2.3 WHAT ARE THE KEY RISKS SPECIFIC TO THE ISSUER?

The most material risk factors specific to the Issuer which may negatively impact the operations and financial position of the Issuer should the circumstances mentioned therein materialise are set out below:

2.3.1 Issuer's dependence on Hili Ventures Limited and on payments due by related Hili Ventures Companies

The Issuer will be dependent on the receipt of loan repayments from Group borrowing entities in order to service interest payments on the Bonds and eventually repay the principal of the Bonds. The performance of the Group borrowing entities has a direct effect on the Issuer's financial position and on the ability of the Issuer to meet its Bond Obligations. The loan repayments to be effected by the said Group borrowing companies in favour of the Issuer are subject to certain risks, such as the intrinsic risks of the business and operations of each of the Hili Ventures Companies (or the Group borrowing entities), all of which are beyond the Issuer's control. More specifically, the ability of the Group borrowing companies to effect loan repayments will depend on their respective cash flows and earnings, which may be restricted by the terms of agreements to which they are or may become a party, including the indenture governing their existing indebtedness, or by other factors beyond the control of the Issuer. The occurrence of any such factors could, in turn, negatively affect the ability of the Issuer to meet its Bond Obligations punctually when due.

3.3.1 Domicile and Legal Form, LEI and Country of Incorporation of the Guarantor

Net cash generated from/(used in) financing activities	14,246	1,706	8,664

3.3.3 Key risks specific to the Guarantor

The risks of the Issuer are indirectly those of the Group and, in turn, all risks relating to the Group, including the Guarantor, are the risks relevant to the Issuer. The most material risk factors specific to the Guarantor which may negatively impact the operations and financial position of the Guarantor should the circumstances mentioned therein materialise are set out below:

3.3.3.1 The Group's indebtedness could adversely affect its financial position

The Group is a diversified group of companies with a material amount of debt, and it may incur additional debt in connection with its future growth and business development strategy. Consequently, a portion of the Group's generated cash flows will be required to make principal and interest payments on the Group's debt. Furthermore, any borrowings under bank credit facilities will likely be at variable interest rates, which makes the Group vulnerable to sudden increases in interest rates. The agreements regulating the Group's bank debt may impose significant financial covenants on Hili Ventures Companies, the effects of which could limit the Group's ability to obtain future financing, make capital expenditure, withstand a future downturn in business or economic conditions generally or otherwise inhibit the Group's ability to conduct necessary corporate activities.

3.3.3.2 The Group may be exposed to certain financial risks, including interest rate risk, which the Group may be unable to effectively hedge against

The Group's diversified activities potentially expose it to a variety of financial risks, including market risk (principally interest rate risk and fair value risk), transaction risk, credit risk and risks associated with the unpredictability of financial markets, all of which could have adverse effects on the financial performance of the Group.

3.3.3.3 Substantial competition could reduce the Group's market share and significantly harm its financial performance

The Group has a trading history predominantly in the operation of quick service restaurants, technology and engineering industries, distribution of IT retail and consumer electronic products and services, transportation and logistics sectors, and ownership, development and management of immovable properties. Each of the aforementioned business sectors are characterised by strong and increasing competition. Many of the Group's current and potential competitors' operating histories, name recognition, customer bases and financial and other resources are a competitive factor for the Group wherever it may have business interests. Intense competition in certain countries could adversely affect the Group's businesses and operating results.

3.3.3.4 Premier Capital and its subsidiaries' dependence on its licensor/franchisor

The quick service restaurant operations system in Estonia, Latvia and Lithuania (the "Baltic countries"), Greece, Malta and Romania is developed pursuant to the terms of franchises issued by the franchisor. The revenues of Premier Capital and its subsidiaries are dependent on the continued existence of its contractual relationships with the franchisor, and, in turn, on its right to operate franchise-branded restaurants in Malta, the Baltic countries, Greece and Romania. Due to the nature of the franchising arrangement, many aspects of the operations and business of Premier Capital and its subsidiaries are also subject to various restrictions or specifications and many decisions in the business require prior approval of the franchisor. The long-term success of Premier Capital and its subsidiaries' will depend, to a significant extent, on the continued vitality of the quick service restaurants concepts and the overall success of the franchise system and the quality, consistency and management of the franchisor's overall systems.

3.4 WHAT ARE THE KEY RISKS THAT ARE SPECIFIC TO THE SECURITIES?

An investment in the Bonds involves certain risks including, but not limited to, those described below:

- The existence of an orderly and liquid market for the Bonds depends on a number of factors including, but not limited to, the presence of willing buyers and sellers of the Bonds at any given time. Such factors are dependent upon the individual decisions of investors and the general economic conditions of the market in which the Bonds are traded, over which the Issuer has no control. Accordingly, there can be no assurance that an active secondary market for the Bonds will develop, or, if it develops, that it will continue.
- Investment in the Bonds involves the risk that subsequent changes in market interest rates may adversely affect the value of the Bonds. Investors should also be aware that the price of fixed rate bonds should, theoretically, move adversely to changes in interest rates.
- In view of the current inflationary environment, investment in the Bonds involves the risk that rising inflation on real rates of return in relation to coupon payments as well as secondary market prices may have an adverse impact on the value of the Bonds, such that increasing rates of inflation could have an adverse effect on the return on the Bonds in real terms.
- Even after the Bonds are admitted to trading on the Official List of the MSE, the Issuer is required to remain in compliance with certain requirements relating, *inter alia*, to the free transferability, clearance and settlement of the Bonds in order to remain a listed company in good standing.
- Third party security interests may be registered which will rank in priority to the Bonds against the assets of the Issuer for so long as such security interests remain in effect, which registration may further impede the ability of the Bondholders to recover their investment upon enforcement of such security interests, whether in full or in part.
- No prediction can be made about the effect which any future public offerings of the Issuer's securities, or any takeover or merger activity involving the Issuer, will have on the market price of the Bonds prevailing from time to time. If such changes take place, they could have an adverse effect on the market price for the Bonds.

2.1 FORWARD-LOOKING STATEMENTS

The Prospectus and the documents incorporated therein by reference or annexed thereto contain forward-looking statements that include, among others, statements concerning the Issuer's and/or Guarantor's strategies and plans relating to the attainment of their respective objectives, capital requirements and other statements of expectations, beliefs, future plans and strategies, anticipated developments and other matters that are not historical facts and which may, accordingly, involve predictions of future circumstances.

Prospective investors can generally identify forward-looking statements by the use of terminology such as "may", "will", "should", "expect", "intend", "plan", "estimate", "anticipate", "believe", "forecast", "project" or similar phrases. Such forward-looking statements are inherently subject to several risks, uncertainties and assumptions, a few of which are beyond the Issuer's and/or Guarantor's control. Important factors that could cause actual results to differ materially from the expectations of the Issuer's directors include those risks identified under the heading "Risk Factors" and elsewhere in the Prospectus.

The Issuer cautions prospective investors that these forward-looking statements are subject to risks and uncertainties that could cause actual events or results to differ materially from those expressed or implied by such statements, that such statements do not bind the Issuer and/or the Guarantor with respect to future results, and no assurance is given that the projected future results or expectations covered by such forward-looking statements will be achieved.

Prospective investors are advised to read the Prospectus in its entirety and, particularly, all the risk factors set out in the Prospectus for a further discussion of the factors that could affect the Issuer's and/or Guarantor's future performance. In light of these risks, uncertainties and assumptions, the events described in the forward-looking statements in the Prospectus may not occur. All forward-looking statements contained in the Prospectus are made only as at the date of the Prospectus. Subject to applicable legal and regulatory obligations, the Directors expressly disclaim any obligations to update or revise any forward-looking statements contained herein to reflect any change in expectations with regard thereto or any change in events, conditions or circumstances on which any statement is based.

2.2 RISKS RELATING TO THE ISSUER

2.2.1 *Issuer's dependence on payments due by related Hili Ventures Companies*

The proceeds of the Bond Issue shall, in large part, be loaned to Hili Ventures Companies via the Guarantor in the amounts and proportions described in sub-section 5.1 of the Securities Note.

The Issuer will be dependent on the receipt of loan repayments from Group borrowing entities in order to service interest payments on the Bonds and eventually repay the principal of the Bonds. The performance of the Group borrowing entities has a direct effect on the Issuer's financial position and on the ability of the Issuer to meet its Bond Obligations.

The loan repayments to be effected by the said Group borrowing companies in favour of the Issuer are subject to certain risks, such as the intrinsic risks of the business and operations of each of the Hili Ventures Companies (or the Group borrowing entities), all of which are beyond the Issuer's control. More specifically, the ability of the Group borrowing companies to effect loan repayments will depend on their respective cash flows and earnings, which may be restricted by the terms of agreements to which they are or may become a party to, including the indenture governing their existing indebtedness, or by other factors beyond the control of the Issuer. The occurrence of any such factors could, in turn, negatively affect the ability of the Issuer to meet its Bond Obligations punctually when due.

2.2.2 Issuer's exposure to and dependence on the Group and its businesses

The Issuer is a Subsidiary of the Guarantor forming part of the Group and has been set up primarily as a finance and investment company with one of its principal purposes being that of financing or re-financing the funding requirements of the business of the Group. As a finance company, the assets of the Issuer will be composed of loans issued to the Guarantor and/or other Hili Ventures Companies. The Issuer's ability to meet the Bond Obligations is therefore dependent on the business prospects of the Group because the operating results and cash flows of the Guarantor and/or other Hili Ventures Companies have a direct effect on the Issuer's financial position and performance. The Issuer is therefore exposed to the risks associated with the performance of the business and operations of each of the Hili Ventures Companies, each of which have a direct effect on the financial position of the Issuer. The business activities of the Group are subject to general market and economic conditions, both locally and overseas. These conditions include, *inter alia*, consumer demand, financial market volatility, inflation, fluctuations in interest rates, exchange rates, direct and indirect taxation, unemployment, credit markets, government spending and other general market and economic conditions. Any further expansion of the Group's operations into other markets would potentially further increase its susceptibility to adverse economic developments and trends affecting these other markets which could, in turn, negatively affect the ability of the Issuer to meet the Bond Obligations.

If general market and economic conditions were to experience a downturn as described above, these weakened conditions may have an adverse impact on the financial position and operational performance of the Group's business activities, potentially having a negative effect on the Issuer's financial position, cash flows, operational performance and its ability to fulfil its obligations under the Bonds.

2.3 RISKS RELATING TO THE GROUP AND ITS BUSINESS

2.3.2 The Group's indebtedness could adversely affect its financial position

The Group is a diversified group of companies with a material amount of debt, and it may incur additional debt in connection with its future growth and business development strategy. Consequently, a portion of the Group's generated cash flows will be required to make principal and interest payments on the Group's debt. Furthermore, any borrowings under bank credit facilities will likely be at variable interest rates, which makes the Group vulnerable to sudden increases in interest rates.

The agreements regulating the Group's bank debt may impose significant financial covenants on Hili Ventures Companies, the covenants of which could limit the Group's ability to obtain future financing, make capital expenditure, withstand a future downturn in business or economic conditions generally or otherwise inhibit the Group's ability to conduct necessary corporate activities. The occurrence of any of these events could, in turn, negatively affect the ability of the Issuer to meet the Bond Obligations.

2.3.3 The Group may be exposed to certain financial risks, including interest rate risk, which the Group may be unable to effectively hedge against

The Group's diversified activities potentially expose it to a variety of financial risks, including market risk (principally interest rate risk and fair value risk), transaction risk, credit risk and risks associated with the unpredictability of financial markets, all of which could have adverse effects on the financial performance of the Group.

Interest rate risk refers to the potential changes in the value of financial assets and liabilities in response to changes in the level of interest rates and their impact on cash flows. The Group may be exposed to the risks associated with the effects of fluctuations in the prevailing levels of market interest rates on its financial position and cash flows if any current or future borrowings are subject to variable interest rates. Although the Group may seek to hedge against interest rate fluctuations, this may not always be economically practicable.

The possibility of hedging may also become more difficult in the future due to the unavailability or limited availability of hedging counterparties. An increase in interest rates which is not hedged may have a material adverse effect on the Group's businesses, financial condition and results of operations.

2.3.4 Substantial competition could reduce the Group's market share and significantly harm its financial performance

The Group has a trading history predominantly in the operation of quick service restaurants, technology and engineering industries, distribution of IT retail and consumer electronic products and services, transportation and logistics sectors, and ownership, development and management of immovable properties. Each of the aforementioned business sectors is characterised by strong and increasing competition. Many of the Group's current and potential competitors' operating histories, name recognition, customer bases and financial and other resources are a competitive factor for the Group wherever it may have business interests. Intense competition in certain countries could adversely affect the Group's businesses and operating results.

2.3.5 Premier Capital and its subsidiaries dependence on its licensor/franchisor

The quick service restaurant operations system in Estonia, Latvia and Lithuania (collectively the "**Baltic countries**"), Greece, Malta and Romania is developed pursuant to the terms of franchises issued by the franchisor. Premier Capital and its subsidiaries have undertaken to develop restaurants under and in accordance with the franchisor's brand and standards as prescribed by the applicable master franchise (or franchise) agreements. Furthermore, pursuant to the master franchise (or franchise) agreements entered into with the franchisor, Premier Capital and its subsidiaries have been granted the right to adopt and use the quick service restaurant system in accordance with the terms of these agreements.

The revenues of Premier Capital and its subsidiaries are therefore dependent on the continued existence of its contractual relationships with the franchisor, and, in turn, on its right to operate franchise-branded restaurants in Malta, the Baltic countries, Greece and Romania. Due to the nature of the franchising arrangement, many aspects of the operations and business of Premier Capital and its subsidiaries are also subject to various restrictions or specifications and many decisions in the business require prior approval of the franchisor. The long-term success of Premier Capital and its subsidiaries will depend, to a significant extent, on the continued vitality of the quick service restaurants concepts and the overall success of the franchise system and the quality, consistency and management of the franchisor's overall systems.

While every effort is expected to be made to ensure a positive relationship between Premier Capital and its subsidiaries and the franchisor, there can be no assurance that events or circumstances in the future may not adversely affect that relationship or that the franchisor will not enforce its contractual rights under any of the said agreements in a manner that is adverse to Premier Capital and its subsidiaries.

2.3.6 Risks relating to property investments and operations

Hili Properties is a Hili Ventures Company that is involved in managing and maintaining a portfolio of immovable properties in various jurisdictions. Property values are affected by and may fluctuate, *inter alia*, as a result of changing demand, changes in general economic conditions, changing supply within a particular area of competing space and attractiveness of real estate relative to other investment choices. The value of the property portfolios of Hili Properties may also fluctuate as a result of other factors outside the company's control, such as changes in regulatory requirements and applicable laws (including in relation to taxation and planning), political conditions, the condition of financial markets, potentially adverse tax consequences, interest and inflation rate fluctuations and higher accounting and control expenses. The operating performance of Hili Properties could be adversely affected by a downturn in the property market in terms of capital values.

Hili Properties is also subject to the risk that tenants may terminate or elect not to renew their respective leases. A decline in occupancy levels and/or the re-letting of property at less favourable terms than the current lease terms could adversely impact rental income and operating performance of Hili Properties.

2.3.7 The Group may be exposed to risks relative to its insurance policies

Although the Group maintains insurance at levels determined to be appropriate in the light of the cost of cover and the risk profiles of the businesses in which it operates, there can be no assurance that its insurance coverage will be sufficient, or that insurance proceeds will be paid on a timely basis following a claim by any Hili Ventures Company. In addition, the insured Hili Ventures Company may not be able to recover the full amount from the insurer. No assurance can be given that the Group's current insurance coverage would be sufficient to cover all potential losses, regardless of the cause, nor can any assurance be given that an appropriate coverage would always be available at acceptable commercial rates or that risks presently covered by insurance policies would be insurable in future. As a result, any loss or disruption to any of the Group's operations may have a material adverse effect on the Group's business, results of operations and financial condition.

2.3.8 Regulation

The Group is subject to a variety of laws and regulations in various jurisdictions. As with any business, the Group is exposed to risk associated with changes to laws and regulations to which it is subject and the timing and effect of these changes, including changes in the interpretation thereof which cannot be predicted. No assurance can be given as to the impact of any possible judicial decision or change in law or administrative practice after the date of the Prospectus upon the business and operations of any of the Hili Ventures Companies.

As set out in the table below, Hili Ventures reported a turnover of €987.2 million in 2023, whereby *circa* 88.6% was driven by restaurant operations and retail, up from 88.5% in 2021. 2023 revenue represented an increase of 29.4% CAGR from the revenue of €589.6 million reported in 2021, of which:

- €240.2 million (+26.2% CAGR) emanates from the restaurant operations, which is the result of new McDonald's restaurants growing from €405.4 million in 2021 to €645.6 million in 2023, combined with an increase in the revenue per store generated.
- €112.9 million (+40.4% CAGR) is attributable to an increase in retail sales, primarily based on an increase in the number of stores in the Apple Premium Reseller business in Poland from 27 in 2021 to 31 in 2022 and 44 in 2023, also as a result of an addition of 16 stores through the acquisition of Cortland in March 2023. Revenue per store increased by 13.1% CAGR during the time period.
- Logistics, transport and engineering services increased by €5.1 million from 2021 to 2023, as engineering services increased by €4.2 million, whilst payment gateway services decreased by €2.1 million as the subsidiary of the Group, Harvest Technology, built a new payment orchestration platform.
- Rental income increased by €7.1 million as the Group expanded its investment property portfolio.

