Valletta,
Malta.

Directors' report

Year ended 31 December 2016

The directors present their report together with the audited financial statements for the year ended 31 December 2016.

Principal activities

The Group's principal activities are the development, operation and management of Malta International Airport. Malta International Airport plc has a 65 year concession to operate Malta's airport, a concession which commenced in July 2002. Malta International Airport plc has three 100% owned operating subsidiaries; Airport Parking Limited, Sky Parks Development Limited and Sky Parks Business Centre Limited. Airport Parking Limited operates all the car parks situated on the land leased to Malta International Airport plc, whereas Sky Parks Development Limited and Sky Parks Business Centre Limited run the Sky Parks Business Centre building. Malta International Airport plc also set up five other subsidiaries; Kirkop PV Farm Limited, Luqa PV Farm Limited, Gudja PV Farm Limited, Gudja Two PV Farm Limited and Gudja Three PV Farm Limited with the intention to explore opportunities in the generation of electricity using photovoltaic technologies. However, in July 2016, four of these subsidiaries (namely: Luqa PV Farm Limited, Gudja PV Farm Limited, Gudja Two PV Farm Limited and Gudja Three PV Farm Limited) were liquidated and struck off the Companies Register. None of the five subsidiaries, including the retained Kirkop PV Farm Limited traded in 2016.

Review of the business and outlook

Business environment

Traffic

Passenger traffic at Malta International Airport reached a new milestone in 2016. For the first time in the airport's history, traffic exceeded five million passenger movements meaning a registered growth of 10.0%. This performance was partially a result of an increase of 7.6% in seat capacity as well as a record overall seat load factor of 83.3%; an improvement of 1.8 percentage points over last year.

Aircraft movements increased by 4.5% to reached 35,800. This being a result of three new airlines and eleven new scheduled routes introduced during the year, whilst a number of carriers also increased frequencies on their existing routes. Cargo and mail handled throughout the year reached 15,697 tonnes, a drop of 4.4% from the previous year.

Ryanair moved to the top position as the airline that carried the most passengers to and from Malta, registering a 41.3% increase in passenger movements over 2015. This substantial growth was due to Ryanair deploying more capacity at Malta International Airport as from summer 2016 and introducing a number of new routes as well as increasing frequencies on a number of existing routes and extended others into the winter schedule.

Having reduced their aircraft fleet, and reducing their seat capacity by 7.9%, the national airline, Air Malta, registered a 7.5% drop in passenger movements. Air Malta achieved a good performance from the Italian market with more seats being deployed to Catania and re-introducing the Palermo-Malta route in summer. Overall, Air Malta improved its performance in the Italian, Belgian and Dutch markets. This however was not sufficient to offset drops from Germany, United Kingdom, France, Russia, Czech Republic, Greece and Hungary.

Directors' report

Traffic Highlights

January to December 2016

	2016	2015	+ / -	%Change
Passenger Movements	5,080,071	4,618,640	461,431	10.0%
Aircraft Movements	35,800	34,242	1,558	4.5%
Seat Capacity	6,099,060	5,669,010	430,050	7.6%
Seat Load Factor	83.3%	81.5%		1.8 PPD
Cargo and Mail (in tonnes)	15,697	16,414	-717	-4.4%
MTOW (in Tonnes)	3,041,447	2,855,744	185,703	6.5%

Operational performance indicators

More than 250 airports worldwide, covering more than half the world's 7.1 billion annual passengers, participate in a benchmarking programme that measures passengers' satisfaction of airport service. This programme, known as the ASQ (Airport Service Quality) survey, was developed by the Airport Council International (ACI) and the Group is a participant. Departing passengers are interviewed whilst at the airport and are asked to rate their experience at that particular airport. The ASQ survey rates the airport's performance in 34 key service areas constituting both the departures experience and the arrivals experience.

MIA has been participating in the ASQ survey for more than 10 years and has consistently ranked as one of the top five Airports in Europe, across all airport size categories. The target of the Group is that the airport will continue to rank in the top ASQ positions in Europe for the foreseeable future.

The overall satisfaction score achieved by the Group (measured out of 5 with 5 being the highest mark) for the four quarters in 2016, compared to 2015 are listed below:

	2016	2015
1 st Quarter	4.21	4.21
2 nd Quarter	4.18	4.22
3 rd Quarter	4.26	4.26
4 th Quarter	4.33	4.15
Average for the year	4.25	4.21

Directors' report

Year ended 31 December 2016

(continued)

Infrastructural Investments

Mindful of the rapid increase in passengers in the last 10 years, the Group has continued to invest in the infrastructure of the airport both in passenger handling facilities as well as on the airfield and runways. In line with these ongoing efforts, during 2016, Malta International Airport plc's capital expenditure totalled €7.2 million. This expenditure excludes investment in Phase I of the Terminal Reconfiguration Project, which was launched towards the end of September of the year under review and which will extend into 2017. Most of this investment was channelled into airfield improvements, which included the rehabilitation of Apron 9, upgrades on Runway 23-05, and the replacement of the instrument landing system (ILS).

The terminal building itself saw the refurbishment of washrooms, the replacement of lifts and the opening of a new Schengen to Schengen transit. Moreover, the investment in more efficient signage, both around the terminal and in the car park, and the installation of new PV panels helped the Group honour its pledge towards environmental sustainability.

Meanwhile, the procurement of new X-ray machines and more Explosive Trace Detection (ETD) equipment, served to further strengthen the airport's security services, which are at the core of providing a secure environment for passengers at all times.

The terminal reconfiguration project mentioned earlier started in September 2016 and is expected to cost €12 million when completed. Phase 1 of the project which will be completed by the end of 2017, will see the addition of a minimum of 8 new check-in desks as well as the doubling of the area dedicated to passenger security. In addition, another project has also been initiated for the resurfacing of additional pavement areas consisting predominately of taxiways and aircraft parking aprons.

Principal risk and uncertainties

The Board as a whole, including the Audit Committee members, consider the nature and the extent of the risk management framework and the risk profile that is acceptable to the Board. The Audit Committee periodically reviews the work carried out by the Risk Management Committee of the Group and evaluates the impact which these risks pose to the Group's strategic objectives. The most important strategic, corporate and operational risks as well any uncertainties identified during the year, together with the actions taken by the Group to reduce these risks are listed below:

Security issues: Malta International Airport continues to invest heavily year-on-year in ensuring our customers, employees and stakeholders remain safe and secure at all times. The Group works closely with the Police and Government security agencies to ensure that our security facilities and processes meet the high standards required to respond to new and existing security threats. Our security facilities and processes are subject to extensive internal and external inspections and audits by regulators, external specialists and internal teams who regularly test the effectiveness of our security processes and identify opportunities for improvement.

Directors' report

Year ended 31 December 2016

(continued)

Disruption to operations: The Group has an emergency response, crisis management and business continuity plan in place which are regularly tested and updated to ensure that we are able to respond quickly and effectively to disruptions to our operations. The Group is also adequately covered by an insurance programme which provides financial protection in the case of major operational disruptions.

Threat of a downturn in traffic: Malta International Airport has registered significant passenger growth in the last 10 years and we are focused on ensuring our airport has the capacity and quality of facilities our customers expect in the medium and longer term. However, the Group is also mindful of possible downturns in passenger traffic as a result of international negative factors such as terrorism or the increase in the price of oil; changes in local tourism strategies and changes in airlines and route preferences. We constantly monitor the economic environment and ensure that our corporate and infrastructural plans reflect the actual current situation. Moreover, most of the infrastructure projects undertaken by the Group are phased out over a number of years in order to minimise the impact a possible downturn in business could have on the Group.

Outlook

Malta International Airport will be welcoming two new airlines in 2017, Eurowings from Vienna and Condor operating scheduled flights from Hamburg and Frankfurt. Low cost airline Volotea will be introducing a new route from Bordeaux whilst Wizz Air will start the new routes Katowice and Cluj-Napoca, as efforts to grow our connectivity from Eastern Europe continue. Ryanair will also be extending six of their new winter routes into the summer schedule whilst a number of airlines will be operating for a longer duration. After a successful first year, Czech Airlines and Iberia Express will operate for a longer period from Prague and Madrid respectively, whilst Air Baltic will be doubling their schedule from Riga. Lufthansa will also adding flights from Munich whereas Jet2 will be operating for a longer season and doubling their flights from Glasgow. A new Cruise & Fly operation by P&O will also commence in April as we welcome the second home-porting operation in Malta. Home carrier Air Malta is expected to retain the same fleet in 2017 and will also be implementing a number of changes to its network, increasing the number of flights to a number of primary airports as from summer.

These developments are partially diluted following NIKI dropping the Vienna route whilst Air Malta have terminated flights to Frankfurt and Manchester. Volotea and Wizz Air will also end their schedule to Catania and Gdansk respectively. Vueling is also planning to make some network changes to its Rome base which resulted in the cancellation of its Rome-Malta route.

The International Air Transport Association (IATA) in an article published December 2016 forecasts that 2017 is expected to be the eighth year in a row of aggregate airline profitability, illustrating the resilience to shocks that have been built into the industry structure. Capacity is expected to grow ahead of demand growth in 2017 which will lead to intense pressure on yields amid increasing competition. Demand for air travel could weaken on the back of geopolitical instability and the impact of terrorism.

Directors' report

Year ended 31 December 2016

(continued)

Our outlook for 2017 is however cautiously optimistic. We are forecasting the total passenger movements to reach 5.2 million, an overall 2-3% increase in traffic over 2016. Moreover, the Group's financial targets for 2017 are expect to be; Revenues of over Euro 73 million, and EBITDA and Net Profit to exceed Euro 40 million and Euro 20 million respectively. The planned expenditure on capital investments for 2017 is expected to be around Euro 18 million, and the net debts below Euro 14 million.

Employees

With a view to better serve its employees, the Group in 2016 reorganised its Human Resources Department, putting greater emphasis on training and staff development. In all, the Group gave access to employees across all levels to a total of 4,500 hours of training consisting of conferences, seminars and courses. The Group also drafted a Training and Development Policy which was put into effect during the year under review.

In the last quarter of 2016, the Group launched a new uniform, designed with employees' comfort and flexibility in mind. Moreover, it continued to encourage two-way communication via a number of initiatives, one of the most important of which was the annual Employee Survey, which produced some very encouraging results.

During the year under review, the Group employed an average of 304 employees. Of these, seven worked with Airport Parking Limited, which is a fully-owned subsidiary of Malta International Airport plc, and three were employed with SkyParks Business Centre. While the majority of these employees were employed on a full-time basis, an average of 28 employees worked on a part-time basis.

Corporate Responsibility

The directors are committed to high standards of corporate responsibility (CR), particularly in the social, economic and environmental fields, both internally and externally, and for the benefit of the Group's key stakeholders, which include its employees, customers, partners and shareholders.

In 2016, the Group undertook a number of CR initiatives to help to remove, reduce or mitigate the negative impacts as well as improve and build on the positive ones.

The voluntary publication of its first Sustainability Report assessing the Group's 2015's impacts and following the Global Reporting Initiative (GRI) standards, marked a turning point in how the Group measures and reports its sustainability performance as a socially responsible business in the tourism industry.

In the period under review, the Group continued its efforts to reduce its emissions footprint which included the installation of LED signage and lighting, the introduction of more efficient vehicles in its fleet, the replacement of the air conditioning plant with more efficient equipment and a significant investment in PV panels that quadrupled the Group's capacity to generate clean energy.

Moreover, in order to better manage its carbon emissions and proceed to take steadier steps towards carbon neutrality, in 2016 the Group joined the ACI's Airport Carbon Accreditation programme at the Mapping Level.

Directors' report

Year ended 31 December 2016

(continued)

Financial performance

Financial results

The revenue of the Group increased in 2016 from €66.97 million in 2015 to €73.06 million an increase of €6.1 million or 9.1%. The Airport Segment increased by €5.0 million from €46.5 million to €51.5 million. The Retail and Property Segment also increased by €1.2 million from €20.0 million to €21.2 million.

The Earnings before Interest, Taxation Depreciation and Amortization (EBITDA) of the Group increased by 12.2%; from €35.64 million to €39.99 million and the EBITDA margin increased from 53.2% to 54.7%. There was also an increase in profit before tax. Profit increased from €29.79 million to €32.39 million, an increase of 8.7%. The total comprehensive income for the year attributable to shareholders net of tax for the Group also increased from €18.92 to €20.91 million, an increase of 10.5% over the previous year.

The financial results of the Group for 2016 were an improvement on the results of the previous year and were driven largely by another significant increase in the volume of passenger traffic. At the same time, the Group managed to maintain control of its cost base, notwithstanding the constantly challenging environment in which the Group operates.

Revenues

Revenues from the airport segment constitute 70% of total revenues, with aviation-related revenues remaining the most important income stream of the Group.

The revenues from the Retail and Property Segment increased by 6.1%, constituting 29% of total revenues.

Operating and other costs

The operating costs of the Group were higher than those of 2015 by almost €2 million or 8.3%. The Operating costs went up from €23.04 million to €24.94 million with significant increases registered in repairs and maintenance, legal and professional fees, passenger security service, cleaning, technical services and marketing and communication costs. Most of these increases are directly related to the higher volume of passenger traffic compared to the previous year.

Wages and salaries went up from €7.28 million to €7.41 million compared to the previous year but the overall staff costs decreased from €8.28 million to €8.13 million.

As regards non-operating costs and revenues, there was a 3% increase in the depreciation charge for the year, from €6.6 million to €6.8 million but a €1.74 million decrease in investment income due to the fact that the 2015 figure incorporated the sale of the investment the Group had in Valletta Cruise Port plc. Finance costs of the Group also decreased from €2.18 million to €1.99 million, a decrease of 8.9%.

Directors' report

Year ended 31 December 2016

(continued)

Financial result and dividends

The financial result of the Group and the Group for year ended 31 December 2016 are shown in the Statement of Comprehensive Income on page twenty nine. The total comprehensive income of the Group for the year after taxation amounted to € 20,912,407 (2015: €18,922,734).

Further to the net interim dividends paid of €4,059,000 (gross €6,244,615), the Board of Directors is recommending the payment of a final net dividend of €0.07 per share (gross €0.107692) on all shares settled as at close of business on 10 April 2017 which dividend shall be paid not later than the 26 May 2017.

Financial position

The profit for the year, net of dividends paid together with shareholders' funds brought forward from the prior year, resulted in shareholders funds of EUR 85,097,748 and EUR 86,135,642 for the Group and the Company respectively as at 31 December 2016.

Going concern

After reviewing the Group's budget for the next financial year, and other longer term plans, the directors are satisfied that, at the time of approving the financial statements, it is appropriate to adopt the going concern basis in preparing the financial statements.

Financial risk management

The most significant financial risks of the Group and the Company identified during the year and their financial risk management objectives appear in detail in Note 38 of the Financial Statements.

Share capital

The share capital of the Company is €33,825,000 divided into three classes of shares as follows:

- 81,179,990 Ordinary 'A' Shares representing approximately 60% of the total issued share capital;
- 54,120,000 Ordinary 'B' Shares representing 40% of the total issued share capital; and
- 10 Ordinary 'C' Shares.

All shares issued have a nominal value of €0.25, are fully paid up and allotted.

Directors' report

Year ended 31 December 2016

(continued)

The ordinary "A" Shares are admitted to the official list of the Malta Stock Exchange, whilst the ordinary "B" and ordinary "C" Shares are not admitted or traded on an exchange.

