hili Ventures has a material amount of debt and may incur additional debt in connection with its future growth and business development strategy. Consequently, a portion of Hili Ventures' generated cash flows will be required to make principal and interest payments on Hili Ventures' debt. Furthermore, any borrowings under bank credit facilities will likely be at variable interest rates, which could cause Hili Ventures to be vulnerable to increases in interest rates. The agreements regulating Hili Ventures' bank debt may impose significant financial covenants on Hili Ventures, the covenants of which could limit Hili Ventures' ability to obtain future financing, make capital expenditure, withstand a future downturn in business or economic conditions generally or otherwise inhibit the Group's ability to conduct necessary corporate activities.

3.3.3.2 Hili Ventures may be exposed to certain financial risks, including interest rate risk, which Hili Ventures may be unable to effectively hedge against

Hili Ventures' activities potentially expose it to a variety of financial risks, including market risk (principally interest rate risk and fair value risk), transaction risk, credit risk and risks associated with the unpredictability of financial markets, all of which could have adverse effects on the financial performance of Hili Ventures. Hili Ventures may be exposed to the risks associated with the effects of fluctuations in the prevailing levels of market interest rates on its financial position and cash flows if any future borrowings are made under bank credit facilities set at variable interest rates.

3.3.3.3 Substantial competition could reduce Hili Ventures' market share and significantly harm its financial performance

Hili Ventures has a trading history predominantly in the technology and engineering industries; distribution of IT retail and consumer electronic products and services; transportation and logistics sector; ownership, development and management of properties; and operation of quick service restaurants. Each of the aforementioned business sectors are characterised by strong and increasing competition. Many of Hili Ventures' current and potential competitors' operating histories, name recognition, customer bases and financial and other resources are a competitive factor for Hili Ventures wherever it may have business interests. Severe competition in certain countries could adversely affect Hili Ventures' business and operating results.

3.3.3.4 Premier Capital Plc and its subsidiaries' dependence on its licensor/franchisor

The quick service restaurant operations system in Estonia, Latvia and Lithuania (the "Baltic countries"), Greece, Malta and Romania is developed pursuant to the terms of franchises issued by the franchisor. Premier Capital Plc and its subsidiaries' revenues are dependent on the continued existence of its contractual relationships with the franchisor, and, in turn, of its right to operate quick service restaurants in Malta, the Baltic countries, Greece and Romania. In view of the nature of franchising and the said franchise agreements entered into with the franchisor, the long-term success of Premier Capital Plc and its subsidiaries will depend, to a significant extent, on the continued vitality of the quick service restaurant concepts and the overall success of the franchise system and the quality, consistency and management of the franchisor's overall systems, amongst others.

3.4 WHAT ARE THE KEY RISKS THAT ARE SPECIFIC TO THE BONDS?

The most material risk factors specific to the Bonds are set out below:

- There can be no assurance that an active secondary market for the Bonds will develop, or, if it develops, that it will continue. There can be no assurance that an investor will be able to sell or otherwise trade in the Bonds at or above the Bond Issue Price, or at all.

- Investment in the Bonds involves the risk that subsequent changes in market interest rates may adversely affect the value of the Bonds.
- Even after the Bonds are admitted to trading on the Official List of the MSE, the Issuer is required to remain in compliance with certain requirements relating, *inter alia*, to the free transferability, clearance and settlement of the Bonds in order to remain a listed company in good standing.
- The Bonds, as and when issued and allotted, shall constitute the general, direct, unconditional and unsecured obligations of the Issuer and shall be guaranteed in respect of both the interest due and the principal amount under said Bonds by the Guarantor. The Bonds shall, at all times, rank *pari passu* without any priority or preference among themselves and with other outstanding and unsecured debt of each of the Issuer and the Guarantor, present and future, if any, save for such exceptions as may be provided by applicable law. This means that any secured or privileged debts of the Issuer shall rank, at all times, ahead of the obligations of the Issuer under the Bonds, as a result of which the Bondholders may not be able to recover their investment in the Bonds in the case of insolvency or an equivalent situation, whether in full or in part.

2. RISK FACTORS

PROSPECTIVE INVESTORS SHOULD CAREFULLY CONSIDER WITH THEIR OWN INDEPENDENT PROFESSIONAL ADVISORS THE FOLLOWING RISK FACTORS AND OTHER INVESTMENT CONSIDERATIONS, AS WELL AS ALL THE OTHER INFORMATION CONTAINED IN THE PROSPECTUS, BEFORE MAKING ANY INVESTMENT DECISION WITH RESPECT TO THE ISSUER.

SOME OF THESE RISKS ARE SUBJECT TO CONTINGENCIES WHICH MAY OR MAY NOT OCCUR AND NEITHER THE ISSUER NOR THE GUARANTOR IS IN A POSITION TO EXPRESS ANY VIEWS ON THE LIKELIHOOD OF ANY SUCH CONTINGENCIES OCCURRING.

WHILE THE SEQUENCE IN WHICH THE RISKS BELOW ARE LISTED IS INTENDED TO BE INDICATIVE OF THE ORDER OF PRIORITY AND OF THE EXTENT OF THEIR CONSEQUENCES, PROSPECTIVE INVESTORS ARE HEREBY CAUTIONED THAT THE OCCURRENCE OF ANY ONE OR MORE OF THE RISKS SET OUT BELOW COULD HAVE A MATERIAL ADVERSE EFFECT ON THE ISSUER'S, GUARANTOR'S AND GROUP'S BUSINESS, RESULTS OF OPERATIONS AND FINANCIAL CONDITION.

IF ANY OF THE RISKS DESCRIBED BELOW WERE TO MATERIALISE, THEY COULD HAVE A SERIOUS EFFECT ON THE ISSUER'S AND/OR GUARANTOR'S FINANCIAL RESULTS AND TRADING PROSPECTS AND ON THE ABILITY OF THE ISSUER TO FULFIL ITS OBLIGATIONS UNDER THE SECURITIES TO BE ISSUED IN TERMS OF THE PROSPECTUS AND OF THE GUARANTOR TO HONOUR ITS OBLIGATIONS UNDER THE GUARANTEE. THE RISKS AND UNCERTAINTIES DISCUSSED BELOW ARE THOSE IDENTIFIED AS SUCH BY THE DIRECTORS OF THE ISSUER AND THE GUARANTOR AS AT THE DATE OF THE PROSPECTUS, BUT THESE RISKS AND UNCERTAINTIES MAY NOT BE THE ONLY ONES THAT THE ISSUER AND THE GUARANTOR MAY FACE. ADDITIONAL RISKS AND UNCERTAINTIES, INCLUDING THOSE WHICH THE ISSUER'S AND/OR GUARANTOR'S DIRECTORS ARE NOT CURRENTLY AWARE OF, MAY WELL RESULT IN A MATERIAL IMPACT ON THE FINANCIAL CONDITION AND OPERATIONAL PERFORMANCE OF THE ISSUER AND/OR THE GUARANTOR.

NEITHER THE PROSPECTUS NOR ANY OTHER INFORMATION SUPPLIED IN CONNECTION WITH SECURITIES ISSUED BY THE ISSUER:

(I) IS INTENDED TO PROVIDE THE BASIS OF ANY CREDIT OR OTHER EVALUATION; NOR

(II) SHOULD BE CONSIDERED AS A RECOMMENDATION BY THE ISSUER, THE SPONSOR, THE MANAGER & REGISTRAR OR AUTHORISED FINANCIAL INTERMEDIARIES THAT ANY RECIPIENT OF THIS PROSPECTUS OR ANY OTHER INFORMATION SUPPLIED IN CONNECTION THEREWITH, SHOULD PURCHASE ANY SECURITIES ISSUED BY THE ISSUER.

PROSPECTIVE INVESTORS SHOULD MAKE THEIR OWN INDEPENDENT EVALUATION OF ALL RISK FACTORS AND SHOULD CONSIDER ALL OTHER SECTIONS IN THIS DOCUMENT.

2.1 FORWARD-LOOKING STATEMENTS

The Prospectus and the documents incorporated therein by reference or annexed thereto contain forward-looking statements that include, among others, statements concerning the Issuer's and Guarantor's strategies and plans relating to the attainment of their respective objectives, capital requirements and other statements of expectations, beliefs, future plans and strategies, anticipated developments and other matters that are not historical facts and which may, accordingly, involve predictions of future circumstances.

Prospective investors can generally identify forward-looking statements by the use of terminology such as "may", "will", "expect", "intend", "plan", "estimate", "anticipate", "believe", or similar phrases. Such forward-looking statements are inherently subject to a number of risks, uncertainties and assumptions, a few of which are beyond the Issuer's and Guarantor's control. Important factors that could cause actual results to differ materially from the expectations of the Issuer's and Guarantor's directors include those risks identified under the heading "Risk Factors" and elsewhere in the Prospectus.

If any of the risks described below were to materialise, they could have a material adverse effect on the Issuer's and Guarantor's financial results and trading prospects and the ability of the Issuer to fulfil its Bond Obligations under the securities to be issued in terms of the Prospectus and of the Guarantor to honour its obligations under the Guarantee.

Accordingly, the Issuer and Guarantor caution prospective investors that these forward-looking statements are subject to risks and uncertainties that could cause actual events or results to differ materially from those expressed or implied by such statements, that such statements do not bind the Issuer and Guarantor with respect to future results and no assurance is given that the projected future results or expectations covered by such forward-looking statements will be achieved.

Prospective investors are advised to read the Prospectus in its entirety and, in particular, all the risk factors set out in the Prospectus for a further discussion of the factors that could affect the Issuer's and Guarantor's future performance. In the light of these risks, uncertainties and assumptions, the events described in the forward-looking statements in the Prospectus may not occur. All forward-looking statements contained in the Prospectus are made only as at the date hereof. The Issuer and its Directors expressly disclaim any obligations to update or revise any forward-looking statements contained herein to reflect any change in expectations with regard thereto or any change in events, conditions or circumstances on which any statement is based.

2.2 RISKS RELATING TO THE ISSUER

2.2.1 Issuer's dependence on payments due by related Hili Ventures Companies

The proceeds of the Bond Issue shall, in large part, be loaned to Hili Ventures Companies via the Guarantor in the amounts and proportions described in sub-section 5.1 of the Securities Note.

The Issuer will be dependent on the receipt of loan repayments from Group borrowing entities in order to service interest payments on the Bonds and eventually repay the principal of the Bonds. In this respect, therefore, the operating results of said Group borrowing entities have a direct effect on the Issuer's financial position, and as such the risks intrinsic to the business and operations of such other Hili Ventures Companies shall have a direct effect on the ability of the Issuer to meet its Bond Obligations punctually when due.

The loan repayments to be effected by the said Group borrowing companies in favour of the Issuer are subject to certain risks, all of which are beyond the Issuer's control. More specifically, the ability of the Group borrowing companies to effect loan repayments will depend on their respective cash flows and earnings, which may be restricted by the terms of agreements to which they are or may become a party to, including the indenture governing their existing indebtedness, or by other factors beyond the control of the Issuer. The occurrence of any such factors could, in turn, negatively affect the ability of the Issuer to meet its Bond Obligations punctually when due.

2.2.2 Issuer's exposure to and dependence on Hili Ventures and its business

The Issuer is a Subsidiary of the Guarantor forming part of Hili Ventures and has been set up primarily as a finance and investment company with one of its principal purposes being that of financing or re-financing the funding requirements of the business of Hili Ventures. As a finance company, the assets of the Issuer will comprise of loans issued to the Guarantor and/or other Hili Ventures Companies, as aforesaid. In this respect, the Issuer is dependent on the business prospects of Hili Ventures, and consequently, the operating results and cash flows of the Guarantor and/or other Hili Ventures Companies have a direct effect on the Issuer's financial position and performance. As such, the risks intrinsic in the business and operations of Hili Ventures shall have a direct effect on the financial position of the Issuer.

The business activities of Hili Ventures are subject to general market and economic conditions, both locally and overseas. These conditions include, *inter alia*, consumer demand, financial market volatility, inflation, fluctuations in interest rates, exchange rates, direct and indirect taxation, unemployment, credit markets, government spending and other general market and economic conditions. Any further expansion of Hili Ventures' operations into other markets would potentially further increase its susceptibility to adverse economic developments and trends affecting such other markets. The occurrence of any such factors could, in turn, negatively affect the ability of the Issuer to meet its obligations in respect of the repayment of principal and interest under the Bonds punctually when due.

In the event that general market and economic conditions were to experience a downturn, these weakened conditions may have an adverse impact on the financial position and operational performance of Hili Ventures' business activities, potentially having a negative effect on the Issuer's financial position, cash flows, operational performance and its ability to fulfil its obligations under the Bonds.

Specifically, with respect to the Group's operations in the Baltic region (as detailed below in this Registration Document), including, *inter alia*, as a result of the current tensions between Ukraine and Russia, an investment in the Bonds carries the risk that, as a result of said current political tensions between Ukraine and Russia, the general economic conditions in the Baltic states in which Hili Ventures does business could be adversely impacted. The Group has no control over this risk. Accordingly, the Group is susceptible to the political and economic risks that may, from time to time, influence the Baltic region's prospects. Any unexpected changes in the political, social, economic or other conditions in the Baltic region may have an adverse effect on the operations and financial results of the Group and on any investments made by the Group in the region.

2.3 RISKS RELATING TO THE GROUP AND ITS BUSINESS

2.3.1 COVID-19 pandemic and possible similar future outbreaks

Different regions in the world have, from time to time, experienced outbreaks of various viruses. The widespread global pandemic of the infectious disease COVID-19 is continuing to take place and ensuing restrictions remain in force. While COVID-19 is still spreading and the final implications of the pandemic are difficult to estimate at this stage, it is clear that it will affect the lives of a large portion of the global population and continue to cause significant effects. Over recent months, the pandemic has caused state of emergencies being declared in various countries, travel restrictions being imposed, quarantines been established and various institutions and companies being closed. The ongoing COVID-19 pandemic and any possible future outbreaks of viruses may have a significant adverse effect on the Issuer and the Group.

Firstly, a spread of such diseases amongst the employees of the Group, as well as any quarantines affecting the employees of the Group or the Group's facilities, may reduce the possibility of the Group's personnel to carry out their work effectively and thereby affect the Group's operations. Secondly, the current pandemic and any possible future outbreaks of viruses may have an adverse effect on the Group's suppliers and/or transportation companies, resulting in a deficit of production inputs necessary for the Group to carry out its operations.

Further to the above, the Group may be adversely affected by the wider macroeconomic effect of the ongoing COVID-19 pandemic and any possible future outbreaks. While the final effects of the COVID-19 pandemic are, at this stage, difficult to assess as aforesaid, it is possible that it will have substantial negative effect on the economies the Group operates in. These effects may also take place in case of any possible future outbreaks. Any negative effect on the economy may decrease incomes of the end-customers of the Group and the demand for the Group's offerings. Such effects may also result in the insolvency of the Group's business partners, which could affect the operations of the Group, as well as its financial standing.

Any of the factors set out above could have an adverse effect on the Group's profits and financial position.

2.3.2 Hili Ventures' indebtedness could adversely affect its financial position

Hili Ventures has a material amount of debt and may incur additional debt in connection with its future growth and business development strategy. Consequently, a portion of Hili Ventures' generated cash flows will be required to make principal and interest payments on Hili Ventures' debt. Furthermore, any borrowings under bank credit facilities will likely be at variable interest rates, which could cause Hili Ventures to be vulnerable to increases in interest rates.

The agreements regulating Hili Ventures' bank debt may impose significant financial covenants on Hili Ventures, the covenants of which could limit Hili Ventures' ability to obtain future financing, make capital expenditure, withstand a future downturn in business or economic conditions generally or otherwise inhibit the Group's ability to conduct necessary corporate activities. The occurrence of any such factors could, in turn, negatively affect the ability of the Issuer to meet its obligations in respect of the repayment of principal and interest under the Bonds punctually when due.

2.3.3 Hili Ventures may be exposed to certain financial risks, including interest rate risk, which Hili Ventures may be unable to effectively hedge against

Hili Ventures' activities potentially expose it to a variety of financial risks, including market risk (principally interest rate risk and fair value risk), transaction risk, credit risk and risks associated with the unpredictability of financial markets, all of which could have adverse effects on the financial performance of Hili Ventures.

Interest rate risk refers to the potential changes in the value of financial assets and liabilities in response to changes in the level of interest rates and their impact on cash flows. Hili Ventures may be exposed to the risks associated with the effects of fluctuations in the prevailing levels of market interest rates on its financial position and cash flows if any future borrowings are made under bank credit facilities set at variable interest rates. Although in such a case Hili Ventures seeks to hedge against interest rate fluctuations, this may not always be economically practicable.

Furthermore, the possibility of hedging may become more difficult in the future due to the unavailability or limited availability of hedging counter-parties. An increase in interest rates which is not hedged may have a material adverse effect on Hili Ventures' business, financial condition and results of operations.

2.3.4 Substantial competition could reduce Hili Ventures' market share and significantly harm its financial performance

Hili Ventures has a trading history predominantly in the technology and engineering industries, distribution of IT retail and consumer electronic products and services, transportation and logistics sector, ownership, development and management of properties, and operation of quick service restaurants. Each of the aforementioned business sectors are characterised by strong and increasing competition. Many of Hili Ventures' current and potential competitors' operating histories, name recognition, customer bases and financial and other resources are a competitive factor for Hili Ventures wherever it may have business interests. Intense competition in certain countries could adversely affect Hili Ventures' business and operating results.

2.3.5 Premier Capital plc and its subsidiaries' dependence on its licensor/franchisor

The quick service restaurant operations system in Estonia, Latvia and Lithuania (the "Baltic countries"), Greece, Malta and Romania is developed pursuant to the terms of franchises issued by the franchisor. Premier Capital plc and its subsidiaries have undertaken to develop restaurants under and in accordance with the franchisor's brand and standards as prescribed by the applicable master franchise (or franchise) agreements. Furthermore, pursuant to said master franchise (or franchise) agreements entered into with the franchisor, Premier Capital plc and its subsidiaries have been granted the right to adopt and use the quick service restaurant system in accordance with the terms of such agreements.