Although the historical period was impacted with the combination of a post COVID-19 economic recovery and geopolitical risks resulting from the war in Ukraine, the Group generated €987.2 million in revenue, having grown the business by 29.4% CAGR during the time period through organic and inorganic growth.

A 31% CAGR increase in cost of sales resulted in a declining gross margin from 25.6% in 2021 to 23.7% in 2023, as the Apple Premium Reseller business in Poland, which operates at a lower gross margin than the rest of the Group's business, increased as a portion of total revenue as a result of the acquisition of Cortland in March 2023. In addition, the difficult macroeconomic environment resulting into the highest regional inflation rates seen in 30 years, together with increasing food prices, has contributed to a higher cost of sales percentage of revenue.

EBITDA increased from €85.1 million in 2021 to €125.3 million in 2023. Over the historical period, EBITDA increased by a CAGR of 21.3%.

Depreciation and amortisation expense increased by 20.9% CAGR over the historical period as a result of an increase in property, plant and equipment from €229.8 million in 2021 to €284.6 million in 2023, driven primarily by additions in land and buildings and plant and equipment.

Net investment income relates to investment property held by a subsidiary of the Guarantor to earn rental income or capital appreciation, or both. Investment property is revalued annually with any gains or losses arising from changes in fair value of the investment property being recognised in the income statement.

Finance costs are composed of the interest expense on bank loans and overdraft, bonds, interest on lease liabilities, unrealised exchange differences and the amortisation of bond issue expenses. Finance costs increased by a CAGR of 26.5% between 2021 and 2023 primarily driven by an increase in total bank loans and overdraft from a net book value of €106.1 million in 2021 to €177.7 million in 2023, new bond issue of €50 million by Hili Finance Company p.l.c. in 2022, and an increase in lease liabilities from a net book value of €107.6 million in 2021 to €146.1 million in 2023.

The Group registered a profit after tax of €40.3 million in 2023, an 11.5% CAGR increase when compared to €32.4 million registered in 2021. After accounting for other comprehensive income, total comprehensive income for the Group increased from €33.8 million in 2021 to €48.6 million in 2023. Other comprehensive income or expenses for the Group include the change in the fair value of financial assets, exchangeable differences on translation and the revaluation of PPE. The revaluation of PPE assets amounted to €0.5 million in 2021, €12.9 million in 2022, and €2.7 million in 2023. Exchange differences on the translation of foreign operations amounted to €3.7 million in 2023.

Non-current assets in the statement of financial position as at 31 December 2023 amounted to €857.6 million in 2023, €752.2 million in 2022, and €592.8 million in 2021. Notable items include: (i) goodwill and other intangible assets amounting to €154 million in 2023, with the increase in goodwill from €88.2 million in 2022 to €127.4 million in 2023 driven primarily by the acquisition of Cortland. Intangible assets are composed of support services licenses, acquired rights, franchise fees for restaurant operations, patents and trademarks for IT retail and consumer electronic products and computer software licenses.

Secondly, property, plant and equipment ("PPE") increased from €229.8 million as at 31 December 2021 to €284.6 million as at 31 December 2023, driven by additions in land and buildings and plant and equipment. A revaluation of land and buildings in 2021 increased the net book value by €12.8 million.

Furthermore, as at 31 December 2022, investment property increased to €189.8 million from €83.3 million in December 2021 due to the majority shareholding acquisition of Baneasa Real Estate SRL, the owner of the Miro office building in the Baneasa area of Bucharest, SC Stirnu, the owner of a shopping centre in Riga, Latvia and Harbour (APM) Investments, the owner of a 92,000 sqm land at Benghajsa, Malta, for which the Group entered into a promise of share purchase agreement back in 2015 and executed in March 2022. As at 31 December 2023, the investment property's net book value was €183.5 million.

Current assets as at 31 December 2023 amounted to €173.2 million (31 December 2022: €138.2 million and 31 December 2021: €134.9 million) and primarily include inventory, trade receivables, cash and cash equivalents and other current assets. Collectively, the Guarantor's total assets for financial year ended 31 December 2023 amount to €1.03 billion.

Current liabilities amounted to €231.7 million in December 2023 (December 2022: €149.7 million) and are made up of bank overdrafts and loans, lease liabilities, and other current liabilities. Hili Ventures' current ratio (being total current assets divided by total current liabilities), stood at 0.75x as at 31 December 2023.

Non-current liabilities as at 31 December 2023 amounted to €556.3 million (31 December 2022: €530.5 million and 31 December 2021: €453.9 million) and primarily includes borrowings and bonds, lease liabilities, and other non-current liabilities. The equity value of Hili Ventures as at 31 December 2023 amounted to €242.9 million, which is an €88.3 million increase from 31 December 2021.

Net cash flows from operating activities in 2023 amounted to €97.2 million as compared to €78.6 million and €73.3 million in 2022 and 2021 respectively. The majority of cash generated from operating activities pertains to restaurant operations and the Apple Premium Reseller business, which is offset by net cash outflows in working capital movements, operating expenses and interest and tax payments.

In 2022, cash inflows from financing activities were driven by the €50 million 4% unsecured bond issued by Hili Finance Company plc, redeemable in 2027. The proceeds were used for the following purposes: €17 million to pay for 1923 Investments' acquisition of Teekay Tankers Limited, €18.4 million for the repayment of an intercompany loan which was taken out to fund the Guarantor's equity investment into Hili Properties plc, €13.9 million for the Group's general corporate funding, and €0.7 million to cover bond issue expenses. In 2023, €67.3 million were also received as proceeds from bank loans. Over the historical period, cash outflows for financing activities also included the repayment of bank loans, lease payments, and dividends paid amongst others.

In 2023, €43.0 million of cash from investing activities were invested in subsidiaries, €46.7 million used to acquire PPE and €45.4 million to invest in financial asset investments. During 2023, the Group also received €42.9 million in proceeds from the sale of financial investments.

This investment is the first retail complex in the group's Malta portfolio, underlining the Group's commitment to maximising commercial and value potential of its assets, while instilling confidence in its homebase.
- TBP Properties invested in a new 4,000sqm state-of-the-art distribution centre in Athens (Greece), which is currently under construction. On completion, it will be leased to Premier Capital Hellas (incorporated in Greece, with company registration number 001246501000) as its supply and logistics facility and it is expected to be operational by Q3 2024. 9. BUSINESS DEVELOPMENT STRATEGY AND TREND INFORMATION

9.1 TREND INFORMATION OF THE ISSUER

There has been no material adverse change in the financial performance, trading position or prospects of the Issuer since the date of publication of its latest audited financial statements for the period ended 31 December 2023.

The Issuer is dependent on the business prospects of the Guarantor and, therefore, the trend information relating to the Guarantor has a material effect on its financial position and prospects.

As at the time of publication of this Registration Document, the Guarantor considers that generally it shall be subject to the normal business risks associated with the business in which the Group operates, and, barring unforeseen circumstances, does not anticipate any trends, uncertainties, demands, commitments or events outside the ordinary course of business that could be considered likely to have a material effect on the upcoming prospects of the Group and its business, at least with respect to the current financial year. However, investors are strongly advised to carefully read the risk factors in the Prospectus.

9.2 THE GUARANTOR

There has been no material adverse change in the financial performance, trading position or prospects of the Guarantor since the date of its last published audited consolidated financial statements for the period ended 31 December 2023.

The Guarantor's business strategy focuses on two principal elements as described hereunder:

- **Management strategy**, which involves the proactive financial and operational management of the businesses owned by the Guarantor, so as to achieve a positive performance, distribute dividends to the Guarantor on a regular basis and increase shareholder value. The Guarantor monitors and supports each of the Hili Ventures Companies by, *inter alia*:
 - assisting in the recruitment and retention of talented senior executives to operate the businesses owned by the Guarantor;
 - regularly monitoring financial and operational performance of Subsidiaries to effectively ensure that set goals and organic growth strategies are achieved;
 - assisting the Subsidiaries in controlling and right-sizing overhead costs; and
 - forming strong subsidiary level boards of directors to support executive management in their development and implementation of strategic goals and objectives.
- **Acquisition strategy**, which involves the acquisition of businesses that are expected to produce positive earnings and cash flow and have high growth potential. In this respect, the Guarantor may acquire companies operating in sectors other than those in which the Group currently operates if the directors believe an acquisition target presents an attractive opportunity.

9.2.1 Premier Capital

The principal objective of Premier Capital and its subsidiaries is to focus on the expansion of the quick service restaurant network within existing and new markets, given that Premier Capital's management believe there is significant market potential to continue to develop the quick service restaurant concept in Malta, the Baltic countries, Romania and Greece and, possibly, other territories (subject to franchisor's approval and granting of the associated licences).

The opportunities for further expansion in the regions in which Premier Capital operates depends on a number of factors which could have a material impact on Premier Capital's strategy to increase its presence in these territories. These factors are primarily driven by the level of penetration that management has determined to be sustainable in each of these territories, to conduct profitable operations.

In devising its future strategy, Premier Capital's management takes an ad hoc regional review of: general macro-economic conditions including but not limited to; societal development of the population; competition; regulation; affluence; political and economic stability and outlook for each territory. Moreover, Premier Capital commissions regular market studies in each of the markets it operates in to keep all the relevant market conditions that could have an impact on its development strategy under review and to enable it to react in a timely manner as and when market conditions fluctuate.

The data available to Premier Capital's management, suggests that the Maltese, Baltic countries, Romanian and Greek markets, can all sustain further expansion, albeit not necessarily at the same rate.

In the case of Malta and the Baltic countries, Premier Capital already has a high penetration rate, comparable to developed city centres in Western Europe. The management believes that growth in these regions remains possible through relocations and renovations and identifying opportunities for new store openings which do not cannibalise other restaurants' performance but increase its market share and by increasing efficiency and capacity of its existing restaurants which contribute to increased guest counts.

In the case of Romania and Greece, the management believes that there is more room for development. The relatively low penetration rate of restaurants per capita, combined with the high level of brand recognition enjoyed together with Premier Capital's pricing strategy for the region, present opportune conditions for expansion in these regions.

9.2.2 1923 Investments

The principal objective of 1923 Investments is to operate and manage the Group's investments in the technology industry. The following is an overview of the business strategies and trends affecting each of the businesses currently operated by 1923 Investments, specifically iSpot and Harvest Technology.

9.2.2.1 The business of iSpot

The market in Poland for IT retail and consumer electronic products and services is highly competitive. As with other developed markets, it is characterised by frequent product introductions and rapid technological advances that have substantially increased the capabilities and use of mobile communication and media devices, personal computers, and other digital electronic devices. iSpot competes with other resellers of IT retail and consumer electronic products and services. The key factors driving competition include product pricing, store location, service quality and the business relationships ('B2B') in the market. iSpot's other competitors, which sell IT retail and consumer electronic products as well as other mobile devices and other operating system personal computers, typically undertake aggressive price cuts and lower their product margins to gain or maintain market share. The challenge of the IT retail and consumer electronic products premium reseller stores is to differentiate the total service experience, beyond the product.

The acquisition of Cortland in 2023 has reinforced iSpot's leading position in the Apple Premium Reseller market in Poland. The combined business now operates 48 stores nationwide, enhancing iSpot's customer reach significantly. This acquisition also unlocked a new portfolio of B2B and Education-specific consumers which are both customer bases with growth potential. In 2023, Apple recognised iSpot's strong presence and agreed to the conversion of a large number of existing stores to be upgraded to Apple Premium Partner level – a status reserved for best-in-class operators. The two businesses have been engaged in a transitional integration process for a number of months, which is expected to be completed in 2024.

Principal competitive factors important to iSpot include price, product features, relative price/performance, product quality and reliability, design innovation, a strong third-party software and peripherals ecosystem, marketing and reselling capability, service and support, and brand reputation.

9.2.2.2 The business of Harvest Technology

Through entrepreneurship, ambition and opportunity, Harvest Technology intends to create a space where companies can gain access to innovation-related resources and expertise that will help them define the right strategic footing.

The IT hardware, software and services industry is very fragmented and highly competitive. Harvest Technology competes with a large number and wide variety of marketers and resellers of IT hardware, software and services. The competitive landscape in the industry is continually changing as various competitors expand their product and service offerings. In addition, emerging models such as cloud computing are creating new competitors and opportunities in messaging, infrastructure, security, collaboration and other services offerings, and, as with other areas, the above-mentioned companies resell and compete directly with many of these offerings.

With reference to payment gateway solutions, management believes that electronic transactions will expand further in the future and that an increasing percentage of these transactions will be processed through emerging technologies. As mobile payments continue to evolve and are desired by merchants and consumers, Harvest Technology will continue to develop new products and services that will leverage the benefits that these new technologies can offer customers. In addition, it is expected that new markets will develop in areas that have been previously dominated by paper-based transactions. Industries such as e-commerce, government, recurring payments and business-to-business should continue to see transaction volumes migrate to more electronic-based settlement solutions.

As such, the continued development of new products and services and the emergence of new vertical markets are expected to provide opportunities for Harvest Technology to support its business.

9.2.3 Hili Properties

Hili Properties and its subsidiaries' objective is to continue to act as the property holding vehicle of the Group. In this regard, Hili Properties aims to continue to manage its existing portfolio and acquire and dispose of properties as necessary to meet the needs of its stakeholders. The rents chargeable by Hili Properties to Hili Ventures Companies are based on commercial rental rates and respective lease agreements are entered into on an arms-length basis.

With respect to the remaining portfolio, Hili Properties' strategy is to create a property mix of attractively-located, institutional and high quality, income-producing investment properties to deliver income and capital growth through active asset management.

Hili Properties intends to continue to source its investments primarily through opportunities presented by the company's extensive network of relationships within the immovable property market in jurisdictions which it operates in - these include corporate and private landlords, brokers, domestic banks and others. The board of directors expects to create both sustainable income and strong capital returns for Hili Properties.

9.2.4 Breakwater Investments

Breakwater Investments, established in 2023, is a specialist group of companies in the shipping and logistics, engineering, and oil and gas industries. Formerly known as HV Marine Limited, Breakwater Investments underwent a transformation, consolidating the Group's shipping and logistics, engineering, and oil and gas companies under one umbrella brand. Following the acquisition of Hili Logistics from 1923 Investments, the new holding company is now composed of ALLcom, Carmelo Caruana Company and STS Marine Solutions. The organisation employs more than 230 people and its operations span across Europe, North America, the United Kingdom, the Middle East, North Africa, and Asia, with a global network extending beyond these regions.

The four business streams require distinct strategies to improve performance, accelerate growth and add shareholder value. Focusing on specific areas with high potential, while strengthening the front-line business development efforts are two key pillars in its overall strategy, to build a sustainable organisation.

Since Breakwater Investments' inception, greater emphasis has been placed on driving efficiencies across the various operating functions. While safety and integrity remain its core priorities, ensuring a lean, agile, customer centric and operationally effective structure are expected to drive success.

9.2.4.1 The business of STS Marine Solutions

STS Marine Solutions' business strategy is to expand the current customer base in existing and new geographies, organically and inorganically, to capture a larger market share from the current 7.6%. The business will also expand its liquefied natural gas consultancy services, on the back of increased liquefied natural gas demand and supply globally, by adding complementary services such as surveying, inspection, additives and assurance to its current portfolio. It will also continue to increase its resale offering of specialised industrial equipment to oil and gas customers.

9.2.4.2 The business of Motherwell Bridge Industries

With maritime trade volumes set to triple by 2050 and a lack of crane operators becoming a significant challenge, the need for automated port equipment is on the rise. The forecasted global port crane market is expected to grow from an average annual turnover of \$10bn in 2023 to \$16bn by 2028. Container Port expansions, upgrades and electrification will continue driving demand for new crane installations globally.

Motherwell Bridge Industries and its subsidiary are well poised to capture this business and will strive to expand its partnership with KONE Cranes by setting up an off-site facility at an EU port in order to facilitate the pre-assembly of port handling equipment. It also intends to expand its activity into the U.S. to realise this growing market opportunity.

This business stream will also seek to expand its partnership with Original Equipment Manufacturers ('OEMs') and increase capability in the automation and electrification of existing port handling equipment assets with current and new OEMs.

Diversification in the marine engineering field will also support the company's growth plans over the long-term.

9.2.4.3 The business of Carmelo Caruana Company and ALLcom

The shipping industry continues to experience consolidations into larger firms aiming for stronger and more complete multinational and multi-service networks. In Malta, Carmelo Caruana Company's strategy will primarily increase its share in the ship agency segment with a sharp focus on tankers, floating storage hubs, liner agency and strengthening presence with the warehouses at Malta Freeport. By growing services around transshipment storage, cross-stuffing, ship spares and cargo handling services, setting up a customs bonded logistics hub is also an opportunity the business is eyeing.