The Ordinary 'A' Shares and Ordinary 'B' Shares shall entitle their holders to the same rights, benefits and powers in the Company save for the transferability thereof. The Ordinary 'A' Shares shall be freely transferable whilst the Ordinary 'B' Shares are non-transferable for a period of fifteen (15) years from the 26 July, 2002, upon which date they shall automatically become fully and freely transferable without the need of any formality.

The Class 'C' Share is held by and in terms of the memorandum of Association may only be held by the Government of Malta. It does not carry any right to receive dividends or assets on a winding up or other return of capital, but entitles the Government of Malta to appoint members on the National Interest Matters Committee pursuant to article 58.10 of the Articles of Association of the Company.

Save for the above there are no other restrictions attaching to the shares of the Company.

No changes in the share capital of the Company were made nor did the Company acquire ownership of, or any rights over, any portion of its own share capital.

The following shareholders have an interest in more than 5% of the issued share capital of the Company:

Malta Mediterranean Link Consortium Ltd
Government of Malta – Consolidated Fund
VIE (Malta) Ltd
MMLC Holding Malta Ltd (formerly SNC Lavalin (Malta) Ltd)

On the 2 February 2016, Malta International Airport plc was informed that Flughafen WIEN AG, the main shareholder of Malta Mediterranean Link Consortium Ltd (MMLC) and the ultimate shareholder of VIE (Malta) Ltd, announced the signing of a share purchase agreement to acquire 38.75% of the shares of MMLC from SNC-Lavalin Group Inc.

By acquiring SNC-Lavalin Group Inc.'s indirect stake in MMLC, Flughafen Wien AG increased its holding in MMLC from 57.10% to 95.85% and the total consolidated holding in Malta International Airport plc (including the 10.10% direct interest of VIE (Malta) Ltd) to more than 48%.

Directors

Appointment and replacement of directors

The Board of Directors of the Company is made up of a maximum of eight (8) directors. Five (5) directors are Non-Executive Directors and a maximum of three (3) directors, amongst whom the CEO, are Executive Directors.

Directors' report

Year ended 31 December 2016

(continued)

Any shareholder holding not less than 20% of the issued share capital of the Company having voting rights is entitled to appoint one director for each 20% shareholding by a letter addressed to the Company. In this respect Malta Mediterranean Link Consortium Limited is entitled to appoint two (2) Non-Executive Directors and the Government of Malta is entitled to appoint one (1) Non-Executive Director. The remaining Non-Executive Directors are appointed by the shareholders in a general meeting pursuant to the Articles of Association.

Unless appointed for a longer term, a director holds office from one Annual General Meeting to the next and is eligible for re-appointment. The maximum period for which a director may be appointed is a term of three (3) years, following the lapse of which such director shall be eligible for re-appointment.

In terms of the Articles of Association, the CEO of the Company shall occupy one of the Executive Director positions. The other Executive Directors to be co-opted to the Board are the Chief Financial Officer and the Chief Commercial Officer.

Powers of directors

The directors of the Company have all the powers necessary to manage and direct the Group.

The Company is empowered to buy-back any of its shares, subject to the limitations and restrictions at law and the listing rules.

Subject to the authority of shareholders, to be given at five (5) year intervals, the directors are also empowered to issue further shares in the Group.

Directors

The directors who served during the year were:

<u>Director</u>	<u>Title</u>	<u>Director since</u>
Mr Nikolaus Gretzmacher	Chairman & Non-Executive Director	2012
Mr Youssef Sabeh	Non-Executive Director	2010
Ms. Rita Heiss	Non-Executive Director	2015
Dr. Cory Greenland	Non-Executive Director	2015
Mr Wolfgang Koeberl	Non-Executive Director	2016
Mr Alan Borg	CEO and Executive Director	2012
Mr Karl Dandler	CFO and Executive Director	2014

During the financial year, Mr Youssef Sabeh resigned from his position as a Non-Executive Director with effect from 30th March 2016. Mr Wolfgang Koeberl was appointed Non-Executive Director with effect from the 1st May 2016. On the 18th January 2017, Mr Florian Nowotny was appointed as a non-executive director.

Directors' report

Year ended 31 December 2016

(continued)

In accordance with paragraph 56.1 of the Company's Articles of Association all the present directors are to retire at the forthcoming Annual General Meeting. The appointment of the new directors will take place in accordance with paragraphs 55 and 56 of the same Articles of Association at the Annual General Meeting.

Directors' interests in material contracts

The following directors have declared their interests in the share capital of the Group:

Director

Nikolaus Gretzmacher	a non-beneficial interest ¹
Youssef Sabeh	a non-beneficial interest ²
Rita Heiss	a non-beneficial interest ³
Cory Greenland	a beneficial interest

No other director has a beneficial or non-beneficial interest in the Group's share capital.

Auditor

A resolution to reappoint Deloitte Audit Limited as auditor of the Group will be proposed at the forthcoming Annual General Meeting.

Approved by the Board of Directors on 22nd February 2017 and signed on its behalf by:

Nikolaus Gretzmacher
Chairman

Alan Borg
Chief Executive Officer

Karl Dandler
Chief Financial Officer

¹ These shares are held by MMLC, a company of which Mr Gretzmacher is a director

² These shares are held by MMLC, a company of which Mr Sabeh was a director until March 2016

³ These shares are held by MMI C, a company of which Ms Heiss is a director

Statement of directors' responsibilities

The directors are required by the Companies Act (Cap. 386) to prepare financial statements in accordance with International Financial Reporting Standards as adopted by the EU which give a true and fair view of the state of affairs of the Company and the Group at the end of each financial year and of the profit or loss of the Group and the Group for the year then ended. In preparing the financial statements, the directors should:

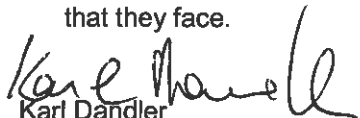

- select suitable accounting policies and apply them consistently;
- make judgments and estimates that are reasonable; and
- prepare the financial statements on a going concern basis, unless it is inappropriate to presume that the Company and the Group will continue in business as a going concern.

The directors are responsible for ensuring that proper accounting records are kept which disclose with reasonable accuracy at any time the financial position of the Company and the Group and which enable the directors to ensure that the financial statements comply with the Companies Act (Cap. 386). This responsibility includes designing, implementing and maintaining such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. The directors are also responsible for safeguarding the assets of the Company and the Group, and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Statement of responsibility pursuant to the Listing Rules issued by the Listing Authority

We confirm that to the best of our knowledge:

- a. In accordance with the Listing Rules the financial statements give a true and fair view of the financial position of the Company and its Group as at 31 December 2016 and of their financial performance and cash flows for the year then ended, in accordance with International Financial Reporting Standards as adopted by the EU; and
- b. In accordance with Listing Rules the directors' report includes a fair review of the performance of the business and the financial position of the Issuer and the undertakings included in the consolidation taken as a whole, together with a description of the principal risks and uncertainties that they face.

Karl Dandler

Corporate Governance – Statement of Compliance

1. Introduction

Pursuant to the Listing Rules issued by the Listing Authority, Malta International Airport p.l.c. (the “Company”) should endeavour to adopt the Code of Principles of Good Corporate Governance contained in Appendix 5.1 to Chapter 5 of the Listing Rules (the “Code”). In terms of Listing Rule 5.94, the Company hereby reports on the extent of its adoption of the principles of the Code for the financial year being reported upon.

The Company acknowledges that the Code does not dictate or prescribe mandatory rules, but recommends principles of good practice. However, the directors strongly believe that such practices are generally in the best interests of the Company and its shareholders and that compliance with the principles of good corporate governance is not only expected by investors but also evidences the directors’ and the Company’s commitment to a high standard of governance.

The Board of Directors (the “Board”) has carried out a review of the Company’s compliance with the Code for the financial year being reported upon, namely the year ended 31 December 2016.

2. General

The directors believe that good corporate governance is a function of a mix of checks and balances that best suit the Company and its business. Accordingly, whilst there are best practices that can be of general application the structures that may be required within the context of larger companies are not necessarily and objectively the best structures for companies whose size and/or business dictate otherwise. It is in this context that the directors have adopted a corporate governance framework within the Company that is designed to better suit the Company, its business and its size whilst still ensuring proper checks and balances.

The Company has a corporate decision-making and supervisory structure that is tailored to suit the Company’s requirements and designed to ensure the existence of adequate checks and balances within the Company, whilst retaining an element of flexibility.

In general the directors believe that the Company has adopted appropriate structures to achieve an adequate level of good corporate governance, together with an adequate system of checks and balances in line with the Company’s requirements.

This corporate governance statement (the “Statement”) will now set out the structures and processes in place within the Company and how these effectively achieve the goals set out in the Code. For this purpose, this Statement will make reference to the pertinent principles of the Code and then set out the manners in which the directors believe that these have been adhered to. Where the Company has not complied with any of the principles of the Code, this Statement will give an explanation for non-compliance.

For the avoidance of doubt, reference in this Statement to compliance with the principles of the Code means compliance with the Code’s main principles, and the Code Provisions.

Corporate Governance – Statement of Compliance

(continued)

3. Compliance with the code

Principle One: The Board

The directors believe that for the period under review the Company has generally complied with the requirements of this principle and the relative code provisions.

The Board is composed of members who are fit and proper to direct the business of the Company with honesty, competence and integrity. All the members of the Board are fully aware of, and conversant with, the statutory and regulatory requirements connected to the business of the Company. The Board is accountable for its performance and that of its delegates to.

The Board is responsible for determining the Company's strategic aims and organisational structure, whilst ensuring that the Company has the appropriate mix of financial and human resources to meet its objectives and improve its performance. Throughout the period under review, the Board provided the necessary leadership in the overall direction of the Company and has adopted prudent and effective systems whereby it obtains timely information from the Chief Executive Officer (the "CEO") as the head of the Executive Committee to ensure an open dialogue between the CEO and directors at regular intervals and not only at meetings of the Board. The Company has a structure that ensures a mix of executive and Non-Executive Directors that enables the Board, and particularly the Non-Executive Directors to have direct information about the Company's performance and business activities from the head of executive management that is also a director on the Board.

Principle Two: Chairman and Chief Executive Officer

In line with the requirements of Principle Two, the Company has segregated the functions of the CEO and the Chairman. Whilst the CEO heads the Executive Committee, the Chairman's main function is to lead the Board and set its agenda. The Chairman is also responsible to ensure that the Board receives precise, timely and objective information so that the directors can take sound decisions and effectively monitor the performance of the Company. The Chairman exercises independent judgement and ensures that, during Board meetings, there is effective communication with stakeholders as well as active engagement by all directors for the discussion of complex and / or contentious issues.

The CEO is accountable to the Board of the Company for all business operations. He has the power and authority to appoint the persons to fill in the post of each member of the Executive Committee. He also has the discretion to ask any one or more of such members, from time to time, to address the Board on matters relating to the operations of the Company and its Subsidiaries. The Board, of course, is entitled to call in, at its discretion, any one or more of the executives of the Company.

Corporate Governance – Statement of Compliance

(continued)

Principle Three: Composition of the Board

The full complement of the Board, in line with Principle Three is of five (5) Non-Executive Directors and three (3) Executive Directors, a balance that is entrenched in the Company's Memorandum and Articles of Association, which requires that the CEO is an ex officio director together with a maximum of two (2) other senior executives of the Company. The presence of top executives on the Board is designed to ensure that all the members of the Board, including Non-Executive Directors, have direct access at meetings of directors to the individuals having the prime responsibility for day-to-day operations and executive management of the Company and to the implementation of policies that allow effective discussion and the availability of all the information necessary to carry out their functions in the best possible manner.

The members of the Board for the year under review were:

Director	Title	Director since
Mr Nikolaus Gretzmacher	Chairman & Non-Executive Director	2012
Mr Youssef Sabeh ⁴	Non-Executive Director	2010
Ms. Rita Heiss	Non-Executive Director	2015
Dr. Cory Greenland	Non-Executive Director	2015
Mr Wolfgang Koeberl ⁵	Non-Executive Director	2016
Mr Alan Borg	CEO and Executive Director	2012
Mr Karl Dandler	CFO and Executive Director	2014

Pursuant to generally accepted practices, as well as the Company's Articles of Association, the appointment of directors to the Board is reserved exclusively to the Company's shareholders, except in so far as an appointment is made to fill a vacancy on the Board.

The Board normally meets every eight (8) weeks and as a matter of Board policy, a guideline was established whereby at its first meeting, meetings are scheduled for the full year. Board meetings concentrate mainly on strategy, operational performance and financial performance. The Board also delegates specific responsibilities to the CEO and the Committees, notably the Executive Committee and the Audit Committee which operate under their respective formal terms of reference. Directors may, in the furtherance of their duties, take independent professional advice on any matter at the Company's expense.

For the purposes of Code Provision 3.2, requiring the Board to report on whether it considers each Non-Executive Director as independent in line with the requirements of that Code Provision, the Board considers each of the Non-Executive Directors as independent within the meaning of the Code.

⁴ Mr Youssef Sabeh resigned from the office of non-executive director with effect from 30 March 2016

⁵ Mr Koeberl was appointed a non-executive director with effect from 1 May 2016

Corporate Governance – Statement of Compliance

(continued)

Save for what is stated hereunder, none of the Non-Executive Directors:

- (a) are or have been employed in any capacity by the Company;
- (b) have or have had a significant direct or indirect relationship with the Company
- (c) receive significant additional remuneration from the Company;
- (d) have close family ties with any of the executive members of the Board;
- (e) have served on the Board for more than twelve consecutive years;
- (f) have been within the last three years an engagement partner or a member of the audit team of the present or past external auditor of the Company or any Company forming part of the same group; and
- (g) have a significant business relationship with the Company.

Mr Nikolaus Gretzmacher, and Ms Rita Heiss (Non-Executive Directors) are currently members of the Board of Directors of Malta Mediterranean Link Consortium Limited, a Company holding 40 per cent of the issued and voting capital of the Company, and are also employees of Flughafen Wien AG, the company's ultimate parent company. Notwithstanding the above relationship the Board still considers Mr Gretzmacher and Ms. Heiss as having the required skills, experience and integrity to retain their impartiality in acting as directors of the Company.

In terms of Principle 3.4, each non-executive director has declared in writing to the Board that he / she undertakes:

- to maintain in all circumstances his/her independence of analysis, decision and action;
- not to seek or accept any unreasonable advantages that could be considered as compromising his/her independence; and
- to clearly express his/her opposition in the event that he/she finds that a decision of the Board may harm the Company.

Principle Four: The Responsibilities of the Board

In line with the requirements of Principle Four, it is the Board's responsibility to ensure a system of accountability, monitoring, strategy formulation and policy development.

The Board believes that this responsibility includes the appropriate delegation of powers to management and the organization of the executive team in a manner that is designed to provide high levels of comfort to the directors that there is proper monitoring and accountability apart from appropriate implementation of policy. The Board delegates specific responsibilities to committees, which operate under their respective formal Terms of Reference.

Corporate Governance – Statement of Compliance

(continued)

Executive Committee

The Board's link to the Executive Committee is principally the CEO, together with the other Executive Director on the Board, both of whom are member of the Executive Committee.

The Executive Committee comprises the Executive Directors and the heads of each business unit of the Group. The role of the Executive Committee is to implement the Company's strategy and policies, through the various departments within the organisation. It also makes recommendations to the Board on matters which are beyond its remit. The Chief Executive Officer chairs the Executive Committee.