In light of the foregoing, the Premier Capital plc and its subsidiaries' revenues are dependent on the continued existence of its contractual relationships with the franchisor, and, in turn, of its right to operate franchise-branded restaurants in Malta, the Baltic countries, Greece and Romania. Furthermore, many factors and decisions in the business of Premier Capital plc and its subsidiaries are subject to restrictions, specifications or approval. In view of the nature of franchising and the said franchise agreements entered into with the franchisor, the long-term success of Premier Capital plc and its subsidiaries will depend, to a significant extent, on the continued vitality of the quick service restaurants concepts and the overall success of the franchise system and the quality, consistency and management of the franchisor's overall systems, amongst others.

Furthermore, while every effort is expected to be made to ensure a positive relationship between Premier Capital plc and its subsidiaries and their franchisor, there can be no assurance that events or circumstances in the future may not adversely affect that relationship or that the franchisor will not enforce its contractual rights under any of the said agreements in a manner that is adverse to Premier Capital plc and its subsidiaries.

2.3.6 Risks relating to property investments and operations

Hili Properties plc, a Hili Ventures Company, is involved in managing and maintaining a portfolio of properties. Property values are affected by and may fluctuate, *inter alia*, as a result of changing demand, changes in general economic conditions, changing supply within a particular area of competing space and attractiveness of real estate relative to other investment choices. The value of the property portfolios of Hili Properties plc may also fluctuate as a result of other factors outside the company's control, such as changes in regulatory requirements and applicable laws (including in relation to taxation and planning), political conditions, the condition of financial markets, potentially adverse tax consequences, interest and inflation rate fluctuations and higher accounting and control expenses. The operating performance of Hili Properties plc could be adversely affected by a downturn in the property market in terms of capital values.

Hili Properties plc is also subject to the risk that tenants may terminate or elect not to renew their respective lease. A decline in occupancy levels and/or the re-letting of property at less favourable terms than the current lease terms could adversely impact rental income and operating performance of Hili Properties plc.

2.3.7 Regulation

Hili Ventures is subject to a variety of laws and regulations. As with any business, Hili Ventures is at risk in relation to changes in laws and regulations and the timing and effects of changes in the laws and regulations to which it is subject, including changes in the interpretation thereof which cannot be predicted. No assurance can be given as to the impact of any possible judicial decision or change in law or administrative practice after the date of the Prospectus upon the business and operations of Hili Ventures Companies.

As set out in the table below, Hili Ventures reported a turnover of €490.6 million in FY2019, whereby *circa* 88% represented 'restaurant operations' revenue (being income derived from the operation of the quick service restaurants through Premier Capital plc) and 'IT retail sales' revenue (primarily being income from IT retail and consumer electronic products under the iSpot brand). FY2019 revenue represented an increase of €63.2 million (+14.8%) from the revenue of €427.4 million reported in FY2018, of which:

- €47.6 million (+16.2%) emanates from the restaurant operations, which is the result of new quick service restaurants growing from 146 in 2018 to 156 in 2019, combined with an increase in the revenue per store generated;
- €13.7 million (+17.7%) is attributable to an increase in IT retail sales, based on an increase in the number of clients of 12.5% over 2018 and the conversion rate increased to 9.6% in 2019 from 8.8% in 2018;
- the other revenue segments of the Group reported year-on-year improvements and, in aggregate, increased revenue by €1.8 million (+3.2%) to €58.0 million.

Although FY2020 was impacted by the COVID-19 pandemic, the Group generated €483.2 million in revenue, a decrease of 1.5% (or €7.3 million) when compared to FY2019 revenue. Despite the pandemic causing several business disruptions, especially in the Group's restaurant operations, whereby revenue decreased by €22.3 million (-6.5%) over FY2019 levels as dine-in service was suspended across most restaurants, operations from other segments helped to mitigate these losses. Three segments, in particular, generated an increase in revenue in FY2020, these being:

- the sale of IT products which increased by €3.9 million (+4.3%) over FY2019 levels, as the pandemic accelerated demand towards digital commerce;
- logistic and transport services which increased by €6.9 million (or 40%) over FY2019 levels, driven primarily by the acquisition of STS Marine Solutions. However, excluding the €9.8 million revenue derived from the acquired business, the logistics segment was impacted by the pandemic, particularly due to temporary closure of factories in China, albeit being compensated by increases in volumes in the latter part of the year by favourable rates;
- revenue from engineering services which improved from €7.0 million in FY2019 to €9.1 million (+30%) in FY2020, due to two major projects in the Middle East.

By 30 June 2021 the Guarantor had generated €262.3 million in revenue, with over 87% of revenue emanating from the restaurant operations and sale of IT retail and consumer electronic products. The revenue generated by the Guarantor in the first six months of 2021 represents 54.3% of total revenue generated in FY2020, and an increase of 21.7% over the same period in 2020, illustrating a gradual recovery from the pandemic.

As the Group's cost of sales are primarily variable in nature, they have moved in line with revenue. As a result, the Group's gross profit margin remained relatively constant at *circa* 25% between FY2018 and FY2021.

At the operating level, EBITDA increased from €43.0 million in FY2018 to €65.0 million in FY2019 (+51%), representing an increase in EBITDA margin from 10.1% in FY2018 to 13.2% in FY2019. This increase was driven by the implementation of *IFRS 16 (Leases)* in FY2019, whereby operating lease expenses (previously accounted for in net operating expenses and above EBITDA line) are now reflected in depreciation and net finance costs which are below the EBITDA level.

Consequently, some line items within the income statement of FY2018 and FY2019 cannot be compared given that depreciation and amortisation are split between cost of sales and operating expenses. Although EBITDA margin remained constant at *circa* 14.0% in FY2020 and FY2021, the improvements recorded when compared to FY2019 result from a cost mitigation exercise which was implemented throughout all subsidiaries at the onset of the pandemic, with the aim of safeguarding the Guarantor's liquidity and profitability. As travel and large gatherings were hampered as part of the national restrictions imposed to curtail the pandemic, travelling and entertainment costs were reduced, hence resulting in a decrease in net operating expenses.

Depreciation and amortisation were higher in FY2019 by €11.4 million primarily due to the impact of IFRS 16. The depreciation and amortisation charge during FY2020 increased to €29.9 million (FY2019: €27.2 million), mainly on account of the opening of new stores from the Group's restaurant operations, and the acquisition of STS Marine Solutions.

Net investment income reached €5.4 million in FY2019. The principal items of investment income comprised a gain on disposal of shares in Harvest Technology plc of €5.8 million and increases in fair value of property of €2.7 million. Investment losses included the full impairment of the IT retail and consumer electronic products store in Romania of €0.3 million and an impairment loss of €3.5 million arising on the logistics business.

Finance costs mainly consist of interest incurred on the Issuer's bonds currently in issue, in addition to finance costs on bank borrowings and finance lease liabilities (IFRS 16). Finance costs have increased from €12.0 million in FY2018 to €19.5 million in FY2020 on account of IFRS 16 and higher bond interest payable following the issuance of new bonds to the general public in both FY2018 and FY2019.

The Group registered a profit after tax of €22.6 million in FY2019, an increase of €10.8 million (+91%) when compared to €11.8 million reported in FY2018. After accounting for other comprehensive income of €7.4 million (mainly made up of uplifts in fair value of property, plant and equipment), the Group's total comprehensive income amounted to €30.0 million in FY2019 (FY2018: €13.7 million). This decreased to €13.7 million in FY2020, principally due to the impact of the pandemic, but totalled €12.1 million in the first six months of FY2021.

Non-current assets in the statement of financial position as at 30 June 2021 amounted to €528.3 million (2020: €522.3 million). Notable items include: (i) goodwill and other intangibles amounting to €106.6 million (2020: €106.3 million), which principally relate to goodwill on acquisitions of going concerns, support services license, acquired rights, franchise fees for restaurant operations, patents and trademarks for IT retail and consumer electronic products and computer software licenses; and (ii) property, plant and equipment and investment property amounting to €215.6 million (2020: €214.4 million), which comprises improvements to leased properties, equipment and properties owned by Hili Properties plc.

Current assets as at 30 June 2021 amounted to €116.7 million (2020: €102.0 million) and primarily include inventory, trade receivables, other assets and cash balances. Current liabilities amounted to €106.4 million (2020: €103.4 million), made up of borrowings as to €15.8 million (2020: €24.9 million) and other liabilities of €90.5 million (2020: €78.5 million). Hili Ventures' liquidity ratio (which is measured by dividing current assets by current liabilities and indicates a company's ability to pay its current liabilities from its current assets), as at 30 June 2021, stood at 1.10 times (2020: 0.99 times).

Non-current liabilities as at 30 June 2021 amounted to €424.5 million (2020: €414.0 million) and mainly includes borrowings and bonds, as well as lease liabilities on account of IFRS 16. The equity value of Hili Ventures as at 30 June 2021 totalled €114.1 million (2020: €106.8 million).

Net cash flows from operating activities in FY2020, as presented in the statements of cash flows for the year ended 31 December 2020, amounted to €44.9 million as compared to €48.6 million in the prior year. In the first six months of 2021, net cash from operating activities totalled €37.2 million. The majority of cash generated from operating activities pertains to the restaurant and sale of IT retail and consumer electronic products, which is offset by net cash outflows in working capital movements and interest and tax payments.

In FY2020, Hili Ventures used €48.6 million in investment activities, as compared to €65.9 million in FY2019, primarily to acquire investment property, property, plant and equipment, and other assets. In the first six months of 2021, Hili Ventures used €11.0 million in investment activities.

Cash flows from financing activities includes the repayment of existing loans, the payment of rents to third parties and dividends. These cash outflows were mainly financed through cash generated from operations, as well as bank loan drawdowns and new bonds issued in both FY2018 and FY2019. Cash and cash equivalents as at 30 June 2021 amounted to €61.7 million, an increase of €19.8 million from the opening balance on 1 January 2021.

7. PRINCIPAL INVESTMENTS

The recent principal investments of Hili Ventures are described hereunder:

- In April 2020, the Group, acting through 1923 Investments plc, completed the acquisition of all non-US ship-to-ship operations from marine energy transporter Teekay Tankers in order to fulfil its strategy to make greater strides in international shipping in the near term. Based in Sunderland, a highly experienced team at the newly incorporated STS Marine Solutions provides ship-to-ship and ship-to-shore transfers of crude oil, refined petroleum, LPG and LNG. The team, which manages Jordan's first LNG import terminal, oversees operations at 24 bases around the globe, where core activities comprise oil and gas and LNG support, emergency support services and consultancy. STS Marine Solutions has over 30 years' transfer experience as well as experience in terminal management and project consultancy. STS Marine Solutions provides ship-to-ship services in 24 locations, including in Gibraltar, Cyprus, Dubai, Norway, Yosu (South Korea), Subic Bay (Philippines), Augusta and Malta. This was the only key acquisition made by the Group during 2020. In Q3 2020, 1923 Investments also discontinued the freight forwarding business to focus primarily on ship-to-ship services and warehousing in Malta.

Part of the proceeds of the Bond Issue shall be utilised to part re-finance the acquisition in question, as set out in further detail in sub-section 5.1 of the Securities Note.

- In October 2020, Hili Ventures' quick service restaurant business Premier Capital plc, the developmental licensee for a major brand under franchise in Estonia, Greece, Latvia, Lithuania, Malta and Romania, secured 100% ownership of the Romanian business after acquiring the 10% stake held by a single shareholder.
- In Q3 2020, HV Hospitality Limited unveiled its plans for the new Comino Hotel and Bungalows on the island of Comino. With a focus on sustainability, the total investment is projected to reach between €110 million and €120 million. The project, entirely held by HV Hospitality Limited, will introduce a higher tier of hospitality than is currently on offer across the Maltese islands.

HV Hospitality Limited has initiated the design process to redevelop the existing properties into an exclusive five-star hotel and luxury serviced bungalows and is awaiting the issuance of the necessary approvals and permits to be able to advance to the development phase.

The design team for this project is led by world-renowned architect Antonio Belvedere who is committed to deliver a project that blends with the natural environment. HV Hospitality Limited has also engaged ARUP, one of the world's leading engineering practices, with a brief to capture sustainable design strategies. It is expected that the planning permission will be obtained during the year 2022, and the project will take approximately 24 months to complete.

Looking ahead, in line with its three-year plans to 2024, Hili Ventures intends to continue on its growth trajectory, pursuing expansion organically and through mergers and acquisitions, broadly as follows:

- In 2021, the Group has been actively engaged in seeking partners and investors for a collection of attractive propositions in a range of sectors and markets, a number of which are expected to materialise within the 3-year time frame indicated above. Hili Ventures' investment arm 1923 Investments plc intends to intensify its mergers and acquisitions activity to the tune of €50 million by forging strategic international partnerships.
- The Group's quick service restaurant operations team remains committed to its ambitious vision for the next five years, renovating existing restaurants and upgrading its retail outlets to increase drive-through and delivery concepts, and is determined to open more than 50 restaurants in the next five years, including eight which have opened in 2021.
- Hili Properties plc aims to expand its portfolio beyond retail and office properties by venturing into partnerships with prominent players on the wider European market. In 2022, it is expected that Hili Properties plc will continue to focus on its expansion strategy to more Central and Eastern Europe countries that present stable economic growth and potential via the acquisition of strategically positioned immovable property that is typically occupied by reputable tenants, with a view to securing both sustainable income and strong capital returns.

In this regard, a share sale and purchase agreement was entered into on 17 November 2021 (the "SPA") by and between Hili Properties plc in its capacity as buyer and YIT Lietuva UAB in its capacity as seller, in virtue of which Hili Properties plc undertook to acquire from the seller 100% of the shares issued in the capital of UAB Indev, a Lithuanian company with registration number 305504167 (the "Target"). The Target, in turn, owns a property in Lithuania, which comprises of a sublease title to a plot of land and a building consisting of manufacturing, storage and office

premises. The property also includes integrated engineering equipment, machinery and movable property located therein. The building has been commissioned and handed over to the tenant UAB REHAU Production LT at the end of 2021. The price of the property was €20,850,979 and the transaction was closed on 29 December 2021.

Part of the proceeds of the Bond Issue shall be utilised to re-pay, in full, two intercompany loans taken out to fund an equity investment by the Guarantor in Hili Properties plc for the purpose of the latter acquiring commercial immovable property in furtherance of the Group's strategy of expanding its investment property portfolio, as set out above in sub-section 5.1 of the Securities Note.

8. BUSINESS DEVELOPMENT STRATEGY AND TREND INFORMATION

8.1 TREND INFORMATION OF THE ISSUER

There has been no material adverse change in the prospects or in the financial or trading position of the Issuer since the date of publication of its latest audited financial statements for the period ended 31 December 2020.

The Issuer is dependent on the business prospects of the Guarantor and, therefore, the trend information relating to the Guarantor has a material effect on its financial position and prospects.

As at the time of publication of this Registration Document, the Guarantor considers that generally it shall be subject to the normal business risks associated with the business in which Hili Ventures operates, and, barring unforeseen circumstances, does not anticipate any trends, uncertainties, demands, commitments or events outside the ordinary course of business that could be considered likely to have a material effect on the upcoming prospects of Hili Ventures and its business, at least with respect to the current financial year. However, investors are strongly advised to carefully read the risk factors in the Prospectus.

8.2 THE GUARANTOR

There has been no material adverse change in the prospects of the Guarantor since the date of its last published audited consolidated financial statements for the period ended 31 December 2020.

The Guarantor's business strategy focuses on two principal elements as described hereunder:

- **Management strategy**, which involves the proactive financial and operational management of the businesses owned by Hili Ventures, so as to achieve positive operational results, distribute dividends to the Guarantor on a regular basis and increase shareholder value. The Guarantor monitors and supports Hili Ventures Companies by, *inter alia*:
 - assisting in the recruitment and retention of talented senior executives to operate the businesses owned by the Guarantor;
 - regularly monitoring financial and operational performance of Hili Ventures Companies to effectively ensure that set goals and organic growth strategies are achieved;
 - assisting Hili Ventures Companies in controlling and right-sizing overhead costs; and
 - forming strong subsidiary level boards of directors to support executive management in their development and implementation of strategic goals and objectives.
- **Acquisition strategy**, which involves the acquisition of businesses that are expected to produce positive earnings and cash flow and have high growth potential. In this respect, the Guarantor may acquire companies operating in sectors other than those in which Hili Ventures currently operates if the directors believe an acquisition target presents an attractive opportunity.

8.2.1 Premier Capital plc

The principal objective of Premier Capital plc and its subsidiaries is to focus on the expansion of the quick service restaurant network within existing and new markets, given the belief of Premier Capital plc's management that there is significant market potential to continue to develop the quick service restaurant concept in Malta, the Baltic countries, Romania and Greece and, possibly, other territories (subject to franchisor's approval and granting of the associated licenses).

The opportunities for further expansion in the regions in which Premier Capital plc operates will depend on a number of factors that could have a material impact on Premier Capital plc's strategy to increase its operational presence in these territories. These factors are driven principally by the level of penetration that management reckons is sustainable in each of these territories to conduct profitable operations.

In devising future strategy, Premier Capital plc's management takes an ad hoc regional view of: general macro-economic conditions; the social development of the population; competition; regulation; affluence; political and economic stability within each territory. Moreover, Premier Capital plc commissions regular market studies in each of the territories in which it operates restaurants in order to keep under review all the

relevant market conditions that could have an impact on its development strategy and to enable it to react in a timely manner as and when market conditions so dictate.

On the basis of data available to Premier Capital plc's management, it transpires that the Maltese market, the Baltic countries market, as well as the Romanian and the Greek markets, can sustain further expansion, albeit not necessarily with the same potential.