On the other hand, transport industry in Poland is one of the most important economic sectors. New investments in port infrastructure have a positive impact on the sector. The changes in the transport, shipping and logistics sector observed in recent years are forcing new strategic behaviours. The intensification of digitalisation of the supply chain, automation of processes, and hyper-competition have become more and more relevant in this industry. In 2024, the transport, shipping and logistics sector in Poland is likely to grow by around 2% and the industry is estimated to be worth around PLN 122 billion.

ALLcom's aspirations are to enter the road transportation segment, sea export and other new sectors such as wood, cosmetics, power tools and third-party and fourth-party logistics warehousing. The competitive landscape remains very active with around 7,000 competitors in the three cities area. This situation might open opportunities for consolidation which will, in turn, strengthen the business' position in the market.

10. ADMINISTRATIVE, MANAGEMENT AND SUPERVISORY BODIES

10.1 THE ISSUER

10.1.1 Executive and Non-Executive Directors

The Memorandum of Association of the Issuer provides that the business and affairs of the Issuer shall be managed and administered by a Board of Directors to be composed of not less than four and not more than six Directors, who are appointed by the shareholders.

Directors of the Issuer are appointed by means of an ordinary resolution in general meeting. Accordingly, the Guarantor is empowered to appoint the Directors of the Issuer, thereby putting it in a position to appoint an absolute majority of the Directors of the Issuer and, accordingly, have control over the management and operations of the Issuer.

The Issuer is currently managed by a board consisting of five Directors entrusted with its overall direction, including the establishment of strategies for future development. Its responsibilities include the oversight of the Issuer's internal control procedures and financial performance, and the review of the Issuer's business risks, thus ensuring such risks are adequately identified, evaluated, managed, and minimised. All the Directors have access to professional advice at the expense of the Issuer, should they require it.

The executive Director of the Issuer is entrusted with the company's day-to-day management and is also a director or officer of various other Hili Ventures Companies. The only executive Director of the Issuer is Dorian Desira.

The main functions of the remaining four non-executive Directors comprising the Board, two of whom are also independent of the Issuer, are to monitor the operations of the executive Director and his performance, as well as to review any proposals tabled by the executive Director. The non-executive Directors are Geoffrey Camilleri, Keith Busuttill, Jacqueline Camilleri and Mario Vella, with the latter two also being independent of the Issuer.

In line with generally accepted principles of sound corporate governance, at least one of the Directors is a person independent of the Group.

None of the Directors have been:

- a) convicted in relation to fraud or fraudulent conduct;
- b) made bankrupt or associated with any liquidation or insolvency caused by action of creditors;
- c) the subject of any official public incrimination or sanction by any statutory or regulatory authority; or
- d) disqualified by a court from acting as director or manager.

The Directors believe that the Issuer's current organisational structure is adequate for its present activities. The Directors will maintain this structure under continuous review to ensure that it meets the changing demands of the business and to strengthen the checks and balances necessary for better corporate governance.

The Memorandum and Articles of Association of the Issuer otherwise regulate matters customarily dealt with therein, including matters such as voting rights and restrictions thereof, and the appointment and powers of Directors, as detailed above in this Registration Document.

10.1.2 Directors' service contracts

None of the Directors of the Issuer have a service contract with the Issuer.

10.1.3 Aggregate emoluments of Directors

Pursuant to the Company's Memorandum and Articles of Association, the maximum annual aggregate emoluments that may be paid to the Directors is determined by the Company in general meeting. Specifically, in terms of the Memorandum and Articles of Association, the maximum aggregate emoluments of all Directors in any one financial year, and any increases thereto, shall be such amount as may from time to time be determined by the Issuer in general meeting, and any notice convening the general meeting during which the proposed aggregate emoluments or an increase in the maximum limit of such aggregate emoluments shall be proposed shall contain a reference to such fact. The Directors may also be paid all travelling, hotel and other expenses properly incurred by them in attending and returning from meetings of the Directors or any committee of the Directors or general meetings of the Issuer or in connection with the business of the Issuer.

The remuneration of Directors is a fixed amount *per annum* and does not include any variable component relating to profit sharing, share options or pension benefits. During the financial year ended 31 December 2023, the Directors received emoluments amounting in total to €27,000 (2022: €27,000).

10.1.4 Loans to Directors

There are no loans outstanding by the Issuer to any of its Directors, nor any guarantees issued for their benefit by the Issuer.

10.1.5 Removal of Directors

In terms of the Issuer's Articles of Association, the Directors shall hold office from the general meeting at which they are elected until the end of the next annual general meeting. All retiring directors shall be eligible for re-election. The Directors of the Issuer currently in office are expected to remain in office at least until the next Annual General Meeting of the Issuer.

A Director may, unless he/she resigns, be removed by resolution of the shareholders as provided in article 140 of the Act.

10.1.6 Powers of Directors

The business of the Issuer is managed by the Directors, who may, in accordance with the Issuer's Articles of Association, exercise all such powers as are not by the Act or by said Articles of the Issuer required to be exercised by it in general meeting.

In accordance with the Issuer's Articles of Association, the Board of the Issuer may exercise all the powers of the Issuer to borrow money and to hypothecate or charge its undertaking, property and uncalled capital or any part thereof, and to issue bonds, debentures, debenture stock and other securities, on such terms, in such manner and for such consideration as they may deem fit, whether outright or as security for any debt, liability or obligation of the company or of any third party, subject to the limit established in the Articles of Association and the overriding authority of the shareholders in general meeting to change, amend, restrict and/or otherwise modify such limit and the Directors' borrowing powers.

10.1.7 Employees

As at the date of the Prospectus, the Issuer has no employees.

10.2 THE GUARANTOR

10.2.1 Directors

The Guarantor is managed by a board of directors consisting of four directors that is entrusted with the responsibility of the direction and management of the Guarantor within the strategic parameters established by the board. A brief *curriculum vitae* of each of the current directors of the Guarantor is set out in sub-section 4.1.2 of this Registration Document.

10.2.2 Directors' service contracts

None of the directors of the Guarantor have a service contract with the Guarantor.

10.2.5 Powers of directors

10.2.6 Employees

As at 31 December 2023, the average number of persons employed with the Guarantor and the Group amounted to 43 (2022: 41 employees) and 12,397 (2022: 10,921 employees), respectively.

10.2.7 Boards of Subsidiary companies

The operating entities of the Group are each owned through subsidiary holding companies, including Premier Capital, 1923 Investments, Hili Properties, HV Hospitality and Breakwater Investments. Accordingly, a board of directors is entrusted with the responsibility of the direction and management of each subsidiary holding company within the strategic parameters established by the Guarantor's board of directors.

Each of the Hili Ventures Companies have their own management structures and employees that have the function of implementing the policies and directions of their respective subsidiary holding company board within the strategic parameters set by the Guarantor.

10.3 WORKING CAPITAL

As at the date of this Registration Document, the directors of the Issuer and of the Guarantor are of the opinion that working capital available to the Issuer and Guarantor, respectively, is sufficient for the attainment of their objects and the carrying out of their respective business for the next twelve (12) months of operations. The proceeds from the Bond Issue have been taken into account when providing this clean working capital statement; but the clean working capital statement would still apply if the proceeds from the Bond Issue were not so included in the calculation of working capital.

10.4 CONFLICT OF INTEREST

As at the date of this Registration Document, in addition to being a director of the Guarantor, Melo Hili is a director of 1923 Investments, Harvest Technology, HV Hospitality, Breakwater Investments, Premier Capital, Carmelo Caruana Company, Cobalt Leasing, and Battery Street, besides being a director of a number of other Hili Ventures Companies. Moreover, Melo Hili is the controlling ultimate beneficial owner of the Group.

Besides being Directors of the Issuer, Geoffrey Camilleri, Dorian Desira and Keith Busuttill are directors and officers of other companies forming part of the Group. Specifically, Geoffrey Camilleri is a director of Motherwell Bridge Industries, Cobalt Leasing and Premier Restaurants Malta, while Dorian Desira is a director of 1923 Investments, Carmelo Caruana Company, Motherwell Bridge Industries, Premier Capital, Breakwater Investments, Hili Logistics and Marsamxett Properties. Keith Busuttill is a director of Harvest Technology, among others.

Jacqueline Camilleri is also a member of the board of directors of Harvest Technology in addition to being a director of the Issuer. In assessing Ms Camilleri's independence, due notice has been taken of Rule 5.119 of the Capital Markets Rules.

Annabel Hili, a director of the Guarantor, also sits on the board of Breakwater Investments, 1923 Investments, iSpot, HV Hospitality, Hili Logistics, Carmelo Caruana Company, Marsamxett Properties, Battery Street among others and is one of the ultimate beneficial shareholders of the Group.

In view of the foregoing, such directors are susceptible to conflicts between the potentially diverging interests of the different entities comprising the Group.

No private interests or duties unrelated to the Issuer, Guarantor, as the case may be, have been disclosed by the general management team which may or are likely to place any of them in conflict with any interests in, or duties towards, the Issuer or the Guarantor, as the case may be.

In addition, in view of the lender-borrower relationship which is to arise between the Issuer and the Guarantor, there may be situations that could give rise to conflicts between the potentially diverging interests of shareholders of the Guarantor. By virtue of the Memorandum and Articles of Association of the Issuer, the Directors are obliged to keep the Board advised of any interest in a contract, arrangement or proposal with the Issuer. The Board member concerned shall not take part in the assessment by the Board as to whether a conflict of interest exists or not, particularly in relation to any decision concerning any Subsidiary where the relevant Board Member also sits on the Board of Directors. A Director shall not vote at a meeting of Directors in respect of any contract, arrangement or proposal in which he has a material interest, whether direct or indirect.

To the extent known or potentially known to the Issuer as at the date of this Registration Document, other than the information contained and disclosed herein, there are no other potential conflicts of interest between any duties of the Directors and their respective private interests and/or their other duties, which require disclosure in terms of the Prospectus Regulation.

11. AUDIT COMMITTEE PRACTICES

The Audit Committee's objective is to assist the Board in fulfilling its supervisory and monitoring responsibilities according to terms of reference that reflect the requirements of the Capital Markets Rules, as well as current good corporate governance best practices. The Audit Committee oversees the conduct of the internal and external audit and acts to facilitate communication between the Board, management, the external auditors and the internal audit team. The internal and external auditors are invited to attend Audit Committee meetings. The Audit Committee reports directly to the Board of Directors.

The terms of reference of the Audit Committee include support to the Board of Directors of the Issuer in its responsibilities in dealing with issues of risk, control and governance, and associated assurance. The Board has set formal terms of establishment and the terms of reference of the Audit Committee which set out its composition, role and function, the parameters of its remit, as well as the basis for the processes that it is required to comply with. The Board reserved the right to change the Audit Committee's terms of reference from time to time.

The primary purpose of the Audit Committee is to assist the Directors in conducting their role effectively so that the Issuer's decision-making capability and the accuracy of its reporting and financial results are maintained at a high level at all times. The main responsibilities of the Audit Committee include, but are not limited to, the following:

- a) monitoring the financial reporting process and submitting recommendations or proposals to ensure its integrity;
- b) monitoring of the effectiveness of the Issuer's internal quality control and risk management system and, where applicable, its internal audit regarding the financial reporting of the Issuer;
- c) making recommendations to the Board in relation to the appointment of the external auditor and to approve the remuneration and terms of engagement of the external auditor, following appointment by the shareholders during the Issuer's Annual General Meeting;
- d) reviewing and monitoring the external auditor's independence;
- e) evaluating the arm's length nature of any proposed transactions to be entered into by the Issuer and a related party, to ensure that the execution of such transaction is at arm's length, conducted on a sound commercial basis and in the best interests of the Issuer; and
- f) assessing any potential conflicts of interest between the duties of the Directors and their respective private interests or duties unrelated to the Issuer.

The Audit Committee has the task of ensuring that any potential conflicts of interest that may arise at any moment pursuant to the different roles held by the Directors are handled in the best interest of the Issuer. Additionally, the Audit Committee has a crucial role in monitoring the activities and conduct of business of the Group's subsidiaries, limitedly insofar as these may affect the ability of the Issuer to fulfil its Bond Obligations.

The Audit Committee is made up entirely of non-executive Directors, two of whom are independent of the Issuer, and who are appointed for a period of one year. Mario Vella, an independent, non-executive Director of the Issuer, acts as Chairman, whilst Jacqueline Camilleri and Keith Busuttill act as members of the Audit Committee. In compliance with the Capital Markets Rules, Jacqueline Camilleri is considered to be the member competent in accounting and/or auditing matters. The Issuer considers that the members of the Audit Committee have the necessary experience, independence and standing to hold office as members thereof and the Audit Committee, as a whole, is deemed to have relevant competence in the sector the Company operates in.

12. COMPLIANCE WITH CORPORATE GOVERNANCE REQUIREMENTS

12.1 THE ISSUER

The Issuer is subject to, and supports, the Code of Principles of Good Corporate Governance forming part of the Capital Markets Rules (the "Code"). The Board acknowledges that the Code does not dictate or prescribe mandatory rules but recommends principles of good practice. Nonetheless, the Board strongly believes that the Code is in the best interest of the shareholders and other stakeholders since it ensures that the Directors, management and employees of the Group adhere to internationally recognised high standards of corporate governance.

The Board considers that during the financial year ended 31 December 2023, the Issuer was in compliance with the Code, save for the following exceptions:

(i) Principle 7 "Evaluation of the Board's Performance"

Under the present circumstances, the Board does not consider it necessary to appoint a committee to carry out a performance evaluation of its role, as the Board's performance is evaluated on an ongoing basis by, and is subject to the constant scrutiny of, the Board itself and the Issuer's shareholders.

(ii) Principle 8: “Committees”

The Issuer does not have a remuneration committee or a nomination committee as recommended in Principle 8. Under the present circumstances the Board does not consider it necessary to appoint a nomination committee and a remuneration committee as decisions on these matters are taken at shareholder level.

(iii) Principle 10: “Institutional shareholders”

This principle is not applicable since the Company does not have any institutional shareholders.

As required by the Act and the Capital Markets Rules, the Issuer’s financial statements are subject to annual audit by the Issuer’s external auditors. Moreover, the non-executive Directors have direct access to the external auditors of the Issuer who attend at Board meetings at which the Company’s financial statements are approved. Directors are entitled to seek professional advice at any time on any aspect of their duties and responsibilities, at the Issuer’s expense. In view of the reporting structure adopted by the Code, the Issuer, on an annual basis in its annual report, details the level of the Issuer’s compliance with the principles of the Code, explaining the reasons for non-compliance, if any.

12.2 THE GUARANTOR

As the Guarantor is not a public company having securities listed on a regular market, it is not bound by the provisions of the Code set out in the Capital Markets Rules. The board of directors of the Guarantor has nonetheless established an Audit Committee in compliance with the Code, the primary purpose of which is to act independently from the executive management, to protect the interests of the Guarantor’s shareholders and assist the directors in conducting their role effectively so that the Guarantor’s decision-making capability and accuracy of its reporting and financial results are maintained at a high level at all times. The Audit Committee of the Guarantor is, pursuant to its terms of reference, entitled to review any issues that relate to the particular Subsidiaries or activities carried on by the Group. In this regard, the Audit Committee of the Guarantor ensures that there is adequate cooperation with the Guarantor (and with internal and external auditors of the Subsidiaries within the Group) to enable the Audit Committee to discharge its responsibilities effectively.

13. LITIGATION

SAD sp. z o.o. (“SAD”), a Polish subsidiary of iSpot, is subject to tax proceedings regarding the correctness of its VAT settlements for February 2015 and for March to July 2015. In the statement of grounds, the Polish tax authorities invoked SAD’s alleged failure to exercise due diligence in verifying its contractors. In order to avoid being charged further interest, the board of SAD decided to deposit an amount equivalent to the VAT being claimed by the Polish tax authority, resulting from the February as well as the March to July 2015 assessments. On 23 December 2022, SAD paid an amount of PLN 27,478,176 (equivalent to €5,870,402) to the tax authorities, which consisted of the VAT liability for the February as well as the March to July 2015 assessments in the amount of PLN 15,525,829 (equivalent to €3,316,918) plus interest, in addition to amounts already paid. The total value of assets subject to both proceedings for February 2015 and March to July 2015 in SAD’s books is PLN 35,616,100 (equivalent to €7,608,977). For both proceedings, SAD disagrees with the position of the Polish tax authorities and appealed the decisions. On 30 January 2023, the Provincial Administrative Court in Warsaw issued a positive judgement in favour of SAD on points of administrative procedures in which it obliged the Director of the Tax Administration Chamber in Warsaw to assess whether the statute of limitations was effectively suspended in the case and provided the Tax Administration Chamber until 20 March 2023 to appeal the case. No appeal had been lodged by the set date. The tax authorities will have to collect new evidence to support their standpoint and if they do not, they will not be able to successfully challenge SAD’s VAT settlements. In the opinion of SAD’s directors and its tax advisers and based on the positive judgement above, it is more likely than not that the tax disputes will be settled in favour of SAD, as in the case of previous audits covering such transactions; provided no new evidence from fiscal penal proceedings is included in the case file. If the case resolution is favourable for SAD, the amount deposited will be returned along with the interest. It is considered that the case in subject may not have and has not had, in the recent past significant effects on the financial position or profitability of the Issuer and/or the Guarantor and/or the Group, taken as a whole.