The members of the Committee for the period under review were:

Mr Alan Borg – Chief Executive Officer

Mr Karl Dandler – Chief Finance Officer

Major Martin Dalmas – Airport Operations

Mr George Mallia – Retail and Property

Mr Ian Maggi – Innovation, ICT and Procurement

Mr Patrick Murgu – Security

Ms Tina Lombardi – Human Resources and Strategy

Ms Vicki Brown - Projects⁶

Ms Fleur Farrugia – Human Resources⁷

Mr Michael Lombardi – Technical Facilities

Ms Kristina Borg Cardona - Marketing and Brand Development⁸

Mr Alex Cardona – Traffic Development⁹

Mr Ivan Zahra - Projects¹⁰

⁶ Ms Vicki Brown ceased to be a member of the Committee on 7 October 2016

⁷ Ms Fleur Farrugia ceased to be a member of the Committee on 13 September 2016

⁸ Ms Kristina Borg Cardona was appointed member of this Committee on 1 January 2016

⁹ Mr Alex Cardona was appointed member of the Committee on 14 September 2016

¹⁰ Mr Ivan Zahra was appointed member of the Committee on 7 October 2016

Corporate Governance – Statement of Compliance

(continued)

The Executive Committee has met 37 times during the year under review.

In line with the requirements of Code provision 4.3 the Board has over the year under review organised a full training session for directors on their duties of directors of a listed company with specific reference to updates in connection with the duties under the Market Abuse Regulation.

Audit Committee

As part of its corporate governance structures the Company has an Audit Committee in line with the requirements of the Listing Rules. The principal roles of the Audit Committee are in line with the requirements of Listing Rule 5.127 and include the following:

- monitoring the financial reporting process and submitting recommendations or proposals to ensure its integrity;
- monitoring of the effectiveness of the company's internal quality control and risk managements system and, where applicable, its internal audit, regarding the financial reporting of the Issuer, without breaching its independence;
- monitoring of the audit of the annual and consolidated financial statements,
- reviewing the additional report prepared by the statutory auditor/s or audit firm/s
- reviewing and monitoring the independence of the statutory auditors or the audit firms;
- taking responsibility for the procedure for the selection of statutory auditor/s or audit firm/s;
- recommending the statutory auditor/s or the audit firm/s to be appointed.

The Committee comprised during the year ended 31 December 2016 the three (3) Non-Executive Directors, namely Ms Rita Heiss, Dr Cory Greenland and Mr Youssef Sabeh, until the 30 March 2016 who was replaced by Mr Wolfgang Koeberl. The Committee has the power and authority under its Terms of Reference to summon any person to assist it in the performance of its duties. The directors believe that during the year under review Ms Rita Heiss, was independent and competent in accounting and/or auditing in terms of Listing Rule 5.117, but that following the acquisition by Flughafen Wien AG of a majority shareholding in the company during the course of 2016, she no longer qualified as independent in accordance with the Listing Rule 5.119 in view of her employment with that company. Notwithstanding the foregoing the directors believe that Ms Rita Heiss, has exercised her role within the Audit Committee with the required levels of independence of judgement.¹¹

When the Audit Committee's monitoring and review activities reveal cause for concern or scope for improvement, it shall make recommendations to the Board on the action needed to address the issue or make improvements. In the period under review the Audit Committee has held seven meetings.

¹¹ The position has been addressed with the appointment of Mr Florian Novotny as an independent director.

Corporate Governance – Statement of Compliance

(continued)

Company Executives participate in periodic strategic reviews, which include consideration of long-term projections and the revaluation of the business objectives in the short term. Regular budgets and strategic plans are prepared, which are incorporated into a Company strategic plan. Performance against these plans is actively monitored and reported to the Board using key risk and performance indicators so that corrective measures can be taken to address any deficiencies and ensure the future sustainability of the Company. These key risk and performance indicators are benchmarked against industry norms so that the Company's performance can be effectively evaluated.

In view of the number of members of the Board, the directors believe that its size is manageable to be able to address most issues as a Board rather than create sub-committees of the Board that may be more suitable in the case of companies having larger Boards. Indeed the Board feels that its size and membership allows directors the opportunity to discuss matters directly and that this is a more effective and efficient manner to conduct its business.

The directors however are aware that there may be situations that require the delegation to certain committees of certain tasks or assignments and the Board has on occasion composed *ad hoc* committees for this purpose.

As part of succession planning, the Board and CEO ensure that the Company implements appropriate schemes to recruit, retain and motivate employees and senior management.

In ensuring compliance with other statutory requirements and with continuing listing obligations, the Board is advised directly, as appropriate, by its appointed broker, legal advisor and external auditors. The Board also ensures that appropriate policies and procedures are in place to assure that the highest standards of corporate conduct are maintained.

Directors are entitled to seek independent professional advice at any time on any aspect of their duties and responsibilities, at the Company's expense.

Principle Five: Board Meetings

The Board believes that it complies fully with the requirements of this principle and the relative Code Provisions, in that it has systems in place to ensure the reasonable notice of meetings of the Board and the circulation of discussion papers in advance of meetings so as to provide adequate time for directors to prepare themselves for such meetings. Minutes are prepared during Board meetings recording faithfully attendance, discussions and resolutions. These minutes are subsequently circulated to all directors as soon as practicable after the meeting.

Corporate Governance – Statement of Compliance

(continued)

The Board meets as often and as frequently required in line with the nature and demands of the business of the Company. During the financial year under review the Board held six meetings:

Director	Attendance Board Meetings 2016
Mr Nikolaus Gretzmacher	6/6
Mr Youssef Sabeh	2/2
Ms. Rita Heiss	6/6
Dr. Cory Greenland	6/6
Mr. Wolfgang Koeberl	4/4
Mr. Alan Borg	6/6
Mr. Karl Dandler	6/6

The Chairman ensures that all relevant issues are on the agenda supported by all available information, whilst encouraging the presentation of views pertinent to the subject matter and giving all directors every opportunity to contribute to relevant issues on the agenda. The agenda on the Board strikes a balance between long-term strategic and short-term performance issues.

Directors attend meetings on frequent and regular basis and dedicate the necessary time and attention to their duties as directors of the Company.

Principle Six: Information and Professional Development

The CEO is appointed by the directors and enjoys the full confidence of the Board. The CEO, although responsible for the selection of the Executive Committee and the recruitment of senior executives, regularly updates the directors on the appointment of senior executives. The Board is satisfied that the current schemes for executive compensation are designed to render the Company an attractive proposition for the retention of top executives within the Company and to motivate the Executive Committee.

The Board has over the year under review organised a training session for directors in connection with their statutory duties and responsibilities, and particularly to update them with new regulatory trends and requirements specifically the Market Abuse Directive. The board intends to organise other professional development sessions for directors and executives designed specifically to enable them to discharge their functions more efficiently and in line with the high standards expected of them.

Corporate Governance – Statement of Compliance

(continued)

Directors have access to the advice and services of the Company Secretary who is also the legal counsel to the Board and the Company. As part of succession planning and employee retention, the Board and CEO ensure that the Company implements appropriate schemes to attract, retain and develop the best talent and keep employees engaged and motivated.

Principle Seven: Evaluation of the Board's performance

The Board has not appointed a committee for the purpose of undertaking an evaluation of the Board's performance in accordance with the requirements of Code Provision 7.1, but has conducted an informal review of its own performance over the period under review. Refer to the note under the Section on 'Non-Compliance with the Code'.

Principle Eight: Committees

A. Remuneration Committee

The Company has no performance-related remuneration payable to its Non-Executive Directors and accordingly, as allowed by Code Provision 8A.2, it has not appointed a Remuneration Committee, but rather establishes itself the remuneration policies of the Company. The Non-Executive members of the Board establish the policies and decide on the performance related remuneration of its Executive Directors.

The Board notes that the organizational set-up of the Company and the size of the Board itself, together with the fact that Non-Executive Directors are not entitled to performance related remuneration, does not, in the opinion of the directors, warrant the establishment of a Remuneration Committee. Remuneration policies have therefore been retained within the remit of the Board itself, and as already stated in the case of the Executive Directors, it is the Non-Executive members of the Board that decide on their performance related remuneration.

The directors believe that certain committees that are suggested in the Code are either not required by the Company or the functions of a number of committees may efficiently be merged or undertaken by the Board itself. In addition, the Board believes that its size and composition is sufficient for the proper direction and management of the Company and its business and that there would be no value added to the Company and its shareholders to increase the number of Board members simply to be able to have separate committees of the Board – when the same functions can properly be undertaken by the Board itself. The directors will retain the need of such committees under review and as in the past, may appoint ad hoc committees of directors to deal with specific issues as and when these arise.

The aggregate amount of remuneration paid to all directors, including salaries paid to the CEO, and the CFO amount to €551,824. For the purposes of the provisions of Article 63 of the Company's Articles of Association, the aggregate emoluments paid to the directors is €286,513 which is within the amount approved by the shareholders of €465,875 for the purpose of that article. The aggregate emoluments paid to the senior executives amount to €469,304.

Corporate Governance – Statement of Compliance

(continued)

B. Nomination Committee

The Board believes that the main principle has been duly complied with, in that it is the Articles of Association themselves that establish a formal and transparent procedure for the appointment of directors. The Company has however not established a Nominations Committee as suggested by the Code.

Principles Nine and Ten: Relations with Shareholders and with the Market

The Board serves the legitimate interests of the Company, accounts to shareholders fully and ensures that the Company communicates with the market effectively through a number of Company announcements that it published informing the market of significant events happening within the Company.

The Company also communicates with its shareholders through the Annual General Meeting (AGM) where the Board communicates directly with shareholders on the performance of the Company over the last financial year and to inform shareholders of the challenges that lie ahead.

Business at the Company's AGM will cover the approval of the annual report and the audited financial statements, the declaration of a dividend, if any, the election of directors, the determination of the maximum aggregate emoluments that may be paid to directors, the appointment of auditors and the authorisation of the directors to set the auditors' remuneration. Any other matter that may be placed by the directors before the AGM will be dealt with as 'special business'.

Apart from the AGM, the Company has continued to communicate with its shareholders and the market by way of the Annual Report and Financial Statements, by publishing its results on a six-monthly basis during the year and through the directors' statements which are also published on a six-monthly basis, and by Company announcements to the market in general. The Company recognises the importance of maintaining a dialogue with the market to ensure that its strategies and performance are well understood. The Company's website (www.maltairport.com) also contains information about the Company and its business which is a source of further information to the market.

The Company's Articles of Association allow minority shareholders to call special meetings on matters of importance to the Company, provided that the minimum threshold of ownership established in the Articles of Association is met.

Corporate Governance – Statement of Compliance

(continued)

Principle Eleven: Conflicts of Interest

The Board has established procedures on how conflicts are to be handled, if and when they arise. A director having a personal conflict on any matter is bound to inform the other members of the Board of such a conflict whether it is an actual, potential or a perceived conflict. It is then the other members of the Board that would decide on whether there exists such a conflict, actual or potential. By virtue of the Memorandum and Articles of Association, in the event that, in the opinion of the Board such a conflict exists then the conflicted director is invited to leave the meeting when it proceeds to the vote, if any, on the matter concerned. As a matter of practice discussions of such matters are normally conducted in the absence of the conflicted director. The Board feels that this is a procedure that achieves compliance with both the letter and the rationale of principle eleven.

Commercial relationships between the Company and other companies may be related by way of common directors and shareholders ("Related Party Transactions"). Contracts are entered into in the ordinary course of business with shareholders and other parties in which the directors have a beneficial interest. Terms and conditions of contracts negotiated with related parties are reviewed by the Company's Audit Committee. Full disclosure of Related Party Transactions entered into during the financial year under review is made in note 33 to the financial statements.

The following directors have declared their interests in the share capital of the Company:

Director

Nikolaus Gretzmacher	a non-beneficial interest ¹²
Youssef Sabeh	a non-beneficial interest ¹³
Rita Heiss	a non-beneficial interest ¹⁴
Cory Greenland	a beneficial interest

No other director has a beneficial or non-beneficial interest in the Company's share capital.

¹² These shares are held by MMLC, a company of which Mr Gretzmacher is a director

¹³ These shares are held by MMLC, a company of which Mr Sabeh was a director until March 2016

¹⁴ These shares are held by MMLC, a company of which Ms Heiss is a director

Corporate Governance – Statement of Compliance

(continued)

Principle Twelve: Corporate Social Responsibility

The directors are committed to high standards of Corporate Responsibility namely in the social, economic and environmental fields both internally and externally. This is being done for the benefit of its key stakeholders which include its shareholders, employees, customers as well as the local community at large.

4. Non-Compliance with Code provisions

The directors set out below the code provisions with which they do not comply and a careful explanation as to the reasons for such non-compliance:

Code Provision	Explanation
2.1	Whilst the Company has segregated the functions of the Chairman and the CEO, in that the two posts are occupied by different persons, the division of responsibilities between them has not been established in writing, although there is significant experience and practice that determines the two roles.
4.2	The Board has not formally developed a succession policy for the future composition of the Board of Directors as recommended by Code Provision 4.2.7. In practice, however, the Board and CEO are actively involved in ensuring that appropriate schemes to recruit, retain and motivate employees and senior management are in place.
7.1	<p>The Board believes that the size of the Company and the Board itself does not warrant the proliferation of several committees. Whilst the requirement under Code Provision 7.1 might be useful in the context of larger companies having a more complex set-up and a larger Board, the size of the Board is such that it should enable it to evaluate its own performance without the requirement of setting up an ad hoc committee for this purpose. The Board shall retain this matter under review over the coming year.</p> <p>Having conducted an informal review of its own performance over the period under review it is the Board's view that all members of the Board, individually and collectively, have contributed in line with the required levels of diligence and skill. In addition the Board believes that its current composition endows the Board with a cross-section of skills and experience, not only with respect to the specific business of the</p>

Corporate Governance – Statement of Compliance

Company, but also in a wider range of business areas and skills. This process was conducted by the Board itself rather than by a Committee chaired by a Non-Executive Director as required by the Code.

8B The Board has not appointed a Nominations Committee in line with Code Provision 8B, particularly in the light of the specific manner in which the Articles of Association require that Non-Executive Directors be appointed by a shareholding qualification to the Board. The Executive Directors are, in accordance with the Articles, appointed by the Non-Executive Directors after their appointment as aforesaid. The Board believes that the current Articles of Association do not allow the Board itself to make any recommendations to the shareholders for appointments of directors and that if this function were to be undertaken by the Board itself or a Nominations Committee, they would only be able to make a non-binding recommendation to the shareholders having the necessary qualification to appoint directors pursuant to the Articles of Association.

The Board intends to keep under review the utility and possible advantages of having a Nominations Committee and following an evaluation may, if the need arises, make recommendations to the shareholders for a change to the Articles of Association.

9.3 The Memorandum and Articles of Association does not provide any mechanism for the resolution of conflicts between shareholders or any process that would trigger arbitration in these instances. This is mitigated by ongoing open dialogue between executive management and non-executive directors of the Company, to ensure that such conflicts do not arise.

9.4 The Company does not have a policy in place to allow minority shareholders to present an issue to the Board.

Corporate Governance – Statement of Compliance

(continued)

5. Internal Control

The Board is ultimately responsible for the Company's system of internal controls and for reviewing its effectiveness. Such a system is designed to manage rather than eliminate risk to achieve business objectives, and can provide only reasonable, and not absolute, assurance against normal business risks or loss.