In the case of Malta and the Baltic countries, Premier Capital plc already has a high penetration rate, comparable to that prevailing in the more developed city centres in Western Europe. Premier Capital plc's management believes that growth in these regions remains sustainable, with plans for relocations and renovations of its existing restaurants.

In the case of Romania and Greece, Premier Capital plc's management believes that there is further room for higher penetration rates. The relatively low penetration rate of restaurants per capita, combined with the high level of brand recognition enjoyed and Premier Capital plc's pricing strategy for the region, is believed to postulate the right platform for expansion in these regions.

Europe's food delivery markets have grown significantly over the years as large market players commenced operations in certain key countries, with the COVID-19 pandemic boosting growth even further.

Despite the challenging conditions brought about by the pandemic, Premier Capital plc successfully navigated the restrictive measures brought about by the unprecedented scenario. Indeed, restaurants continued to serve customers mainly through drive-through and delivery services and lobby take-out, as dine-in service was restricted across most of the Group's footprint.

8.2.2 1923 Investments plc

The principal objective of 1923 Investments plc is to operate and manage Hili Ventures' investments, other than the operation of quick service restaurants and the property division, which are managed by Premier Capital plc and Hili Properties plc, respectively. The following is an overview of the business strategies and trends affecting each of the businesses currently operated by 1923 Investments plc, specifically, iSpot, Harvest Technology and Hili Logistics.

8.2.2.1 The business of iSpot

The market in Poland and Hungary for IT retail and consumer electronic products and services is highly competitive. As with other developed markets, the market is characterised by frequent product introductions and rapid technological advances that have substantially increased the capabilities and use of mobile communication and media devices, personal computers, and other digital electronic devices. iSpot competes with other resellers of IT retail and consumer electronic products and services, and therefore competing factors include mainly price of products, as well as location of stores, quality of service provided and share of the business-to-business ('B2B') market. iSpot's other competitors, which sell IT retail and consumer electronic products as well as other mobile devices and personal computers based on other operating systems, typically undertake aggressive price cuts and lower their product margins to gain or maintain market share. The challenge of the IT retail and consumer electronic products premium reseller stores is to differentiate the total service experience beyond the product. iSpot is, however, designing new ways to expand the business generated from its retail platforms beyond the current business-to-consumer ('B2C') activity, which will definitely create growth opportunities for the company's already strong portfolio in the market.

Principal competitive factors important to iSpot include price, product features, relative price/performance, product quality and reliability, design innovation, a strong third-party software and peripherals ecosystem, marketing and reselling capability, service and support, and corporate reputation.

8.2.2.2 The business of Harvest Technology

Harvest Technology aims to bring people together to share their skills, creativity, optimism and vision. Through entrepreneurship, ambition and opportunity, Harvest Technology wants to create a space where companies with long-lasting ideas can gain access to resources and expertise that will help them define the right strategic footing to broaden their horizons and succeed.

The IT hardware, software and services industry is very fragmented and highly competitive. Harvest Technology competes with a large number and wide variety of marketers and resellers of IT hardware, software and services. The competitive landscape in the industry is continually changing as various competitors expand their product and service offerings. In addition, emerging models such as cloud computing are creating new competitors and opportunities in messaging, infrastructure, security, collaboration and other services offerings, and, as with other areas, the above-mentioned companies resell and compete directly with many of these offerings.

With reference to payment gateway solutions, management believes that electronic transactions will expand further in the future and that an increasing percentage of these transactions will be processed through emerging technologies. Competitors are continually offering innovative products and enhanced services, such as products that support smart phones that contain mobile wallet software. As mobile payments continue to evolve and are desired by merchants and consumers, Harvest Technology will continue to develop new products and services that will leverage the benefits that these new technologies can offer customers. In addition, it is expected that new markets will develop in areas

that have been previously dominated by paper-based transactions. Industries such as e-commerce, government, recurring payments and business-to-business should continue to see transaction volumes migrate to more electronic-based settlement solutions.

As such, the continued development of new products and services and the emergence of new vertical markets are expected to provide opportunities for Harvest Technology to expand its business in the years to come.

8.2.2.3 The business of Hili Logistics

The logistics services industry is intensely competitive and is expected to remain so for the foreseeable future. There are a large number of companies competing in one or more segments of the industry, and a more limited number of firms with a global network that offer a full complement of logistics services. Furthermore, there are new technology-based competitors entering the industry. Many of these competitors have significantly more resources than Hili Logistics. Depending on the location of the shipper and the importer, Hili Logistics must compete against both the niche players and larger entities. The industry continues to experience consolidations into larger firms aiming for stronger and more complete multinational and multi-service networks. However, regional and local competitors still maintain a strong market presence in certain areas.

Prior to the COVID-19 pandemic, there has been a strong upward trend in international freight traffic, primarily driven by the proliferation of the e-commerce industry. The pandemic created related supply chain disruptions causing labour shortages, fragmented supply lines, a weakened infrastructure and ambiguity with respect to the rules and regulations for mobility of goods. The effect of the pandemic has inevitably led to delay in deliveries, traffics and an increase in pricing. However, the impact is volatile and unequal as e-commerce shipping at intra-region level has seen an upward shift with an increase in online transactions, while those facilitated through offline networks have taken a setback.

The primary competitive factors in the logistics services industry continue to be price and quality of service, including reliability, responsiveness, expertise, convenience, and scope of operations. Hili Logistics emphasises quality customer service and is focused on optimising operations so as to maintain competitive prices over others in the industry.

Management has a strategy to grow Hili Logistics through the development of its current core activities and, in particular, endeavours to add new geographic territories, enhance the current base of customers, and/or add new services. The operating companies forming part of Hili Logistics shall continue to exploit synergies, collaborate on projects and attract new clients by utilising existing logistical contacts and supply chains.

8.2.3 Hili Properties plc

It is the objective of Hili Properties plc and its subsidiaries to continue to act as the property holding vehicle of Hili Ventures. In this regard, Hili Properties plc aims to continue to manage existing properties and to acquire and dispose of properties as necessary to meet the needs of Hili Properties plc's business operations. The rents chargeable by Hili Properties plc to Hili Ventures Companies are based on commercial rental rates and respective lease agreements are entered into on an arms-length basis.

With respect to the remaining portfolio, Hili Properties plc's strategy is to create a property portfolio consisting primarily of attractively-located, institutional and high quality, income-producing investment properties to deliver income and capital growth through active asset management.

Hili Properties plc intends to continue to source its investment opportunities primarily through the board of directors' extensive network of relationships within the immovable property markets in which it operates, which include the corporate and private landlords, brokers, domestic banks and others. The board of directors expects to create both sustainable income and strong capital returns for Hili Properties plc.

8.2.4 HV Marine Limited

HV Marine Limited aims to become a key player in the marine industry. Its vision is to develop a strong network of critical infrastructure for berthing, operating and servicing of yachts. Its mission is to become the leader in providing high quality marine facilities and complementary services, delivered to customers through sustainable businesses which encourage local employment and add value to local economies. As part of its growth strategy, HV Marine Limited is continuously seeking new opportunities through acquisitions, joint ventures and strategic partnerships. To date it has one subsidiary, Motherwell Bridge Industries Limited, a market leader in the engineering sector, particularly in the construction and maintenance of port handling equipment.

9. ADMINISTRATIVE, MANAGEMENT AND SUPERVISORY BODIES

9.1 THE ISSUER

9.1.1 Executive and Non-Executive Directors

The Memorandum of Association of the Issuer provides that the business and affairs of the Issuer shall be managed and administered by a Board of Directors to be composed of not less than four and not more than six Directors, who are appointed by the shareholders.

Directors of the Issuer are appointed by means of an ordinary resolution in general meeting. Accordingly, the Guarantor is empowered to appoint the Directors of the Issuer, thereby putting it in a position to appoint an absolute majority of the Directors of the Issuer and, accordingly, have control over the management and operations of the Issuer.

The Issuer is currently managed by a Board consisting of five Directors entrusted with its overall direction, including the establishment of strategies for future development. Its responsibilities include the oversight of the Issuer's internal control procedures and financial performance, and the review of the Issuer's business risks, thus ensuring such risks are adequately identified, evaluated, managed, and minimised. All the Directors have access to independent professional advice at the expense of the Issuer, should they so require.

The executive Director of the Issuer is entrusted with the company's day-to-day management and is also a director or officer of other companies within Hili Ventures. The only executive Director of the Issuer is Dorian Desira.

The main functions of the remaining four non-executive Directors comprising the Board, two of whom are also independent of the Issuer, are to monitor the operations of the executive Director and his performance, as well as to review any proposals tabled by the executive Director. The non-executive Directors are Geoffrey Camilleri, Keith Busuttil, Jacqueline Camilleri and Mario Vella, with the latter two also being independent of the Issuer.

In line with generally accepted principles of sound corporate governance, at least one of the Directors shall be a person independent of the Group.

None of the Directors have been:

- a) convicted in relation to fraud or fraudulent conduct;
- b) made bankrupt or associated with any liquidation or insolvency caused by action of creditors;
- c) the subject of any official public incrimination or sanction by any statutory or regulatory authority; or
- d) disqualified by a court from acting as director or manager.

The Directors believe that the Issuer's current organisational structure is adequate for its present activities. The Directors will maintain this structure under continuous review to ensure that it meets the changing demands of the business and to strengthen the checks and balances necessary for better corporate governance.

9.1.2 Directors' service contracts

None of the Directors of the Issuer have a service contract with the Issuer.

9.1.3 Aggregate emoluments of Directors

Pursuant to the Company's Memorandum and Articles of Association, the maximum annual aggregate emoluments that may be paid to the Directors is determined by the Company in general meeting. Specifically, in terms of the Memorandum and Articles of Association, the aggregate emoluments of all Directors in any one financial year, and any increases thereto, shall be such amount as may from time to time be determined by the Issuer in general meeting, and any notice convening the general meeting during which an increase in the maximum limit of such aggregate emoluments shall be proposed shall contain a reference to such fact. The Directors may also be paid all travelling, hotel and other expenses properly incurred by them in attending and returning from meetings of the Directors or any committee of the Directors or general meetings of the Issuer or in connection with the business of the Issuer.

The remuneration of Directors is a fixed amount *per annum* and does not include any variable component relating to profit sharing, share options or pension benefits. During the financial year ended 31 December 2020, the Directors received emoluments amounting in total to €27,000 (2019: €27,108).

9.1.4 Loans to Directors

There are no loans outstanding by the Issuer to any of its Directors, nor any guarantees issued for their benefit by the Issuer.

9.1.5 Removal of Directors

In terms of the Issuer's Articles of Association, the first Directors of the Issuer shall serve until the end of the first annual general meeting during which the new directors shall be appointed. Thereafter, all other directors shall hold office from the general meeting at which they are elected until the end of the next annual general meeting. All retiring directors shall be eligible for re-election. The Directors of the Issuer currently in office are expected to remain in office at least until the next Annual General Meeting of the Issuer.

A Director may, unless he resigns, be removed by ordinary resolution of the shareholders as provided in article 140 of the Act.

9.1.6 Powers of Directors

The business of the Issuer is managed by the Directors, who may, in accordance with the Issuer's Articles of Association, exercise all such powers as are not by the said Articles of the Issuer required to be exercised by it in general meeting.

In accordance with the Issuer's Articles of Association, the Board of the Issuer may exercise all the powers of the Issuer to borrow money and to hypothecate or charge its undertaking, property and uncalled capital or any part thereof, and to issue bonds, debentures, debenture stock and other securities, on such terms, in such manner and for such consideration as they may deem fit, whether outright or as security for any debt, liability or obligation of the company or of any third party, subject to the limit established in the Articles of Association and the overriding authority of the shareholders in general meeting to change, amend, restrict and/or otherwise modify such limit and the Directors' borrowing powers.

9.1.7 Employees

As at the date of the Prospectus, the Issuer has no employees.

9.2 THE GUARANTOR

9.2.1 Directors

The Guarantor is managed by a board of directors consisting of five directors that is entrusted with the responsibility of the direction and management of the Guarantor within the strategic parameters established by the board. A brief *curriculum vitae* of each of the current directors of the Guarantor is set out in sub-section 4.1.2 above.

9.2.2 Directors' service contracts

None of the directors of the Guarantor have a service contract with the Guarantor.

9.2.3 Loans to directors

There are no loans outstanding by the Guarantor to any of its directors, nor any guarantees issued for their benefit by the Guarantor.

9.2.6 Employees

As at 31 December 2020, the average number of persons employed with Hili Ventures (on a group basis) and Hili Ventures Limited (the company) amounted to 9,556 (2019: 9,537 employees) and 47 (2019: 38 employees), respectively.

9.2.7 Boards of Subsidiary companies

The operating entities of Hili Ventures are each owned through subsidiary holding companies, namely Premier Capital plc, 1923 Investments plc, Hili Properties plc, Cobalt Leasing Ltd, HV Hospitality Limited and HV Marine Limited. Accordingly, a board of directors is entrusted with the responsibility of the direction and management of each subsidiary holding company within the strategic parameters established by the Guarantor's board of directors.

The board of directors of each subsidiary holding company is autonomous in the determination of the appropriate policies for the respective operating companies. The operating companies, in turn, have their own management structures and employees that have the function of implementing the policies and directions of their respective subsidiary holding company board.

9.3 WORKING CAPITAL

As at the date of this Registration Document, the directors of the Issuer and of the Guarantor are of the opinion that working capital available to the Issuer and Guarantor, respectively, is sufficient for the attainment of their objects and the carrying out of their respective business for the next 12 months of operations. The proceeds from the Bond Issue have been taken into account when providing said clean working capital statement; said clean working capital statement would still apply if the proceeds from the Bond Issue were not so included in the calculation of working capital.

9.4 CONFLICT OF INTEREST

As at the date of this Registration Document, in addition to being a director of the Guarantor, Melo Hili is a director of 1923 Investments plc, of HV Hospitality Limited, of HV Marine Limited and of Premier Capital plc, besides being a director of a number of other companies forming part of Hili Ventures. Moreover, Melo Hili is the controlling ultimate beneficial owner of Hili Ventures.

Besides being Directors of the Issuer, Geoffrey Camilleri, Dorian Desira and Keith Busuttil are directors and officers of other companies forming part of Hili Ventures. Specifically, Geoffrey Camilleri is a director of Motherwell Bridge Industries Limited and Cobalt Leading Ltd, while Dorian Desira is a director of 1923 Investments plc, Motherwell Bridge Industries Limited, Premier Capital plc and HV Marine Limited. Keith Busuttil is a director of Harvest Technology plc, Hili Logistics Limited and Carmelo Caruana Company Limited, among others.

Jacqueline Camilleri is also a member of the board of directors of Harvest Technology plc in addition to being a director of the Issuer. In assessing Ms Camilleri's independence, due notice has been taken of Rule 5.119 of the Capital Markets Rules.

Annabel Hili, a director of the Guarantor, also sits on the board of HV Hospitality Limited and is one of the ultimate beneficial shareholders of the Group.

In view of the foregoing, such directors are susceptible to conflicts between the potentially diverging interests of the different entities comprising Hili Ventures.

No private interests or duties unrelated to the Issuer, Guarantor or Hili Ventures, as the case may be, have been disclosed by the general management team which may or are likely to place any of them in conflict with any interests in, or duties towards, the Issuer or the Guarantor, as the case may be.

In addition, in view of the lender-borrower relationship which is to arise between the Issuer and companies forming part of Hili Ventures, there may be situations that could give rise to conflicts between the potentially diverging interests of members of Hili Ventures. By virtue of the Memorandum and Articles of Association of the Issuer, the Directors are obliged to keep the Board advised of any interest in a contract, arrangement or proposal with the Issuer. The Board member concerned shall not take part in the assessment by the Board as to whether a conflict of interest exists. A Director shall not vote at a meeting of Directors in respect of any contract, arrangement or proposal in which he has a material interest, whether direct or indirect.

To the extent known or potentially known to the Issuer as at the date of this Registration Document, other than the information contained and disclosed herein, there are no other potential conflicts of interest between any duties of the Directors and their respective private interests and/or their other duties, which require disclosure in terms of the Prospectus Regulation.

10. AUDIT COMMITTEE PRACTICES

The Audit Committee's objective is to assist the Board in fulfilling its supervisory and monitoring responsibilities according to terms of reference that reflect the requirements of the Capital Markets Rules, as well as current good corporate governance best practices. The Audit Committee oversees the conduct of the internal and external audit and acts to facilitate communication between the Board, management, the external auditors and the internal audit team. The internal and external auditors are invited to attend Audit Committee meetings. The Audit Committee reports directly to the Board of Directors.

The terms of reference of the Audit Committee include support to the Board of Directors of the Issuer in its responsibilities in dealing with issues of risk, control and governance, and associated assurance. The Board has set formal terms of establishment and the terms of reference of the Audit Committee which set out its composition, role and function, the parameters of its remit, as well as the basis for the processes that it is required to comply with. The Board reserved the right to change the Audit Committee's terms of reference from time to time.

The primary purpose of the Audit Committee is to assist the Directors in conducting their role effectively so that the Issuer's decision-making capability and the accuracy of its reporting and financial results are maintained at a high level at all times. The main responsibilities of the Audit Committee include, but are not limited to, the following:

- a) monitoring the financial reporting process and submitting recommendations or proposals to ensure its integrity;
- b) monitoring of the effectiveness of the Issuer's internal quality control and risk management system and, where applicable, its internal audit regarding the financial reporting of the Issuer;
- c) making recommendations to the Board in relation to the appointment of the external auditor and to approve the remuneration and terms of engagement of the external auditor, following appointment by the shareholders during the Issuer's Annual General Meeting;
- d) reviewing and monitoring the external auditor's independence;
- e) evaluating the arm's length nature of any proposed transactions to be entered into by the Issuer and a related party, to ensure that the execution of such transaction is at arm's length, conducted on a sound commercial basis and in the best interests of the Issuer; and
- f) assessing any potential conflicts of interest between the duties of the Directors and their respective private interests or duties unrelated to the Issuer.