There have been no other governmental, legal or arbitration proceedings involving the Issuer and/or the Guarantor (including any such proceedings which are pending or threatened of which the Issuer and/or the Guarantor is aware) during the period covering twelve months prior to the date of the Prospectus which may have, or have had, in the recent past significant effects on the financial position or profitability of the Issuer and/or the Guarantor and/or the Group, taken as a whole.

2 RISK FACTORS

THE VALUE OF INVESTMENTS, INCLUDING THE BONDS, CAN GO DOWN AS WELL AS UP, AND PAST PERFORMANCE IS NOT NECESSARILY INDICATIVE OF FUTURE PERFORMANCE.

THE NOMINAL VALUE OF THE BONDS IS REPAYABLE IN FULL UPON MATURITY, UNLESS THE BONDS ARE PREVIOUSLY RE-PURCHASED AND CANCELLED. THE ISSUER SHALL REDEEM THE BONDS ON THE REDEMPTION DATE.

AN INVESTMENT IN THE BONDS INVOLVES CERTAIN RISKS, INCLUDING THOSE DESCRIBED BELOW. PROSPECTIVE INVESTORS SHOULD CAREFULLY CONSIDER, WITH THEIR OWN PROFESSIONAL ADVISORS, THE FOLLOWING RISK FACTORS AND OTHER INVESTMENT CONSIDERATIONS, AS WELL AS ALL THE OTHER INFORMATION CONTAINED IN THE PROSPECTUS, BEFORE DECIDING TO MAKE AN INVESTMENT IN THE BONDS. SOME OF THESE RISKS ARE SUBJECT TO CONTINGENCIES WHICH MAY OR MAY NOT OCCUR AND THE ISSUER IS NOT IN A POSITION TO EXPRESS ANY VIEWS ON THE LIKELIHOOD OF ANY SUCH CONTINGENCIES OCCURRING.

THE SEQUENCE IN WHICH THE RISKS BELOW ARE LISTED IS INTENDED TO BE INDICATIVE OF THE ORDER OF PRIORITY AND OF THE EXTENT OF THEIR CONSEQUENCES. PROSPECTIVE INVESTORS ARE HEREBY CAUTIONED THAT THE OCCURRENCE OF ANY ONE OR MORE OF THE RISKS SET OUT BELOW COULD HAVE A MATERIAL ADVERSE EFFECT ON THE ISSUER'S AND/OR GUARANTOR'S BUSINESS, RESULTS OF OPERATIONS AND FINANCIAL CONDITION AND COULD, THEREBY, NEGATIVELY AFFECT THE ABILITY OF THE ISSUER TO MEET ITS OBLIGATIONS IN CONNECTION WITH THE PAYMENT OF INTEREST ON THE BONDS AND REPAYMENT OF PRINCIPAL WHEN DUE AND OF THE GUARANTOR TO HONOUR ITS OBLIGATIONS UNDER THE GUARANTEE.

NEITHER THIS SECURITIES NOTE, NOR ANY OTHER PARTS OF THE PROSPECTUS OR ANY OTHER INFORMATION SUPPLIED IN CONNECTION WITH THE BONDS: (I) IS INTENDED TO PROVIDE THE BASIS OF ANY CREDIT OR OTHER EVALUATION, NOR (II) SHOULD BE CONSIDERED AS A RECOMMENDATION BY THE ISSUER, THE GUARANTOR, THE SPONSOR, THE MANAGER & REGISTRAR OR AUTHORISED FINANCIAL INTERMEDIARIES THAT ANY RECIPIENT OF THIS SECURITIES NOTE OR ANY OTHER PART OF THE PROSPECTUS OR ANY OTHER INFORMATION SUPPLIED IN CONNECTION WITH THE PROSPECTUS OR ANY BONDS, SHOULD PURCHASE ANY BONDS ISSUED BY THE ISSUER.

ACCORDINGLY, PROSPECTIVE INVESTORS SHOULD MAKE THEIR OWN EVALUATION OF ALL RISK FACTORS AND SHOULD CONSIDER ALL OTHER SECTIONS IN THIS DOCUMENT.

2.1 FORWARD-LOOKING STATEMENTS

This Securities Note contains "forward-looking statements" which include, among others, statements concerning matters that are not historical facts and which may involve projections of future circumstances. These statements by their nature involve a number of risks, uncertainties and assumptions, a few of which are beyond the Issuer's control, and important factors that could cause actual risks to differ materially from the expectations of the Directors. Such forecasts and projections do not bind the Issuer with respect to future results and no assurance can be given that future results or expectations covered by such forward-looking statements will be achieved.

2.2 GENERAL

An investment in the Issuer and the Bonds may not be suitable for all recipients of the Prospectus and prospective investors are urged to consult an investment advisor licensed under the Investment Services Act (Chapter 370 of the laws of Malta) as to the suitability or otherwise of an investment in the Bonds before making an investment decision. In particular, such advice should be sought with a view to ascertaining that each prospective investor:

- (i) has sufficient knowledge and experience to make a meaningful evaluation of the Bonds, the merits and risks of investing in the Bonds and the information contained or incorporated by reference to the Prospectus or any applicable supplement;
- (ii) has sufficient financial resources and liquidity to bear all the risks of an investment in the Bonds, including where the currency for principal or interest payments is different from the prospective investor's currency;
- (iii) understands thoroughly the terms of the Bonds and is familiar with the behaviour of any relevant indices and financial markets;
- (iv) is able to evaluate possible scenarios for economic, interest rate and other factors that may affect his/her/its investment and his/her/its ability to bear the applicable risks; and
- (v) is able to assess as to whether an investment in the Bonds shall achieve his/her/its investment objective.

2.3 RISKS RELATING TO THE BONDS

An investment in the Bonds involves certain risks including, but not limited to, those described below:

- The existence of an orderly and liquid market for the Bonds depends on a number of factors including, but not limited to, the presence of willing buyers and sellers of the Bonds at any given time. Such factors are dependent upon the individual decisions of investors and the general economic conditions of the market in which the Bonds are traded, over which the Issuer has no control. Accordingly, there can be no assurance that an active secondary market for the Bonds will develop, or, if it develops, that it will continue. Furthermore, there can be no assurance that an investor will be able to sell or otherwise trade in the Bonds at or above the Bond Issue Price, or at all.

- Investment in the Bonds involves the risk that subsequent changes in market interest rates may adversely affect the value of the Bonds. Investors should also be aware that the price of fixed rate bonds should, theoretically, move adversely to changes in interest rates. When prevailing market interest rates are rising their prices decline and, conversely, if market interest rates are declining, the prices of fixed rate bonds rise. This is called market risk since it arises only if a Bondholder decides to sell the Bonds before maturity on the secondary market.
- In view of the current inflationary environment, investment in the Bonds involves the risk that rising inflation on real rates of return in relation to coupon payments as well as secondary market prices may have an adverse impact on the value of the Bonds, such that increasing rates of inflation could have an adverse effect on the return on the Bonds in real terms.
- Even after the Bonds are admitted to trading on the Official List of the MSE, the Issuer is required to remain in compliance with certain requirements relating, *inter alia*, to the free transferability, clearance and settlement of the Bonds in order to remain a listed company in good standing. Moreover, the MSE and/or the Malta Financial Services Authority has the authority to suspend trading or listing of the Bonds if, *inter alia*, it comes to believe that such a suspension is required for the protection of investors or the integrity or reputation of the market. The Malta Financial Services Authority may discontinue the listing of the Bonds on the Official List. Any such trading suspensions or listing revocations / discontinuations could have a material adverse effect on the liquidity and value of the Bonds.
- A Bondholder will bear the risk of any fluctuations in exchange rates between the currency of denomination of the Bonds (€) and the Bondholder's currency of reference, if different. Any adverse fluctuations may impair the return of investment of the Bondholder in real terms after taking into account the relevant exchange rate.
- The Bonds, as and when issued and allotted, shall constitute the general, direct, unconditional and unsecured obligations of the Issuer and shall be guaranteed in respect of both the interest due and the principal amount under said Bonds by the Guarantor. The Bonds shall, at all times, rank *pari passu* without any priority or preference among themselves and with other outstanding and unsecured debt of the Issuer, present and future, if any, save for such exceptions as may be provided by applicable law. Furthermore, third party security interests may be registered which will rank in priority to the Bonds against the assets of the Issuer for so long as such security interests remain in effect, which registration may further impede the ability of the Bondholders to recover their investment upon enforcement of such security interests, whether in full or in part.
- In the event that the Issuer wishes to amend any of the Terms and Conditions of the Bonds it shall call a meeting of Bondholders in accordance with the provisions of sub-section 6.14 of this Securities Note. These provisions permit defined majorities to bind all Bondholders, including Bondholders who do not attend and vote at the relevant meeting and Bondholders who vote in a manner contrary to the majority. Furthermore, in terms of the Guarantee, the Guarantor has the power to veto a decision by the Bondholders, taken at a Bondholders' meeting duly convened and held, which may give rise to changes in: (i) the amount payable by the Guarantor under the Guarantee; (ii) the term and/or frequency of such payments; (iii) the Events of Default listed in sub-section 6.11 of this Securities Note; and/or (iv) any other term which may otherwise increase the exposure of the Guarantor to the enforcement of the Guarantee. In the event that the Guarantor were to exercise such right of veto, the proposed amendment to, or waiver of, the Terms and Conditions would not be put into effect.
- No prediction can be made about the effect which any future public offerings of the Issuer's securities, or any takeover or merger activity involving the Issuer, will have on the market price of the Bonds prevailing from time to time. If such changes take place, they could have an adverse effect on the market price for the Bonds.
- The Bonds and the Terms and Conditions of the Bond Issue are based on the requirements of the Capital Markets Rules, the Companies Act and the Prospectus Regulation in effect as at the date of the Prospectus. No assurance can be given as to the impact of any possible judicial decision or change in law or administrative practice after the date of the Prospectus.

2.4 RISKS RELATING TO THE GUARANTEE

In view of the fact that the Bonds are being guaranteed by the Guarantor on a joint and several bases, the Bondholders shall be entitled to request the Guarantor to pay both the interest due and the principal amount under said Bonds if the Issuer fails to meet any amount when due in terms of the Prospectus. The Guarantee also entitles the Bondholders to take action against the Guarantor without having to first take action against the Issuer, if the Issuer fails to pay any sum payable by it to Bondholders pursuant to the Terms and Conditions of the said Bonds. The strength of this undertaking on the part of the Guarantor and, therefore, the level of recoverability by the Bondholders from the Guarantor of any amounts due under any of the Bonds, is dependent upon and directly linked to the financial position and solvency of the Guarantor.

3 PERSONS RESPONSIBLE

5 KEY INFORMATION

5.1 REASONS FOR THE ISSUE AND USE OF PROCEEDS

The proceeds from the Bond Issue, which net of Bond Issue expenses are expected to amount to approximately €78,700,000 will be on-lent by the Issuer to the Guarantor pursuant to a loan agreement between the Issuer and the Guarantor and shall be utilised for the following purposes, in the amounts and order of priority set out below:

- i. an amount of up to €36,000,000 shall be made available limitedly for exchange and cancellation of the 1923 Bonds pursuant to 1923 Bondholders opting to apply for Exchangeable Bond Transfers subject to Cash Top-Ups in terms of section 8(ii) of this Securities Note;
- ii. in the event that there is a balance of proceeds not utilised for (i) above and depending on the amount of said balance, an amount of up to €56,000,000 shall be applied to re-finance, in part, capital investments made by the Group prior to the date of the Prospectus in Cortland and Tigne' Mall, which capital investments were funded, in large part, from bank financing at Group level. Details of the investments made in Cortland and Tigne' Mall are set out in further detail in section 8 of the Registration Document; and
- iii. any residual bond proceeds not utilised for (i) and/or (ii) above will be used for general corporate funding purposes.

In the event that the Bond Issue is not fully subscribed, the Issuer will proceed with the listing of the amount of Bonds subscribed for and shall apply the net proceeds received in the manner and order of priority set out in (i) to (iii) above. Any residual amounts which may be required by the Issuer for the purposes of the uses specified in (i) to (iii) above which shall not have been raised through the Bond Issue shall be financed from the Group's general cash flow and/or bank financing.

5.2 EXPENSES

The Issue will involve expenses, including professional fees and costs related to publicity, advertising, printing, listing, registration, sponsor, management, selling commissions and other miscellaneous costs incurred in connection with the Bond Issue. Such expenses, which shall be borne by the Issuer, are estimated not to exceed approximately €1,300,000 with approximately €1,000,000 being attributed to selling commissions and approximately €300,000 to professional, MSE, regulatory and ancillary fees. The amount of the expenses will be deducted from the proceeds of the Issue, which, accordingly, will bring the net proceeds from the Bond Issue to approximately €78,700,000. There is no particular order of priority with respect to such expenses.

6.2 PLAN OF DISTRIBUTION AND ALLOTMENT

The Bonds shall be made available for subscription, as follows:

- i. an amount of up to €36,000,000 in nominal value of Bonds shall be reserved for subscription by 1923 Bondholders applying for Bonds by way of Exchangeable Bond Transfer up to the extent of their holdings of 1923 Bonds as at the Cut-Off Date, subject to any Cash Top-Up as and if applicable;
- ii. an amount of up to €34,000,000 in nominal value of Bonds together with any balance of Bonds not taken up in terms of (i) above and (iii) hereunder shall be reserved for subscription by 1923 Bondholders in respect of any Excess applied for (provided that 1923 Bondholders applying for any Excess transfer their entire holding in 1923 Bonds by way of Exchangeable Bond Transfer) and by Preferred Applicants, ranking *pari passu* without priority or preference; and
- iii. an amount of up to €10,000,000 in nominal value of Bonds together with any balance of Bonds not taken up in terms of (ii) above shall be made available for subscription by the general public, ranking *pari passu* without priority or preference.

The Bonds are open for subscription during the Offer Period by: (i) 1923 Bondholders applying for Bonds by Exchangeable Bond Transfer; (ii) 1923 Bondholders applying for any Excess, provided that these 1923 Bondholders transfer their entire holding in 1923 Bonds by Exchangeable Bond Transfer, together with Preferred Applicants and (iii) the general public, all subject to a minimum subscription amount of €3,000 in nominal value of Bonds. The allocation of the Bonds is subject to the allocation policy of the Issuer set out in sub-section 6.3 below.

1923 Bondholders applying for Bonds are to submit an Application through any of the Authorised Financial Intermediaries, which include the Sponsor and the Manager & Registrar, and may elect to settle all or part of the amount due on the Bonds applied for by completing an Application Form 'A' indicating that the consideration for the Bonds applied for shall be settled by way of transfer to 1923 Investments of all or part of the 1923 Bonds held as at the Cut-Off Date in an amount equivalent to the par value of the Bonds applied for, thereby exercising their right to opt for an Exchangeable Bond Transfer. Any 1923 Bondholders opting for an Exchangeable Bond Transfer whose holding in the 1923 Bonds is less than €3,000 shall be required to pay the Cash Top-Up together with the submission of their Application Form 'A'.

The transfer of 1923 Bonds by means of Exchangeable Bond Transfer to 1923 Investments in consideration for the subscription for Bonds shall cause the obligations of 1923 Investments with respect to such 1923 Bonds to be extinguished, and shall give rise to obligations on the part of the Issuer under the Bonds.

Preferred Applicants applying for Bonds and 1923 Bondholders applying for any Excess are to submit an Application through any of the Authorised Financial Intermediaries. Preferred Applicants are to complete an Application Form 'B' whereas 1923 Bondholders may apply for any Excess by completing the appropriate section on Application Form 'A'.

Other general public Applicants applying for Bonds are to submit an Application through any of the Authorised Financial Intermediaries by completing an Application Form 'C'.

It is expected that an allotment advice will be issued by the Issuer to Applicants by 24 July 2024. Such monies will not bear interest while retained as aforesaid.

Dealings in the Bonds shall not commence prior to the Bonds being admitted to the Official List.

6.3 ALLOCATION POLICY

The Issuer shall allocate the Bonds on the basis of the following policy and order of priority:

- i. an amount of up to €36,000,000 in nominal value of Bonds shall be reserved for subscription by 1923 Bondholders applying for Bonds by way of Exchangeable Bond Transfer up to the extent of their holdings of 1923 Bonds as at the Cut-Off Date, subject to any Cash Top-Up as and if applicable;
- ii. an amount of up to €34,000,000 in nominal value of Bonds together with any balance of Bonds not taken up in terms of (i) above and (iii) hereunder shall be reserved for subscription by 1923 Bondholders opting for the Exchangeable Bond Transfer in respect of any Excess applied for and by Preferred Applicants, ranking *pari passu* without priority or preference; and

- iii. an amount of up to €10,000,000 in nominal value of Bonds together with any balance of Bonds not taken up in terms of (ii) above shall be made available for subscription by the general public, ranking *pari passu* without priority or preference.