Through the Audit Committee, the Board reviews the effectiveness of the Company's system of internal controls, which are monitored by the Internal Auditors on a regular basis.

The key features of the Company's system of internal control are as follows:

Organisation

The Company operates through the CEO and Executive Committee with clear reporting lines and delegation of powers.

Control Environment

The Company is committed to standards of business conduct and/or ethics that emulate best practice and seeks to maintain these standards across all of its operations. Company policies and employee procedures are in place for the reporting and resolution of improper activities.

The Company has an appropriate organisational structure for planning, executing, controlling and monitoring business operations in order to achieve Company objectives.

Risk Identification

Company management is responsible for the identification and evaluation of key risks applicable to their respective areas of business. In addition, through regular checks the internal auditors test the Company's internal control systems and processes and make recommendations to management and the audit committee on any deficiency in such systems.

Corporate Governance – Statement of Compliance

(continued)

6. General Meetings

The general meeting is the highest decision making body of the Company and is regulated by the Company's Articles of Association. All shareholders registered on the register of members of the Company on a particular record date are entitled to attend and vote at general meetings. A general meeting is called by twenty-one (21) days' notice.

At an Annual General Meeting what is termed as "ordinary business" is transacted, namely, the declaration of a dividend, the consideration of the accounts, balance sheets and the reports of the directors and the auditors, the election of directors, the appointment of auditors and the fixing of remuneration of directors and auditors. Other business which may be transacted at a general meeting (including at the Annual General Meeting) will be dealt with as "Special Business".

Voting at any general meeting takes place by a show of hands or a poll where this is demanded. Subject to any rights or restrictions for the time being attached to any class or classes of shares, on a show of hands each shareholder is entitled to one vote and on a poll each shareholder is entitled to one vote for each share carrying voting rights of which he is a holder. Shareholders who cannot participate in the general meeting may appoint a proxy by written or electronic notification to the Company. Appointed proxy holders enjoy the same rights to participate in the general meeting as those to which the shareholder they represent is entitled. Every shareholder represented in person or by proxy is entitled to ask questions which are pertinent and related to the items on the agenda of the general meeting and to have such questions answered by the directors or such persons as the directors may delegate for such purpose.

The directors' statement of responsibilities for preparing the financial statements is set out on page 13.

The information required by Listing Rule 5.97.5 is found in the Directors' Report.

Approved by the Board of Directors on 22 February 2017 and signed on its behalf by:

Nikolaus Gretzmacher
Chairman

Alan Borg
Chief Executive Officer

Karl Dandler
Chief Financial Officer

Notes to the financial statements

31 December 2016

1. CORPORATE INFORMATION

The Company is a public company whose shares are publicly listed and traded on the Malta Stock Exchange. The Company's registration number is C12663, the country of incorporation is Malta and the Company's registered office is Malta International Airport, Luqa, Malta. The principal activities of the Company are the development, operation and management of Malta's airport. On 11 February 2008, the Company set up a wholly-owned subsidiary, Sky Parks Limited, to take over the operations of the car park business. The name of this subsidiary was changed to Airport Parking Limited on the 27 October 2009. Another subsidiary, Sky Parks Development Limited, was set up by the Company on 29 October 2009. The main activity of Sky Parks Development Limited is to manage real estate projects within the land which is currently under the management of the Group. Another subsidiary Sky Parks Business Centre Limited was set up by the Company on 26 April 2012. The principal activity of the subsidiary is to operate the Business Centre within the limits of the airport. On 20 June 2013, the Company set up three wholly-owned subsidiaries, Kirkop PV Farm Limited, Luqa PV Farm Limited and Gudja PV Farm Limited. On 20 September 2013, the Company set up two other wholly-owned subsidiaries, Gudja Two PV Farm Limited and Gudja Three PV Farm Limited. The main activity of these companies is to explore opportunities in the generation of electricity using photovoltaic technologies. Luqa PV Farm Limited, Gudja PV Farm Limited, Gudja Two PV Farm Limited and Gudja Three PV Farm Limited were liquidated during the year. The Company and the subsidiaries constitute 'the Group'.

2.1 BASIS OF PREPARATION

Under the Companies Act, Cap. 386 of the Laws of Malta, the Company is required to present individual and consolidated financial statements. The financial statements of the Group and the Company have been prepared on a historical cost basis, except for the fair valuation of the available-for-sale financial assets, and are in accordance with International Financial Reporting Standards as adopted by the EU, and comply with the Companies Act. Cap. 386 of the Laws of Malta. The functional currency of the Company is the Euro which is also the presentation currency of the Group. The significant accounting policies adopted are set out below.

Basis of consolidation

The consolidated financial statements comprise the financial statements of Malta International Airport p.l.c, and its Subsidiaries, as mentioned in note 1 above.

The financial statements of the Subsidiaries are prepared for the same reporting period as the Company, using consistent accounting policies.

All intra-group balances, transactions, income and expenses and profits and losses resulting from intra-group transactions and dividends are eliminated in full.

Subsidiaries are fully consolidated from the date of acquisition, being the date on which the Group obtains control or from the date of set-up under the control of the Company, and continue to be consolidated until the date such control ceases.

Notes to the financial statements

31 December 2016

2.2 SIGNIFICANT ACCOUNTING POLICIES

Property, plant and equipment

The Group's and the Company's property, plant and equipment are classified into the following classes – land held as temporary emphyteusis, buildings and furniture, fixtures, plant and equipment.

Property, plant and equipment are initially measured at cost. Such cost includes borrowing costs for long-term construction projects, if the recognition criteria are met. Subsequent costs are included in the asset's carrying amount when it is probable that future economic benefits associated with the item will flow to the Group or the Company and the cost of the item can be measured reliably. Expenditure on repairs and maintenance of property, plant and equipment is recognised as an expense when incurred.

Subsequent to initial recognition, buildings are stated at revalued amounts as at the date of the privatisation of the Company in 2002 less any accumulated depreciation and any accumulated impairment losses. Other tangible assets are stated at cost less any accumulated depreciation and any accumulated impairment losses.

Every year, the difference between depreciation of buildings based on their fair value on the date of the privatisation of the Company in 2002 and depreciation based on the asset's original cost prior to the original revaluation is transferred from the revaluation reserve to retained earnings. When the asset is derecognised, the attributable revaluation surplus remaining in the revaluation reserve is transferred to retained earnings. Property, plant and equipment are derecognised on disposal or when no future economic benefits are expected from their use or disposal. Gains or losses arising from derecognition represent the difference between the net disposal proceeds, if any, and the carrying amount. Any gains or losses arising on derecognition are included in profit or loss in the year the asset is derecognised.

Land held on temporary emphyteusis relates to the land assigned to the Group and the Company by title of temporary emphyteusis. The value of the land held on temporary emphyteusis is amortised over the remaining term of the lease.

Depreciation

Depreciation commences when the depreciable assets are available for use and is charged to profit or loss, so as to write off the cost less any estimated residual value, over their estimated useful lives, using the straight-line method, on the following bases:

Land held on temporary emphyteusis	by equal annual instalments over the remaining term of the emphyteusis
Buildings	2% - 4-5% per annum
Furniture, fixtures, plant and equipment	10% - 33 1/3% per annum
Investment property	5% - 15% per annum

The depreciation method applied, the residual value and the useful life are reviewed at each financial year end and adjusted prospectively, as appropriate.

Notes to the financial statements

31 December 2016

2.2 SIGNIFICANT ACCOUNTING POLICIES (continued)

Properties in the course of construction

Properties in the course of construction for production supply or administrative purposes are classified as property, plant and equipment and are carried at cost less any identified impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalised in accordance with the Company's accounting policy on borrowing costs. Depreciation of these assets, on the same basis as other property assets, commences when the assets are available for use.

Properties in the course of construction for future use as investment property are classified as investment property. Existing investment property that is being redeveloped for continued future use as investment property continues to be classified as investment property.

Investment property

Investment property is property held to earn rentals or for capital appreciation or both. Investment property is recognised as an asset when it is probable that the future economic benefits that are associated with the investment property will flow to the entity and the cost can be measured reliably. Investment property is initially measured at cost, including transaction costs. Subsequent to initial recognition, investment property is stated at cost less any accumulated depreciation and any accumulated impairment losses.

Investment property is derecognised on disposal or when it is permanently withdrawn from use and no future economic benefits are expected from its disposal. Gains or losses on derecognition represent the difference between the net disposal proceeds, if any, and the carrying amount and are recognised in profit or loss in the period of derecognition.

Borrowing costs

Borrowing costs include the costs incurred in obtaining external financing and mainly consist of interest on bank loans. Borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset, which is an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective assets. All other borrowing costs are expensed as incurred.

Investments in subsidiaries

A subsidiary is an entity that is controlled by the Company. The Company controls an investee when the Company is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Investment in subsidiaries in the separate financial statements of the Company are accounted for on the basis of the direct equity interest and are stated at cost less any provisions for impairment, where in the opinion of the directors, any impairment in value has taken place. Dividends from the investment are recognised in profit or loss.

Notes to the financial statements

31 December 2016

2.2 SIGNIFICANT ACCOUNTING POLICIES (continued)

Other financial instruments

Financial assets and financial liabilities are recognised when the Group entities become a party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially recognised at their fair value plus directly attributable transaction costs for all financial assets or financial liabilities not classified at fair value through profit or loss.

Financial assets and financial liabilities are offset and the net amount presented in the Statement of Financial Position when the Group entities have a legally enforceable right to set off the recognised amounts and intend either to settle on a net basis or to realise the asset and settle the liability simultaneously.

Financial assets are derecognised when the contractual rights to the cash flows from the financial assets expire or when the entity transfers the financial asset and the transfer qualifies for derecognition. Financial liabilities are derecognised when they are extinguished. This occurs when the obligation specified in the contract is discharged, cancelled or expires.

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

(i) *Trade and other receivables*

Trade and other receivables are classified with current assets and are stated at their nominal value unless the effect of discounting is material. Appropriate allowances for estimated irrecoverable amounts are recognised in profit or loss when there is objective evidence that the asset is impaired.

(ii) *Available-for-sale financial assets*

Available-for-sale financial assets are those non-derivative financial assets that are either designated in this category by the Group and the Company or not classified as loans and receivables, held-to-maturity investments or financial assets at fair value through profit or loss. After initial recognition, available-for-sale financial assets are measured at their fair value except for investments in equity instruments that do not have a quoted price in an active market for an identical instrument (that is, a Level 1 input) and whose fair value cannot be reliably measured, which are measured at cost. Where applicable gains and losses arising from a change in fair value are recognised directly in other comprehensive income, except for impairment losses and foreign exchange gains and losses on monetary assets, until the financial asset is derecognised, at which time the cumulative gain or loss previously recognised in other comprehensive income is recognised in profit or loss.

(iii) *Loans and receivables*

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market other than those that are held for trading or are designated upon initial recognition as at fair value through profit or loss or as available-for-sale financial assets or those for which the company may not recover

Notes to the financial statements

31 December 2016

2.2 SIGNIFICANT ACCOUNTING POLICIES (continued)

Other financial instruments (continued)

substantially all of its initial investment other than because of credit deterioration, After initial recognition, loans and receivables are measured at amortised cost using the effective interest method.

(iv) Bank and other borrowings

Subsequent to initial recognition, interest-bearing bank loans are measured at amortised cost using the effective interest rate method. Other borrowings are measured at amortised cost using the effective interest rate method, unless the effect of discounting is immaterial.

(v) Trade payables

Trade payables are classified with current liabilities and are stated at their nominal value unless the effect of discounting is material.

(vi) Cash and short term deposits

Cash and short term deposits comprise cash on hand, demand deposit and short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Cash and short term deposits are stated at nominal amounts, being the amount recognised at inception.

(vii) Shares issued by the Company

Ordinary shares issued by the Company are classified as equity instruments.

Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is calculated using the weighted average method and comprises expenditure incurred in acquiring the inventories and other costs incurred in bringing the inventories to their present location and condition. Net realisable value represents the estimated selling price in the ordinary course of business less the estimated costs of completion.

Impairment

At each reporting date, the carrying amount of assets is reviewed to determine whether there is any indication or objective evidence of impairment, as appropriate, and if any such indication or objective evidence exists, the recoverable amount of the asset is estimated.

In the case of receivables, evidence of impairment may include indications that the receivables or a group of receivables is experiencing significant financial difficulty, default or delinquency in interest or principal payments, the probability that they will enter bankruptcy or other financial reorganisation and where observable data indicate that there is a measurable decrease in the estimated future cash flows, such as changes in economic conditions that correlate with defaults. An impairment loss is the amount by which the carrying amount of an asset exceeds its recoverable amount.

Notes to the financial statements

31 December 2016

2.2 SIGNIFICANT ACCOUNTING POLICIES (continued)

Impairment (continued)

In addition to the above loss events, objective evidence of impairment for an investment in an equity instrument includes information about significant changes which indicate that the cost of the investment in the equity instrument may not be recovered.

For receivables, if there is objective evidence that an impairment loss has been incurred, the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the original effective interest rate. The carrying amount is reduced directly.

The impairment loss on investments in equity instruments that do not have a quoted price in an active market for an identical instrument (that is, a Level 1 input) and whose fair value cannot be reliably measured is measured as the difference between the carrying amount and the present value of the estimated future cash flows discounted at the current market rate of return for a similar financial asset.

When a decline in the fair value of an available for sale asset has been recognised directly in other comprehensive income and there is objective evidence that the asset is impaired, the cumulative impairment loss that had been directly recognised through other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment and is measured as the difference between the acquisition cost and current fair value, less any impairment loss on that financial asset previously recognised in profit or loss.

In the case of other assets tested for impairment, the recoverable amount is the higher of fair value (which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date) less costs of disposal and value-in-use (which is the present value of the future cash flows expected to be derived, discounted using a pre-tax discount rate that reflects current market assessment of the time value of money and the risks specific to the asset). Where the recoverable amount is less than the carrying amount, the carrying amount of the asset is reduced to its recoverable amount, as calculated.

Impairment losses are recognised immediately in profit or loss, unless the asset is carried at a revalued amount, in which case, the impairment loss is recognised directly against the asset's revaluation surplus to the extent that the impairment loss does not exceed the amount in the revaluation surplus for that asset.

An impairment loss recognised in a prior year on assets other than equity instruments carried at cost because fair value cannot be reliably measured is reversed if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised.

Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years.

Notes to the financial statements

31 December 2016

2.2 SIGNIFICANT ACCOUNTING POLICIES (continued)

Impairment (continued)

Impairment reversals are recognised immediately in profit or loss, unless the asset is carried at a revalued amount, in which case, the impairment reversal is recognised directly in other comprehensive income, unless an impairment loss on the same asset was previously recognised in profit or loss.

Impairment losses recognised in profit or loss for an available for sale investment in an equity instrument are not reversed through profit or loss. Impairment losses recognised in profit or loss for an available-for-sale investment in a debt instrument are reversed through profit or loss if an increase in the fair value of the instrument can be objectively related to an event occurring after the recognition of the impairment loss

The impairment loss on investments in equity instruments that do not have a quoted price in an active market for an identical instrument (that is, a Level 1 input) and whose fair value cannot be reliably measured is not reversed in a subsequent year.

Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable for services provided in the normal course of business, net of value-added tax and discounts, where applicable. Revenue is recognised to the extent that it is probable that future economic benefits will flow to the Group and the Company and these can be measured reliably. The following specific recognition criteria must also be met before revenue is recognised:

(i) Rendering of services

Revenue from the provision of services is recognised in the year in which the services are rendered, by reference to completion of the specific transaction assessed on the basis of the actual service provided as a proportion of the total services to be provided. For practical purposes, when services are performed by an indeterminate number of acts over a specified period of time, revenue is recognised on a straight-line basis over the specified period unless there is evidence that some other method better represents the stage of completion.

Interest income

Interest income is recognised on an accruals basis using the effective interest rate. Interest income is included in finance income in the profit or loss.

Grants

Grants are recognised in profit or loss when there is reasonable assurance that all the conditions attached to them are complied with and the grants will be received. Grants related to income are recognised in the profit or loss over the periods necessary to match them with the related costs which they are intended to compensate on a systematic basis. Such grants are presented as part of profit or loss. Grants related to assets are presented in the Statement of Financial Position as deferred income, which is recognised as income on a systematic basis over the useful life of the asset.

Notes to the financial statements

31 December 2016

2.2 SIGNIFICANT ACCOUNTING POLICIES (continued)

Leases (continued)

Deferred income

Deferred income arising from the gain on disposal of the buildings and fixtures that took place on the date of the privatisation of the Company in 2002 is transferred separately to the income statement in equal annual instalments over the remaining life of the underlying assets.

Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards incidental to ownership to the lessee. All other leases are classified as operating leases. Lease classification is made at the inception of the lease, which is the earlier of the date of the lease agreement and the date of commitment by the parties to the principal provisions of the lease.

Where the Company is a lessee, rentals payable under operating leases less the aggregate benefit of incentives received from the lessor, are recognised as an expense in profit or loss on a straight-line basis over the lease term unless another systematic basis is more representative of the time pattern of the users benefit.

Where the Company is a lessor, rentals receivable under operating leases are recognised as income in profit or loss on a straight-line basis over the lease term unless another systematic basis is more representative of the time pattern in which use benefit derived from the leased asset is diminished.

Taxation

Current and deferred tax is charged or credited to profit or loss, except when it relates to items charged or credited directly in other comprehensive income or directly in equity, in which case the current and deferred tax is also dealt with in other comprehensive income or equity as appropriate.

The charge for current tax is based on the taxable result for the year. The taxable result for the year differs from the result as reported in profit or loss because it excludes items which are non-taxable or disallowed for tax purposes and it further excludes items that are taxable or deductible in other periods. The tax charge is calculated using tax rates that have been enacted or substantively enacted at the reporting date.

Deferred tax is accounted for using the balance sheet liability method in respect of temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit,

Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets (including deferred tax assets for the carry forward of unused tax losses and unused tax credits) are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences (or the unused tax losses and unused tax credits) can be utilised. Deferred tax is calculated at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates that have been enacted or substantively enacted at the reporting date.

Notes to the financial statements

31 December 2016

2.2 SIGNIFICANT ACCOUNTING POLICIES (continued)

Taxation (continued)

Current tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to taxation authorities. Deferred tax assets and liabilities are offset when the Group and the Company have a legally enforceable right to set off current tax assets against current tax liabilities and the deferred taxes are levied by the same taxation authority on either (i) the same taxable entity; or (ii) different taxable entities which satisfy certain criteria.

Employee benefits

Employee benefits include short term benefits and post-employment benefits.

Short-term employee benefits

The Group and the Company contribute towards the state pension fund in accordance with local legislation. The only obligation of the Group and the Company is to make the required contribution. Costs are expensed in the year in which they are incurred.

Retirement plans

For defined benefit plans, the cost of providing benefits is determined using the projected unit credit method, with estimations being carried out at each reporting date. Past service cost is recognised as an expense at the earlier of the following dates (a) when the plan amendment or curtailment occurs and (b) when the entity recognises related restructuring costs or termination benefits. The amount recognised in the Statement of Financial Position represents the present value of the expected future payments required to settle the obligation resulting from employee service in the current and prior periods. The service cost and the net interest on the net defined benefit liability are recognised in profit or loss.

Remeasurements of the net defined benefit liability, comprising actuarial gains and losses are recognised in other comprehensive income and are not reclassified to profit or loss in a subsequent period. Such remeasurements are reflected immediately in retained earnings.

Actuarial gains and losses are changes in the present value of the defined benefit obligation resulting from experience adjustments and the effects of changes in actuarial assumptions. Actuarial assumptions are an entity's best estimates of the variables that will determine the ultimate cost of providing post-employment benefits.

Provisions

Provisions are recognised when the company has a present legal or constructive obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the directors' best estimate of the expenditure required to settle the present obligation at the end of the reporting period. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Provisions are not recognised for future operating losses.

Notes to the financial statements

31 December 2016

2.2 SIGNIFICANT ACCOUNTING POLICIES (continued)

Currency translation

Transactions denominated in currencies other than the functional currency are translated at the exchange rates ruling on the date of the transaction. Monetary assets and liabilities denominated in currencies other than the functional currency are retranslated to the functional currency at the spot rate of exchange ruling at the date of the Statement of Financial Position. All differences are taken to the income statement. Non-monetary items that are measured in terms of historical cost in a currency other than the functional currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a currency other than the functional currency are translated using the exchange rates at the date when the fair value is determined.

Dividends

Dividends to holders of equity instruments are recognised as liabilities in the year in which they are declared.

2.3 FAIR VALUE

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

For financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

For assets and liabilities that are recognised in the financial statements at fair value on a recurring basis, the Company determines when transfers are deemed to have occurred between Levels in the hierarchy at the end of each reporting period.

2.4 CONSOLIDATION RANGE

The consolidated financial statements include all subsidiaries, with the exception of one (2015: subsidiary (previous year: 5)).

As in the previous year, one (2015: 5) subsidiary (-ies) was/ (were) not included in the consolidated financial statements because their economic significance and influence on the asset, financial and earnings position of the Group are immaterial.

Subsidiaries not included in the consolidated Financial Statements 2016:

Notes to the financial statements

31 December 2016

2.4 CONSOLIDATION RANGE (continued)

- Kirkop PV Farm Limited
- Luqa PV Farm Limited - liquidated 2016
- Gudja PV Farm Limited - liquidated 2016
- Gudja Two PV Farm Limited - liquidated 2016
- Gudja Three PV Farm Limited - liquidated 2016

The net liability position of Kirkop PV Farm Limited is under EUR3,000. The company did not commence to trade by the balance sheet date. The 2016 consolidated financial statements include Malta International Airport p.l.c as well as 3 domestic (previous year: 3) subsidiaries that are controlled by Malta International Airport p.l.c.

Subsidiaries included in the consolidated Financial Statements 2016:

- Airport Parking Limited
- Sky Parks Development Limited
- Sky Parks Business Centre Limited

Financial information on those subsidiaries see note (16).

3. JUDGEMENTS IN APPLYING ACCOUNTING POLICIES AND KEY SOURCES OF ESTIMATION UNCERTAINTY

Except as discussed below and in the remaining notes to the financial statements, the directors did not make any significant judgments in the process of applying the Company's and the Group's accounting policies which can significantly affect the amounts recognised in the consolidated and the individual financial statements and, at the end of the reporting period, there were no key assumptions concerning the future, or any other key sources of estimation uncertainty that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

IFRIC 12 Service Concession Arrangements

IFRIC 12 *Service Concession Arrangements* was endorsed by the EU for financial years beginning after 29 March 2009. The Interpretation, which is limited in scope, clarifies the accounting of service concession arrangements by private sector operators which provide public services on behalf of government or other public sector entities. The Interpretation states that for arrangements falling within its scope, the infrastructure assets are not recognised as property, plant and equipment of the operator. Rather, depending on the terms of the arrangement, the operator will recognise:

- (i) a financial asset (where the operator has an unconditional right to receive a specified amount of cash or other financial asset over the life of the arrangement); or

Notes to the financial statements

31 December 2016

3. JUDGEMENTS IN APPLYING ACCOUNTING POLICIES AND KEY SOURCES OF ESTIMATION UNCERTAINTY (continued)

IFRIC 12 Service Concession Arrangements (continued)

- (ii) an intangible asset (where the operator's future cash flows are not specified, for example, where they will vary according to usage of the infrastructure asset); or

- (iii) both a financial asset and an intangible asset where the operator's return is provided partially by a financial asset and partially by an intangible asset.

The Company and the Group's business activities and operations are governed under a 65 year concession which was granted by the Government in July 2002. The directors have conducted a detailed analysis to determine the applicability of IFRIC 12. Based on the Company's and the Group's proportion of regulated and unregulated activities, the directors have determined that the extent of unregulated business activities cannot be deemed as insignificant. Accordingly the directors have concluded that IFRIC 12 does not apply to the Company and the Group.

Lessee accounting in terms of IAS 17 Leases

As further disclosed in note 34, operating lease payments represent ground rents payable by the Company to the Government of Malta on the temporary emphyteuses, with an original term of 65 years and periodic upwards adjustments by a specified rate over the lease term. The lease expense is allocated to commercial and non-commercial areas, being site areas with restricted access on the basis of the total surface area covered by the lease. The recognition of the lease expense in relation to the non-commercial areas is made on a systematic basis that is considered to be most representative of the time pattern of the expected benefit that the Group and the Company can reasonably be expected to reap from the use of that part of the leased asset over the lease term on the basis of passenger movements. This assessment is reviewed annually to determine whether the basis that is applied in allocating the lease expense over the lease term continues to be appropriate.

4. INITIAL APPLICATION OF INTERNATIONAL FINANCIAL REPORTING STANDARDS AND INTERNATIONAL FINANCIAL REPORTING STANDARDS IN ISSUE BUT NOT YET EFFECTIVE

International Financial Reporting Standards in issue but not yet effective

At the date of the approval of these financial statements, a number of International Financial Reporting Standards were either not yet endorsed by the EU or were not yet applicable to the Group and the Company.

IFRS 16 - Leases

IFRS 16 *Leases*, which was issued on 13 January 2016, brings most leases on-balance sheet for lessees under a single model, eliminating the distinction between operating and finance leases. Lessor accounting however remains substantially unchanged (except for a requirement to provide enhanced disclosures) and the distinction between operating and finance leases is retained. IFRS 16 supersedes IAS 17 *Leases* and related interpretations. IFRS 16 is effective for

Notes to the financial statements

31 December 2016

4. INITIAL APPLICATION OF INTERNATIONAL FINANCIAL REPORTING STANDARDS AND INTERNATIONAL FINANCIAL REPORTING STANDARDS IN ISSUE BUT NOT YET EFFECTIVE (continued)

IFRS 16 – Leases (continued)

periods beginning on or after 1 January 2019. Early application is permitted for companies that also apply IFRS 15. The Standard has not been endorsed by the EU at the date of authorisation of these financial statements. Given the significance of the Group's and the Company's leasing transactions, this Standard will be given due attention by the Board prior to its effective date.

IFRS 9– Financial Instruments

The final version of IFRS 9 brings together the classification and measurement, impairment and hedge accounting phases of the IASB's project to replace IAS 39 Financial Instruments: Recognition and Measurement. The Standard supersedes all previous versions of IFRS 9. IFRS 9 introduces a logical approach for the classification of financial assets, which is driven by cash flow characteristics and the business model in which an asset is held. This single, principle-based approach replaces existing rule based requirements that are generally considered to be overly complex and difficult to apply.

The new model also results in a single, forward-looking 'expected loss' impairment model that will require more timely recognition of expected credit losses. IFRS 9 introduces a substantially-reformed model for hedge accounting, with enhanced disclosures about risk management activity. IFRS 9 also removes the volatility in profit or loss that was caused by changes in the credit risk of liabilities elected to be measured at fair value. IFRS 9 is effective for annual periods beginning on or after 1 January 2018. This Standard has been endorsed by the European Union.

IFRS 15 – Revenue from Contracts with Customers

IFRS 15 specifies how and when an IFRS reporter will recognise revenue as well as requiring such entities to provide users of financial statements with more informative, relevant disclosures. The standard supersedes IAS 18 *Revenue*, IAS 11 *Construction Contracts* and a number of revenue-related interpretations. The Standard applies to nearly all contracts with customers, the main exceptions being leases, financial instruments and insurance contracts. By virtue of an amendment issued on 11 September 2015, the effective date of the Standard was deferred by one year to annual periods beginning on or after 1 January 2018, with earlier application being permitted. This Standard has been endorsed by the European Union.

On 12 April 2016, the IASB issued certain clarifications to IFRS 15, which are effective for periods beginning on or after 1 January 2018, with earlier application being permitted. These clarifications have not as yet been endorsed by the European Union.

IAS 7 Amendments – Disclosure Initiative

The Amendments to IAS 7, *Statement of Cash Flows*, are intended to clarify IAS 7 to improve information provided to users of financial statements about an entity's financing activities. They are effective for annual periods beginning on or after 1 January 2017, with earlier application

Notes to the financial statements

31 December 2016

4. INITIAL APPLICATION OF INTERNATIONAL FINANCIAL REPORTING STANDARDS AND INTERNATIONAL FINANCIAL REPORTING STANDARDS IN ISSUE BUT NOT YET EFFECTIVE (continued)

IAS 7 Amendments – Disclosure Initiative (continued)

being permitted. The Amendments have not as yet been endorsed by the European Union at the date of authorisation of these financial statements.

The Group and the Company are in the process of assessing the impact of these standards on the financial position and performance of the Group and the Company.

The Board of Directors anticipate that the adoption of the International Financial Reporting Standards that were in issue at the date of authorisation of these financial statements, but not yet effective, other than the above, will have no material impact on the financial statements of the Group and the Company in the period of initial application.

Initial Application of International Financial Reporting Standards

In the current year, the Company and the Group have applied the Amendments to IAS 19 Employee Benefits arising from the Annual Improvements to IFRSs 2012 – 2014 Cycle. These Amendments are effective for annual periods beginning on or after 1 January 2016. The amendment to IAS 19 clarify that the high quality corporate bonds used to estimate the discount rate for post-employment benefits should be issued in the same currency as the benefits to be paid. These amendments result in the depth of the market for high quality corporate bonds being assessed at currency level. The amendments apply from the beginning of the earliest comparative period presented in the financial statements in which the amendments are first applied. The initial adjustment at the beginning of the comparative period arising from the application of these amendments is not considered to be material. No further adjustment was considered necessary in relation to the discount rate applied by the Company and the Group at 31 December 2015 and at 31 December 2016.

In the current year, the Company and the Group have applied the Amendments to IAS 1 entitled “Disclosure Initiative.” These Amendments are effective for annual periods beginning on or after 1 January 2016. The amendments aim at clarifying IAS 1 to address perceived impediments to preparers exercising their judgement in presenting their financial reports. The application of these Amendments has not resulted in any significant impact to these financial statements.

Notes to the financial statements

31 December 2016

5. REVENUE

All the Group's revenues and its non-current assets other than financial assets are attributable to the Company's country of domicile.

The contribution of the various activities of the Group and the Company to turnover which are in respect of continuing activities are set out below:

Revenue	The Group		The Company	
	2016 EUR	2015 EUR	2016 EUR	2015 EUR
<i>By activity</i>				
Regulated fees	46,420,057	41,428,540	46,420,057	41,428,540
Commercial fees	17,215,294	16,505,590	14,747,529	14,186,771
Recharges and other income	9,429,477	9,031,713	8,385,914	8,074,279
	<u>73,064,828</u>	<u>66,965,843</u>	<u>69,553,500</u>	<u>63,689,590</u>

Regulated fees comprise income from aviation services which arise from income from passenger services charge, security fee and landing and parking fee.