The Audit Committee has the task of ensuring that any potential conflicts of interest that may arise at any moment pursuant to the different roles held by the Directors are handled in the best interest of the Issuer. Additionally, the Audit Committee has a crucial role in monitoring the activities and conduct of business of the Group's subsidiaries, limitedly insofar as these may affect the ability of the Issuer to fulfil its Bond Obligations.

The Audit Committee is made up entirely of non-executive Directors, two of whom are independent of the Issuer, and who are appointed for a period of one year. Mario Vella, an independent, non-executive Director of the Issuer, acts as Chairman, whilst Jacqueline Camilleri and Keith Busuttill act as members of the Audit Committee. In compliance with the Capital Markets Rules, Jacqueline Camilleri is considered to be the member competent in accounting and/or auditing matters. The Issuer considers that the members of the Audit Committee have the necessary experience, independence and standing to hold office as members thereof and the Audit Committee, as a whole, is deemed to have relevant competence in the sector the Company operates in.

11. COMPLIANCE WITH CORPORATE GOVERNANCE REQUIREMENTS

11.1 THE ISSUER

The Issuer is subject to, and supports, the Code of Principles of Good Corporate Governance forming part of the Capital Markets Rules (the "Code"). The Board acknowledges that the Code does not dictate or prescribe mandatory rules but recommends principles of good practice. Nonetheless, the Board strongly believes that the Code is in the best interest of the shareholders and other stakeholders since it ensures that the Directors, management and employees of the Group adhere to internationally recognised high standards of corporate governance.

The Board considers that during the financial year ended 31 December 2020, the Issuer was in compliance with the Code, save for the following exceptions:

(i) Principle 7 "Evaluation of the Board's Performance"

Under the present circumstances, the Board does not consider it necessary to appoint a committee to carry out a performance evaluation of its role, as the Board's performance is evaluated on an ongoing basis by, and is subject to the constant scrutiny of, the Board itself and the Issuer's shareholders.

(ii) Principle 8: "Committees"

The Issuer does not have a remuneration committee or a nomination committee as recommended in Principle 8. Under the present circumstances the Board does not consider it necessary to appoint a nomination committee and a remuneration committee as decisions on these matters are taken at shareholder level.

(iii) Principle 10: "Institutional shareholders"

This principle is not applicable since the Company does not have any institutional shareholders.

As required by the Act and the Capital Markets Rules, the Issuer's financial statements are subject to annual audit by the Issuer's external auditors. In view of the reporting structure adopted by the Code, the Issuer, on an annual basis in its annual report, details the level of the Issuer's compliance with the principles of the Code, explaining the reasons for non-compliance, if any.

11.2 THE GUARANTOR

As the Guarantor is not a public company having securities listed on a regular market, it is not bound by the provisions of the Code set out in the Capital Markets Rules. Notwithstanding the foregoing, the Board of directors of the Guarantor has established an Audit Committee in compliance with the Code, the primary purpose of which is to act independently from the executive management, to protect the interests of the company's shareholders and assist the directors in conducting their role effectively so that the company's decision-making capability and accuracy of its reporting and financial results are maintained at a high level at all times. The Audit Committee of the Guarantor, the latter entity being the parent company of Hili Ventures, is, pursuant to its terms of reference, entitled to review any issues that relate to the particular subsidiaries or activities carried on by the Group. In this regard, the Audit Committee of the Guarantor ensures that there is adequate cooperation with Hili Ventures (and with internal and external auditors of the individual companies within the Group) to enable the Audit Committee to discharge its responsibilities effectively.

2 RISK FACTORS

THE VALUE OF INVESTMENTS, INCLUDING THE BONDS, CAN GO UP OR DOWN AND PAST PERFORMANCE IS NOT NECESSARILY INDICATIVE OF FUTURE PERFORMANCE.

THE NOMINAL VALUE OF THE BONDS IS REPAYABLE IN FULL UPON MATURITY, UNLESS THE BONDS ARE PREVIOUSLY RE-PURCHASED AND CANCELLED. THE ISSUER SHALL REDEEM THE BONDS ON THE REDEMPTION DATE.

AN INVESTMENT IN THE BONDS INVOLVES CERTAIN RISKS, INCLUDING THOSE DESCRIBED BELOW. PROSPECTIVE INVESTORS SHOULD CAREFULLY CONSIDER, WITH THEIR OWN PROFESSIONAL ADVISORS, THE FOLLOWING RISK FACTORS AND OTHER INVESTMENT CONSIDERATIONS, AS WELL AS ALL THE OTHER INFORMATION CONTAINED IN THE PROSPECTUS, BEFORE DECIDING TO MAKE AN INVESTMENT IN THE BONDS. SOME OF THESE RISKS ARE SUBJECT TO CONTINGENCIES WHICH MAY OR MAY NOT OCCUR AND THE ISSUER IS NOT IN A POSITION TO EXPRESS ANY VIEWS ON THE LIKELIHOOD OF ANY SUCH CONTINGENCIES OCCURRING.

THE SEQUENCE IN WHICH THE RISKS BELOW ARE LISTED IS INTENDED TO BE INDICATIVE OF THE ORDER OF PRIORITY AND OF THE EXTENT OF THEIR CONSEQUENCES, AND PROSPECTIVE INVESTORS ARE HEREBY CAUTIONED THAT THE OCCURRENCE OF ANY ONE OR MORE OF THE RISKS SET OUT BELOW COULD HAVE A MATERIAL ADVERSE EFFECT ON THE ISSUER'S BUSINESS, RESULTS OF OPERATIONS AND FINANCIAL CONDITION AND COULD, THEREBY, NEGATIVELY AFFECT THE ABILITY OF THE ISSUER TO MEET ITS OBLIGATIONS IN CONNECTION WITH THE PAYMENT OF INTEREST ON THE BONDS AND REPAYMENT OF PRINCIPAL WHEN DUE.

NEITHER THIS SECURITIES NOTE, NOR ANY OTHER PARTS OF THE PROSPECTUS OR ANY OTHER INFORMATION SUPPLIED IN CONNECTION WITH THE BONDS: (I) IS INTENDED TO PROVIDE THE BASIS OF ANY CREDIT OR OTHER EVALUATION, NOR (II) SHOULD BE CONSIDERED AS A RECOMMENDATION BY THE ISSUER, THE GUARANTOR, THE SPONSOR, THE MANAGER & REGISTRAR OR AUTHORISED FINANCIAL INTERMEDIARIES THAT ANY RECIPIENT OF THIS SECURITIES NOTE OR ANY OTHER PART OF THE PROSPECTUS OR ANY OTHER INFORMATION SUPPLIED IN CONNECTION WITH THE PROSPECTUS OR ANY BONDS, SHOULD PURCHASE ANY BONDS ISSUED BY THE ISSUER.

ACCORDINGLY, PROSPECTIVE INVESTORS SHOULD MAKE THEIR OWN INDEPENDENT EVALUATION OF ALL RISK FACTORS AND SHOULD CONSIDER ALL OTHER SECTIONS IN THIS DOCUMENT.

2.1 FORWARD-LOOKING STATEMENTS

This Securities Note contains "forward-looking statements" which include, among others, statements concerning matters that are not historical facts and which may involve projections of future circumstances. These statements by their nature involve a number of risks, uncertainties and assumptions, a few of which are beyond the Issuer's control, and important factors that could cause actual risks to differ materially from the expectations of the Issuer's and/or the Guarantor's directors. Such forecasts and projections do not bind the Issuer with respect to future results and no assurance can be given that future results or expectations covered by such forward-looking statements will be achieved.

2.2 GENERAL

An investment in the Issuer and the Bonds may not be suitable for all recipients of the Prospectus and prospective investors are urged to consult an independent investment advisor licensed under the Investment Services Act (Chapter 370 of the laws of Malta) as to the suitability or otherwise of an investment in the Bonds before making an investment decision. In particular, such advice should be sought with a view to ascertaining that each prospective investor:

- (i) has sufficient knowledge and experience to make a meaningful evaluation of the Bonds, the merits and risks of investing in the Bonds and the information contained or incorporated by reference to the Prospectus or any applicable supplement;
- (ii) has sufficient financial resources and liquidity to bear all the risks of an investment in the Bonds, including where the currency for principal or interest payments is different from the prospective investor's currency;
- (iii) understands thoroughly the terms of the Bonds and is familiar with the behaviour of any relevant indices and financial markets;
- (iv) is able to evaluate possible scenarios for economic, interest rate and other factors that may affect his/her/its investment and his/her/its ability to bear the applicable risks; and
- (v) is able to assess as to whether an investment in the Bonds shall achieve his/her/its investment objective.

2.3 RISKS RELATING TO THE BONDS

An investment in the Bonds involves certain risks including, but not limited to, those described below:

- The impact of COVID-19, and other infectious illness outbreaks that may arise in the future, could adversely affect the economies of many nations or the entire global economy, individual issuers and capital markets in ways that cannot necessarily be foreseen. The existence of an orderly and liquid market for the Bonds depends on a number of factors including, but not limited to, the presence of willing buyers and sellers of the Issuer's Bonds at any given time. Such factors are dependent upon the individual decisions of investors and the general economic conditions of the market in which the Bonds are traded, over which the Issuer has no control. Accordingly, there can be no assurance that an active secondary market for the Bonds will develop, or, if it develops, that it will continue. Furthermore, there can be no assurance that an investor will be able to sell or otherwise trade in the Bonds at or above the Bond Issue Price, or at all.

- Investment in the Bonds involves the risk that subsequent changes in market interest rates may adversely affect the value of the Bonds. Investors should also be aware that the price of fixed rate bonds should, theoretically, move adversely to changes in interest rates. When prevailing market interest rates are rising their prices decline and, conversely, if market interest rates are declining, the prices of fixed rate bonds rise. This is called market risk since it arises only if a Bondholder decides to sell the Bonds before maturity on the secondary market.
- Even after the Bonds are admitted to trading on the Official List of the MSE, the Issuer is required to remain in compliance with certain requirements relating, *inter alia*, to the free transferability, clearance and settlement of the Bonds in order to remain a listed company in good standing. Moreover, the Malta Financial Services Authority has the authority to suspend trading or listing of the Bonds if, *inter alia*, it comes to believe that such a suspension is required for the protection of investors or the integrity or reputation of the market. The Malta Financial Services Authority may discontinue the listing of the Bonds on the MSE. Any such trading suspensions or listing revocations / discontinuations could have a material adverse effect on the liquidity and value of the Bonds.
- A Bondholder will bear the risk of any fluctuations in exchange rates between the currency of denomination of the Bonds (€) and the Bondholder's currency of reference, if different. Any adverse fluctuations may impair the return of investment of the Bondholder in real terms after taking into account the relevant exchange rate.
- The Bonds, as and when issued and allotted, shall constitute the general, direct, unconditional and unsecured obligations of the Issuer and shall be guaranteed in respect of both the interest due and the principal amount under said Bonds by the Guarantor. The Bonds shall, at all times, rank *pari passu* without any priority or preference among themselves and with other outstanding and unsecured debt of each of the Issuer and the Guarantor, present and future, if any, save for such exceptions as may be provided by applicable law. Furthermore, subject to the negative pledge clause set out in sub-section 6.11 of this Securities Note, third party security interests may be registered which will rank in priority to the Bonds against the assets of the Issuer for so long as such security interests remain in effect, which registration may further impede the ability of the Bondholders to recover their investment upon enforcement of such security interests, whether in full or in part. As at the date of this Securities Note, the Issuer does not have any subordinated indebtedness.
- In the event that the Issuer wishes to amend any of the Terms and Conditions of the Bonds it shall call a meeting of Bondholders in accordance with the provisions of sub-section 6.17 of this Securities Note. These provisions permit defined majorities to bind all Bondholders, including Bondholders who do not attend and vote at the relevant meeting and Bondholders who vote in a manner contrary to the majority. Furthermore, in terms of the Guarantee, the Guarantor has the power to veto a decision by the Bondholders, taken at a Bondholders' meeting duly convened and held, to amend or waive the Terms and Conditions of the Bonds which are issued with the benefit of its Guarantee, in cases in which such amendment or waiver may give rise to changes in: (i) the amount payable by the Guarantor under the Guarantee; (ii) the term and/or frequency of such payments; (iii) the Events of Default listed in sub-section 6.14 of this Securities Note; and/or (iv) any other term which may otherwise increase the exposure of the Guarantor to the enforcement of the Guarantee. In the event that the Guarantor were to exercise such right of veto, the proposed amendment to, or waiver of, the Terms and Conditions would not be put into effect.
- The Bonds and the Terms and Conditions of the Bond Issue are based on the requirements of the Capital Markets Rules, the Companies Act and the Prospectus Regulation in effect as at the date of the Prospectus. No assurance can be given as to the impact of any possible judicial decision or change in law or administrative practice after the date of the Prospectus.

2.4 RISKS RELATING TO THE GUARANTEE

In view of the fact that the Bonds are being guaranteed by the Guarantor on a joint and several basis, the Bondholders shall be entitled to request the Guarantor to pay both the interest due and the principal amount under said Bonds if the Issuer fails to meet any amount when due in terms of the Prospectus. The Guarantee also entitles the Bondholders to take action against the Guarantor without having to first take action against the Issuer, if the Issuer fails to pay any sum payable by it to Bondholders pursuant to the Terms and Conditions of the said Bonds. The strength of this undertaking on the part of the Guarantor and, therefore, the level of recoverability by the Bondholders from the Guarantor of any amounts due under any of the Bonds, is dependent upon and directly linked to the financial position and solvency of the Guarantor.

3 PERSONS RESPONSIBLE

This Securities Note has been drawn up as part of a simplified prospectus in accordance with Article 14 of the Prospectus Regulation. It includes information given in compliance with the Capital Markets Rules for the purpose of providing prospective investors with information with regard to the Issuer, the Guarantor and the Bonds. Geoffrey Camilleri, Dorian Desira, Keith Busuttil, Jacqueline Camilleri and Mario Vella, being all of the Directors of the Issuer as further detailed in sub-section 4.1.1 of the Registration Document, accept responsibility for the information contained in the Prospectus.

5 KEY INFORMATION

5.1 REASONS FOR THE ISSUE AND USE OF PROCEEDS

The proceeds from the Bond Issue, which net of Bond Issue expenses are expected to amount to approximately €49,250,000, will be on-lent by the Issuer to the Guarantor pursuant to a loan agreement between the Issuer and the Guarantor and shall be utilised for the following purposes, in the amounts and order of priority set out below:

- i. an amount of *circa* €17,000,000 will be used to re-pay, in part, the acquisition completed by 1923 Investments plc in April 2020 of all non-US ship-to-ship operations from marine energy transporter Teekay Tankers Limited; specifically, the acquisition was funded, in large part, by (a) two intercompany loans for an aggregate amount of €11,000,000; and (b) 1923 Investments plc own funds; further details relative to said acquisition are set out in section 7 of the Registration Document;
- ii. an amount of *circa* €18,400,000 shall be used to re-pay, in full, two intercompany loans taken out to fund an equity investment by the Guarantor in Hili Properties plc for the purpose of the latter acquiring commercial immovable property in furtherance of the Group's strategy of expanding its investment property portfolio; and
- iii. the remaining balance of net Bond Issue proceeds in an amount of *circa* €13,850,000 will be used for the general corporate funding purposes of the Group.

In the event that the Bond Issue is not fully subscribed, the Issuer will proceed with the listing of the amount of Bonds subscribed for, and shall apply the net proceeds received in the manner and order of priority set out in (i) to (iii) above. Any residual amounts required by the Issuer for the purposes of the uses specified in (i) to (iii) above which shall not have been raised through the Bond Issue shall be financed from the Group's general cash flow and/or bank financing.

5.2 EXPENSES

The Issue will involve expenses, including professional fees and costs related to publicity, advertising, printing, listing, registration, sponsor, management, selling commission and other miscellaneous costs incurred in connection with the Bond Issue. Such expenses, which shall be borne by the Issuer, are estimated not to exceed approximately €750,000, with approximately €500,000 being attributed to selling commission fees and approximately €250,000 to professional, MSE, regulatory and ancillary fees. The amount of the expenses will be deducted from the proceeds of the Issue, which, accordingly, will bring the estimated net proceeds from the Bond Issue to €49,250,000. There is no particular order of priority with respect to such expenses.

6.4 INTERMEDIARIES' OFFER

Any balance of Bonds reserved for, and not subscribed for by, Preferred Applicants in terms sub-section 6.2(ii) above shall be made available for subscription by Authorised Financial Intermediaries pursuant to an Intermediaries' Offer. In this regard, the Issuer shall enter into conditional subscription agreements with Authorised Financial Intermediaries whereby it shall bind itself to allocate any such amount as may not be taken up by Preferred Applicants as aforesaid.

The subscription agreements shall be subject to the terms and conditions of the Prospectus and shall be conditional on the Bonds being admitted to trading on the Official List. 6.5 ALLOCATION POLICY

The Issuer shall allocate the Bonds on the basis of the following policy and order of priority:

Preferred Applicants will share the same allocation policy without priority or preference between themselves should the need for scaling down arise in case of over-subscription, in accordance with the allocation policy as determined by the Issuer acting through the Registrar. The Issuer shall announce the allocation policy for the allotment of Bonds through a company announcement by not later than 11 March 2022.

6.6 RANKING OF THE BONDS

The Bonds, as and when issued and allotted, shall constitute the general, direct, unconditional and unsecured obligations of the Issuer, guaranteed jointly and severally by the Guarantor, and shall at all times rank *pari passu*, without any priority or preference among themselves and with other outstanding and unsecured debt of each of the Issuer and the Guarantor, present and future, if any, save for such exceptions as may be provided by applicable law. Furthermore, subject to the negative pledge clause as found in sub-section 6.11 of this Securities Note, third party security interests may be registered which will rank in priority to the Bonds against the assets of the Issuer for so long as such security interests remain in effect. As at the date of this Securities Note, the Issuer does not have any subordinated indebtedness.