In the event that the aggregate value of Bonds applied for by 1923 Bondholders by way of Exchangeable Bond Transfer, including Cash Top-Up, where applicable, exceeds the aggregate amount of €36,000,000 reserved for subscription by Exchangeable Bond Transfer pursuant to (i) above, then the Issuer, acting through the Registrar, shall scale down each Application by 1923 Bondholders to the minimum amount equivalent to the 1923 Bonds held by such 1923 Bondholders, and the Cash Top-Up portion shall be subject to an allocation policy to be determined by the Issuer.

1923 Bondholders applying for an Excess (provided that 1923 Bondholders applying for any Excess have transferred their entire holding in 1923 Bonds by way of Exchangeable Bond Transfer) and Preferred Applicants will participate in the same allocation policy without priority or preference between themselves should the need for scaling down arise in case of over-subscription of the portion of Bonds reserved for subscription in their regard pursuant to (ii) above, in accordance with the allocation policy as determined by the Issuer acting through the Registrar.

General public Applicants will rank for subscription of Bonds without priority or preference between themselves should the need for scaling down arise in case of over-subscription, in accordance with the allocation policy as determined by the Issuer acting through the Registrar.

The Issuer shall announce the allocation policy for the allotment of Bonds through a company announcement by not later than 17 July 2024.

6.4 RANKING OF THE BONDS

The Bonds, as and when issued and allotted, shall constitute the general, direct, unconditional and unsecured obligations of the Issuer, guaranteed jointly and severally by the Guarantor, and shall at all times rank *pari passu*, without any priority or preference among themselves and with other outstanding and unsecured debt of the Issuer, present and future, if any, save for such exceptions as may be provided by applicable law. Furthermore, third party security interests may be registered which will rank in priority to the Bonds against the assets of the Issuer for so long as such security interests remain in effect.

The following table sets out a summary of the Group's indebtedness as at 31 March 2024, and includes bank loan and overdraft facilities, debt securities and other financial liabilities. The bank borrowings listed below are secured by privileges and hypothecs, and therefore the indebtedness being created by the Bonds, together with other unsecured debt, ranks after all of the said bank borrowings. In addition, the Bonds would rank after any future debts which may be secured by a cause of preference such as a privilege and/or a hypothec.

6.5 RIGHTS ATTACHING TO THE BONDS

This Securities Note incorporates the Terms and Conditions of the Bond Issue and, in its entirety, creates the contract between the Issuer and a Bondholder.

A Bondholder shall have such rights as are, pursuant to this Securities Note, attached to the Bonds, including:

6.6 INTEREST

The Bonds shall bear interest from and including 17 July 2024 at the rate of 5% *per annum* on the nominal value thereof, payable annually in arrears on each Interest Payment Date. The first interest payment will be effected on 17 July 2025 (covering the period 17 July 2024 up to and including 16 July 2025). Any Interest Payment Date which falls on a day other than a Business Day will be carried over to the next following day that is a Business Day. Each Bond will cease to bear interest from and including its due date for redemption, unless payment of the principal amount in respect of the Bond is improperly withheld or refused or unless default is otherwise made in respect of payment, in any of which events interest shall continue to accrue at the rate specified above plus one per cent (1%), but in any event not in excess of the maximum rate of interest allowed by Maltese law. In terms of article 2156 of the Civil Code (Chapter 16 of the laws of Malta), the right of Bondholders to bring claims for payment of interest and repayment of the principal on the Bonds is barred by the lapse of five (5) years.

When interest is required to be calculated for any period of less than a full year, it shall be calculated on the basis of a 360 day year consisting of 12 months of 30 days each, and in the case of an incomplete month, the number of days elapsed.

An Exchangeable Bond Transfer effected by a 1923 Bondholder shall be without prejudice to the rights of such 1923 Bondholder to receive interest on the 1923 Bonds held up to and including 4 December 2024. Within thirty (30) calendar days from admission of the Bonds to listing on the Official List, 1923 Investments will settle the difference between the interest rate applicable to the 1923 Bonds (5.1%) and the interest rate of 5% applicable to the Bonds, from and including 17 July 2024 up to and including 4 December 2024.

6.7 YIELD

The gross yield calculated on the basis of the Interest, the Bond Issue Price and the Redemption Value of the Bonds at Redemption Date is 5% *per annum*.

6.8 REGISTRATION, FORM, DENOMINATION AND TITLE

Certificates will not be delivered to Bondholders in respect of the Bonds in virtue of the fact that the entitlement to Bonds will be represented in an uncertificated form by the appropriate entry in the electronic register maintained on behalf of the Issuer at the CSD. There will be entered in such electronic register the names, addresses, identity card numbers (in the case of natural persons), registration numbers (in the case of companies) and MSE account numbers of the Bondholders and particulars of the Bonds held by them respectively, and the Bondholders shall have, at all reasonable times during business hours, access to the register of Bondholders held at the CSD for the purpose of inspecting information held on their respective account.

Upon submission of an Application Form, Bondholders who opt to subscribe for the online e-portfolio account with the CSD, by marking the appropriate box on the Application Form, will be registered by the CSD for the online e-portfolio facility and will receive by mail at their registered address a handle code to activate the new e-portfolio login. A Bondholder's statement of holdings evidencing entitlement to Bonds held in the register kept at the CSD and registration advices evidencing movements in such register will be available through the said e-portfolio facility on <https://eportfolio.borzamalta.com.mt/>. Further detail on the e-portfolio is found on <https://eportfolio.borzamalta.com.mt/Help>.

The Bonds will be issued in fully registered form, without interest coupons, in denominations of any integral multiple of €100 provided that on subscription the Bonds will be issued for a minimum of €3,000 per individual Bondholder. Authorised Financial Intermediaries subscribing for Bonds through nominee accounts for and on behalf of clients shall apply the minimum subscription amount of €3,000 to each underlying client.

Any person in whose name a Bond is registered may (to the fullest extent permitted by applicable law) be deemed and treated at all times, by all persons and for all purposes (including the making of any payments), as the absolute owner of such Bond. Title to the Bonds may be transferred as provided below in sub-section 6.12 of this Securities Note.

6.9 PAYMENTS

Payment of the principal amount of a Bond will be made in Euro by the Issuer to the person in whose name such Bonds are registered, with interest accrued up to but excluding the Redemption Date, by means of direct credit transfer into such bank account as the Bondholder may designate from time to time, provided such bank account is denominated in Euro. Such payment shall be affected within seven (7) days of the Redemption Date. The Issuer shall not be responsible for any loss or delay in transmission or any charges in connection therewith. Upon payment of the Redemption Value, the Bonds shall be redeemed, and the appropriate entry made in the electronic register of the Bonds at the CSD.

In the case of Bonds held subject to usufruct, payment will be made against the joint instructions of all bare owners and usufructuaries. Before effecting payment, the Issuer and/or the CSD shall be entitled to request any legal documents deemed necessary concerning the entitlement of the bare owner/s and the usufructuary/ies to payment of the Bonds.

Payment of interest on a Bond will be made to the person in whose name such Bond is registered at the close of business fifteen (15) days prior to the Interest Payment Date, by means of a direct credit transfer into such bank account as the Bondholder may designate, from time to time, which is denominated in Euro. Such payment shall be affected within seven (7) days of the Interest Payment Date. The Issuer shall not be responsible for any loss or delay in transmission or any charges in connection therewith.

All payments with respect to the Bonds are subject in all cases to any pledge, duly constituted, and to any applicable fiscal or other laws and regulations prevailing in Malta from time to time. In particular, but without limitation, all payments of principal and interest by or on behalf of the Issuer in respect of the Bonds shall be made net of any amount which the Issuer is or may become compelled by law to deduct or withhold for or on account of any present or future taxes, duties, assessments or other government charges of whatsoever nature imposed, levied, collected, withheld or assessed by or within the Republic of Malta or any authority thereof or therein having power to tax.

No commissions or expenses shall be charged by the Issuer to the Bondholders in respect of payments made in accordance with this sub-section 6.9. The Issuer shall not be liable for charges, expenses and commissions levied by parties other than the Issuer.

6.10 REDEMPTION AND PURCHASE

The Issuer hereby irrevocably covenants in favour of each Bondholder that, unless previously purchased and cancelled, the Bonds will be redeemed at their nominal value, together with accrued interest up to, but excluding, the date fixed for redemption, on 17 July 2029. In such a case the Issuer shall be discharged of any and all payment obligations under the Bonds upon payment made net of any withholding or other taxes due or which may be due under Maltese law, and which are payable by the Bondholders.

Subject to the provisions of this sub-section 6.10, the Issuer may at any time purchase Bonds in the open market or otherwise at any price. Any purchase by tender shall be made available to all Bondholders alike.

All Bonds so redeemed or re-purchased will be cancelled forthwith and may not be re-issued or re-sold.

6.11 EVENTS OF DEFAULT

The Bonds shall become immediately due and repayable at their principal amount, together with any accrued interest, if any of the following events ("**Events of Default**") shall occur:

- b. the Issuer shall fail to pay the principal amount of a Bond on the date fixed for its redemption and such failure shall continue for sixty (60) days after written notice thereof shall have been given to the Issuer by any Bondholder, unless remedied by the Guarantor before the expiry of such sixty (60) days; and/or
- c. the Issuer shall fail to perform, or shall otherwise be in breach of, any other material obligation contained in the Terms and Conditions and such failure shall continue for sixty (60) days after written notice thereof shall have been given to the Issuer by any Bondholder, unless remedied by the Guarantor before the expiry of such sixty (60) days, where applicable; and/or
- d. if any representation or warranty made by or in respect of the Issuer or the Guarantor is or proves to have been incorrect in any material respect; and/or
- e. an order is made, or resolution passed or other action taken for the dissolution, termination of existence, liquidation, winding-up or bankruptcy of the Issuer; and/or
- f. the Issuer stops or suspends payments, whether of principal or interest, with respect to all or any class of its debts or announces an intention to do so or ceases or threatens to cease to carry on its business or a substantial part of its business; and/or
- g. the Issuer is unable, or admits in writing its inability, to pay its debts as they fall due or otherwise becomes insolvent; and/or
- h. if in terms of section 214(5) of the Act, a Court order or other judicial process is levied or enforced upon or sued out against any part of the property of the Issuer and is not paid out, withdrawn or discharged within one (1) month; and/or
- i. if a judicial or provisional administrator is appointed upon the whole or any material part of the property of the Issuer; and/or

- j. there shall have been entered against the Issuer a final judgment by a court of competent jurisdiction from which no appeal may be or is made for the payment of money in excess of five million Euro (€5,000,000) or its equivalent and ninety (90) days shall have passed since the date of entry of such judgment without its having been satisfied or stayed; and/or
- k. any default of a payment obligation which occurs and continues for ninety (90) days under any contract or document relating to any Financial Indebtedness (as defined below) of the Issuer in excess of five million Euro (€5,000,000) or its equivalent at any time.

Upon any such Event of Default occurring and not being remedied within the relevant cure period, as applicable, the principal monies and interest accrued under the Bonds shall be deemed to have become immediately payable at the time of the event which shall have happened as aforesaid.

For the purpose of this sub-section 6.11, "Financial Indebtedness" means any indebtedness in respect of: (A) monies borrowed; (B) any debenture, bond, note, loan, stock or other security; (C) any acceptance credit; (D) the acquisition cost of any asset to the extent payable before or after the time of acquisition or possession by the party liable where the advance or deferred payment is arranged primarily as a method of raising finance for the acquisition of that asset; (E) leases entered into primarily as a method of raising finance for the acquisition of the asset leased; (F) amounts raised under any other transaction having the commercial effect of borrowing or raising of money; (G) any guarantee, indemnity or similar assurance against financial loss of any person.

6.12 TRANSFERABILITY OF THE BONDS

The Bonds are freely transferable and, once admitted to the Official List, shall be transferable only in whole, in multiples of €100, in accordance with the rules and regulations of the MSE applicable from time to time. The minimum subscription amount of €3,000 shall only apply during the Offer Period. As such, no minimum holding requirement shall be applicable once the Bonds are admitted to listing on the Official List and commence trading thereafter, subject to trading in multiples of €100.

Any person becoming entitled to a Bond in consequence of the death or bankruptcy of a Bondholder may, upon such evidence being produced as may, from time to time, properly be required by the Issuer or the CSD, elect either to be registered himself/herself/itself as holder of the Bond or to have some person nominated by him/her/it registered as the transferee thereof. If the person so becoming entitled shall elect to be registered himself/herself/itself, he/she/it shall deliver or send to the CSD a notice in writing signed by him/her/it stating that he/she/it so elects. If he/she/it shall elect to have another person registered he/she/it shall testify his/her/its election by transferring the Bond, or procuring the transfer of the Bond, in favour of that person. Provided always that if a Bond is transmitted in furtherance of this paragraph, a person will not be registered as a Bondholder unless such transmission is made in multiples of €100.

All transfers and transmissions are subject in all cases to any pledge, duly constituted, of the Bonds and to any applicable laws and regulations.

The cost and expenses of effecting any registration of transfer or transmission, except for the expenses of delivery by any means other than regular mail, if any, and except, if the Issuer shall so require, the payment of a sum sufficient to cover any tax, duty or other governmental charge or insurance charges that may be imposed in relation thereto, will be borne by the person to whom the transfer / transmission has been made.

The Issuer will not register the transfer or transmission of Bonds for a period of fifteen (15) days preceding the due date for any payment of interest on the Bonds or the due date for redemption.

6.13 FURTHER ISSUES

The Issuer may, from time to time, without the consent of the Bondholders, create and issue further debentures, debenture stock, bonds, loan notes or any other debt securities, either having the same terms and conditions as any outstanding debt securities of any series, including the Bonds, and so that such further issue shall be consolidated and form a single series with the outstanding debt securities of the relevant series, including the Bonds, or upon such terms as the Issuer may determine at the time of their issue.

6.14 MEETINGS OF BONDHOLDERS

The Issuer may, from time to time, call meetings of Bondholders for the purpose of consultation with Bondholders or for the purpose of obtaining the consent of Bondholders on matters which in terms of the Prospectus require the approval of a Bondholders' meeting and to affect any change to the applicable Terms and Conditions of the Bonds.

No change or amendment to, or waiver of, any of the applicable Terms and Conditions of the Bonds may be made unless such decision is made at a meeting of Bondholders duly convened and held for that purpose in accordance with the terms hereof.

A meeting of Bondholders shall be called by the Directors by giving: (i) all Bondholders listed on the register of Bondholders as at a date being not more than thirty (30) days preceding the date scheduled for the meeting; and (ii) the Guarantor, not less than fourteen (14) days' notice in writing. Such notice shall set out the time, place and date set for the meeting and the matters to be discussed or decided thereat, including, if applicable, sufficient information on any amendment of the Prospectus that is proposed to be voted upon at the meeting and seeking the approval of the Bondholders. Following a meeting of Bondholders held in accordance with the provisions contained hereunder, the Issuer shall, acting in accordance with the resolution(s) taken at the meeting, communicate to the Bondholders and the Guarantor whether the necessary consent to the proposal made by the Issuer has been granted or withheld. Subject to having obtained the necessary approval by the Bondholders in accordance with the provisions of this sub-section 6.14 at a meeting called for that purpose as aforesaid, any such decision shall subsequently be given effect to by the Issuer.

A meeting of Bondholders shall only validly and properly proceed to business if there is a quorum present at the commencement of the meeting. For this purpose, at least two (2) Bondholders present, in person or by proxy, representing not less than fifty per cent (50%) in nominal value of the Bonds then outstanding, shall constitute a quorum. If a quorum is not present within thirty (30) minutes from the time scheduled for the commencement of the meeting as indicated on the notice convening same, the meeting shall stand adjourned to a place, date and time as shall be communicated by the Directors to the Bondholders present at that meeting and to the Guarantor. The Issuer shall within two (2) days from the date of the original meeting publish by way of a company announcement the date, time and place where the adjourned meeting is to be held. An adjourned meeting shall be held not earlier than seven (7) days, and not later than fifteen (15) days, following the original meeting. At an adjourned meeting the number of Bondholders present at the commencement of the meeting, in person or by proxy, shall constitute a quorum; and only the matters specified in the notice calling the original meeting shall be placed on the agenda of, and shall be discussed at and decided upon during, the adjourned meeting.

Any person who in accordance with the Memorandum and Articles of Association of the Issuer is to chair the annual general meetings of shareholders shall also chair meetings of Bondholders.

Once a quorum is declared present by the chairperson of the meeting, the meeting may then proceed to business and address the matters set out in the notice convening the meeting. In the event of decisions being required at the meeting, the Directors or their representatives shall present to the Bondholders and the Guarantor the reasons why it is deemed necessary or desirable and appropriate that a particular decision is taken. The meeting shall allow reasonable and adequate time to Bondholders to present their views to the Issuer and the other Bondholders present at the meeting. The meeting shall then put the matter as proposed by the Issuer to a vote of the Bondholders present at the time at which the vote is being taken, and any Bondholders taken into account for the purpose of constituting a quorum who are no longer present for the taking of the vote shall not be taken into account for the purpose of such vote.

The voting process shall be managed by the Issuer's company secretary under the supervision and scrutiny of the auditors of the Issuer.