Commercial fees comprise income from retail activities, rent, advertising, and aviation concessionaires.

Recharges and other income comprise of the other income which is not included in the regulated and commercial fees such as PRM charge. VIP services, amenities and parking fees.

Notes to the financial statements

31 December 2016

6. OPERATING SEGMENT INFORMATION

IFRS 8 requires operating segments to be identified on the basis of internal reports about components of the Group that are regularly reviewed by the chief operating decision maker in order to allocate resources to the segments and to assess their performance.

For management purposes the Group is organised into operating segments based on the nature of its operations and has the reportable segments as shown below.

Management monitors the operating results of its segments separately for the purposes of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on earnings before interest, tax and deferred income arising from the sale of terminal buildings and fixtures (EBIT). Revenues and certain costs are allocated in full to particular segments. The remaining costs are allocated across the different segments on the basis of square metres or revenues, as applicable. The Group and the Company financing (including finance income and finance costs), deferred income arising from the sale of terminal buildings and fixtures and income tax are managed on a Group and Company basis and are not allocated to operating segments.

The results of the segments are reported below:

	2016 EUR	2015 EUR
Airport		
Segment revenue (external)	51,494,338	46,446,238
Segment staff costs	6,620,654	6,768,270
Segment other operating costs	20,572,940	18,613,606
Segment depreciation	4,441,771	4,379,566
Segment EBIT	19,858,973	16,684,796
Retail and Property		
Segment revenue (external)	21,212,862	20,001,078
Segment staff costs	1,511,285	1,513,098
Segment other operating costs	4,371,428	4,427,914
Segment depreciation	2,401,011	2,259,406
Segment EBIT	12,929,138	11,800,660
Other Segment		
Segment revenue (external)	357,628	518,527
Segment EBIT	357,628	518,527
Total		
Segment revenue (external)	73,064,828	66,965,843
Segment staff costs	8,131,939	8,281,368
Segment other operating costs	24,944,368	23,041,520
Segment depreciation	6,842,782	6,638,972
Segment EBIT	<u>33,145,739</u>	<u>29,003,983</u>

Notes to the financial statements

31 December 2016

6. OPERATING SEGMENT INFORMATION (continued)**Airport Segment**

The Airport Segment comprises of the activities usually carried out by an airport. These services include revenue from airport regulated fees, aviation concessions and PRMs (persons with reduced mobility) and their associated costs. This segment also includes the operations and maintenance of the terminal, runways, taxiways and aircraft parks.

Retail and Property Segment

The Retail and Property Segment includes various services that support the airport operations. These include the operations of the various retail outlets within the airport perimeter, advertising sites and rental of offices, warehouses and income from the running of the VIP lounges. Income and costs from Airport Parking Limited and Sky Parks Business Centre Limited are also allocated within the Retail & Property Segment.

Other

This comprises services that do not fall under the Airport and the Retail and Property Segments. These include miscellaneous income and disbursement fees from third parties and any costs associated with this income.

The Group		Retail &	Other	
31 December 2016	Airport	Property	Segment	Group

13. DIVIDENDS

The net final dividend of EUR 9,471,000 (EUR 7.0 cents per ordinary share) proposed by the directors of the Company in the previous financial year was approved by the shareholders at the Annual General Meeting on 4 May 2016 and was paid on 19 May 2016. The net final dividend for 2014 of EUR 10,824,000 (EUR 8 cents per ordinary share) proposed by the directors during 2015 was paid on 8 June 2015.

On the 16 September 2016, a net interim dividend of EUR 4,059,000 (EUR 3.0 cents per share) (2015 – EUR 4,059,000 (EUR 3.0 cents per share)) was paid to ordinary shareholders of the Company.

Notes to the financial statements

31 December 2016

13. DIVIDENDS (Continued)

The directors propose that a net final dividend of EUR 7.0 cents per ordinary share will be paid to ordinary shareholders in respect of the year ended 31 December 2016. This dividend is subject to approval by shareholders at the Annual General Meeting and has not been included as a liability in the financial statements. The total proposed dividend to be paid is EUR 9,471,000.

No depreciation is being charged on assets not yet available for use amounting to EUR 1,632,884 (2015 – EUR 2,300,822).

Notes to the financial statements

31 December 2016

15. INVESTMENT PROPERTY

The investment property relates to the business centre which was completed during prior years and which is located on the land held on temporary emphyteusis. The carrying amount incorporates the cost of construction and the cost of items that are an integral part of the building.

	Investment property EUR
Cost	
<i>At 1 January 2015</i>	20,466,624
Additions from subsequent expenditure	<u>284,464</u>
<i>At 1 January 2016</i>	20,751,088
Arising from subsequent expenditure	<u>(125,727)</u>
<i>At 31 December 2016</i>	<u>20,625,361</u>
Accumulated depreciation

Provision for the year	<u>808,150</u>
<i>At 1 January 2016</i>	2,632,503
Provision for the year	<u>752,661</u>
<i>At 31 December 2016</i>	<u>3,385,164</u>
Carrying amount	
<i>At 31 December 2015</i>	18,118,585
At 31 December 2016	<u>17,240,197</u>

During the year direct operating expenses of EUR 751,578 (2015 – EUR 626,022), which arose from the Investment Property, were incurred. Such expenses were incurred in generating rental income during the year.

Fair value

Based on an internal valuation carried out by the directors of the Company, the fair value of the investment property was in the region of EUR 22m at the balance sheet date.

The fair value measurement is categorised within Level 3 of the fair value hierarchy. The model is based on the present value of the net cash flows expected to be generated by the property on the basis of market expectations and includes the rates stipulated in the existing contracts with tenants, expected increase in rents after the non-cancellable period, occupancy rates and all other costs attributable to these assets. The expected net cash flows are discounted using a discount factor representing a weighted average cost of capital that is considered appropriate in the circumstances. The net cash flows reflect the amounts in the 2017 budget and long-term corporate planning.

In estimating fair value, the highest and best use of the property is its current use.

Notes to the financial statements

Shares in Gudja Two PV Farm Limited	-	1,200
Shares in Gudja Three PV Farm Limited	-	1,200
	<u>2,004,800</u>	<u>9,600</u>

The Company holds a 100% (2015 – 100%) ownership in the ordinary share capital of Airport Parking Limited, a limited liability company incorporated in Malta, whose principal activity is the operation of car parks.

The Company holds a 100% (2015 – 100%) ownership in the ordinary share capital of Sky Parks Development Limited, a limited company incorporated in Malta, whose principal activity is to manage real estate projects within the land which is currently under the management of the Group.

The Company holds a 100% (2015 – 100%) ownership in the ordinary share capital of Sky Parks Business Centre Limited, a limited liability company incorporated in Malta, whose principal activity is to operate the Business Centre within the limits of the airport.

As disclosed in note (18), during the year under review, an amount of EUR 2,000,000 previously included with loans and receivables due from Sky Parks Development Limited was capitalised within the cost of investment in subsidiaries since this amount became repayable exclusively at the discretion of the subsidiary.

The Company holds a 100% (2015 – 100%) ownership in the ordinary share capital of: Kirkop PV Farm Limited, a limited liability company incorporated in Malta. The principal activity of this company is to explore opportunities in the generation of electricity using photovoltaic technologies. Luqa PV Farm Limited, Gudja PV Farm Limited, Gudja Two PV Farm Limited and Gudja Three PV Farm Limited were liquidated during the year. The principal place of business of the company's subsidiaries is Malta.

	-	103,648	103,648

Available-for-sale financial asset - Local unlisted equity shares

As per the Group's and the Company's accounting policy, investments in equity instruments that do not have a quoted price in an active market and whose fair value cannot be reliably measured are measured at cost. At 31 December 2014, the Company had a 10% shareholding interest in Valletta Cruise Port plc, a company set up to develop the Valletta Waterfront and operate a cruise liner terminal at the Grand Harbour. This instrument, which was measured at cost, was disposed of during 2015. At the date of derecognition, its carrying amount amounted to EUR 1,178,391 and the gain on disposal amounted to EUR 1,864,603 (note 7).

Available-for-sale financial asset - Fund

The Company holds an investment in a fund whose fair value is determined by prices quoted on the Malta Stock Exchange.

As at 31 December 2016, the Group and the Company held the following financial instruments measured at fair value:

	31/12/2016	Level 1	Level 2	Level 3
Assets measured at fair value	EUR	EUR	EUR	EUR
Fund	103,648	103,648	-	-

Notes to the financial statements

31 December 2016

17. AVAILABLE-FOR-SALE FINANCIAL ASSETS (Continued)

As at 31 December 2015, the Group and the Company held the following financial instruments measured at fair value:

	31/12/2015	Level 1	Level 2	Level 3
Assets measured at fair value	EUR	EUR	EUR	EUR
Fund	100,330	100,330	-	-

During the reporting periods ended 31 December 2016 and 31 December 2015, there were no transfers between Level 1 and Level 2 fair value measurements, and no transfers into and out of Level 3 fair value measurements.

18. LOANS AND RECEIVABLES

The Company	Loan to subsidiary
	EUR
Amortised cost	
At 31 December 2016	4,600,000
Less: Amount expected to be settled within 12 months (shown under current assets)	-
Amount expected to be settled after 12 months	<u>4,600,000</u>
At 31 December 2015	6,600,000
Less: Amount expected to be settled within 12 months (shown under current assets)	-
Amount expected to be settled after 12 months	<u>6,600,000</u>

The company has granted an unsecured loan to one of its subsidiaries. This subsidiary will commence repaying the loan in 2030. At the reporting date, the loan incurred interest at a floating rate of 2.25% (2015 - 2.95%) per annum. The interest rate comprises a margin which is over and above the bank base rate.

The following table shows reconciliation from the opening to the close balances for the Loan to subsidiary.

The Company	Loan to subsidiary
	EUR
Carrying Amount at 31 December 2015	6,600,000
Capitalised within cost of investment in subsidiaries (note 16)	2,000,000
Carrying Amount at 31 December 2016	4,600,000

19. DEFERRED TAXATION (Continued)

The movement recognised in total comprehensive income during the current year for both the Group and the Company includes a deferred tax credit of EUR 39,059 (2015 – EUR 191,101) in connection with defined benefit plans, which deferred tax was recognised in other comprehensive income.

Deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. The amount of deferred tax assets that can be recognised is based upon the likely timing and level of future taxable profits together with future tax planning strategies.

21. TRADE AND OTHER RECEIVABLES (Continued)**The Group**

As at 31 December, the ageing analysis of trade receivables is as follows:

	Total EUR	Neither past due nor impaired EUR	Past due but not impaired			
			30-60 days EUR	60 days EUR	90 days EUR	> 120 days
2016	12,689,487	6,516,020	4,277,170	890,939	859,321	146,035
2015	9,847,247	4,951,078	3,814,964	696,234	384,971	-

The Company

As at 31 December, the ageing analysis of trade receivables is as follows:

	Total EUR	Neither past due nor impaired EUR	Past due but not impaired			
			30-60 days EUR	60 days EUR	90 days EUR	> 120 days
2016	12,110,913	6,318,916	4,127,172	675,810	828,293	160,722
2015	9,397,178	4,812,969	3,743,307	560,059	280,843	-

The Group does not hold any collateral over the past due but not impaired balances and has not provided for any allowance as these trade receivables are substantially companies with good track records with the Group and thus the amount is still considered recoverable.

Notes to the financial statements

31 December 2016

22. TRADE AND OTHER PAYABLES

	The Group		The Company	
	31.12.2016	31.12.2015	31.12.2016	31.12.2015
Trade payables	3,031,888	3,421,118	2,953,297	3,166,491
Other payables	4,037,813	2,943,477	3,815,208	2,834,400
Payables due to related party	365,595	-	365,595	-
Payables due to subsidiaries	-	-	263,059	237,259
Accruals and deferred income	22,061,036	19,194,207	21,440,368	17,669,507

23. BANK LOANS

	The Group		The Company	
	31.12.2016	31.12.2015	31.12.2016	31.12.2015
	EUR	EUR	EUR	EUR
Current bank loans	2,481,423	25,750,157	1,781,423	25,075,157
Non-current bank loans	<u>43,866,560</u>	<u>31,347,984</u>	<u>31,291,524</u>	<u>18,072,948</u>

The Company has bank loans which will expire in 2026, and is secured by a general hypothec over all the Company's present and future assets, with the exception of terminal buildings and other sites. The loans are repayable in annual instalments. In November 2016, the Company re-negotiated the contract with the bank and at the reporting date, loan 1 and 3 incurred interest at 2.25% (floating interest rate) (2015 – 2.95%) per annum and loan 2 incurred interest at 2% (floating interest rate) per annum (2015 – 2.95%).

In terms of a netting contract entered into by the Company with the Bank, to the extent that the outstanding bank loans are covered by a corresponding cash position the annual interest rate will be reduced by 1 %.

In 2010 Sky Parks Development Limited was granted a bank loan amounting to EUR 16 million which is repayable by 2030, and is secured by guarantees and a general hypothec over the commercial block, consisting of car parking spaces, retail outlets and other floor space held for rental purposes. In November 2016 the Company re-negotiated the contract with the bank and at the reporting date, the incurred interest is 6% (fixed interest rate) in relation to outstanding bank loans of EUR 11,462,500 (2015 – 6.5%) and 2.25% (floating interest rate) in relation to outstanding bank loans of EUR 1,812,536 (2015 – 2.75%).

The Company had a bullet payment, amounting to EUR 23,293,734, which was due for repayment on 19 April 2016. The amount of EUR 8,293,734 was paid in November and a new bullet loan for EUR 15,000,000 was re-negotiated which has to be repaid in 2026.

The maturity of the bank borrowings are disclosed in note 37.

25. PROVISION FOR RETIREMENT BENEFIT PLAN

	The Group		The Company	
	31.12.2016 EUR	31.12.2015 EUR	31.12.2016 EUR	31.12.2015 EUR
Non-current provision for retirement benefit plan	<u>4,365,940</u>	<u>4,192,969</u>	<u>4,365,940</u>	<u>4,192,969</u>

The provision for retirement benefits is unfunded and represents the Company's and the Group's share of the year-end provision in accordance with the Pensions Ordinance (Cap 93) for possible future liabilities relating to pensions of employees who joined the public service before 15 January 1979 and were transferred to the Company. The provision has been computed in accordance with the accounting policy stated in note 2 and represents the Company's and the Group's obligation (i) discounted to the net present value at the rate which has been determined by reference to market yields at the end of the reporting period on high quality corporate bonds in Euros (ii) after considering the average life expectancy of such employees based on the latest publicly available mortality tables and (iii) where applicable, expected rates of salary increases based on the inflation and previous increases given to employees and (iv) the Company's expectations, based on historic data, of the payment options that will be selected by the plan members, being either an annual benefit per employee or a lump sum payment plus a reduced annual benefit per employee until death, capped in accordance with statutory requirements.

The movement in the provision for retirement benefit plan may be analysed as follows:

	31.12.2016 EUR	31.12.2015 EUR
Present value of the provision for retirement benefits at 1 January	4,192,969	3,828,974
Payments effected	-	(258,105)
Charge for the year <i>(recognised in staff costs)</i>	63,810	85,397
<i>thereof Service costs</i>	51,048	50,384
<i>thereof Interest costs</i>	12,762	35,013
	109,162	536,703
Actuarial gains and losses resulting from changes in financial assumptions, gross of deferred tax <i>(recognised in other comprehensive income)</i>		
Present value of the provision for retirement benefits at 31 December	<u>4,365,940</u>	<u>4,192,969</u>

Notes to the financial statements

31 December 2016

25. PROVISION FOR RETIREMENT BENEFIT PLAN (Continued)

The year-end obligation includes EUR 3,646,963 (2015 – EUR 3,410,532) in relation to retired employees.