The following table sets out a summary of the Group's indebtedness as at 31 October 2021, and includes bank loan and overdraft facilities, debt securities and other financial liabilities. The bank borrowings listed below are secured by privileges and hypothecs, and therefore the indebtedness being created by the Bonds, together with other unsecured debt, ranks after all these bank borrowings. In addition, the Bonds would also rank after any future debts which may be secured by a cause of preference such as a privilege and/or a hypothec.

Any Interest Payment Date which falls on a day other than a Business Day will be carried over to the next following day that is a Business Day. Each Bond will cease to bear interest from and including its due date for redemption, unless payment of the principal amount in respect of the Bond is improperly withheld or refused or unless default is otherwise made in respect of payment, in any of which events interest shall continue to accrue at the rate specified above plus one per cent (1%), but in any event not in excess of the maximum rate of interest allowed by Maltese law. In terms of article 2156 of the Civil Code (Chapter 16 of the laws of Malta), the right of Bondholders to bring claims for payment of interest and repayment of the principal on the Bonds is barred by the lapse of five (5) years.

6.10 REGISTRATION, FORM, DENOMINATION AND TITLE

Certificates will not be delivered to Bondholders in respect of the Bonds in virtue of the fact that the entitlement to Bonds will be represented in an uncertificated form by the appropriate entry in the electronic register maintained on behalf of the Issuer at the CSD. There will be entered in such electronic register the names, addresses, identity card numbers (in the case of natural persons), registration numbers (in the case of companies) and MSE account numbers of the Bondholders and particulars of the Bonds held by them respectively, and the Bondholders shall have, at all reasonable times during business hours, access to the register of bondholders held at the CSD for the purpose of inspecting information held on their respective account.

The CSD will issue, upon a request by a Bondholder, a statement of holdings to such Bondholder evidencing his/her/its entitlement to Bonds held in the register kept by the CSD.

The Bonds will be issued in fully registered form, without interest coupons, in denominations of any integral multiple of €100 provided that on subscription the Bonds will be issued for a minimum of €5,000 per individual Bondholder. Authorised Financial Intermediaries subscribing for Bonds through nominee accounts for and on behalf of clients shall apply the minimum subscription amount of €5,000 to each underlying client.

Any person in whose name a Bond is registered may (to the fullest extent permitted by applicable law) be deemed and treated at all times, by all persons and for all purposes (including the making of any payments), as the absolute owner of such Bond. Title to the Bonds may be transferred as provided below under the heading "Transferability of the Bonds" in sub-section 6.15 of this Securities Note.

6.11 NEGATIVE PLEDGE

The Issuer undertakes, for as long as any principal or interest under the Bonds or any of the Bonds remains outstanding, not to create or permit to subsist any Security Interest (as defined below), other than a Permitted Security Interest (as defined below), upon the whole or any part of its present or future assets or revenues, to secure any Financial Indebtedness (as defined below) of the Issuer. "Financial Indebtedness" means any indebtedness in respect of: (A) monies borrowed; (B) any debenture, bond, note, loan stock or other security; (C) any acceptance credit; (D) the acquisition cost of any asset to the extent payable before or after the time of acquisition or possession by the party liable where the advance or deferred payment is arranged primarily as a method of raising finance for the acquisition of that asset; (E) leases entered into primarily as a method of raising finance for the acquisition of the asset leased; (F) amounts raised under any other transaction having the commercial effect of borrowing or raising of money; (G) any guarantee, indemnity or similar assurance against financial loss of any person;

"Security Interest" means any privilege, hypothec, pledge, lien, charge or other encumbrance or real right which grants rights of preference to a creditor over the assets of the Issuer;

"Permitted Security Interest" means:

- (A) any Security Interest arising by operation of law;
- (B) any Security Interest securing temporary bank loans or overdrafts or guarantees in the ordinary course of business;
- (C) any Security Interest securing any indebtedness of the Issuer created for the sole purpose of financing or raising finance for the redemption of all the Bonds;
- (D) any other Security Interest (in addition to (A), (B) and (C) above) securing Financial Indebtedness of the Issuer in an aggregate outstanding amount not exceeding 80% of the difference between the value of the Unencumbered Assets of the Issuer and the aggregate principal amount of Bonds outstanding at the time;

Provided that the aggregate Security Interests referred to in (B), (C) and (D) above do not result in the Unencumbered Assets of the Issuer being less than the aggregate principal amount of the Bonds still outstanding together with one (1) year's interest thereon;

"Unencumbered Assets" means assets which are not subject to a Security Interest.

6.12 PAYMENTS

Payment of the principal amount of a Bond will be made in Euro by the Issuer to the person in whose name such Bonds are registered, with interest accrued up to the Redemption Date, by means of direct credit transfer into such bank account as the Bondholder may designate from time to time, provided such bank account is denominated in Euro and held with any licensed bank in Malta. Such payment shall be effected within seven (7) days of the Redemption Date. The Issuer shall not be responsible for any loss or delay in transmission or any charges in connection therewith. Upon payment of the Redemption Value, the Bonds shall be redeemed and the appropriate entry made in the electronic register of the Bonds at the CSD.

In the case of Bonds held subject to usufruct, payment will be made against the joint instructions of all bare owners and usufructuaries. Before effecting payment, the Issuer and/or the CSD shall be entitled to request any legal documents deemed necessary concerning the entitlement of the bare owner/s and the usufructuary/ies to payment of the Bonds.

Payment of interest on a Bond will be made to the person in whose name such Bond is registered at the close of business fifteen (15) days prior to the Interest Payment Date, by means of a direct credit transfer into such bank account as the Bondholder may designate, from time to time, which is denominated in Euro and held with any licensed bank in Malta. All payments with respect to the Bonds are subject in all cases to any pledge (duly constituted) and to any applicable fiscal or other laws and regulations prevailing in Malta. In particular, but without limitation, all payments of principal and interest by or on behalf of the Issuer in respect of the Bonds shall be made net of any amount which the Issuer is compelled by law to deduct or withhold for or on account of any present or future taxes, duties, assessments or other government charges of whatsoever nature imposed, levied, collected, withheld or assessed by or within the Republic of Malta or any authority thereof or therein having power to tax.

No commissions or expenses shall be charged by the Issuer to the Bondholders in respect of payments made in accordance with this sub-section 6.12. The Issuer shall not be liable for charges, expenses and commissions levied by parties other than the Issuer.

6.13 REDEMPTION AND PURCHASE

Unless previously purchased and cancelled, the Issuer hereby irrevocably covenants in favour of each Bondholder that the Bonds will be redeemed at their nominal value (together with accrued interest up to (but excluding) the date fixed for redemption) on 11 March 2027. In such a case the Issuer shall be discharged of any and all payment obligations under the Bonds upon payment made net of any withholding or other taxes due or which may be due under Maltese law and which are payable by the Bondholders.

Subject to the provisions of this sub-section 6.13, the Issuer may at any time purchase Bonds in the open market or otherwise at any price. Any purchase by tender shall be made available to all Bondholders alike.

All Bonds so redeemed or re-purchased will be cancelled forthwith and may not be re-issued or re-sold.

6.14 EVENTS OF DEFAULT

The Bonds shall become immediately due and repayable at their principal amount, together with any accrued interest, if any of the following events ("**Events of Default**") shall occur:

- a. the Issuer shall fail to pay any interest on any Bond when due and such failure shall continue for sixty (60) days after written notice thereof shall have been given to the Issuer by any Bondholder, unless remedied by the Guarantor before the expiry of such 60 days; and/or
- b. the Issuer shall fail to pay the principal amount of a Bond on the date fixed for its redemption and such failure shall continue for sixty (60) days after written notice thereof shall have been given to the Issuer by any Bondholder, unless remedied by the Guarantor before the expiry of such 60 days; and/or
- c. the Issuer shall fail duly to perform, or shall otherwise be in breach of, any other material obligation contained in the Terms and Conditions and such failure shall continue for sixty (60) days after written notice thereof shall have been given to the Issuer by any Bondholder, unless remedied by the Guarantor before the expiry of such 60 days (where applicable); and/or
- d. an order is made or resolution passed or other action taken for the dissolution, termination of existence, liquidation, winding-up or bankruptcy of the Issuer and/or the Guarantor; and/or
- e. the Issuer stops or suspends payments (whether of principal or interest) with respect to all or any class of its debts or announces an intention to do so or ceases or threatens to cease to carry on its business or a substantial part of its business; and/or
- f. the Issuer and/or the Guarantor is unable, or admits in writing its inability, to pay its debts as they fall due or otherwise becomes insolvent; and/or
- g. there shall have been entered against the Issuer and/or the Guarantor a final judgment by a court of competent jurisdiction from which no appeal may be or is made for the payment of money in excess of five million Euro (€5,000,000) or its equivalent and ninety (90) days shall have passed since the date of entry of such judgment without its having been satisfied or stayed; and/or
- h. any default occurs and continues for ninety (90) days under any contract or document relating to any Financial Indebtedness (as defined in sub-section 6.11 of this Securities Note) of the Issuer and/or the Guarantor in excess of five million Euro (€5,000,000) or its equivalent at any time.

Upon any such Event of Default occurring and not being remedied within the relevant cure period, as applicable, the principal monies and interest accrued under the Bonds shall be deemed to have become immediately payable at the time of the event which shall have happened as aforesaid.

6.15 TRANSFERABILITY OF THE BONDS

The Bonds are freely transferable and, once admitted to the Official List of the MSE, shall be transferable only in whole in accordance with the rules and regulations of the MSE applicable from time to time. The minimum subscription amount of €5,000 shall only apply during the Offer Period. As such, no minimum holding requirement shall be applicable once the Bonds are admitted to listing on the Official List of the MSE and commence trading thereafter, subject to trading in multiples of €100.

Any person becoming entitled to a Bond in consequence of the death or bankruptcy of a Bondholder may, upon such evidence being produced as may, from time to time, properly be required by the Issuer or the CSD, elect either to be registered himself/herself/itself as holder of the Bond or to have some person nominated by him/her/it registered as the transferee thereof. If the person so becoming entitled shall elect to be registered himself/herself/itself, he/she/it shall deliver or send to the CSD a notice in writing signed by him/her/it stating that he/she/it so elects. If he/she/it shall elect to have another person registered he/she/it shall testify his/her/its election by transferring the Bond, or procuring the transfer of the Bond, in favour of that person. Provided always that if a Bond is transmitted in furtherance of this paragraph, a person will not be registered as a Bondholder unless such transmission is made in multiples of €100.

All transfers and transmissions are subject in all cases to any pledge (duly constituted) of the Bonds and to any applicable laws and regulations.

The cost and expenses of effecting any registration of transfer or transmission, except for the expenses of delivery by any means other than regular mail (if any) and except, if the Issuer shall so require, the payment of a sum sufficient to cover any tax, duty or other governmental charge or insurance charges that may be imposed in relation thereto, will be borne by the Issuer.

The Issuer will not register the transfer or transmission of Bonds for a period of fifteen (15) days preceding the due date for any payment of interest on the Bonds.

6.16 FURTHER ISSUES

The Issuer may, from time to time, without the consent of the Bondholders, create and issue further debentures, debenture stock, bonds, loan notes or any other debt securities, either having the same terms and conditions as any outstanding debt securities of any series (including the Bonds) and so that such further issue shall be consolidated and form a single series with the outstanding debt securities of the relevant series (including the Bonds), or upon such terms as the Issuer may determine at the time of their issue.

6.17 MEETINGS OF BONDHOLDERS

The Issuer may, from time to time, call meetings of Bondholders for the purpose of consultation with Bondholders or for the purpose of obtaining the consent of Bondholders on matters which in terms of the Prospectus require the approval of a Bondholders' meeting and to affect any change to the applicable Terms and Conditions of the Bonds.

No change or amendment to, or waiver of, any of the applicable Terms and Conditions of the Bonds may be made unless such decision is made at a meeting of Bondholders duly convened and held.

A meeting of Bondholders shall be called by the Directors by giving all Bondholders listed on the register of Bondholders as at a date being not more than thirty (30) days preceding the date scheduled for the meeting, not less than fourteen (14) days' notice in writing. Such notice shall set out the time, place and date set for the meeting and the matters to be discussed or decided thereat, including, if applicable, sufficient information on any amendment of the Prospectus that is proposed to be voted upon at the meeting and seeking the approval of the Bondholders. Following a meeting of Bondholders held in accordance with the provisions contained hereunder, the Issuer shall, acting in accordance with the resolution(s) taken at the meeting, communicate to the Bondholders whether the necessary consent to the proposal made by the Issuer has been granted or withheld. Subject to having obtained the necessary approval by the Bondholders in accordance with the provisions of this sub-section 6.17 at a meeting called for that purpose as aforesaid, any such decision shall subsequently be given effect to by the Issuer.

A meeting of Bondholders shall only validly and properly proceed to business if there is a quorum present at the commencement of the meeting. For this purpose at least two Bondholders present, in person or by proxy, representing not less than fifty per cent (50%) in nominal value of the Bonds then outstanding, shall constitute a quorum. If a quorum is not present within thirty (30) minutes from the time scheduled for the commencement of the meeting as indicated on the notice convening same, the meeting shall stand adjourned to a place, date and time as shall be communicated by the Directors to the Bondholders present at that meeting. The Issuer shall within two (2) days from the date of the original meeting publish by way of a company announcement the date, time and place where the adjourned meeting is to be held. An adjourned meeting shall be held not earlier than seven (7) days, and not later than fifteen (15) days, following the original meeting. At an adjourned meeting the number of Bondholders present at the commencement of the meeting, in person or by proxy, shall constitute a quorum; and only the matters specified in the notice calling the original meeting shall be placed on the agenda of, and shall be discussed at and decided upon during, the adjourned meeting.

Any person who in accordance with the Memorandum and Articles of Association of the Issuer is to chair the annual general meetings of shareholders shall also chair meetings of Bondholders.

Once a quorum is declared present by the chairperson of the meeting, the meeting may then proceed to business and address the matters set out in the notice convening the meeting. In the event of decisions being required at the meeting, the Directors or their representative shall present to the Bondholders the reasons why it is deemed necessary or desirable and appropriate that a particular decision is taken. The meeting shall allow reasonable and adequate time to Bondholders to present their views to the Issuer and the other Bondholders present at the meeting. The meeting shall then put the matter as proposed by the Issuer to a vote of the Bondholders present at the time at which the vote is being taken, and any Bondholders taken into account for the purpose of constituting a quorum who are no longer present for the taking of the vote shall not be taken into account for the purpose of such vote.

The voting process shall be managed by the company secretary of the Issuer under the supervision and scrutiny of the auditors of the Issuer.

The proposal placed before a meeting of Bondholders shall only be considered approved if at least eighty per cent (80%) in nominal value of the Bonds present at the meeting, or at any adjourned meeting, as the case may be, at the time when the vote is being taken, in person or by proxy, shall have voted in favour of the proposal.

In terms of the Guarantee the Guarantor has the power to veto a decision by the Bondholders, taken at a Bondholders' meeting duly convened and held, to amend or waive the Terms and Conditions of the Bonds which are issued with the benefit of its Guarantee, in cases in which such amendment or waiver may give rise to changes in: (i) the amount payable by the Guarantor under the Guarantee; (ii) the term and/or frequency of such payments; (iii) the Events of Default listed in sub-section 6.14 of this Securities Note; and/or (iv) any other term which may otherwise increase the exposure of the Guarantor to the enforcement of the Guarantee. In the event that the Guarantor were to exercise such right of veto, the proposed amendment to, or waiver of, the Terms and Conditions would not be put into effect.

Save for the above, the rules generally applicable to proceedings at general meetings of shareholders of the Issuer shall *mutatis mutandis* apply to meetings of Bondholders.

6.18 AUTHORISATIONS AND APPROVALS

The Board of Directors of the Issuer authorised the Bond Issue pursuant to a Board of Directors' resolution passed on 14 January 2022. The Guarantee being given by the Guarantor in respect of the Bonds has been authorised by a resolution of the board of directors of the Guarantor dated 14 January 2022.

6.19 ADMISSION TO TRADING

The MFSA has authorised the Bonds as admissible to Listing pursuant to the Capital Markets Rules by virtue of a letter dated 27 January 2022.

Application has been made to the Malta Stock Exchange for the Bonds being issued pursuant to the Prospectus to be listed and traded on its Official List.

The Bonds are expected to be admitted to the Malta Stock Exchange with effect from 21 March 2022 and trading is expected to commence on 22 March 2022. Dealing may commence prior to notification of the amount allotted being issued to Applicants.

6.20 PRICING

The Bonds are being issued at par, that is, at €100 per Bond, with the full amount payable upon subscription.

6.21 REPRESENTATIONS AND WARRANTIES

The Issuer represents and warrants to Bondholders, who shall be entitled to rely on such representations and warranties, that:

- i. it is duly incorporated and validly existing under the laws of Malta and has the power to carry on its business as it is now being conducted and to hold its property and other assets under legal title; and
- ii. it has the power to execute, deliver and perform its obligations under the Prospectus and that all necessary corporate, shareholder and other actions have been duly taken to authorise the execution, delivery and performance of the same, and further that no limitation on its power to borrow or guarantee shall be exceeded as a result of the Terms and Conditions of the Prospectus.

To the best of the Directors' knowledge, the Prospectus contains all relevant material information with respect to the Issuer, the Guarantor and the Bonds and all information contained in the Prospectus is, in every material respect, true and accurate and not misleading, and there are no other facts in relation to the Issuer and/or the Guarantor, their respective businesses and financial position, the omission of which would, in the context of issue of the Bonds, make any statement in the Prospectus misleading or inaccurate in any material respect.