The proposal placed before a meeting of Bondholders shall only be considered approved if at least sixty per cent (60%) in nominal value of the Bonds held by Bondholders present at the meeting, or at any adjourned meeting, as the case may be, at the time when the vote is being taken, in person or by proxy, shall have voted in favour of the proposal.

In terms of the Guarantee the Guarantor has the power to veto a decision by the Bondholders, taken at a Bondholders' meeting duly convened and held, which may give rise to changes in: (i) the amount payable by the Guarantor under the Guarantee; (ii) the term and/or frequency of such payments; (iii) the Events of Default listed in sub-section 6.11 of this Securities Note; and/or (iv) any other term which may otherwise increase the exposure of the Guarantor to the enforcement of the Guarantee. In the event that the Guarantor were to exercise such right of veto, the proposed amendment to, or waiver of, the Terms and Conditions would not be put into effect.

Save for the above, the rules generally applicable to proceedings at general meetings of shareholders of the Issuer shall *mutatis mutandis* apply to meetings of Bondholders.

6.15 AUTHORISATIONS AND APPROVALS

The Directors of the Issuer authorised the Bond Issue and the publication of the Prospectus pursuant to a Board of Directors' resolution passed on 24 May 2024. 6.16 ADMISSION TO TRADING

The Malta Financial Services Authority has authorised the Bonds as admissible to listing pursuant to the Capital Markets Rules by virtue of a letter dated 3 June 2024.

The Bonds are expected to be admitted to the Malta Stock Exchange with effect from 24 July 2024 and trading is expected to commence on 25 July 2024. Dealing may commence prior to notification of the amount allotted being issued to Applicants.

6.17 PRICING

The Bonds are being issued at par, that is, at €100 per Bond, with the full amount payable upon subscription.

6.18 REPRESENTATIONS AND WARRANTIES

The Issuer represents and warrants to Bondholders, who shall be entitled to rely on such representations and warranties, that:

- i. it is duly incorporated and validly existing under the laws of Malta and has the power to carry on its business as it is now being conducted and to hold its property and other assets under legal title; and
- ii. it has the power to execute, deliver and perform its obligations under the Prospectus and that all necessary corporate, shareholder and other actions have been duly taken to authorise the execution, delivery and performance of the same, and further that no limitation on its power to borrow or guarantee shall be exceeded as a result of the Terms and Conditions of the Prospectus.

To the best of the Directors' knowledge, the Prospectus contains all relevant material information with respect to the Issuer, the Guarantor and the Bonds and all information contained in the Prospectus is, in every material respect, true, accurate and not misleading, and there are no other facts in relation to the Issuer and/or the Guarantor, their respective businesses and financial position, the omission of which would, in the context of issue of the Bonds, make any statement in the Prospectus misleading or inaccurate in any material respect.

6.19 BONDS HELD JOINTLY

In respect of any Bonds held jointly by several persons (including spouses), the person whose name shall be inserted in the field entitled "*Applicant*" on the Application Form, or the first named in the register of Bondholders shall, for all intents and purposes, be deemed to be such nominated person by all those joint holders whose names appear in the field entitled "Additional Applicants" in the Application Form or joint holders in the register, as the case may be. Such person shall, for all intents and purposes, be deemed to be the registered holder of the Bonds so held.

6.20 BONDS HELD SUBJECT TO USUFRUCT

In respect of a Bond held subject to usufruct, the name of the bare owner and the usufructuary shall be entered in the register. The usufructuary shall, for all intents and purposes, be deemed *vis-a-vis* the Issuer to be the holder of the Bond/s so held and shall have the right to receive interest on the Bond/s and to vote at meetings of the Bondholders but shall not, during the existence of the Bond/s, have the right to dispose of the Bond/s so held without the consent of the bare owner, and shall not be entitled to the repayment of principal on the Bond (which shall be due to the bare owner). Furthermore, the signatures of both the bare owner and the usufructuary will be required in the respective Application.

6.21 NOTICES

Notices will be mailed to Bondholders at their registered addresses and shall be deemed to have been served at the expiration of twenty-four (24) hours after the letter containing the notice is posted, and in proving such service it shall be sufficient to prove that a prepaid letter containing such notice was properly addressed to such Bondholder at his/her/its registered address and posted.

6.22 GOVERNING LAW AND JURISDICTION

The Bonds are governed by and shall be construed in accordance with Maltese law.

Any legal action, suit or proceedings against the Issuer and/or the Guarantor arising out of or in connection with the Bonds and/or the Prospectus shall be brought exclusively before the Maltese courts.

7 TAXATION

7.1 GENERAL

Investors and prospective investors are urged to seek professional advice as regards both Maltese and any foreign tax legislation which may be applicable to the acquisition, holding and disposal of Bonds, as well as any interest payments made by the Issuer. The following is a summary of the anticipated tax treatment applicable to the Bonds and to Bondholders in so far as taxation in Malta is concerned. This information, that does not constitute legal or tax advice and does not purport to be exhaustive, refers only to Bondholders who do not deal in securities in the course of their normal trading activity.

The information below is based on an interpretation of tax law and practice relative to the applicable legislation, as known to the Issuer at the date of the Prospectus, in respect of a subject on which no official guidelines exist. Investors are reminded that tax law and practice and their interpretation as well as the levels of tax on the subject matter referred to in the preceding paragraph, may change from time to time.

This information is being given solely for the general information of investors who do not deal in the acquisition and disposal of securities in the course of their normal trading activities. The precise implications for investors will depend, among other things, on their particular circumstances and on the classification of the Bonds from a Maltese tax perspective, and professional advice in this respect should be sought accordingly.

7.2 MALTA TAX ON INTEREST

Since interest is payable in respect of a Bond which is the subject of a public issue, unless the Issuer is otherwise instructed by a Bondholder to receive the interest gross of any withholding tax, or if the Bondholder does not fall within the definition of "recipient" in terms of article 41(c) of the Income Tax Act (Chapter 123 of the Laws of Malta), interest shall be paid to such person net of a final withholding tax, currently at the rate of 15% (10% in the case of certain types of collective investment schemes) of the gross amount of the interest, pursuant to article 33 of the Income Tax Act. Bondholders who do not fall within the definition of a "recipient" do not qualify for the said rate and should seek professional advice on the taxation of such income as special rules may apply.

This withholding tax is considered as a final tax and a Maltese resident individual Bondholder is not obliged to declare the interest so received in his/her income tax return, to the extent that the interest is paid net of tax. No person, whether corporate or non-corporate, shall be charged to further tax in Malta in respect of such income and the tax deducted shall not be available as a credit against the recipient's tax liability or available as a refund, as the case may be.

The Issuer will render an account to the Commissioner for Tax and Customs of all amounts of interest paid and tax so deducted, including the identity of the recipient.

In the case of a valid election made in writing by an eligible Bondholder resident in Malta to receive the interest due without the deduction of final tax, interest will be paid gross and such person will be obliged to declare the interest so received in his/her/its Maltese income tax return and be subject to tax on such interest at the standard rates applicable to that person at that time. Additionally, in this latter case the Issuer will advise the Commissioner for Tax and Customs on an annual basis in respect of all interest paid gross and of the identity of all such recipients. Any such election made by a resident Bondholder at the time of subscription may be subsequently changed by giving notice in writing to the Issuer. Such election or revocation will be effective within the time limit set out in the Income Tax Act.

In terms of article 12(1)(c)(i) of the Income Tax Act, Bondholders who are not resident in Malta satisfying the applicable conditions set out therein, including but not limited to the condition that the Bondholder is not owned and controlled by, whether directly or indirectly, nor acts on behalf of an individual/s who are ordinarily resident and domiciled in Malta, are exempt from income tax in Malta on the interest received and will receive interest gross, subject to the requisite declaration/evidence being provided to the Issuer in terms of law.

7.3 EXCHANGE OF INFORMATION

In terms of applicable Maltese legislation, the Issuer and/or its agent are required to collect and forward certain information, including, but not limited to, information regarding payments made to Bondholders, to the Commissioner for Tax and Customs. The Commissioner for Tax and Customs will or may, in turn, automatically or on request, forward the information to other relevant tax authorities subject to certain conditions. Please note that this does not constitute tax advice and Applicants are to consult their own tax advisors in case of doubt.

7.4 MALTESE TAXATION ON CAPITAL GAINS ON TRANSFER OF THE BONDS

On the assumption that the Bonds would not fall within the definition of “*securities*” in terms of article 5(1)(b) of the Income Tax Act, that is, “*shares and stocks and such like instrument that participate in any way in the profits of the company and whose return is not limited to a fixed rate of return*”, to the extent that the Bonds are held as capital assets by the Bondholder, no income tax on capital gains should be chargeable in respect of a transfer of the Bonds.

7.5 DUTY ON DOCUMENTS AND TRANSFERS

In terms of the Duty on Documents and Transfers Act (Chapter 364 of the Laws of Malta), duty is chargeable *inter alia* on the transfer or transmission *causa mortis* of marketable securities. A marketable security is defined in the said legislation as “*a holding of share capital in any company and any document representing the same*”.

Accordingly, the Bonds should not be treated as constituting marketable securities within the meaning of the aforementioned legislation and, therefore, the transfer/transmission thereof should not be chargeable to duty.

Furthermore, even if the Bonds are considered to be marketable securities for the purposes of the Duty on Documents and Transfers Act, in terms of article 50 of the Financial Markets Act (Chapter 345 of the Laws of Malta), in view of the fact that the Bonds constitute financial instruments of a company quoted on a regulated market exchange, as is the Official List, redemptions and transfers of the Bonds should in any case be exempt from Maltese duty.

8 TERMS AND CONDITIONS OF THE BOND ISSUE

The following Terms and Conditions shall be read in conjunction with all the other terms and conditions relative to and regulating the contractual relationship created between the Issuer and the Guarantor, on the one hand, and the Bondholders, on the other:

- i. 1923 Bondholders applying for Bonds may elect to settle all or part of the amount due on the Bonds applied for (whether in whole or in part consideration for the Bonds being applied for) by completing Application Form ‘A’, indicating that the consideration for the Bonds applied for shall be settled by way of transfer of all or part of the 1923 Bonds held as at the Cut-Off Date in an amount equivalent to the par value of the Bonds applied for, thereby exercising their right to subscribe for Bonds by means of Exchangeable Bond Transfer. Any 1923 Bondholders whose holding in 1923 Bonds is less than €3,000 or who wish to subscribe for additional Bonds shall be required to pay the Cash Top-Up and / or the Excess, as applicable, together with the submission of their Application Form ‘A’. Preferred Applicants applying for Bonds shall complete Application Form ‘B’ together with payment of the full price of the Bonds applied for. The general public applying for Bonds shall complete Application Form ‘C’ together with payment of the full price of the Bonds applied for.
- ii. By submitting an Application Form ‘A’ indicating that the option of the Exchangeable Bond Transfer is being selected, whether in whole or in part consideration for the Bonds being applied for, the Applicant is thereby confirming:
 - a. that all or part, as the case may be, of the 1923 Bonds held by the Applicant as at the Cut-Off Date are being transferred to 1923 Investments, together with the payment due in respect of any Cash Top-Up, if applicable;

- b. that the Application Form constitutes the Applicant's irrevocable mandate to the Issuer to: (a) cause the transfer of the said 1923 Bonds in 1923 Investment's name in consideration of the issue of Bonds; and (b) engage, at the Issuer's cost, the services of such brokers or intermediaries as may be necessary to fully and effectively vest title in the said 1923 Bonds in 1923 Investments and fully and effectively vest title in the appropriate number of Bonds in the Applicant; and
 - c. that the obligations of 1923 Investments with respect to the 1923 Bonds being transferred to 1923 Investments are extinguished in their entirety and are thereby replaced by obligations on the part of the Issuer under the Bonds to be issued upon acceptance by the Issuer of the Application in question.
- iii. In the event that 1923 Bondholders applying for a number of Bonds exceeding in value the aggregate nominal value of 1923 Bonds held by them as at the Cut-Off Date have been allocated a number of Bonds which is less than the Excess applied for and/or Preferred Applicants have been allocated a number of Bonds which is less than the number applied for, then such 1923 Bondholders and/or such Preferred Applicants, as applicable, shall receive a refund of the price of the Bonds applied for but not allocated. Such refund shall be without interest and shall be made by credit transfer to such account indicated in the Application Form, at the 1923 Bondholder's and Preferred Applicant's sole risk by latest 24 July 2024.

In the event that general public Applicants have been allocated a number of Bonds which is less than the number applied for, then such Applicants shall receive a refund of the price of the Bonds applied for but not allocated. Such refund shall be without interest and shall be made by credit transfer to such account indicated in the Application Form as applicable. Refunds of unallocated monies shall be made to Applicants by latest 24 July 2024.

- iv. The issue and allotment of the Bonds is conditional upon the Guarantee being granted by the Guarantor and the Bonds being admitted to trading on the Official List. In the event that Guarantee is not granted by the Guarantor and/or the Bonds are not admitted to the Official List, no Exchangeable Bond Transfers shall take effect and any application monies received by the Issuer from all Applicants will be returned, without interest, by direct credit into the Applicant's bank account indicated by the Applicant/Authorised Financial Intermediary on the relative Application Form.
- v. Applications must be accompanied by the full price of the Bonds applied for in Euro, through a method of payment as accepted by the respective Authorised Financial Intermediary. In any case, acceptance of payment shall be made at the Authorised Financial Intermediary's sole and absolute discretion and may be on the basis that the Applicant indemnifies the Authorised Financial Intermediary against all costs, damages, losses, expenses and liabilities arising out of or in connection with the failure of the Applicant's remittance to be honoured on first presentation, and that, at any time prior to unconditional acceptance by the Authorised Financial Intermediary of such late payment in respect of such Bonds, the Authorised Financial Intermediary may, without prejudice to other rights, treat the agreement to allocate such Bonds as void, in which case the Applicant will not be entitled to any refund or payment in respect of such Bonds, other than return of such late payment.
- vi. The contract created by the Issuer's acceptance of an Application filed by a prospective bondholder shall be subject to all the Terms and Conditions set out in this Securities Note and the Memorandum and Articles of Association of the Issuer. It is the responsibility of investors wishing to apply for the Bonds to inform themselves as to the legal requirements of so applying including any requirements relating to external transaction requirements in Malta and any exchange control in the countries of their nationality, residence or domicile.
- vii. If an Application Form is signed on behalf of another party or on behalf of a corporation or corporate entity or association of persons, the person signing will be deemed to have duly bound his principal, or the relative corporation, corporate entity, or association of persons, and will be deemed also to have given the confirmations, warranties and undertakings contained in these Terms and Conditions on their behalf. Such representative may be requested to submit the relative power of attorney/resolution or a copy thereof, duly certified by a lawyer or notary public, if so required by the Issuer acting through the Registrar, but it shall not be the duty or responsibility of the Registrar or the Issuer to ascertain that such representative is duly authorised to appear on the Application Form and bind the Applicant.
- viii. In the case of corporate Applicants or Applicants having separate legal personality, the Application must be signed by a person(s) authorised to sign and bind such Applicant. Applications in the name of a corporation or corporate entity or association of persons need to include a valid Legal Entity Identifier ("LEI") (which needs to be valid) in the space provided on the Application Form. Failure to include a valid LEI code will result in the Application being cancelled by the Issuer, acting through the Registrar, and subscription monies will be returned to the Applicant in accordance with the terms set out herein.
- ix. In the event that an Applicant fails to submit full information and/or documentation required with respect to an Application, the Applicant shall receive a full refund, without interest, by direct credit transfer to such account indicated in the Application Form at any time before the Bonds are admitted to listing on the Official List. Neither the Issuer nor the Registrar shall be responsible for any loss or delay arising in connection with such credit transfer or charges in connection therewith.
- x. In the case of joint Applications, reference to the Applicant in these Terms and Conditions is a reference to each of the joint Applicants, and liability therefor is joint and several. The person whose name shall be inserted in the field entitled "Applicant" on the Application, or first-named in the register of Bondholders shall, for all intents and purposes, be deemed to be such nominated person by all those joint holders whose names appear in the field entitled "Additional Applicants" in the Application Form or joint holders in the register, as the case may be. Such person shall, for all intents and purposes, be deemed to be the registered holder of the Bond(s) so held.