The plan exposes the Group and the Company to such risks as (i) interest risk, since a decrease in market yields will increase the plan liability; (ii) longevity risk, since an increase in the life expectancy of the plan participants will increase the plan liability; and (iii) salary risk, since an increase in the salary of the plan participants will increase the plan liability.

The significant actuarial assumptions used to determine the present value of the retirement benefit plan were as follows:

Group and Company	2016	2015
Discount rate(s)	1.6%	2.0%
Mortality rate(s)		
Males	79	79
Females	83	83

The sensitivity analyses below are in connection with each significant actuarial assumption and are prepared as of the end of the reporting period, showing how the defined benefit obligation would have been affected by hypothetical changes in the relevant actuarial assumption that were reasonably possible at that date, while holding all other assumptions constant. The sensitivity analyses presented below are for illustrative purposes only and may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated. In presenting the sensitivity analyses, the present value of the obligation has been calculated using the projected unit credit method at the end of the reporting period. The amounts generated from the sensitivity analyses represent forward-looking estimates and hence, actual results in the future may differ materially from those projected results.

- If the discount rate is 100 basis points higher (lower) with all other assumptions held constant, the defined benefit obligation decreases by EUR 263,060 (increases by EUR 298,448) (2015 – decreases by EUR 273,016 (increases by EUR 310,373)).
- If the life expectancy increases (decreases) by two years for both men and women with all other assumptions held constant, the defined benefit obligation increases by EUR 407,929 (decreases by EUR 386,353) (2015 – increases by EUR 381,423 (decreases by EUR 396,659)).

The weighted average duration of the defined benefit obligation at 31 December 2016 is 21 years (2015 – 22 years) in relation to employees that are still employed by the company and 14 years (2015 – 14 years) in relation to retired employees.

Notes to the financial statements

31 December 2016

26. PROVISION FOR THE MIA BENEFIT PLAN

	The Group		The Company	
	31.12.2016	31.12.2015	31.12.2016	31.12.2015
	EUR	EUR	EUR	EUR
Provision for MIA benefit fund	<u>223,936</u>	<u>210,890</u>	<u>223,936</u>	<u>210,890</u>

The provision for MIA benefit plan is partially funded and represents the year-end provision for possible future liabilities relating to payments to employees after their retirement as per the Company's Collective Agreement. The provision has been computed in accordance with the accounting policy stated in note 2 and represents the Company's possible obligation discounted to the net present value at the rate which has been determined by reference to market yields at the end of the reporting period on high quality corporate bonds in Euros after considering the probability that employees reach the applicable retirement age when they are still in employment with the Company.

The movement in the provision for retirement pension plan may be analysed as follows:

	The Group and the Company	
	31.12.2016	31.12.2015
	EUR	EUR
Present value of the provision for MIA benefit plan at 1 January	210,890	163,645
Payments effected	(30,800)	-
Charge for the year (recognised in staff costs)	41,410	37,946
Actuarial gains and losses resulting from changes in financial assumptions, gross of deferred tax	2,436	9,299
Present value of the provision for MIA benefit plan at 31 December	<u>223,936</u>	<u>210,890</u>

Notes to the financial statements

31 December 2016

27. SHARE CAPITAL

The Company	As at 31.12.2016 & 31.12.2015	
	Authorised EUR	Issued and called up EUR
111,809,746 "A" ordinary shares of EUR0.25 each (81,179,990 of which have been issued, called up and fully paid)	27,952,436	20,294,997
74,539,840 "B" ordinary shares of EUR0.25each (54,120,000 of which have been issued, called up and fully paid)	18,634,960	13,530,000
14 "C" ordinary shares of EUR0.25 each (10 of which have been issued, called up and fully paid)	4	3
	46,587,400	33,825,000

The Ordinary 'A' and 'B' shares have the same rights, benefits and powers in the Company save for the transferability thereof. Ordinary 'A' shares are freely transferred while the 'B' shares shall be non-transferable for a period of 15 years from 26 July 2002. Ordinary 'C' shares carry no voting rights and do not receive dividends.

Shareholders

The shareholders owning 5% or more of the Company's equity share capital at 31 December 2016 were the following:

Malta Mediterranean Link Consortium Limited (of which VIE (Malta) Limited and MMLC Holdings Malta Limited constitutes 95.85%)	40.0%	'B' shares
Government of Malta	20.0%	'A' and 'C' shares
VIE (Malta) Limited	10.1%	'A' shares

Shareholder range	Movement in		
	Number of holders at 24/01/2017	Number of holders at 16/09/2016	holders increase /(decrease)
1 – 500 shares	340	323	17
501 – 1,000 shares	707	707	-
1,001 – 5,000 shares	3.748	3.742	6
5,001 and over	1.639	1.643	-4
	6.434	6.415	19

Notes to the financial statements

31 December 2016

28. RESERVES

Other Reserve

The other reserve emanates from the revaluation of the Company's buildings in connection with the privatisation of the Company in 2002 and represents unrealised amounts.

Fair Value Reserve

The fair value reserve originates from movements in fair values of available-for-sale financial assets and represents unrealised amounts.

29. CASH AND SHORT TERM DEPOSITS

Cash and short term deposits shown in the statements of cash flow comprise the following amounts presented in the Statements of Financial Position:

	The Group		The Company	
	31.12.2016	31.12.2015	31.12.2016	31.12.2015
	EUR	EUR	EUR	EUR
Cash at bank and in hand	<u>36,550,212</u>	<u>39,644,210</u>	<u>35,500,917</u>	<u>38,577,611</u>

Cash at bank earns interest based on daily bank deposit rates.

30. EARNINGS PER SHARE

Earnings per ordinary share for the Group and the Company have been calculated by dividing the net profit for the year after taxation attributable to the ordinary equity holders of the Company by the weighted average number of ordinary shares in issue during the year.

	The Group		The Company	
	31.12.2016	31.12.2015	31.12.2016	31.12.2015
	EUR	EUR	EUR	EUR
Profit for the year attributable to the ordinary equity holders of the company	20,981,627	19,271,068	20,354,759	19,986,466
Weighted average number of shares	<u>135,299,990</u>	<u>135,299,990</u>	<u>135,299,990</u>	<u>135,299,990</u>
Earnings per share (cents) attributable to the ordinary equity holders of the Company	<u>15.51</u>	<u>14.24</u>	<u>15.04</u>	<u>14.77</u>

There is no difference between the basic and diluted earnings per share as the Company has no potential dilutive ordinary shares.

32. CONTINGENT LIABILITIES

At reporting date, there existed:

- (i) claims filed by former employees of the Company for unfair dismissal and wrong application of disciplinary procedures, the amount of which has not been determined;
- (ii) a claim filed by former CEO for unfair dismissal, the amount of which has not been determined;
- (iii) a dispute with the Government of Malta which arose in 2005 and which could result in a claim. The Government estimates the value of the claim as at 31 December 2014 to be approximately EUR 2.8 million.

The above contingent liabilities have all been claimed against the Company. In the directors' opinion, all the above claims are unfounded.

Notes to the financial statements

31 December 2016

33. RELATED PARTY DISCLOSURES (continued)

The Company has earned interest income amounting to EUR 140,728 (2015 – EUR 192,612) on the loan granted to a subsidiary. The Company received a dividend from one of its subsidiaries amounting to EUR 1,692,308 in 2015.

The Company's and the Group's other operating costs for the current year in relation to related parties other than the parent and key management personnel comprise EUR 1,944,397 (2015: EUR 2,219,574) in connection with entities controlled by Government and EUR 1,715,780 (2015: EUR 2,058,943) which in connection with entities which have an equity interest in the Company's parent.

The amounts due to/from related parties are disclosed in note 18, 21 & 22. The terms and conditions do not specify the nature of the consideration to be provided in settlement. No guarantees have been given or received. These amounts were unsecured and, except as specified in note 18, are interest-free.

In addition to the above, the details of the material contracts entered into by the Company in the year ended 31 December 2016 with its substantial shareholders and their related parties are disclosed in note 35.

Property, plant and equipment includes land held on temporary emphyteusis, which relates to the land assigned by the Government of Malta to the Group and the Company by title of temporary emphyteusis. This is amortised over the remaining term of the lease by equal annual instalments. Details in connection with the operating lease expense are given in note 34.

Notes to the financial statements

31 December 2016

34. OPERATING LEASE ARRANGEMENTS**The Group and the Company as lessee**

The Group and the Company as lessee	The Group		The Company	
	31.12.2016	31.12.2015	31.12.2016	31.12.2015
	EUR	EUR	EUR	EUR
Minimum lease payments under operating lease recognised as an expense for the year	<u>1,830,059</u>	<u>1,739,778</u>	<u>1,830,059</u>	<u>1,739,778</u>

At the reporting date, the Company and the Group had outstanding commitments under non-cancellable operating leases, which fall due as follows:

	The Group		The Company	
	31.12.2016	31.12.2015	31.12.2016	31.12.2015
	EUR	EUR	EUR	EUR
Within one year	<u>1,144,809</u>	1,006,182	<u>1,144,809</u>	1,006,182
In the second to fifth years inclusive	<u>4,603,837</u>	4,591,536	<u>4,603,837</u>	4,591,536
After five years	<u>110,970,238</u>	<u>112,127,347</u>	<u>110,970,238</u>	<u>112,127,347</u>
	<u>116,718,884</u>	<u>117,725,065</u>	<u>116,718,884</u>	<u>117,725,065</u>

Operating lease payments represent ground rents payable by the Company to the Government of Malta on the temporary emphyteuses, with no renewal option included in the contracts. The term of the leases of 65 years and the lease payments are adjusted upwards periodically by a specified rate. The lease expense is allocated to commercial and non-commercial areas, being site areas with restricted access on the basis of the total surface area covered by the lease. The lease expense in relation to the commercial areas is recognised on a straight-line basis. The recognition of the lease expense in relation to the non-commercial areas is made on a systematic basis that is considered to be most representative of the time pattern of the expected benefit that the Group and the Company can reasonably be expected to reap from the use of that part of the leased asset over the lease term on the basis of passenger movements. This assessment is reviewed annually to determine whether the basis that is applied in allocating the lease expense over the lease term continues to be appropriate.

Notes to the financial statements

31 December 2016

34. OPERATING LEASE ARRANGEMENTS (continued)**The Group and the Company as lessor**

	The Group		The Company	
	31.12.2016	31.12.2015	31.12.2016	31.12.2015
	EUR	EUR	EUR	EUR
Minimum lease payments under operating lease recognised as income for the year	3,460,792	3,272,843	935,191	932,843

At the date of the Statement of Financial Position, the Company and the Group had non-cancellable operating lease receivables as follows:

	The Group		The Company	
	31.12.2016	31.12.2015	31.12.2016	31.12.2015
	EUR	EUR	EUR	EUR
Within one year	3,268,965	2,642,672	783,189	771,155
In the second to fifth years inclusive	11,481,658	9,924,135	3,204,912	3,180,860
After five years	19,653,113	20,714,434	15,720,185	16,527,426
	34,403,736	33,281,241	19,708,286	20,479,441

Operating lease income receivable by the Group represents income from leases of land held on temporary emphyteuses. The term of the principal non-cancellable lease arrangements range between 30 and 32 years and the lease receivables are adjusted upwards periodically by a specified rate. It also includes income from the lease of commercial property to tenants. The term of these leases ranges from 2 years to 12 years and the lease receivables are adjusted upwards periodically by specified rates. Operating lease income receivable by the Company also includes income from the lease of land to a subsidiary. The term of the lease is of 25 years and the lease receivables are adjusted upwards periodically by a specified rate.

Where the lease income is adjusted periodically by a specified rate, the lease income is recognised on a straight-line basis over the lease term.

The above includes an amount of EUR 2,569,571 (2015 – EUR 2,428,480) generated in relation to the business centre.

The amounts recognised by the Group as income during the year that are based on the higher of a percentage of sales and a minimum annual guarantee are EUR 9,667,607 (2015 – EUR 9,058,645).

The amounts recognised by the Company as income during the year that are based on the higher of a percentage of sales and a minimum annual guarantee are EUR 8,988,109 (2015 – EUR 8,795,463).

Notes to the financial statements

31 December 2016

35. MATERIAL CONTRACTS

The material contracts entered into by the Company in the year ended 31 December 2016 with its current and former substantial shareholders and their related parties are the following:

Malta Mediterranean Link Consortium Limited

The provision for Technical Services by the Company's strategic partners VIE Operations Limited and SNC-Lavalin Inc., gives rise to an expense of EUR 2,214,675 (2015 – EUR 1,945,277).

The Government of Malta

- (i) The terminal and other land lease agreements with the Lands Department for EUR 1,006,182 (2015 – EUR 1,006,182);
- (ii) The contract for contribution to the Malta Tourism Authority for EUR 232,937 (2015 – EUR 232,937);
- (iii) The contract with the Armed Forces of Malta for the security of the restricted areas at the Airport for an expense of EUR 1,860,000 (2015 – EUR 1,860,000);
- (iv) The provision of Air Navigation Services and other services by Malta Air Traffic Services Limited for an expense of EUR 921,173 (2015 – EUR 921,466);
- (v) The provision of Meteorological Services and other services to Malta Air Traffic Services Limited for revenue of EUR 736,938 (2015 – EUR 736,938);
- (vi) The contract with Enemalta Corporation for fuel throughput charges generated the amount of EUR 402,933 (2015 – EUR 375,619) in revenue;
- (vii) Licence Fee payable to the Government of Malta for the airport operation amounting EUR 496,157 (2015 – EUR 496,157)

The ground handling and concession agreements with Air Malta plc and its subsidiaries that generated income of EUR 1,635,420 (2015 – EUR 1,785,869).

36. PARENT COMPANY

For the purposes of IFRS 10 – Consolidated Financial Statements, it is considered that Articles 58.2 and 58.7 of the Company's Articles of Association combine so as to give Malta Mediterranean Link Consortium Limited ("MMLC"), which has its registered office at Palazzo Pietro Stiges, 60 St. Christopher Street, Valletta, Malta, control over the Company. The consolidated financial statements of the Group are incorporated in the Group financial statements of Malta Mediterranean Link Consortium Limited. MMLC has a 40% equity interest in Malta International Airport plc (the "Company")

MMLC's majority shareholders are as follows – VIE (Malta) Limited (which has an equity interest of 57.1% in MMLC) and MMLC Holdings Malta Limited (previously SNC-Lavalin (Malta) Limited)(which has an equity interest of 38.75% in MMLC). During 2016, the shares in MMLC Holdings Malta Limited were acquired by VIE International Beteiligungsmanagement Gesellschaft mbH ("VINT") from SNC-Lavalin Group Inc.

VIE (Malta) Limited also holds an additional 10.1% equity stake in the Company.

Both VIE (Malta) Limited and MMLC Holdings Malta Limited are controlled by VINT. VINT does not produce consolidated financial statements. The ultimate parent of the Company is Flughafen

Notes to the financial statements

31 December 2016

36. PARENT COMPANY (Continued)

Wien AG, whose registered office is Postfach 1, A-1300 Wien-Flughafen. Flughafen Wien AG's consolidated share in the Company increased to 48.44%.