6.22 BONDS HELD JOINTLY

In respect of any Bonds held jointly by several persons (including spouses), the person whose name shall be inserted in the field entitled "Applicant" on the Application Form, or the first named in the register of Bondholders shall, for all intents and purposes, be deemed to be such nominated person by all those joint holders whose names appear in the field entitled "Additional Applicants" in the Application Form or joint holders in the register, as the case may be. Such person shall, for all intents and purposes, be deemed to be the registered holder of the Bond/s so held.

6.23 BONDS HELD SUBJECT TO USUFRUCT

In respect of a Bond held subject to usufruct, the name of the bare owner and the usufructuary shall be entered in the register. The usufructuary shall, for all intents and purposes, be deemed *vis-à-vis* the Issuer to be the holder of the Bond/s so held and shall have the right to receive interest on the Bond/s and to vote at meetings of the Bondholders but shall not, during the existence of the Bond/s, have the right to dispose of the Bond/s so held without the consent of the bare owner, and shall not be entitled to the repayment of principal on the Bond (which shall be due to the bare owner).

6.24 NOTICES

Notices will be mailed to Bondholders at their registered addresses and shall be deemed to have been served at the expiration of 24 hours after the letter containing the notice is posted, and in proving such service it shall be sufficient to prove that a prepaid letter containing such notice was properly addressed to such Bondholder at his/her/its registered address and posted.

6.25 GOVERNING LAW AND JURISDICTION

The Bonds are governed by and shall be construed in accordance with Maltese law.

Any legal action, suit or proceedings against the Issuer and/or the Guarantor arising out of or in connection with the Bonds and/or the Prospectus shall be brought exclusively before the Maltese courts.

7 TAXATION

7.1 GENERAL

Investors and prospective investors are urged to seek professional advice as regards both Maltese and any foreign tax legislation which may be applicable to them in respect of the Bonds, including their acquisition, holding and transfer, as well as any income/gains derived therefrom or made on their disposal. The following is a summary of the anticipated tax treatment applicable to the Bonds and to Bondholders in so far as taxation in Malta is concerned. This information does not constitute legal or tax advice and does not purport to be exhaustive.

The information below is based on an interpretation of tax law and practice relative to the applicable legislation, as known to the Issuer at the date of the Prospectus, in respect of a subject on which no official guidelines exist. Investors are reminded that tax law and practice and their interpretation as well as the levels of tax on the subject matter referred to in the preceding paragraph, may change from time to time.

This information is being given solely for the general information of investors who do not deal in the acquisition and disposal of securities in the course of their normal trading activities. The precise implications for investors will depend, among other things, on their particular circumstances and on the classification of the Bonds from a Maltese tax perspective, and professional advice in this respect should be sought accordingly.

7.2 MALTA TAX ON INTEREST

Since interest is payable in respect of a Bond which is the subject of a public issue, unless the Issuer is otherwise instructed by a Bondholder to receive the interest gross of any withholding tax, or if the Bondholder does not fall within the definition of "recipient" in terms of article 41(c) of the Income Tax Act (Chapter 123 of the laws of Malta), interest shall be paid to such person net of a final withholding tax, currently at the rate of 15% (10% in the case of certain types of collective investment schemes) of the gross amount of the interest, pursuant to article 33 of the Income Tax Act. Bondholders who do not fall within the definition of a "recipient" do not qualify for the said rate and should seek professional advice on the taxation of such income as special rules may apply.

This withholding tax is considered as a final tax and a Maltese resident individual Bondholder is not obliged to declare the interest so received in his/her income tax return (to the extent that the interest is paid net of tax). No person (whether corporate or non-corporate) shall be charged to further tax in respect of such income and the tax deducted shall not be available as a credit against the recipient's tax liability or available as a refund, as the case may be.

The Issuer will render an account to the Maltese Commissioner for Revenue of all amounts of interest paid and tax so deducted, including the identity of the recipient.

In the case of a valid election made in writing by an eligible Bondholder resident in Malta to receive the interest due without the deduction of final tax, interest will be paid gross and such person will be obliged to declare the interest so received in his/her/its Maltese income tax return and be subject to tax on such interest at the standard rates applicable to that person at that time. Additionally, in this latter case the Issuer will advise the Malta Commissioner for Revenue on an annual basis in respect of all interest paid gross and of the identity of all such recipients. Any such election made by a resident Bondholder at the time of subscription may be subsequently changed by giving notice in writing to the Issuer. Such election or revocation will be effective within the time limit set out in the Income Tax Act.

In terms of article 12(1)(c) of the Income Tax Act, Bondholders who are not resident in Malta satisfying the applicable conditions set out therein, including but not limited to the condition that the Bondholder is not owned and controlled by, whether directly or indirectly, nor acts on behalf of an individual/s who are ordinarily resident and domiciled in Malta, are not taxable in Malta on the interest received and will receive interest gross, subject to the requisite declaration/evidence being provided to the Issuer in terms of law.

7.3 EXCHANGE OF INFORMATION

In terms of applicable Maltese legislation, the Issuer and/or its agent are required to collect and forward certain information (including, but not limited to, information regarding payments made to Bondholders) to the Maltese Commissioner for Revenue. The Commissioner for Revenue will or may, in turn, automatically or on request, forward the information to other relevant tax authorities subject to certain conditions. Please note that this does not constitute tax advice and Applicants are to consult their own independent tax advisors in case of doubt.

7.4 MALTESE TAXATION ON CAPITAL GAINS ON TRANSFER OF THE BONDS

On the assumption that the Bonds would not fall within the definition of "securities" in terms of article 5(1)(b) of the Income Tax Act, that is, "shares and stocks and such like instrument that participate in any way in the profits of the company and whose return is not limited to a fixed rate of return", to the extent that the Bonds are held as capital assets by the Bondholder, no income tax on capital gains should be chargeable in respect of a transfer of the Bonds.

7.5 DUTY ON DOCUMENTS AND TRANSFERS

In terms of the Duty on Documents and Transfers Act (Chapter 364 of the laws of Malta), duty is chargeable *inter alia* on the transfer or transmission *causa mortis* of marketable securities. A marketable security is defined in the said legislation as "a holding of share capital in any company and any document representing the same".

Accordingly, the Bonds should not be treated as constituting marketable securities within the meaning of the aforementioned legislation and, therefore, the transfer/transmission thereof should not be chargeable to duty.

Furthermore, even if the Bonds are considered to be marketable securities for the purposes of the Duty on Documents and Transfers Act, in terms of article 50 of the Financial Markets Act (Chapter 345 of the laws of Malta), as the Bonds constitute financial instruments of a company quoted on a regulated market exchange, as is the MSE, redemptions and transfers of the Bonds should in any case be exempt from Maltese duty.

INVESTORS AND PROSPECTIVE INVESTORS ARE URGED TO SEEK PROFESSIONAL ADVICE AS REGARDS BOTH MALTESE AND ANY FOREIGN TAX LEGISLATION APPLICABLE TO THE ACQUISITION, HOLDING AND DISPOSAL OF BONDS, AS WELL AS INTEREST PAYMENTS MADE BY THE ISSUER. THE ABOVE IS A SUMMARY OF THE ANTICIPATED TAX TREATMENT APPLICABLE TO THE BONDS AND TO BONDHOLDERS. THIS INFORMATION, THAT DOES NOT CONSTITUTE LEGAL OR TAX ADVICE, REFERS ONLY TO BONDHOLDERS WHO DO NOT DEAL IN SECURITIES IN THE COURSE OF THEIR NORMAL TRADING ACTIVITY.

8 TERMS AND CONDITIONS OF THE BOND ISSUE

The following Terms and Conditions shall be read in conjunction with all the other terms and conditions relative to and regulating the contractual relationship created between the Issuer, on the one hand, and the Bondholders, on the other:

- A Preferred Applicant wishing to subscribe for Bonds during the Offer Period shall submit a duly completed Application Form through any of the Authorised Financial Intermediaries (which include the Sponsor and the Manager & Registrar) by latest 12:00 hours CET on 4 March 2022, or such earlier date as may be determined by the Issuer. Hili Ventures Bondholders, Hili Properties plc Listed Equity Holders and Harvest Technology plc Listed Equity Holders will receive a pre-printed Application Form by mail, whilst Hili Ventures Stakeholders may obtain an Application Form from the company secretary of the Issuer as from 14 February 2022.

Pursuant to the Placement Agreements as described in more detail in sub-section 6.3 above, Authorised Financial Intermediaries (either in their own name or in the name of underlying clients) must provide details of Applicants representing the amount they have been allocated in terms of the respective Placement Agreement by completing a data file as provided by the Registrar by latest 12:00 hours CET on 22 February 2022, accompanied by full payment.

Should the Intermediaries' Offer take place, Authorised Financial Intermediaries need to submit to the Registrar completed subscription agreements as described in more detail in sub-section 6.4 above by latest 12:00 hours CET on 9 March 2022. Authorised Financial Intermediaries may subscribe for Bonds either in their own name or in the name of underlying clients.

- The issue and allotment of the Bonds is conditional upon the Bonds being admitted to trading on the Official List. In the event that the Bonds are not admitted to the Official List, any application monies received by the Issuer will be returned, without interest, by direct credit into the Applicant's bank account indicated by the Applicant on the relative Application Form.
- Application Forms must be accompanied by the full price of the Bonds applied for, in Euro. Payment may be made by credit transfer, by cheque payable to the respective Authorised Financial Intermediary or by any other method of payment as accepted by the respective Authorised Financial Intermediary. In any case, acceptance of payment shall be made at the Authorised Financial Intermediary's sole and absolute discretion and may be on the basis that the Applicant indemnifies the Authorised Financial Intermediary against all costs, damages, losses, expenses and liabilities arising out of or in connection with the failure of the Applicant's remittance to be honoured on first presentation, and that, at any time prior to unconditional acceptance by the Authorised Financial Intermediary of such late payment in respect of such Bonds, the Authorised Financial Intermediary may (without prejudice to other rights) treat the agreement to allocate such Bonds as void, in which case the Applicant will not be entitled to any refund or payment in respect of such Bonds (other than return of such late payment).
- It is the responsibility of investors wishing to apply for the Bonds to inform themselves as to the legal requirements of so applying, including any requirements relating to external transaction requirements in Malta and any exchange control in the countries of their nationality, residence or domicile.
- The contract created by the Issuer's acceptance of an Application filed by a prospective bondholder shall be subject to all the Terms and Conditions set out in this Securities Note.
- If an Application Form is signed on behalf of another party or on behalf of a corporation or corporate entity or association of persons, the person signing will be deemed to have duly bound his principal, or the relative corporation, corporate entity, or association of persons, and will be deemed also to have given the confirmations, warranties and undertakings contained in these Terms and Conditions on their behalf. Such representative may be requested to submit the relative power of attorney/resolution or a copy thereof, duly certified by a lawyer or notary public, if so required by the Issuer acting through the Registrar, but it shall not be the duty or responsibility of the Registrar or the Issuer to ascertain that such representative is duly authorised to appear on the Application Form and bind the Applicant.
- Applications in the name of a corporation or corporate entity or association of persons need to include a valid Legal Entity Identifier ("LEI") (which needs to be unexpired) in the space provided on the Application Form. Failure to include a valid LEI code will result in the Application being cancelled by the Issuer, acting through the Registrar, and subscription monies will be returned to the Applicant in accordance with the terms set out herein.
- In the event that an Applicant fails to submit full information and/or documentation required with respect to an Application, the Applicant shall receive a full refund, without interest, by direct credit transfer to such account indicated in the Application Form at any time before the Bonds are admitted to listing on the Official List of the MSE. Neither the Issuer nor the Registrar shall be responsible for any charges, loss or delay arising in connection with such credit transfer.
- In the case of joint Applications, reference to the Applicant in these Terms and Conditions is a reference to each of the joint Applicants, and liability therefor is joint and several.
- Applications in the name and for the benefit of minors shall be allowed provided that the Applicant already holds an account with the MSE. Any Bonds allocated pursuant to such an Application shall be registered in the name of the minor as Bondholder, with interest and redemption monies payable to the parents / legal guardian/s signing the Application Form until such time as the minor attains the age of eighteen (18) years, following which all interest and redemption monies shall be paid directly to the registered holder,

provided that the Issuer has been duly notified in writing of the fact that the minor has attained the age of eighteen (18) years.

- The Bonds have not been and will not be registered under the Securities Act of 1933 of the United States of America and, accordingly, may not be offered or sold within the United States or to or for the account or benefit of a U.S. person.
- No person receiving a copy of the Prospectus or an Application Form in any territory other than Malta may treat the same as constituting an invitation or offer to such person, nor should such person in any event use such Application Form, unless, in the relevant territory, such an invitation or offer could lawfully be made to such person or such Application Form could lawfully be used without contravention of any regulation or other legal requirements. Having considered the circumstances, the Issuer has formed the view (due to the onerous requirements involved in the registration of the Prospectus in any territory other than Malta and/or compliance with the relevant legal or regulatory requirements) not to send Application Forms to Hili Ventures Bondholders, Hili Properties plc Listed Equity Holders and Harvest Technology plc Listed Equity Holders having their address as included in the register of bondholders outside Malta, except where, *inter alia*, in the absolute discretion of the Issuer, it is satisfied that such action would not result in a contravention of any applicable legal or regulatory requirement in the relevant jurisdiction.
- It is the responsibility of any person outside Malta wishing to make any Application to satisfy himself/herself/itself as to full observance of the laws of any relevant territory in connection therewith, including obtaining any requisite governmental or other consents, observing any other formalities required to be observed in such territory and paying any issue, transfer or other taxes required to be paid in such territory.
- Subject to all other Terms and Conditions set out in the Prospectus, the Issuer reserves the right to reject, in whole or in part, or to scale down, any Application, and to present any cheques and/or drafts for payment upon receipt. The right is also reserved to refuse any Application which in the opinion of the Issuer, acting through the Registrar, is not properly completed in all respects in accordance with the relative instructions or is not accompanied by the required documents.
- Save where the context requires otherwise or where otherwise defined therein, terms defined in the Prospectus bear the same meaning when used in these Terms and Conditions, in the Application Form, in any of the annexes and in any other document issued pursuant to the Prospectus.
- The Issuer has not sought assessment of the Bonds by any independent credit rating agency.
- Subject to all other Terms and Conditions set out in the Prospectus, the Issuer reserves the right to revoke the Issue at any time before the closing of the Offer Period. The circumstances in which such revocation might occur are expected to be exceptional, for example where a significant change in market conditions occurs.
- The Bonds will be issued in multiples of €100. The minimum subscription amount of Bonds that can be subscribed for by all Applicants is €5,000.
- For the purposes of the Prevention of Money Laundering and Funding of Terrorism Regulations (Subsidiary Legislation 373.01), as may be amended from time to time, all appointed Authorised Financial Intermediaries are under a duty to communicate, upon request, all information about clients as is mentioned in articles 1.2(d) and 2.4 of the "Members' Code of Conduct" appended as Appendix 3.6 to Chapter 3 of the MSE Bye-Laws, irrespective of whether the said appointed Authorised Financial Intermediaries are Malta Stock Exchange members or not. Such information shall be held and controlled by the Malta Stock Exchange in terms of the General Data Protection Regulation (EU) 2016/679 (GDPR) and the Data Protection Act (Chapter 586 of the laws of Malta) for the purposes and within the terms of the Malta Stock Exchange Data Protection Policy, as published from time to time.
- It shall be incumbent on the respective Authorised Financial Intermediary to ascertain that all other applicable regulatory requirements relating to subscription of Bonds by an Applicant are complied with, including, without limitation, the obligation to comply with all applicable MiFIR requirements as well as applicable MFSA Rules for investment services providers, all applicable Anti-Money Laundering and Counter Terrorist Financing rules and regulations, as well as the applicable MFSA Conduct of Business Rules.

By completing and delivering an Application Form, the Applicant:

- a agrees and acknowledges to have had the opportunity to read the Prospectus and to be deemed to have had notice of all information and representations concerning the Issuer and the Guarantor and the issue of the Bonds contained therein;
- b warrants that the information submitted by the Applicant in the Application Form is true and correct in all respects. All Applications need to include a valid MSE account number in the name of the Applicant/s. Failure to include an MSE account number will result in the Application being cancelled by the Issuer (acting through the Registrar) and subscription monies will be returned to the Applicant. In the event of a discrepancy between the personal details (including name and surname and the Applicant's address) appearing on the Application Form and those held by the MSE in relation to the MSE account number indicated on the Application Form, the details held by the MSE shall be deemed to be the correct details of the Applicant;
- c authorises the Registrar and the MSE to include his/her/its name or, in the case of joint Applications the first named Applicant, in

the register of debentures of the Issuer in respect of the Bonds allocated to such Applicant and further authorises the Issuer, the Registrar, the respective Authorised Financial Intermediary and the MSE to process the personal data that the Applicant provides in the Application Form, for all purposes necessary and subsequent to the Bond Issue applied for, in accordance with the General Data Protection Regulation (EU) 2016/679 (GDPR) and the Data Protection Act (Chapter 586 of the laws of Malta). The Applicant has the right to request access to and rectification of the personal data relating to him/her/it as processed by the Issuer and/or the MSE. Any such requests must be made in writing and sent to the CSD. The requests must further be signed by the Applicant to whom the personal data relates;

- d confirms that in making such Application no reliance was placed on any information or representation in relation to the Issuer, the Guarantor or the issue of the Bonds other than what is contained in the Prospectus and, accordingly, agree/s that no person responsible solely or jointly for the Prospectus or any part thereof will have any liability for any such other information or representation;
- e agrees that the registration advice and other documents and any monies returnable to the Applicant may be retained pending clearance of his/her/its remittance and any verification of identity as required by the Prevention of Money Laundering Act (Chapter 373 of the laws of Malta) and regulations made thereunder, and that such monies will not bear interest;
- f agrees to provide the Issuer, acting through the Registrar, with any information which it/they may request in connection with the Application;
- g warrants, in connection with the Application, to have observed all applicable laws, obtained any requisite governmental or other consents, complied with all requisite formalities and paid any issue, transfer or other taxes due in connection with his/her/its Application in any territory, and that the Applicant has not taken any action which will or may result in the Issuer or the Registrar acting in breach of the regulatory or legal requirements of any territory in connection with the issue of the Bonds or his/her/its Application;
- h warrants that all applicable exchange control or other regulations (including those relating to external transactions) have been duly and fully complied with;

Notes on how to complete this Application Form and other information

The following notes are to be read in conjunction with the Prospectus dated 27 January 2022 regulating the Bond Issue

1. This Application is governed by the Terms and Conditions of the Bond Issue contained in Section 8 of the Securities Note dated 27 January 2022 forming part of the Prospectus. Capitalised terms not defined herein shall, unless the context otherwise requires, have the meaning ascribed to them in the Prospectus.
2. The Application Form is to be completed in BLOCK LETTERS. For applicants who are non-residents in Malta for tax purposes, the relative box in Panel F must be completed.
3. The MSE account number pertaining to the Hili Ventures Bondholders, Hili Properties plc Listed Equity Holders and Harvest Technology plc Listed Equity Holders, has been preprinted in Panel A and reflects the MSE account number on the respective register held at the CSD as at 21 January 2022 (trading session of the 19 January 2022). If an MSE account pertains to more than one person (including husband and wife), the full details of all individuals must be given in Panels A and B but the first named bondholder shall, for all intents and purposes, be deemed to be the registered holder of the Bonds (vide note 6 below). Applications by more than two persons are to use the Addendum to the Application Form.