- xi. Applications in the name and for the benefit of minors shall be allowed provided that the Applicant already holds an account with the MSE and they are signed by both parents or the legal guardian(s), as applicable. Any Bonds allocated pursuant to such an Application shall be registered in the name of the minor as Bondholder, with interest and redemption monies payable to the parents or legal guardian/s signing the Application Form until such time as the minor attains the age of eighteen (18) years, following which all interest and redemption monies shall be paid directly to the registered holder, provided that the Issuer has been duly notified in writing of the fact that the minor has attained the age of eighteen (18) years.
- xii. Applications for the Bonds by Applicants must be submitted on the appropriate Application Form (that is, Application Form 'A', Application Form 'B' or Application Form 'C', as applicable) by not later than 12:00 hours on 10 July 2024. The Issuer reserves the right to close the Offer Period before 10 July 2024 with respect to any one or more classes of Applicants depending on the level of subscription in the Bond Issue. All Applications are to be lodged with any of the Authorised Financial Intermediaries listed in Annex IV of this Securities Note together with payment of the full price of the Bonds applied for, in Euro (€), with the exception of Applications submitted by 1923 Bondholders in respect of and limitedly up to the portion of Exchangeable Bond Transfers, where payment needs to correspond to the amount applied for, less the aggregate value of the bonds forming the subject of the Exchangeable Bond Transfer, where applicable. Payments in Euro may be made through any method of payment as accepted by the respective Authorised Financial Intermediary.
- xiii. The Bonds have not been and will not be registered under the Securities Act of 1933 of the United States of America and, accordingly, may not be offered or sold within the United States or to or for the account or benefit of a U.S. person.
- xiv. No person receiving a copy of the Prospectus or an Application Form in any territory other than Malta may treat the same as constituting an invitation or offer to such person, nor should such person in any event use such Application Form, unless, in the relevant territory, such an invitation or offer could lawfully be made to such person or such Application Form could lawfully be used without contravention of any regulation or other legal requirements. Having considered the circumstances, the Issuer has formed the view, due to the onerous requirements involved in the registration of the Prospectus in any territory other than Malta and/or compliance with the relevant legal or regulatory requirements, not to send Application Forms to 1923 Bondholders and Preferred Applicants having their address as included in the register of bondholders outside Malta, except where, *inter alia*, in the absolute discretion of the Issuer, it is satisfied that such action would not result in a contravention of any applicable legal or regulatory requirement in the relevant jurisdiction.
- xv. It is the responsibility of any person outside Malta wishing to make any Application to satisfy himself/herself/itself as to full observance of the laws of any relevant territory in connection therewith, including obtaining any requisite governmental or other consents, observing any other formalities required to be observed in such territory and paying any issue, transfer or other taxes required to be paid in such territory.
- xvi. Subject to all other Terms and Conditions set out in the Prospectus, the Issuer reserves the right to reject, in whole or in part, or to scale down, any Application. The right is also reserved to refuse any Application which in the opinion of the Issuer, acting through the Registrar, is not properly completed in all respects in accordance with the relative instructions or is not accompanied by the required documents.
- xvii. Save where the context requires otherwise or where otherwise defined therein, terms defined in the Prospectus bear the same meaning when used in these Terms and Conditions, in the Application Forms, in any of the annexes and in any other document issued pursuant to the Prospectus.
- xviii. The Issuer has not sought assessment of the Bonds by an independent credit rating agency.
- xix. Subject to all other Terms and Conditions set out in the Prospectus, the Issuer reserves the right to revoke the Bond Issue at any time before the closing of the Offer Period. The circumstances in which such revocation might occur are expected to be exceptional, for example where a significant change in market conditions occurs.
- xx. The Bonds will be issued in multiples of €100. The minimum subscription amount of Bonds that can be subscribed for by all Applicants is €3,000.
- xxi. For the purposes of the Prevention of Money Laundering and Funding of Terrorism Regulations (Subsidiary Legislation 373.01), as may be amended from time to time, all appointed Authorised Financial Intermediaries are under a duty to communicate, upon request, all information about clients as is mentioned in articles 1.2(d) and 2.4 of the "Members' Code of Conduct" appended as Appendix 3.6 to Chapter 3 of the MSE Bye-Laws, irrespective of whether the said appointed Authorised Financial Intermediaries are Malta Stock Exchange members or not. Such information shall be held and controlled by the Malta Stock Exchange in terms of the GDPR and the Data Protection Act (Chapter 586 of the laws of Malta) for the purposes and within the terms of the Malta Stock Exchange Data Protection Policy, as published from time to time.
- xxii. It shall be incumbent on the respective Authorised Financial Intermediary to ascertain that all other applicable regulatory requirements relating to subscription of Bonds by an Applicant are complied with, including, without limitation, the obligation to comply with all applicable MiFIR requirements as well as applicable MFSA rules for investment services providers, all applicable Anti-Money Laundering and Counter Terrorist Financing rules and regulations, as well as the applicable MFSA Conduct of Business Rules.

By completing and delivering an Application Form, the Applicant:

- a agrees and acknowledges to have had the opportunity to read the Prospectus and to be deemed to have had notice of all information and representations concerning the Issuer and the Guarantor and the issue of the Bonds contained therein;

1. This Application is governed by the Terms and Conditions of the Bonds contained in Section 8 of the Securities Note dated 3 June 2024 forming part of the Prospectus. Capitalised terms not defined herein shall, unless the context otherwise requires, have the meaning ascribed to them in the Prospectus.
2. The Application Form is to be completed in BLOCK LETTERS. For applicants who are non-residents in Malta for tax purposes, the relative box in Panel F must be completed.
3. The MSE account number pertaining to the 1923 Bondholders, has been preprinted in Panel A and reflects the MSE account number on the bond register of the 1923 Bonds held at the CSD as at 31 May 2024 (trading session of the 29 May 2024). If an MSE account pertains to more than one person (including husband and wife), the full details of all individuals must be given in Panels A and B but the first named bondholder shall, for all intents and purposes, be deemed to be the registered holder of the Bonds (vide note 6 below). Applications by more than two persons are to use the Addendum to the Application Form.

Upon submission of an Application Form, Bondholders who opt to have an online e-portfolio facility (by marking the relative box in Panel A), will receive by mail at their registered address a handle code to activate the new e-portfolio login. Panel C must be inserted with full details of the parents/legal guardians.
5. In the case of a body corporate, a valid Legal Entity Identifier ("LEI") needs to be inserted in Panel A. **Failure to include a valid LEI code, will result in the Application being cancelled by the Registrar.** Applications must be signed by duly authorised representatives indicating the capacity in which they are signing.

Notes on how to complete this Application Form and other information

The following notes are to be read in conjunction with the Prospectus dated 3 June 2024 regulating the Bond Issue

1. This Application is governed by the Terms and Conditions of the Bond Issue contained in Section 8 of the Securities Note dated 3 June 2024 forming part of the Prospectus. Capitalised terms not defined herein shall, unless the context otherwise requires, have the meaning ascribed to them in the Prospectus.
2. The Application Form is to be completed in BLOCK LETTERS. For applicants who are non-residents in Malta for tax purposes, the relative box in Panel F must be completed.
3. Applicants are to insert full personal details in Panel B. If an MSE account pertains to more than one person (including husband and wife), the full details of all individuals must be given in Panels A and B but the first named bondholder shall, for all intents and purposes, be deemed to be the registered holder of the Bonds (vide note 6 below). Applications by more than two persons are to use the Addendum to the Application Form.

Upon submission of an Application Form, Bondholders who opt to have an online e-portfolio facility (by marking the relative box in Panel A), will receive by mail at their registered address a handle code to activate the new e-portfolio login. Registration for the e-Portfolio facility requires a mobile number to be provided on the Application Form. The Bondholder's statement of holdings evidencing entitlement to Bonds held in the register kept by the CSD and registration advices evidencing movements in such register will be available through the said e-portfolio facility on <https://eportfolio.borzamalta.com.mt/>. Further detail on the e-portfolio may be found on <https://eportfolio.borzamalta.com.mt/Help>.

4. Applications in the name and for the benefit of minors shall be allowed provided that the applicant already holds an account with the MSE. Any Bonds allocated pursuant to such an Application shall be registered in the name of the minor as Bondholder, with interest and redemption proceeds payable to the parents or legal guardian/s signing the Application Form until such time as the minor attains the age of eighteen (18) years, following which all interest and redemption proceeds shall be payable directly to the registered holder, provided that the Company has been duly notified in writing of the fact that the minor has attained the age of eighteen (18) years. Panel C must be inserted with full details of the parents/legal guardians.
5. In the case of a body corporate, a valid Legal Entity Identifier ("LEI") needs to be inserted in Panel A. **Failure to include a valid LEI code, will result in the Application being cancelled by the Registrar.** Applications must be signed by duly authorised representatives indicating the capacity in which they are signing.
6. **APPLICANTS ARE TO INSERT AN MSE ACCOUNT NUMBER IN THE SPACE PROVIDED IN PANEL B, AND FAILURE TO DO SO WILL RESULT IN REJECTION OF THE APPLICATION FORM. APPLICANTS ARE TO NOTE THAT ANY SECURITIES ALLOTTED TO THEM WILL BE RECORDED BY THE MALTA STOCK EXCHANGE IN THE MSE ACCOUNT QUOTED ON THIS APPLICATION FORM WITH THE DETAILS (INCLUDING REGISTERED ADDRESS), AS HELD BY THE CSD OF THE MALTA STOCK EXCHANGE.**
7. Where a decision to invest is taken by a third party authorised to transact on behalf of the Applicant (a "decision maker") such as an individual that holds a power of attorney to trade on the Applicant's account or applications under a discretionary account, details of the decision maker need to be included in Panel D.
8. Where an Applicant quotes an MSE account number which is held subject to usufruct, both the bare owner/s and the usufructuary/ies are to sign this Application Form.
9. Applications must be for a minimum subscription of €3,000 and thereafter in multiples of €100 and must be accompanied by the relevant subscription amount in Euro.

10. Only Applicants who hold a valid official Maltese Identity Card or companies registered in Malta will be treated as resident in Malta. In such a case the Applicant may elect to have final withholding tax, currently 15%, deducted from interest payments in which case such interest need not be declared in the Applicant's income tax return. The Applicant may elect to receive the interest gross (i.e. without deduction of final withholding tax), but will be obliged to declare interest so received in the tax return. The Issuer will render an account to the Maltese Commissioner for Revenue of all interest paid, all amounts of tax deducted by the payor in respect of the interest paid and of the identity of all such recipients. Interest received by non-resident Applicants is not taxable in Malta and non-residents will receive interest gross. Authorised entities applying in the name of a prescribed fund (having indicated their status in the appropriate box in Panel A) will have final withholding tax (currently 10%), deducted from interest payments.

In terms of Section 7.2 of the Securities Note, unless the Issuer is otherwise instructed by a Bondholder, or if the Bondholder does not fall within the definition of "recipient" in terms of article 41(c) of the Income Tax Act (Cap. 123 of the laws of Malta), interest shall be paid to such person net of final withholding tax, (currently 15%) of the gross amount of interest, pursuant to article 33 of the Income Tax Act (Cap. 123 of the laws of Malta).

11. Non-residents of Malta should note that payment of interest to individuals and certain residual entities residing in another EU Member State is reported on an annual basis to the Director General Inland Revenue, Malta, who will in turn exchange the information with the competent tax authority of the Member State where the recipient of interest is resident. This exchange of information takes place in terms of the Council Directive 2014/107/EU, of 9 December 2014 amending Directive 2011/16/EU as regards mandatory automatic exchange of information in the field of taxation.

The contents of notes 10 and 11 above do not constitute tax advice by the Issuer and Applicants are to consult their own independent tax advisors in case of doubt.

12. Interest and redemption proceeds will be credited to the account indicated in Panel H or as otherwise amended by the Bondholder/s during the term of the Bond.
13. The Offer Period will open at 08:30 hours on 19 June 2024 and will close at 12:00 hours on 10 July 2024, or earlier as may be determined by the Issuer with respect to any one or more classes of Applicants depending on the total level of subscription in the Bond Issue. Application for Bonds may be lodged with any Authorised Financial Intermediary listed in Annex IV of the Securities Note during normal office hours. Remittances by post are made at the risk of the Applicant and the Company, the Registrar and Authorised Financial Intermediaries disclaim all responsibility for any such remittances not being received by the date of closing of the subscription lists. If any Application is not accepted after the closure of the subscription lists or is accepted for fewer Bonds than those applied for, the monies equivalent to the number of Bonds not being accepted will be returned by direct credit into the IBAN specified in panel H.
14. By completing and delivering an Application Form you (as the Applicant(s)) acknowledge that:
 - a. the Issuer or its duly appointed agents including the CSD and the Registrar, may process the personal data that you provide in the Application Form in accordance with the Data Protection Act (Cap. 586 of the laws of Malta) and the General Data Protection Regulation (GDPR) (EU) 2016/679 as amended from time to time;
 - b. the Issuer may process such personal data for all purposes necessary for and related to the Bonds applied for; and
 - c. you, as the Applicant, have the right to request access to and rectification of the personal data relating to you, as processed by the Company.

Any such requests must be made in writing and addressed to the Issuer. The request must be signed by yourself as the Applicant to whom the personal data relates.

The value of investments can go up or down and past performance is not necessarily indicative of future performance. The nominal value of the Bonds on offer will be repayable in full upon redemption. ANNEX V – THE GUARANTEE

HILI VENTURES LIMITED

C 57902

To All Bondholders:

Reference is made to the issue of up to €80 million Unsecured Bonds 2029 by Hili Finance Company p.l.c., a company registered in Malta bearing company registration number C 85692 (the “**Issuer**”) pursuant to and subject to the terms and conditions contained in the Securities Note forming part of the Prospectus to be dated on or about 3 June 2024 (the “**Bonds**”).

Now, therefore, by virtue hereof, Hili Ventures Limited, a company registered in Malta bearing company registration number C 57902, hereby stands surety jointly and severally with the Issuer and irrevocably and unconditionally guarantees the due and punctual performance of all the obligations undertaken by the Issuer under the Bonds and, without prejudice to the generality of the foregoing, undertakes to pay all amounts of principal and interest which become due and payable by the Issuer to Bondholders under the Bonds, within sixty (60) days from the date such amount falls due and remains unpaid by the Issuer.

This Guarantee shall be governed by the laws of Malta.

Signed and executed on this the 3 day of June 2024, after approval of the board of directors of Hili Ventures Limited.

INTERPRETATION

In this Guarantee, unless the context otherwise requires:

- (a) terms and expressions defined in or construed for the purposes of the Prospectus shall have the same meanings or be construed in the same manner when used in this Guarantee, unless defined otherwise in this Guarantee;
- (b) “**Indebtedness**” means any and all monies, obligations and liabilities now or hereafter due, owing or incurred by the Issuer under the Bonds to the Bondholders, whether alone and/or with others, in terms of the Prospectus and in any and all cases whether for principal, interest, capitalised interest, charges, disbursements, or otherwise and whether for actual or contingent liability; and
- (c) “**writing**” or “**in writing**” shall mean any method of visual representation and shall include e-mails and other such electronic methods.

NATURE, SCOPE AND TERMS OF THE GUARANTEE

1. NATURE OF THE GUARANTEE

The offering of Bonds that will be made by the Issuer pursuant to the Prospectus will be made with the benefit of the joint and several corporate Guarantee of the Guarantor, the full terms of which are set out in clause 3 below.

2. INFORMATION ABOUT THE GUARANTOR

The information about the Guarantor required pursuant to the Capital Markets Rules and the Prospectus Regulation may be found in the Registration Document forming part of the Prospectus.

3. TERMS OF THE GUARANTEE

3.1 COVENANT TO PAY

For the purposes of the Guarantee, the Guarantor, as primary obligor, hereby jointly and severally with the Issuer irrevocably and unconditionally guarantees to each Bondholder that if for any reason the Issuer fails to pay any sum payable by it to such Bondholder pursuant to the Terms and Conditions of the Bonds detailed in the Securities Note as and when the same shall become due under any of the foregoing, the Guarantor will pay to such Bondholder on written demand the amount payable by the Issuer to such Bondholder. All demands shall be sent to the address stated below in clause 3.11 as the same may be changed by company announcement issued by the Issuer from time to time.

Such payment shall be made in the currency in force in Malta at the time the payment falls due.

All payments shall be made to Bondholders without any withholding for taxes, other than any withholding tax that may be applicable on interest as described in more detail in section 7.2 of the Securities Notes (and, in so far as this obligation exists under any law, the payment shall be grossed up by the amount of withholding) and without set-off for any amounts which may be then owing to the Guarantor by the Issuer.

This Guarantee shall apply to all Bonds issued on or about 24 July 2024 in accordance with the terms of the Securities Note.

3.2 GUARANTOR AS JOINT AND SEVERAL SURETY

The Guarantor will be liable under this Guarantee as joint and several surety with the Issuer.

3.3 MAXIMUM LIABILITY

This is a continuing Guarantee for the whole amount due or owing under the Bonds or which may hereafter at any time become due or owing under the Bonds by the Issuer, but the amount due by the Guarantor to the Bondholders under this Guarantee shall be up to and shall not be in excess of €80,000,000 (eighty million Euro), apart from interest due up to the date of payment and costs and expenses relating to the protection, preservation, collection or enforcement of the Bondholders' rights against the Issuer and/or the Guarantor, which shall be additional to the maximum sum herein stated.

3.4 CONTINUING AND UNCONDITIONAL LIABILITY

The liability of the Guarantor under this Guarantee shall be continuing until such time as the Indebtedness is fully repaid and shall in no way be prejudiced or affected, nor shall it in any way be discharged or reduced, by reason of:

- a. the bankruptcy, insolvency or winding up of the Issuer; or
- b. the incapacity or disability of the Issuer; or
- c. any change in the name, style, constitution, any amalgamation or reconstruction of either the Issuer or the Guarantor; or
- d. a Bondholder conceding any time or indulgence, or compounding with, discharging, releasing or varying the liability of the Issuer or renewing, determining, reducing, varying or increasing any accommodation or transaction or otherwise dealing with the same in any manner whatsoever or concurring in, accepting or in any way varying any compromise, composition, arrangement or settlement or omitting to claim or enforce or extract payment from the Issuer; or
- e. any event, act or omission that might operate to exonerate the Guarantor without settlement in full of the Indebtedness towards the relevant Bondholder.