The financial results and financial position of the Company are included in the consolidated financial statements of Flughafen Wien AG. Copies of these consolidated financial statements may be obtained from Investor Relations department of Flughafen Wien or online.

37. FAIR VALUES OF FINANCIAL ASSETS AND FINANCIAL LIABILITIES

At 31 December 2016 and 2015 the carrying amounts of financial assets and financial liabilities classified with current assets and current liabilities respectively, comprising trade and other receivables, cash and trade and other payables, approximated their fair values due to the short term maturities of these assets and liabilities.

The fair values of non-current financial assets and non-current financial liabilities that are not measured at fair value and that carry a floating rate of interest, comprising certain bank loans and loans and receivables are not materially different from their carrying amounts because they carry an arm's length interest rate that is repriced periodically.

The fair value of the Group's bank loan that carries a fixed coupon of 6% amounted to EUR14.8m (2015 – EUR15.9m) at the end of the reporting period. This fair value is determined using a discounted present value technique applying a yield curve applicable to the respective remaining term and the applicable credit spread.

The fair value of available for sale instruments is disclosed in note 17.

The following table provides an analysis of financial instruments that are not measured subsequent to initial recognition at fair value, other than investments in subsidiaries and those with carrying amounts that are reasonable approximations of fair value, grouped into Levels 1 to 3:

Notes to the financial statements

Notes to the financial statements

31 December 2016

38. FINANCIAL RISK MANAGEMENT

The Group's and the Company's principal financial liabilities comprise bank loans and trade payables. The principal financial assets of the Group and the Company (other than investments in subsidiaries) are trade receivables, loans and receivables, available-for-sale financial assets and cash and short-term deposits.

The principal financial instruments (other than investments in subsidiaries) are classified into the following categories:

	The Group		The Company	
	2016 EUR	2015 EUR	2016 EUR	2015 EUR
Available-for-sale investments	103,648	100,330	103,648	100,330
Loans and receivables			4,600,000	6,600,000
Trade receivables & cash and cash equivalents	49,239,699	49,491,457	47,611,830	47,974,789
Financial liabilities at amortised cost	69,622,341	78,040,786	56,150,952	62,664,945
	The Group		The Company	
	2016 EUR	2015 EUR	2016 EUR	2015 EUR
Net gains/(losses) arising from these financial instruments are classified as follows:				
<i>Recorded in the statement of comprehensive income:</i>				
Available - for-sale financial assets		1,864,603		1,864,603
Loans and receivables			140,728	192,612
Trade and other receivables	7,338	3,349	13,338	3,502
Cash and cash equivalents	1,023,081	896,214	1,023,081	896,214
Financial liabilities at amortised cost	(1,990,102)	(2,183,944)	(1,146,790)	(1,304,746)
<i>Recorded in other comprehensive income:</i>				
Available-for-sale investments	3,318	6,567	3,318	6,567

The main risks arising from the Group's and the Company's financial instruments are changes in interest rate, liquidity risk and credit risk, which are summarised below.

Notes to the financial statements

31 December 2016

38. FINANCIAL RISK MANAGEMENT (Continued)*Interest rate risk*

The Group has taken out bank facilities to finance its operations as disclosed in note 23 and has cash at bank balances as disclosed in note 29. The interest rates thereon and the terms of such borrowings are disclosed accordingly. The company has also granted an interest-bearing loan to a subsidiary as disclosed in note 18. The Group and the Company exposed to cash flow interest rate risk on cash deposits, loans and receivables and bank borrowings carrying a floating interest rate. Management monitors the movement in interest rates and, where possible, reacts to material movements in such rates by restructuring its investing and financing structure.

Interest rate risk table

The following table demonstrates the sensitivity to a reasonably possible change in interest rates, with all other variables held constant, of the Group's and Company's profit before tax. The Group and Company consider the reasonably possible changes in interest rates to be a change in 25 basis points.

	Increase/ decrease in basis points	Effect on Group profit before tax EUR	Effect on Company profit before tax EUR
2016	+25	(24,494)	17,570
	-25	24,494	(17,570)
2015	+25	(43,635)	5,074
	-25	43,635	(5,074)

The effect on profit takes into consideration both interest payable and interest receivable based on the subsidiary and bank loans and cash and short term deposits as disclosed in notes 18, 23 and 29 respectively.

Credit risk

Financial assets which potentially subject the Group and the Company to concentrations of credit risk, consist principally of available-for-sale financial assets, receivables and cash, short term deposits held at bank and a loan granted to a subsidiary. Receivables are presented net of an allowance for doubtful debts. The maximum exposure to credit risk is the carrying amounts of each class of asset as disclosed in notes 17, 18, 21 and 29 respectively. As disclosed in note 23 the Company has also granted security over its subsidiary's bank loan.

An allowance for provision for impairment of trade receivables is made where there is an identified loss event which, based on previous experience, is evidence of a reduction in the recoverability of the cash flows. Credit risk with respect to trade receivables is managed and assessed through the adherence to credit control procedures, which include client acceptance procedures, and is also limited through the number of customers comprising the Group's and Company's debtor base. Outstanding trade receivables are regularly monitored by management. Available-for-sale financial assets are acquired after assessing the quality of the relevant

Notes to the financial statements

31 December 2016

38. FINANCIAL RISK MANAGEMENT (Continued)

Credit risk (continued)

available-for-sale financial asset. Cash and short term deposits held at bank is placed with reliable financial institutions which are currently rated BBB+ (2014 – BBB+) by the international rating agency Fitch. Management considers the quality of its financial assets as being acceptable. The credit risk in connection with the Company's loan receivable from the subsidiary is contained within the group.

The single customer of the Group, Air Malta plc, which is currently going through a restructuring process, accounts for EUR 3.3 million (2015 – EUR 2.5 million) of the Group's trade and other receivables at year end and 33 % (2015 – 29.6%) of the Group's revenue (recorded in all segments).

The Company's exposure to this customer is not materially different to that of the Group.

The maximum exposure to this customer during a period of increased trading, in particular in the summer months at normal credit terms, is expected to be in the region of EUR 4.2 million (2015 – EUR 4.5 million). The Board feels confident that the Group's and the Company's exposure to Air Malta plc will not jeopardize in any way the Group's ability to continue operations for the foreseeable future and that Air Malta plc will meet its obligations.

Liquidity risk

The tables below summarise the maturity profile of the Group's and Company's financial liabilities at 31 December 2015 and 2016 based on contractual undiscounted payments. In the tables below, 'Current' refers to invoices issued close to year end, and which were within the credit period of 30 days given to the Group and the Company.

Notes to the financial statements

31 December 2016

38. FINANCIAL RISK MANAGEMENT (Continued)

The Group monitors and manages its risk to a shortage of funds by monitoring forecast and actual cash flows. The Company has additional undrawn bank facilities of EUR 2.5 million (2015 – EUR 2.5 million) earmarked for capital expenditure projects and EUR 4.7 million (2015 – EUR 4.7 million) overdraft facilities. The Group renewed the bullet loan which was due in 2016, as further disclosed in note 23.

Capital management

One of the objectives of the Group and the Company is to ensure that it maintains a strong credit rating and healthy capital ratios by means of proper management of its capital. The Group and the Company manage their capital structure and make adjustments to it, in light of changes in economic conditions. No changes were made in the objectives and processes during the years ended 31 December 2016 and 31 December 2015.

The Company monitors its capital requirement on a periodic basis taking into account its current requirements. Capital includes equity attributable to the equity holders and other reserves and bank loans. The Group's and Company's policy in managing capital has remained unchanged from the prior year.

39. EVENTS AFTER THE REPORTING PERIOD

General

All events occurring after the balance sheet date until the date of authorisation for issue of these financial statements and that are relevant for valuation and measurement as of 31 December 2016 – such as outstanding legal proceedings or claims for damages and other obligations or impending losses that must be recognised or disclosed in accordance with IAS 10 – are included in these consolidated financial statements.

Independent Auditor's Report

to the members of

Malta International Airport p.l.c.

Report on the audit of the financial statements

Opinion

We have audited the individual financial statements of Malta International Airport p.l.c. (the Company) and the consolidated financial statements of the Company and its subsidiaries (together, the Group), set out on pages 29 to 89, which comprise the statements of financial position of the Company and the Group as at 31 December 2016, and the statements of comprehensive income, statements of changes in equity and statements of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of Malta International Airport p.l.c. and its Group as at 31 December 2016, and of the Company's and its Group's financial performance and cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs) as adopted by the European Union and have been properly prepared in accordance with the requirements of the Companies Act (Cap. 386).

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Malta, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the individual and consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Applicability of IFRIC 12 - Service Concession Arrangements

IFRIC 12 - *Service Concession Arrangements* (IFRIC 12) clarifies the accounting treatment for service concession arrangements by private sector operators that provide public services on behalf of government or other public sector entities. This Interpretation would require a reporting entity to recognise its concession agreement in its accounting records as a financial asset and / or as an intangible asset, and infrastructure assets would not be recognised as property, plant and equipment of the operator. Resulting changes to the classification and measurement of elements of the financial statements would be pervasive.

The business activities of the Company and the Group (together, MIA) are governed by a 65-year concession agreement which was granted by the Maltese Government in July 2002. The considerations surrounding the applicability of IFRIC 12 to this concession agreement require the

Independent Auditor's Report

to the members of

Malta International Airport p.l.c.

(continued)

application of significant judgement. Based on MIA's proportion of regulated and unregulated activities, the directors have determined that the extent of unregulated business activities cannot be deemed as insignificant, and accordingly MIA continues to fall outside the scope of IFRIC 12.

Our audit response to address the risk of material misstatement relating to the use of inappropriate accounting policies consisted in making use of IFRS specialists to assess whether the methodology and assumptions applied by MIA in respect of IFRIC 12, including computations of the extent of unregulated business activities, continues to be appropriate. The adequacy of MIA's disclosures in the financial statements was also considered.

MIA's disclosures on the significant judgement surrounding the applicability of IFRIC 12 to MIA's financial statements are set out in note [3] to the financial statements.

Accounting for the lease expense in relation to non-commercial areas

The calculation of the lease expense in relation to non-commercial areas, being site areas with restricted access, is a matter of applied estimation and judgement by the directors. This amounted to €1,711,405 during the year ended 31 December 2016 and is material to the financial statements. MIA has lease payments payable to the Maltese Government on an original temporary emphyteutical term of 65 years and the lease payments are adjusted upwards periodically by a specified rate over the lease term. The recognition of the lease expense in relation to non-commercial areas is systematically made on the basis of expected passenger movements, which is considered by the directors to be most representative of the time pattern of MIA's expected benefit from the use of the site areas with restricted access over the lease term.

Our audit procedures included use of IFRS specialists to assess whether the methodology applied by MIA is in accordance with the requirements of IFRS. MIA's computations, which include a judgemental estimate of passenger movements over the term of the lease, were reviewed and tested for mathematical accuracy. We also reviewed the adequacy of the disclosures in the financial statements.

MIA's disclosures on this matter are set out in note [34] to the financial statements. Furthermore as noted in note [4] to the financial statements the forthcoming applicability of IFRS 16 - Leases will result in the elimination of the distinction between finance and operating leases for lessees and will bring most leases on-balance sheet, thus requiring a substantial review of MIA's current accounting policies for emphyteutical lease payments.

Information other than the financial statements and the auditor's report thereon

The directors are responsible for the other information. The other information comprises (i) the General information, the Directors' report, the Statement of directors' responsibilities and the Corporate Governance Statement of Compliance, which we obtained prior to the date of this auditor's report, and (ii) the Chairman's message, the Chief Executive Officer's review, the Traffic report, the Retail and property report, and supporting key data, strategy, governance and employee, airport operations, sustainability, risk management and outlook information which is expected to be made available to us after the date of this audit report. However, the other information does not include the separate and consolidated financial statements and our auditor's report thereon.

Independent Auditor's Report

to the members of

Malta International Airport p.l.c.

(continued)

Except for our opinions on the directors' report in accordance with the Companies Act (Cap.386) and on the Corporate Governance Statement of Compliance in accordance with the Listing Rules issued by the Maltese Listing Authority, our opinion on the financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

With respect to the directors' report, we also considered whether the directors' report includes the disclosure requirements of article 177 of the Companies Act (Cap. 386).

When we read the other information expected to be made available to us after the date of this audit report and set out in paragraph (ii) above, if we conclude that there is a material misstatement therein, we are required to communicate the matter to the Audit Committee and, if necessary, to take appropriate action, considering our legal rights and obligations, to seek to have an uncorrected material misstatement appropriately brought to the attention of users for whom the auditor's report is prepared, for example by addressing the matter in a general meeting of shareholders.

In accordance with the requirements of sub-article 179(3) of the Companies Act (Cap. 386) in relation to the directors' report on pages 2 to 12, in our opinion, based on the work undertaken in the course of the audit:

- the information given in the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report has been prepared in accordance with the applicable legal requirements.

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified any material misstatements in the directors' report.

Responsibilities of the directors and the Audit Committee for the financial statements

As explained more fully in the statement of directors' responsibilities on page 13, the directors are responsible for the preparation and fair presentation of the financial statements in accordance with IFRSs as adopted by the European Union and the requirements of the Companies Act (Cap.386), and for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's and the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company and the Group or to cease operations, or have no realistic alternative but to do so.

Malta International Airport p.l.c.

(continued)

The directors have delegated the responsibility for overseeing the Company's and the Group's financial reporting process to the Audit Committee.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company and the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's and the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company or the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

Independent Auditor's Report

to the members of

Malta International Airport p.l.c.

(continued)

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

Report on Corporate Governance Statement of Compliance

Pursuant to Listing Rule 5.94 issued by the Malta Financial Services Authority, in its capacity as the Listing Authority in Malta, the directors are required to include in the Company's annual financial report a Corporate Governance Statement of Compliance explaining the extent to which they have adopted the Code of Principles of Good Corporate Governance set out in Appendix 5.1 to Chapter 5 of the Listing Rules, and the effective measures that they have taken to ensure compliance with those principles. The Corporate Governance Statement of Compliance is to contain at least the information set out in Listing Rule 5.97.

Our responsibility is laid down by Listing Rule 5.98, which requires us to include a report to shareholders on the Corporate Governance Statement of Compliance in the Company's annual financial report.

We read the Corporate Governance Statement of Compliance and consider the implications for our report if we become aware of any information therein that is materially inconsistent with the financial statements or our knowledge obtained in the audit, or that otherwise appears to be materially misstated. We also review whether the Corporate Governance Statement of Compliance contains at least the information set out in Listing Rule 5.97.

We are not required to, and we do not, consider whether the directors' statements on internal control cover all risks and controls, or form an opinion on the effectiveness of the company's corporate governance procedures or its risk and control procedures.

In our opinion, the Corporate Governance Statement of Compliance set out on pages 14 to 28 has been properly prepared in accordance with the requirements of Listing Rules 5.94 and 5.97.

Matters on which we are required to report by exception

Under the Companies Act (Cap.386), we have responsibilities to report to you if in our opinion:

- proper accounting records have not been kept;
- proper returns adequate for our audit have not been received from branches not visited by us;
- the financial statements are not in agreement with the accounting records and returns; or
- we have been unable to obtain all the information and explanations which, to the best of our knowledge and belief, are necessary for the purpose of our audit.

We have nothing to report to you in respect of these responsibilities.

The engagement director on the audit resulting in this independent auditor's report is Bernard Scicluna.