Upon submission of an Application Form, Bondholders who opt to have an online e-portfolio facility (by marking the relative box in Panel A), will receive by mail at their registered address a handle code to activate the new e-portfolio login. Registration for the e-Portfolio facility requires a mobile number to be provided on the Application Form. The Bondholder's statement of holdings evidencing entitlement to Bonds held in the register kept by the CSD and registration advices evidencing movements in such register will be available through the said e-portfolio facility on <https://eportfolio.borzamalta.com.mt/>. Further detail on the e-portfolio may be found on <https://eportfolio.borzamalta.com.mt/Help>.

4. Applications in the name and for the benefit of minors shall be allowed provided that the applicant already holds an account with the MSE. Any Bonds allocated pursuant to such an Application shall be registered in the name of the minor as Bondholder, with interest and redemption proceeds payable to the parents or legal guardian/s signing the Application Form until such time as the minor attains the age of eighteen (18) years, following which all interest and redemption proceeds shall be payable directly to the registered holder, provided that the Company has been duly notified in writing of the fact that the minor has attained the age of eighteen (18) years. Panel C must be inserted with full details of the parents/legal guardians.
5. In the case of a body corporate, a valid Legal Entity Identifier ("LEI") needs to be inserted in Panel A. **Failure to include a valid LEI code, will result in the Application being cancelled by the Registrar.** Applications must be signed by duly authorised representatives indicating the capacity in which they are signing.
6. **PREFERRED APPLICANTS ARE TO NOTE THAT ANY SECURITIES ALLOTTED TO THEM WILL BE RECORDED BY THE MALTA STOCK EXCHANGE IN THE MSE ACCOUNT QUOTED ON THIS APPLICATION FORM EVEN IF THE DETAILS OF SUCH MSE ACCOUNT NUMBER, AS HELD BY THE CSD OF THE MALTA STOCK EXCHANGE, DIFFER FROM ANY OR ALL OF THE DETAILS APPEARING OVERLEAF. A SEPARATE REQUEST BY THE APPLICANT TO CHANGE THESE DETAILS AS RECORDED AT THE MSE, WILL HAVE TO BE EFFECTED.**
7. Where a decision to invest is taken by a third party authorised to transact on behalf of the Applicant (a "decision maker") such as an individual that holds a power of attorney to trade on the Applicant's account or applications under a discretionary account, details of the decision maker need to be included in Panel C.
8. Where an MSE account number is held subject to usufruct, Panel C needs to be completed and both the bare owner/s and the usufructuary/ies are to sign this Application Form.
9. Applications must be for a minimum subscription of €5,000 and thereafter in multiples of €100 and must be accompanied by the relevant subscription amount in Euro.
10. Only Applicants who hold a valid official Maltese Identity Card or companies registered in Malta will be treated as resident in Malta. In such a case the Applicant may elect to have final withholding tax, currently 15%, deducted from interest payments in which case such interest need not be declared in the Applicant's income tax return. The Applicant may elect to receive the interest gross (i.e. without deduction of final withholding tax), but will be obliged to declare interest so received in the tax return. The Company will render an account to the Maltese Commissioner for Revenue of all interest paid, all amounts of tax deducted by the payor in respect of the interest paid and of the identity of all such recipients. Interest received by non-resident Applicants is not taxable in Malta and non-residents will receive interest gross. Authorised entities applying in the name of a prescribed fund will have final withholding tax (currently 10%), deducted from interest payments.

In terms of Section 7.2 of the Securities Note, unless the Company is otherwise instructed by a Bondholder, or if the Bondholder does not fall within the definition of "recipient" in terms of article 41(c) of the Income Tax Act (Cap. 123 of the laws of Malta), interest shall be paid to such person net of final withholding tax, (currently 15%) of the gross amount of interest, pursuant to article 33 of the Income Tax Act (Cap. 123 of the laws of Malta).

11. Non-residents of Malta should note that payment of interest to individuals and certain residual entities residing in another EU Member State is reported on an annual basis to the Director General Inland Revenue, Malta, who will in turn exchange the information with the competent tax authority of the Member State where the recipient of interest is resident. This exchange of information takes place in terms of the Council Directive 2014/107/EU, of 9 December 2014 amending Directive 2011/16/EU as regards mandatory automatic exchange of information in the field of taxation.

The contents of Notes 10 and 11 above do not constitute tax advice by the Company and Applicants are to consult their own independent tax advisors in case of doubt.

12. Interest, refund and redemption proceeds will be credited to the account indicated in Panel G or as otherwise amended by the Bondholder/s during the term of the Bond.
13. The Offer Period will open at 08:30 hours on 14 February 2022 and will close at 12:00 hours on 4 March 2022, or earlier as may be determined by the Issuer. Application for Bonds may be lodged with any Authorised Financial Intermediary listed in Annex II of the Securities Note during normal office hours. Remittances by post are made at the risk of the Applicant and the Company disclaims all responsibility for any such remittances not being received by the date of closing of the subscription lists. If any Application is not accepted after the closure of the subscription lists or is accepted for fewer Bonds than those applied for, the monies equivalent to the number of Bonds not being accepted will be returned by direct credit into the IBAN specified in panel G.
14. By completing and delivering an Application Form you (as the Applicant(s)) acknowledge that:
 - a. the Company or its duly appointed agents including the CSD and the Registrar, may process the personal data that you provide in the Application Form in accordance with the Data Protection Act (Cap. 586 of the laws of Malta) and the General Data Protection Regulation (GDPR) (EU) 2016/679 as amended from time to time;
 - b. the Company may process such personal data for all purposes necessary for and related to the Bonds applied for; and
 - c. you, as the Applicant, have the right to request access to and rectification of the personal data relating to you, as processed by the Company.

Any such requests must be made in writing and addressed to the Company. The request must be signed by yourself as the Applicant to whom the personal data relates.

The value of investments can go up or down and past performance is not necessarily indicative of future performance. The nominal value of the Bonds on offer will be repayable in full upon redemption. An investor should consult an independent financial advisor, licensed under the Investment Services Act (Cap. 370 of the laws of Malta), for advice.

HILI VENTURES LIMITED

C 57902

To All Bondholders:

Reference is made to the issue of up to €50 million Unsecured Bonds 2027 by Hili Finance Company plc, a company registered in Malta bearing company registration number C 85692 (the “**Issuer**”) pursuant to and subject to the terms and conditions contained in the Securities Note forming part of the Prospectus to be dated 27 January 2022 (the “**Bonds**”).

Now, therefore, by virtue hereof, Hili Ventures Limited (C 57902), hereby stands surety with the Issuer and irrevocably and unconditionally guarantees the due and punctual performance of all the obligations undertaken by the Issuer under the Bonds and, without prejudice to the generality of the foregoing, undertakes to pay all amounts of principal and interest which have become due and payable by the Issuer to Bondholders under the Bonds, within sixty (60) days from the date such amount falls due and remains unpaid by the Issuer.

This Guarantee shall be governed by the laws of Malta.

Signed and executed on this the 27th day of January 2022, after approval of the board of directors of Hili Ventures Limited.

INTERPRETATION

In this Guarantee, unless the context otherwise requires:

- (a) terms and expressions defined in or construed for the purposes of the Prospectus shall have the same meanings or be construed in the same manner when used in this Guarantee, unless defined otherwise in this Guarantee;
- (b) “**Indebtedness**” means any and all monies, obligations and liabilities now or hereafter due, owing or incurred by the Issuer under the Bonds to the Bondholders (whether alone and/or with others) in terms of the Prospectus and in any and all cases whether for principal, interest, capitalised interest, charges, disbursements, or otherwise and whether for actual or contingent liability; and
- (c) “**writing**” or “**in writing**” shall mean any method of visual representation and shall include e-mails and other such electronic methods.

NATURE, SCOPE AND TERMS OF THE GUARANTEE

1. NATURE OF THE GUARANTEE

The offering of Bonds that will be made by the Issuer pursuant to the Prospectus will be made with the benefit of the joint and several corporate Guarantee of the Guarantor, the full terms of which are set out in clause 3 below.

2. INFORMATION ABOUT THE GUARANTOR

The information about the Guarantor required pursuant to the Capital Markets Rules and the Prospectus Regulation may be found in the Registration Document forming part of the Prospectus.

3. TERMS OF THE GUARANTEE

3.1 Covenant to Pay

For the purposes of the Guarantee, the Guarantor, as primary obligor, hereby jointly and severally with the Issuer irrevocably and unconditionally guarantees to each Bondholder that if for any reason the Issuer fails to pay any sum payable by it to such Bondholder pursuant to the Terms and Conditions of the Bonds detailed in the Securities Note as and when the same shall become due under any of the foregoing, the Guarantor will pay to such Bondholder on written demand the amount payable by the Issuer to such Bondholder. All demands shall be sent to the address stated below in clause 3.11 as the same may be changed by company announcement issued by the Issuer from time to time.

Such payment shall be made in the currency in force in Malta at the time the payment falls due.

All payments shall be made to Bondholders without any withholding for taxes (and, in so far as this obligation exists under any law, the payment shall be grossed up by the amount of withholding) and without set-off for any amounts which may be then owing to the Guarantor by the Issuer.

This Guarantee shall apply to all Bonds issued on or about 21 March 2022 in accordance with the terms of the Securities Note.

3.2 Guarantor as joint and several surety

The Guarantor will be liable under this Guarantee as joint and several surety with the Issuer.

3.3 Maximum Liability

This is a continuing Guarantee for the whole amount due or owing under the Bonds or which may hereafter at any time become due or owing under the Bonds by the Issuer, but the amount due by the Guarantor to the Bondholders under this Guarantee shall be up to and shall not be in excess of €50,000,000 (fifty million Euro), apart from interest due up to the date of payment and costs and expenses relating to the protection, preservation, collection or enforcement of the Bondholders' rights against the Issuer and/or the Guarantor, which shall be additional to the maximum sum herein stated.

3.4 Continuing and unconditional liability

The liability of the Guarantor under this Guarantee shall be continuing until such time as the Indebtedness is fully repaid and shall in no way be prejudiced or affected, nor shall it in any way be discharged or reduced, by reason of:

- a. the bankruptcy, insolvency or winding up of the Issuer; or
- b. the incapacity or disability of the Issuer; or
- c. any change in the name, style, constitution, any amalgamation or reconstruction of either the Issuer or the Guarantor; or
- d. a Bondholder conceding any time or indulgence, or compounding with, discharging, releasing or varying the liability of the Issuer or renewing, determining, reducing, varying or increasing any accommodation or transaction or otherwise dealing with the same in any manner whatsoever or concurring in, accepting or in any way varying any compromise, composition, arrangement or settlement or omitting to claim or enforce or extract payment from the Issuer; or

- e. any event, act or omission that might operate to exonerate the Guarantor without settlement in full of the Indebtedness towards the relevant Bondholder.

3.5 Indemnity

As a separate and alternative stipulation, the Guarantor unconditionally and irrevocably agrees that any Indebtedness to be payable by the Issuer but which is for any reason (whether or not now known or becoming known to the Issuer, the Guarantor or any Bondholder) not recoverable from the Guarantor, will nevertheless be recoverable from it as if it were the sole principal debtor and will be paid by it to the Bondholder on demand. This indemnity constitutes a separate and independent obligation from the other obligations in this Guarantee, gives rise to a separate and independent obligation from the other obligations in this Guarantee, and gives rise to a separate and independent cause of action.

3.6 Representations and Warranties

3.6.1 The Guarantor represents and warrants:-

- (i) that it is duly incorporated and validly existing under the laws of Malta and has the power to carry on its business;

- (iv) that this Guarantee does not and will not constitute default with respect to or run counter to any law, by-law, articles of incorporation, statute, rule, regulation, judgement, decree or permit to which the Guarantor is or may be subject, or any agreement or other instrument to which the Guarantor is a party or is subject or by which it or any of its property is bound;
- (v) that this Guarantee shall not result in or cause the creation or imposition of, or oblige the Guarantor to create, any encumbrance on the Guarantor's undertakings, assets, rights or revenues;

3.6.2 As from the date of this Guarantee, until such time as the Indebtedness is paid in full to the Bondholders, and for as long as this Guarantee shall remain in force, the Guarantor shall hold true, good and valid all the representations and warranties given under this clause.

3.7 Deposit and production of the Guarantee

The original instrument creating this Guarantee shall be deposited with and be held by the Issuer at its registered address for the benefit of the Bondholders until all obligations of the Guarantor have been discharged in full, and until such time, the Guarantor acknowledges the right of every Bondholder to obtain a copy of the instrument creating the Guarantee.

In 2020, Poland-based Allcom saw an improvement in volumes despite the COVID-19 restrictions. Limited to Hili Logistics. This transaction was concluded in Q4 2020. In terms of other operational developments occurring during FY20, 1923 Investments also discontinued the freight forwarding business in Q3 2020 to focus primarily on ship agency, ship-to-ship services and warehousing in Malta.

Engineering services mainly relate to revenue derived from the operations of HV Marine's subsidiary, Motherwell Bridge Industries Limited ("Motherwell Bridge").

In FY20, revenue generated by Motherwell Bridge amounted to €9.1m, reflecting an improvement of 30.1% when compared to FY19. FY20 was an exceptional year for Motherwell Bridge as it executed a number of projects in the Middle East.

1.5 COVID-19 impact on the Group's operational and financial performance

In view of the developments pertaining to the COVID-19 pandemic, the directors of the Guarantor are evaluating on an ongoing basis the performance and projections of the various subsidiaries and the effect that similar business disruption might have on the profitability, liquidity of the Guarantor in the future.

During FY20, the pandemic-related disruptions have had a significant impact on the general economy. However, operating and forecasted results show that the Guarantor's operations have shown resilience to any negative impact being experienced by the general economy.

The performance of the Group for the year ending 31 December 2021 is expected to persevere through the ongoing operations and the projected investment across its divisions.

Liquidity Measures

Notwithstanding the COVID-19 situation remaining relatively fluid and unclear, management explained that the Group's capital and liquidity

position continues to be adequate to satisfy the Group's obligations when they fall due.

Costs Containment Measures

During 2020 the Group kept a watchful eye on its operating costs and capital expenditure and this outlook is reflected in the projections for 2021.

Assumptions undertaken in projections utilised for the purpose of this document

In arriving at its projections, management reviewed the budget of 2021 prepared late last year together with the performance seen in the first six months of 2021. In addition, management further noted that the anticipated improvement in revenue in addition to that projected in the 2021 Financial Analysis Summary, primarily relates to more visibility in which the Group has currently in hand, both vis-à-vis the pandemic developments, as well as the Group ongoing projects.

Concluding remarks

In view of the aforementioned projections, the directors have assessed the reserves and financing available to the Guarantor and are confident that these are adequate to support the Guarantor in the foreseeable future. Management confirmed that the Issuer has sufficient resources at its disposal to honour its existing bond interest payment obligations.

The Issuer was set up as a finance company, therefore, its revenue consists of interest income generated on the funds advanced to group companies.

In the audited financial statements for FY20, the Issuer reported finance income levels slightly above those projected for the same year, an increase of 0.16%.

However, when compared to FY19, finance income jumped by just below 80% or *circa* €2.4m, as the Issuer reported an increase in interest receivable on a loan it advanced to the parent company.

Expectedly, for the same year, finance costs increased by just over €2m or 78%, reflecting a full year of interest on the newly issued 3.8% Hili Finance Company plc 2029 bond back in July 2019.

Overall, gross margins increased by just below 1%, when compared to FY19, while when compared to the projected period this was marginally lower by 0.36%. The said margins reflect net finance income of €0.8m and €0.4m for FY20 and FY19, respectively.

Administrative expenses, which mainly comprise audit fees and director fees, remained flat, while total comprehensive income increased to €491k, reflecting the increase in finance income.

For FY21 the issuer is not foreseeing any material changes in its statement of comprehensive to the figures reported in FY20.

The Issuer's finance income and profitability are expected to increase by 45.4% and 61.3% respectively during FY22, mainly reflecting the proceeds of this proposed bond issue.

2.2 Issuer's Statement of Financial Position

The company's assets are comprised of interest-bearing securities loaned to the parent company, while liabilities reflect predominately the issued bond securities of €40m and €80m offered to the public in 2018 and 2019, respectively.