3.5 INDEMNITY

As a separate and alternative stipulation, the Guarantor unconditionally and irrevocably agrees that any Indebtedness to be payable by the Issuer but which is for any reason, whether or not now known or becoming known to the Issuer, the Guarantor or any Bondholder, not recoverable from the Guarantor, will nevertheless be recoverable from it as if it were the sole principal debtor and will be paid by it to the Bondholder on demand. This indemnity constitutes a separate and independent obligation from the other obligations in this Guarantee and gives rise to a separate and independent cause of action.

3.6 REPRESENTATIONS AND WARRANTIES

3.6.1 The Guarantor represents and warrants:

- (i) that it is duly incorporated and validly existing under the laws of Malta and has the power to carry on its business;
- (ii) that it has power to grant this Guarantee and that this Guarantee is duly authorised and all corporate action has been taken by the Guarantor in accordance with its deed of constitution and the laws of its incorporation and regulation;

- (iv) that this Guarantee does not and will not constitute default with respect to or run counter to any law, bye-law, articles of incorporation, statute, rule, regulation, judgement, decree or permit to which the Guarantor is or may be subject, or any agreement or other instrument to which the Guarantor is a party or is subject or by which it or any of its property is bound;
- (v) that this Guarantee shall not result in or cause the creation or imposition of, or oblige the Guarantor to create, any encumbrance on the Guarantor's undertakings, assets, rights or revenues;
- (vi) that it is in no way engaged in any litigation, arbitration or administrative proceeding of a material nature (which for the purposes of this Guarantee shall mean proceedings relative to a claim amounting to at least €5,000,000) and nor is it threatened with any such procedures;
- (vii) that the obligations of the Guarantor under this Guarantee constitute general, direct and unsecured obligations of the Guarantor and rank equally with all its other existing and future unsecured obligations, except for any debts for the time being preferred by law;
- (viii) that it is not in material breach of or in default under any agreement relating to indebtedness to which it is a party or by which it may be bound, nor has any default occurred in its regard; and
- (ix) that all the information, verbal or otherwise, tendered in connection with the negotiation and preparation of this Guarantee is accurate and true and there has been no omission of any material facts.

3.6.2 As from the date of this Guarantee, until such time as the Indebtedness is paid in full to the Bondholders, and for as long as this Guarantee shall remain in force, the Guarantor shall hold true, good and valid all the representations and warranties given under this clause.

3.7 DEPOSIT AND PRODUCTION OF THE GUARANTEE

The original instrument creating this Guarantee shall be deposited with and be held by the Issuer at its registered address for the benefit of the Bondholders until all obligations of the Guarantor have been discharged in full, and until such time, the Guarantor acknowledges the right of every Bondholder to obtain a copy of the instrument creating the Guarantee.

3.8 SUBROGATION

Until all amounts which may be payable under the terms of the Bonds have been irrevocably paid in full, the Guarantor shall not by virtue of this Guarantee be subrogated to any rights of any Bondholder or claim in competition with the Bondholders against the Issuer.

3.9 BENEFIT OF THE GUARANTEE AND NO ASSIGNMENT

This Guarantee is to be immediately binding upon the Guarantor for the benefit of the Bondholders. The Guarantor shall not be entitled to assign or transfer any of its obligations under this same Guarantee.

3.10 AMENDMENTS

The Guarantor has the power to veto any changes to the Terms and Conditions of the Bonds which are issued with the benefit of this Guarantee, limitedly in cases in which such amendments may give rise to changes in: (i) the amount payable by the Guarantor under this Guarantee; (ii) the term and/or frequency of such payments; (iii) the Events of Default listed in sub-section 6.11 of the Securities Note; and/or (iv) any other term which may otherwise increase the exposure of the Guarantor to the enforcement of this Guarantee.

The depreciation and amortisation charge amounted to €43.8m during 2023, mainly because of new store openings at Premier Capital and the acquisition of Cortland by iSpot. This is projected to increase to €47.6m in 2024 and €55.5m in 2025, primarily due to further capital expenditure expected to be undertaken in the next 2 years, by the respective subsidiary companies.

Net finance costs stood at €30.1m in 2023 and mainly reflect interest incurred on the bonds issued by companies within the Group, in addition to finance costs on bank borrowings and finance lease liabilities (IFRS 16). Finance costs are projected to remain relatively stable, at €30.2m during 2024, and decrease slightly to €29.2m in 2025.

In view of the developments noted above, profit before tax amounted to €54.3m in 2023 and is expected to amount to €64.7m and €76.0m in 2024 and 2025 respectively. Moreover, total comprehensive income came in at €48.6m in 2023, due to a €3.7m favourable movement in exchange rates from foreign operations and a €3.3m gain on the revaluation of assets.

The financial performance of the Guarantor resulted in a net margin of 4.1% (FY22: 5.5%), Return on Common Equity of 17.8% (FY22: 23.7%) and Return on Assets of 4.2% (FY22: 5.3%).

¹ Part of the 1923 Investments revenue for 2021, 2022 and 2023 was reclassified to "Other divisions & consolidation adjustments" in line with the sale of HLL to a sister company.

The main variance concerning the lower revenue came from iSpot which reported revenue of €17.3m which is below what was forecasted in last year's Analysis. Conversely, this negative variance in revenue led to a positive variance in net operating expenses and resulted in an EBITDA which was €5.3m above what was forecasted. On the other hand, depreciation and amortisation was €2.3m higher than forecasted, mainly due to iSpot's acquisition of Cortland.

The positive variance in net investment income stems from the gain on disposal of Hili Logistics at 1923 Investments. Net finance costs were also higher than first forecasted due to a higher utilisation of bank

funds along with higher than expected interest rates. The previously mentioned factors and a higher deferred tax charge at 1923 resulted in an annual profit that was €2.0m below the forecast. Lastly, positive movements in available for sale investments, exchange differences and revaluation of assets led to a positive variance in total comprehensive income of €5.3m.

As at 31 December 2023, total non-current assets amounted to €857.6m (FY22: €752.3m), and principally comprise:

- goodwill and intangible assets at €154.1m,
- property, plant and equipment at €284.6m,
- investment property at €183.5m and
- right-of-use assets amounting to €139.7m.

The increase in property, plant and equipment and lease liabilities during 2023 primarily relates to the opening of new locations at both Premier Capital and 1923 Investments, along with the Cortland acquisition by iSpot.

Total non-current assets in 2024 are forecasted to decrease to €835.0m before increasing to €890.1m in 2025.

Additionally, current assets, which mainly comprise inventory, trade and other receivables, as well as cash and cash equivalents, amounted to €173.2m during 2023 (FY22: €138.2m). This increase was mainly driven by higher trade and other receivables in line with the higher revenue as well as a €11.2m increase in other assets resulting from an investment property of €7.0m being classed as held for sale at Hili Properties level.

In 2024 cash and cash equivalents are forecasted to decrease to €48.6m before increasing to €63.5m in 2025. Total assets are projected to reach €1.0b in 2024 and €1.1b in 2025.

Total equity increased to €242.9m during 2023, mainly due to the profit generated for the year, which translated into higher retained earnings. Total equity is projected to increase to €258.6m during 2024 and €300.6m in 2025, mainly due to the positive financial performance projected throughout the year.

Total financial debt, which is primarily composed of debt securities, bank loans and overdrafts, and lease liabilities, increased to €630.0m during 2023, mainly due to increased bank borrowings and leases. The Guarantor's total debt is projected to increase slightly to €633.6m in 2024 before decreasing to €595.8m in 2025 as the Group repays a portion of its bank loans.

In view of the higher total equity, the Group's 2024 Gearing 1 ratio is expected to decrease to 67.9%. Meanwhile, total liabilities/total assets is expected to come in at 75.4% during 2024. These are both expected to decrease further to 60.9% and 71.5% in 2025 as the Group's equity base increases and the Group's financial debt decreases.

As a result of the above, total liabilities are projected to amount to €792.9m during 2024, compared to €788.0m in 2023 and to decrease to €754.3m in 2025.

The main positive variances in the Group's non-current assets when compared to the forecasts outlined in last year's Analysis come from investment property (+€22.4m), right-of-use assets (+€21.8m) and other non-current assets (+€22.3m). These were due to the sale of an investment property which did not materialise, more right-of-use assets following the acquisition of Cortland and higher investments in the financial assets portfolio. The main negative variance, on the other hand, comes from property, plant and equipment which was €8.6m lower, mainly due to planned investments which did not materialise.

When it comes to current assets, inventory was €8.3m lower, mainly due to lower inventory at iSpot level, whilst other assets were €8.3m higher due to an investment property being classified as held for sale and trade and other receivables were €9.4m higher due to timing factors in various divisions. On the other hand, equity was more or less in line with the forecasts. The main variance in non-current liabilities comes from a

reclassification of debt securities in issue to current liabilities as a portion of the Group's bonds nears maturity. Bank loans were €8.2m higher, mainly at Hili Properties level as the sale of an investment property did not materialise as a result of which the loan on that property was not paid off.

Lease liabilities were also higher at Premier Capital level due to timing considerations of creditors, particularly for new stores and remodelling happening in the last month of the year. In current liabilities, trade and other payables were also €41.3m higher due to a timing difference at Premier Capital level. Bank loans and overdrafts were also higher than originally forecasted, mainly due to the utilisation of credit lines to finance capital investments.

Cash Flow

	2021A	2022A	2023A	2024F	2025P
Free Cash Flow (Net cash from operations + Interest - Capex)	€50,410	€59,412	€72,240	€89,097	€73,788

Net cash flows from operations during 2023 came in at €97.2m, an increase of €18.6m when compared to 2022. While this increase takes a number of working capital movements into account, this improvement is predominantly attributable to the positive financial performance registered by the Guarantor during 2023.

Interest paid increased to €22.7m, reflecting the interest paid on all outstanding bonds and bank loans. Tax paid increased significantly to €14.8m in 2023, with tax refunds coming in at €1.6m for the year.

Current and new operations has the Guarantor projecting an improvement in net cash flows from operating activities to €146.3m in 2024 and €163.2m in 2025.

Additionally, cash flows used in investing activities increased to €108.0m as the Guarantor invested heavily in property, plant and equipment amounting to €47.7m (FY22: €36.1m). Net cash used in investing

activities is projected to amount to €126.4m in 2024 and €61.5m in 2025, with the continued expansion plans of the Group.

Net cash flows from financing activities in 2023 stood at €8.7m which was the net effect of:

- increased bank loans of €45.0m,
- dividends paid out of €15.0m and
- lease payments of €29.6m.

Cash flows used in financing activities are projected to amount to €40.5m in 2024 and €83.9m in 2025. The differences between the ending cash balance from the cash flow statement and the cash balance on the balance sheet relate to bank overdraft facilities and restricted cash.

Cash and cash equivalents at end of year	51,645	62,135	10,490

The main reason for the higher net cash flows generated from operating activities was due to the better than expected performance of the Group for the year along with the lower income tax paid. When it comes to investing activities, the Group used €33.7m more than originally forecasted due to the sale of a subsidiary of €30.0m and other investment property of €3.7m not materialising.

Lastly, with respect to financing activities, the Group managed to generate €29.0m more than forecasted due to an expected loan repayment of €20.0m not occurring as a result of the aforementioned sale of a subsidiary not going through as expected.

3 KEY MARKET AND COMPETITOR DATA

3.1 EUROPEAN ECONOMIC UPDATE²

The EU economy staged a comeback at the start of the year, following a prolonged period of stagnation. Though the growth rate of 0.3% estimated for the first quarter of 2024 is still below the estimated potential, it exceeded expectations. Activity in the euro area expanded at the same pace, marking the end of the mild recession experienced in the second half of last year. Meanwhile, inflation across the EU cooled further in the first quarter.

This Spring Forecast projects gross domestic product (GDP) growth in 2024 at 1.0% in the EU and 0.8% in the euro area. This is a slight uptick from the Winter 2024 interim forecast for the EU, but remained unchanged for the euro area. EU GDP growth is forecasted to improve to 1.6% in 2025, a downward revision of 0.1 percentage points (“pps.”) from winter. In the euro area, GDP growth in 2025 is projected to be slightly lower, at 1.4% – also marginally revised down. Importantly, almost all Member States are expected to return to growth in 2024. With economic expansion in the southern rim of the EU still outpacing growth in north and western Europe, economic convergence within the EU is set to progress further.

Economic activity broadly stagnated in 2023 and private consumption only grew by 0.4%. Despite robust employment and wage growth, labour incomes barely outpaced inflation. Moreover, households put aside a larger share of their disposable incomes than in 2022, as high interest

rates kept the opportunity cost of consumption elevated, while high uncertainty, the erosion of the real value of wealth by inflation and the fall in real estate prices sustained precautionary savings. Investment grew by 1.5% in 2023, largely driven by a sizeable carry-over from 2022.

Especially towards the end of the year, weakness in investment was widespread across Member States and asset types, with a pronounced downsizing of the interest-rate-sensitive construction sector. External demand did not provide much support either, weighed down by a sharp slowdown in global merchandise trade. Still, with domestic demand stagnating, imports contracted more than exports. Meanwhile, Harmonised Index of Consumer Prices (“HICP”) inflation has continued declining. From a peak of 10.6% in October 2022, inflation in the euro area is estimated to have reached 2.4% in April 2024. Inflation in the EU followed a similar path, with the March reading coming in at 2.6%. A rapid fall in retail energy prices throughout 2023 was the main driver of the inflation decline, but underlying inflationary pressures started easing too in the second half of 2023, amidst the weak growth momentum.

Expectations for imminent and decisive rate cuts across the world have been pared back in recent weeks, as underlying inflationary pressures – especially in the US – have proved more persistent than previously expected. In the euro area, where the European Central Bank last hiked its policy interest rates in September 2023, markets now expect a more gradual pace of policy rate cuts than in winter. Euribor-3 months futures suggest that euro area short-term nominal interest rates will decrease from 4% to 3.2% by the end of the year and to 2.6% by the end of 2025.

²European Economic Forecast – Spring 2024

3.2 MALTA ECONOMIC UPDATE³

According to the Central Bank of Malta's (the "Bank") latest forecasts, Malta's GDP is expected to grow by 4.4% in 2024. Growth is then expected to edge down to 3.6% in 2025, and to 3.3% by 2026. This implies an upward revision in 2024, when compared to the Bank's previous projections, while for 2025 and 2026 the outlook is unchanged. The upward revision is mainly on account of positive revisions in private consumption and net exports in the latest national accounts data release.

While in 2023, growth is expected to have been primarily driven by net exports, domestic demand is envisaged to be the main driver of growth in 2024. Private consumption growth continues at a brisk pace and private investment is expected to recover slowly. Net exports are also projected to contribute positively, driven mainly by services exports. Growth in 2025 and 2026 is also expected to be led by domestic demand.

Employment growth is set to moderate in the projection horizon, while wages are expected to pick-up in 2024, in view of high inflation in the recent past and a tight labour market.

Annual inflation based on the HICP is projected to ease, from 5.6% in 2023 to 2.9% in 2024, before reaching 1.9% by 2026. It is thus foreseen to remain above the Eurosystem price stability objective this year due to lingering indirect effects through the response of wages to recent increases in input costs and profit margins. However, compared to previous projections, inflation has been revised down by 0.1 pps. throughout the forecast period, in line with recent data outturns.

The general government deficit-to-GDP ratio is set to decline throughout the projection horizon. Notwithstanding this, the general government debt-to-GDP ratio is set to increase, and to reach 54.3% by 2026. When compared with the previous projection round, the projected deficit and debt ratios were both revised downwards.

On balance, risks to economic activity are tilted to the downside in 2024, as the ongoing geopolitical tensions could weigh on trade. In particular, disruptions to shipping around the Suez Canal could give rise to some supply bottlenecks or longer waiting times, apart from possible higher costs. Risks are more balanced in the following years.

Risks to inflation are also balanced. Upside risks relate mainly to ongoing geopolitical tensions, especially disruptions to trade in the Red Sea, as well as the potential impact of Fit-for-55 measures and extreme weather events. On the other hand, downside risks relate to a stronger pass-through from monetary tightening to domestic financial and real economic conditions, as well as the impact from the Government's measure to curb prices of selected food products in the short term.

On the fiscal side, risks are tilted to the downside from 2024 (deficit-increasing). These mainly reflect the possibility of higher-than-expected

outlays on energy support measures in the event that commodity prices are higher than envisaged. They also reflect the likelihood of additional expenditure on pensions and public sector wages. These risks are partly offset by the likelihood of a pick-up in the pace of fiscal consolidation in the outer years of the forecast horizon.

3.3 COMPARATIVE ANALYSIS

The purpose of the following table compares the proposed debt issuance of the Group to other debt instruments. For consistency purposes we opted to maintain the same peers as per last year's Analysis. More importantly, we have included different issuers with similar maturity to the Issuer. One must note that given the material differences in profiles and industries, the risks associated with the Group's business and that of other issuers is therefore different.