Apart from this proposed bond of €50m, which inevitably is expected to result in a simultaneous increase in the Issuer's assets and liabilities, to date, no material changes are envisaged for FY22.

2.3 Issuer's Statement of Cash Flows

Cash and cash equivalents at end of year	60	18	3	7	17	371	1,150

Given the purpose of the Issuer, that of acting as a financing vehicle for the Guarantor, looking at cash flows from investing activities would be more appropriate.

Indeed, FY19 reflects the issuance of the €80m 3.8% Hili Finance Company plc 2029 bond, as an investment in the parent company, while when looking at the same comparable period in FY20, a loan of €0.6m was credited to the parent company, thus relatively to FY19, loan advances were minimal.

As expected, the Issuer reported a jump in interest received, that of €3.8m reflecting namely interest on the €40m bond issuance in 2018, and a year of full interest on the €80m announced in July 2019.

Looking at financing activities within the cash flow statement, no financing activities were noted in FY20, while in FY19 the noticeable movements were the €80m bond issue.

In FY20 the Issuer reported a marked increase of €3.1m in interest paid - the increase predominately reflecting the increase in debt issuance as a source of funding in the Issuer's financing structure.

Similarly, the projected investing and financing activities for FY22 reflect the €50m proposed bond issue.

As noted from the above financial data, the Guarantor's revenue during FY20 amounted to €483.2m, which represents a decline of 1.5% when compared to FY19 (€490.6m). Management noted that this drop in revenue is mainly attributable to the business disruptions brought about by the pandemic, namely in relation to the Guarantor's restaurant operations.

During FY20, revenue derived from 'restaurant operations' declined by 6.5% or €22.3m, from €341.3m in FY19 to €319m in FY20. In view of the constantly changing restrictions imposed by national authorities to contain the virus spread, dine-in service was suspended across most restaurants whereby customers were mainly served through drive-through and delivery. Delivery charges had a significant impact on the cost structure of the quick service restaurant business. Although the Guarantor's restaurants increased to 159 stores during FY20, the implications brought about by the pandemic resulted in a decline in average revenue per restaurant generated during the year.

Revenue from the IT retail and consumer electronic product premium reseller business increased by €5.1m or 5% to €106.5m in FY20 (FY19: €101.5m). As the COVID-19 pandemic accelerated a structural shift in demand towards digital commerce, the Guarantor, through iSpot, shifted its offering online to mitigate the impact of non-physical store footfall. Inevitably, this resulted in an increase in e-commerce business during FY20, with management attributing this surge in online sales to the effective marketing strategies implemented by iSpot throughout the year.

The strong financial performance registered by Harvest was primarily derived by the commencement of a project in Mauritius, increased proliferation of products, and an increase in demand for online payments particularly since the onset of COVID-19.

The logistics segment has also been impacted by the pandemic. Inevitably, the restrictions imposed by countries on movement and flow of goods have resulted in consequent supply chain disruptions during the year. Similarly, the drop in demand and consumption of non-essential goods has also reduced manufacturing output, thereby impacting volumes of cargo. As a result of temporary closure of factories in China, an initial slowdown was noted in 2020 which was compensated by increases in volumes in the later part of the year at favourable container rates. This brought about positive results for the segment. Furthermore, the FY20 results include an amount of €9.8m representing eight months of revenue derived from the newly acquired business in STS Marine Solutions. This operation suffered a slowdown in FY20 primarily due to the restriction of worldwide travel.

In terms of the Guarantor's real estate operations segment, FY20 revenue amounted to €5.3m (FY19: €6.6m). This drop in revenue is mainly attributable to the disposal of an office building in Malta during FY19. No further acquisitions of a similar size were made during the course of the year.

Revenue from engineering services improved to €9.1m during FY20 (FY19: €7m), mainly as a result of two major projects in the Middle East as explained earlier on in this Analysis.

The Guarantor is expecting revenue to improve to €580.2m for FY21, illustrating an overall anticipated improvement of 20.2% over FY20. Management noted that the anticipated improvement in revenue in addition to what the Group projected in the 2021 Financial Analysis Summary primarily relates to the fact that the Group is now in a better position and has more clarity *vis-à-vis* the financial performance of 2021.

Apart from being based on a gradual recovery from the COVID-19 pandemic across all subsidiaries, as well as an increase in tourism levels, as evidenced in the latest interim financial statements (H121: +21.7%), the main revenue assumptions concerning each of the Guarantor's operating business lines are set out below:

- **Restaurant operations:** Revenue from restaurant operations is expected to grow to €397.4m during FY21, representing an anticipated increase of 24.6% based on the actual performance of the majority of FY21. Notably, this improvement across the projected period is attributable to an uptick in tourism as well as an increase in the company's overall number of stores.
 - **IT retail sales:** Moving into FY21, revenue specifically derived from this segment is projected to increase to €148.6m, reflecting an overall improvement of 18.3% over FY20. Specifically, in terms of the sale of IT retail and consumer electronic products, management explained that throughout the first half of FY21, and also moving into the latter parts of the year, iSpot experienced a sustained increase in demand for its products, both through online sales as well as increased in-store movement. The appetite for technology-related products and services is expected to remain in place throughout the remaining months of FY21. This projected performance is also attributable to the opening of two outlets occurring in the first half of the current financial year.
- In terms of Harvest's operations, which also falls under this business division of the Group, management also intends to obtain improved results during FY21, predominantly through an increase in its international presence and diversification in the industries it services, extending its partner networks and introducing new online payment products and services.
- **Logistics and transport services:** Revenue from the logistics and transport division is anticipated to amount to €21.6m, which now includes a full year of operations of STS Marine Solutions.
 - **Real estate operations:** Rental income from properties is projected on the contractual rental agreements that the Group currently has in place with its tenants.
 - **Engineering services:** Projected results for this division assumes no additional international contracts during FY21.

Guarantor's Revenue Segmental Analysis

In view of marginal decline in revenue discussed above, the Guarantor's cost of sales (excluding depreciation) amounted to €359.9m during FY20, which is relatively in line with that incurred in FY19. This is expected to increase to €436.2m during FY21, reflecting the aforementioned expected overall improvement in revenue.

The Guarantor's net operating expenses during FY20 decreased to €55.8m (FY19: €62.8m). Management noted that this drop in operating expenses is mainly attributable to a cost mitigation exercise implemented throughout the pandemic across all subsidiaries, with the aim of safeguarding the Guarantor's liquidity and profitability.

The efforts made by the Group during 2020 resulted in an improvement in EBITDA of 4% amounting to €67.6m (FY19: €65m). The majority of the Group's EBITDA during FY20 (76%) was generated by Premier through its quick service restaurants.

Pursuant to an anticipated improvement across all subsidiaries from continuing operations, the Group's EBITDA is expected to increase to €82.3m in FY21.

The depreciation and amortisation charge during FY20 increased to €29.9m (FY19: 27.2m), mainly on account of the opening of new stores concerning the Guarantor's restaurant operations. This is expected to increase to *circa* €30.1m in FY21, primarily due to a full year of depreciation at STS Marine Solutions as well as capital expenditure in new equipment at STS. This increase is also attributable to the capital expenditure undertaken in the first half of 2021 regarding the opening of the new outlets at iSpot level in Poland as well as the opening of new stores concerning the retail operation of the Guarantor.

Finance costs mainly consist of interest incurred on the bonds issued by companies within the Group, in addition to finance costs on bank borrowings and finance lease liabilities (IFRS 16). Net finance costs increased from €17.1m in FY19 to €19.5m in FY20, with this increase also being attributable to the full year of interest on the newly issued 3.8% Hili Finance Company plc 2029 bond issued in July 2019. Finance costs are expected to increase to €21.7m during FY22, reflecting the additional interest which the Group is expected to incur following this proposed bond issue.

Although the Guarantor registered an improvement in EBITDA from FY19 to FY20, profit before tax amounted to €19.1m when compared to €26.5m in FY19. This is a result of the increase in depreciation charge during the year, the aforementioned elevated level of finance costs, and investment income earned in FY19.

Profit before tax is expected to improve to €37.8m during FY21 with management noting that this anticipated improvement is predominantly related to the expected recovery at Premier, a strong year at iSpot, and an overall expected improvement across the majority of the Guarantor's subsidiaries.

Broadly speaking, in view of the important considerations discussed above, the Group is projecting profit for the year to increase from €15.2m in FY20 to €29.6m in FY21, reflecting an anticipated improved net profit margin of 5.1% (FY20: 3.2%). Additionally, in view of the projected continued revenue improvement in FY22, the Group's net profit margin is expected to amount higher at 5.7%. It is also key to note that such projected improvement in profitability and financial performance are also reflected in other key profitability metrics including return on common equity (FY20: 14.1% vs FY21: 22.6%) and return on assets (FY20: 2.4% vs FY21: 4.4%).

⁴ The decline in Net Debt/ EBITDA in comparison to previous years is attributable to additional borrowings undertaken by the Guarantor which is at present not being backed up by returns.

Total non-current assets as at 31 December 2020 amounted to €522.2m (FY19: €493.7m), and principally comprise of goodwill and intangible assets at €106.3m, property, plant and equipment at €214.4m, investment property at €64.7m and right-of-use amounting to €80.6m. While the increase in the Guarantor's goodwill during FY20 primarily relates to the acquisition of STS Marine Solutions in April 2020, the increase in loans and receivables of €11.2m is mainly as a result of a reclassification between current and non-current portions of loans and receivables. In addition, the increase in property, plant and equipment over the period FY19-FY20, is attributable to the capital expenditure incurred in relation to the opening of new restaurants at Premier.

Total non-current assets in FY21 are projected to amount higher to €534.2m. Management confirmed that this anticipated increase is mainly due to projected capital expenditure and acquisition of investment property.

Management noted that the main difference in the updated projections as compared to the previous projections set out in the 2021 Financial Analysis Summary, primarily relate to certain assumptions at Hili Properties which were later revised following publication of the said analysis. Ultimately, this has resulted in the Group projecting an overall updated lower investment property figure for FY21.

Other major differences in comparison to previous projections include a lower projected figure for loans and receivables listed under non-current liabilities. Management reported that this variance ultimately relates to the fact that in the previous projections, non-current trade and other receivables were re-classified together under one line item.

Additionally, current assets which mainly comprise of inventory, trade and other receivables, as well as cash and cash equivalents, amounted to €102m during FY20 (FY19: €135.2m). Management attribute this decline in current assets to the utilisation of cash resources to fund the acquisition of the minority share in the quick service restaurant business in Romania.

It is also key to note that the differences stemming from the original FY21 projections to the current assumptions vis-à-vis trade and other receivables predominantly relate to changes in working capital.

The Guarantor's cash reserves are anticipated to increase to €78.8m during FY21 as a result of proceeds from additional financing undertaken by the Group during the year. Importantly, the uplift in cash and cash equivalents in comparison to prior projections relates to an overall improved financial performance at Group level as clearly noted in section 2.4 of this Analysis. Total assets are projected to amount to €668.6m in FY21.

Total financial debt, which is primarily composed of debt securities, borrowings, other financial liabilities and lease liabilities, amounted to €439.1m during FY20, which is relatively at the same level of the prior year. The Guarantor's total debt is expected to increase to €508.3m in FY22 as a result of additional borrowings to finance further growth.

Notwithstanding the above, the Group's FY21 gearing 1 ratio is expected to taper down to 69.3%, predominantly as a result of the simultaneous increase in total equity due to the equity listing of Hili Properties which took place during the year. In similar terms, total liabilities/total assets is also expected to amount lower during FY21 and stand at 76.8% (FY20: 82.9%).

An overview of the Guarantor's debt structure is set out the chart presented below. Furthermore, total liabilities are projected to amount to €513.3m during FY21, compared to €517.4m in the previous year. This increase in liabilities reflects additional borrowings expected to be secured by the Guarantor during FY21. Nevertheless, the main variance in the newly updated projections vis-à-vis the FY21 total liabilities predominantly relate to the delay in the issuance of this proposed bond, which is now earmarked for FY22.

Net cash flows from operations during FY20 show a 6% decline or €4m when compared to FY19. The decline was predominately brought about by the movements in working capital which were a consequence of the interruptions to operations during FY20 together with timing of contractual revenues derived by Harvest. The Group's working capital was also impacted by a reduction in payables of €3.7m, as the company reduced its dues with counterparties. In addition, contracted liabilities were lower by just over €1m in 2020, a contrasting figure relative to 2019 in which the company reported a positive number.

Looking at the other components forming part of net cash flows from operating activities, interest paid increased by just below €1.6m, an increase which reflects the first interest paid on the bond issued by Hili Finance Company plc in 2019.

Driven by current and new operations, management further noted that based on the Group's financial performance during H120, and in view of the continued improvement and recovery from the pandemic in the consequent months, the Group is projecting net cash flows from operating activities to improve to €61.7m. This is expected to marginally improve to €61.9m during FY22.

In 2020, cash flows from investing activities decreased by €17.3m when compared to 2019, as the Group acquired a non-controlling interest in subsidiaries amounting to €11.5m, while it paid €24.7m for the acquisition of the STS business within 1923 Investments. While the Group is projecting net cash used in investing activities to amount to €21.7m during FY21, the Group is projecting net cash outflows from investing activities to amount within the region of €96.6m during FY22, predominantly on the back of the continued expansion plans of the group.

Net cash flows from financing activities in period under review were negative €14.1m reflecting the payment of bank loans, lease obligations and amounts related to third parties.

PART 3 - KEY MARKET AND COMPETITOR DATA

3.1 European Economic Update⁵

The EU economy is rebounding from the pandemic recession faster than expected. Specifically, households responded to the improving epidemiological situation and the gradual relaxation of containment measures with a spending spree that propelled EU private consumption growth to 3.3% q-o-q. The rebound of economic activity was broad-based, with all components of domestic demand contributing positively to the 2.0% q-o-q rebound in GDP.

Moreover, economic indicators suggest that growth continued in the summer, also underpinned by a revival of intra-EU travel that benefited in particular EU touristic regions. The projected growth rate of 2.1% for the third quarter, allowed the EU as a whole to virtually close the gap with its pre-pandemic output level and move from recovery into expansion.

Nevertheless, in view of recent developments, new headwinds to the economic outlook are mounting. Notably, the supply side of the economy struggles to keep pace with the abrupt swings in the level and composition of global demand. This affects several key industries, including global logistics and the production of raw materials and microprocessors. Sporadic localised pandemic-related lockdowns together with emerging labour shortages add to the disruptions.

Surging energy prices, most notably for natural gas and electricity, are also expected to dampen the growth momentum in the short term. After falling sharply in 2020, energy prices have increased at a tumultuous pace over the second half of 2021 and are now above pre-pandemic levels. High wholesale energy prices are making their way to retail prices for households and producers, though at a varying degree and pace across countries, with potential knock on effects on consumption and business investment.

Despite these headwinds, the EU is projected to keep expanding over the remainder of the year, achieving a growth rate of 5.0% for 2021 as a whole, 0.2 pps higher when compared to previous expectations.

In 2022, the propelling forces of the re-opening are set to fade out, while supply bottlenecks loosen and energy prices decline. Growth is expected to be supported by an improving labour market, still high savings, favourable financing conditions and the full deployment of the Recovery and Resilience Facility (RRF). Economic activity in the EU is thus projected to expand by a solid 4.3% in 2022, before decelerating to 2.5% in 2023. Importantly, although the pace of growth is projected to remain uneven across countries and sectors, the EU is set to return onto its path of economic convergence. By early 2023, moreover, real GDP is expected to converge to the steady growth path that the economy was set to follow before the pandemic.

Although the impact of the pandemic on economic activity has weakened considerably, COVID-19 has not yet been defeated and the recovery is heavily dependent on its evolution, both within and outside the EU. The recent surge of cases in many countries may lead to the re-introduction of restrictions with impact on economic activity. In the EU, this risk is particularly relevant in countries with relatively low vaccination rates.

Besides the risks around the evolution of the pandemic, economic risks also relate to the potential protracted impact of the current supply constraints and bottlenecks.

3.2 Malta Economic Update⁶

In November annual growth in business activity receded somewhat from recent historical highs, but remained strong from a historical perspective as aggregate economic activity continued to recover from the record low level of 2020.

European Commission data show that sentiment eased in November but remained well above its level a year earlier and its historical average. The recent decrease in sentiment was driven by weaker sentiment across all sectors, bar the services sector. Following recent developments, and in contrast to October, sentiment turned mildly negative in industry and in the retail sector.

In October, industrial production contracted on an annual basis for the third consecutive month and fell at a faster pace when compared with September. Meanwhile, the volume of retail trade rose at a slower pace. The number of registered unemployed fell during the month. The unemployment rate was marginally above September's, yet still well below last year's rate.

Commercial permits increased in October relative to their year-ago levels, while residential permits fell. In November, the number of final deeds of sale rose on an annual basis, as did the number of promise-of-sale agreements.

The annual inflation rate based on the Harmonised Index of Consumer Prices (HICP) stood at 1.4% in October, up from 0.7% in the previous month. Inflation based on the Retail Price Index (RPI) rose to 2.3% in October, from 2.2% a month earlier. The difference between these two measures of inflation is primarily due to technical factors related to the revision of HICP weights in 2021. In November, both the annual HICP and RPI inflation rates rose to 2.4%.

Maltese residents' deposits expanded at an annual rate of 10.3% in October, following an increase of 10.0% in the previous month, while annual growth in credit to Maltese residents reached 8.6%, up from 7.1% a month earlier. In October, the cash-based Consolidated Fund recorded a wider deficit when compared with a year earlier, as government expenditure increased while government revenue was broadly unchanged.

3.3 Comparative Analysis

The purpose of the table below compares the proposed debt issuance of the Group to other debt instruments. For consistency purposes we opted to maintain the same peers as per last year's Financial Analysis Summary. More importantly, we have included different issuers with similar maturity to the Issuer. One must note that given the material differences in profiles and industries, the risks associated with the Group's business and that of other issuers is therefore different.
